2 UAL REPORT

1620

Town of Plymouth, Massachusetts

Our Vision (adopted by the Board of Selectmen)

Plymouth is America's Hometown. Through our history, our Government and our people, we reflect the basic tenets of America: freedom, community, and diversity. In all aspects of our town, we shall promote these tenets.

Our government shall provide a high level of service to our citizens, be responsive to their needs and advocate on their behalf. Through responsible budgeting, best management practices, effective planning, utilization of technology, and innovative thought, our government will provide the highest level of service possible.

Our public education will provide our children with the opportunity to be whatever they want to be and to prepare them to be responsible citizens of the world. Through a strong educational program and with well built and maintained facilities, this vision will be sustained.

Our economy will encourage businesses of all sizes to locate, build and grow in Plymouth. Through the development of strong public and private initiatives, Plymouth will provide the necessary tools to encourage economic growth and job development.

Our quality of life will remain high. Through the effective delivery of services to our citizens, long-term planning, respect for our natural environment, a strong educational system, a vibrant economy, and a diverse and attractive community, Plymouth will remain a desirable location for people to live.

With an eye to the future, a respect for our history and with pride in our community, Plymouth will be a model for the state and the nation.

Cover: Town of Plymouth COVID-19 remembrance. The Sign at the memorial reads: "These chairs represent the number of lives lost to Covid-19 in our town. We remember those missing from our tables this Thanksgiving 2020." Photo courtesy of Plymouth resident Debbie Fratus.

2020 SPECIAL TOWN MEETING WARRANT
Saturday, April 4, 2020

To the Town Clerk of the Town of Plymouth, Commonwealth of Massachusetts:

GREETINGS:
In the name of the Commonwealth, you are directed to notify and warn the Inhabitants of Plymouth, qualified to consider and vote on articles at the Special Town Meeting, to meet at Plymouth North High School at 41 Obery Street in Plymouth, MA on Saturday, the Fourth day of April 2020, at 8:00 AM, to act on the following articles to wit:

ARTICLE 1: To see if the Town will vote to amend the Classification and Compensation Plans and the Personnel By-Law and Collective Bargaining Agreements contained therein, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 2: To see if the Town will vote to transfer from available funds a sum of money to be added to funds already appropriated under Articles 7A through 7E of the 2019 Spring Annual Town Meeting for the purpose of supplementing departmental expenses, or otherwise amend said votes, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 3: To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to pay certain unpaid bills of a prior fiscal year, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 4: To see if the Town will vote to raise and appropriate, transfer from available funds, or borrow a sum of money for the construction and/or repair and/or purchase and/or lease of buildings and/or replacement of departmental buildings, and/or equipment and/or capital facilities for various departments of the Town and/or for feasibility and other types of studies or professional consulting services, including any related and incidental costs and expenses, as follows:

- Asbestos Management Plan – DPW Facilities
- Brook Road bridge design and construction – DPW Engineering
- Public safety communications tower – Fire

Or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 5: To see if the Town will vote to raise and appropriate, transfer from available funds, or borrow a sum of money for the purpose of schematic design, feasibility and owner's project manager services for renovation or new construction at Fire Headquarters (Station #1), and renovations to West Plymouth (Station #2), Manomet (Station #5), and Bourne Road (Station #4), including any related and incidental costs and expenses, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 6: To see if the Town will vote to raise and appropriate, transfer from available funds, or borrow a sum of money for the purpose of construction, demolition, renovation, equipping and furnishing of the following fire stations: West Plymouth (Station #2), shown as Assessor's Map 103 Lot 41A Manomet (Station #5), shown as Assessor's Map 48 Lot 6D and Bourne Road (Station #4), shown as Assessor's Map 121 Lot 4B including but not limited to site preparation, and all other costs and expenses incidental and related thereto; or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 7: To see if the Town will vote to raise and appropriate, transfer from available funds, or borrow a sum of money for the purpose of construction, demolition, renovation, equipping and furnishing of the existing Fire Headquarters (Station #1) located at 114 Sandwich Street, shown as Assessor's Map 23 Lot 19, including but not limited to site preparation, and all other costs and expenses incidental and related thereto; or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 8: To see if the Town will vote to raise and appropriate, transfer from available funds, or borrow a sum of money for construction, demolition, equipping and furnishing of a new Fire Headquarters to be located at 91 Long Pond Road, shown as Assessor's Map 89A Lot 1-3, including but not limited to site preparation, demolition of existing buildings, and all other costs and expenses incidental and related thereto; or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 9A: To see if the Town will vote to appropriate a sum of money for the purpose of renovating and improving for open space and recreation purposes the property known as Jenney Pond Park, shown on Assessors Map 18 as lots 40A and 43, also Map 21 as Lot 78, including all costs and expenses incidental or related thereto; and to meet this appropriation transfer such sum of money from Community Preservation Act Fund Reserves or other available funds; and further to authorize Town officials to file on behalf of the Town any and all applications deemed necessary for grants and/or reimbursements from the Commonwealth of Massachusetts deemed necessary under the Urban Self-Help Act (301 CMR 5.00) and/or any other programs in any way connected with the scope of this Article; and the Town be authorized to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to affect said renovations; or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEEE

ARTICLE 9B: To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, gift, eminent domain or otherwise, for open space and recreational purposes pursuant to G.L. c.44B and to accept the deed to the Town of Plymouth of a fee simple interest in land located off Mayflower Street abutting Frawley Mountain and Watsons Hill in the Town of Plymouth composed of 1.2 acres more or less being shown on a plan of land entitled, "Plan of Land in Plymouth, MA, Prepared for The 37 ½ Mayflower Street Realty Trust," dated February 6, 2020, prepared by Flaherty and Stefani, Inc. the new lot being a portion of Assessors Map 22, lot 142-9, parcel ID 022-0000-142-009, said land to be held under the care, custody and control of the Conservation Commission; and further, to appropriate a sum of money to undertake such acquisition; and to meet this appropriation to transfer a sum of money from Community Preservation Act Fund Reserves or other available funds; and further to authorize the Board of Selectmen to grant a conservation restriction in said property in accordance with G.L. c. 44B, Section 12 meeting the requirements of G.L. c. 184, Sections 31-33; and to authorize appropriate Town officials to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase; or take any other action relative thereto.
COMMUINITY PRESERVATION COMMITTEE

ARTICLE 9C: To see if the Town will vote to appropriate a sum of money to preserve, restore, rehabilitate and frame two Town-owned historical maps; one map of Plymouth County and second map of Costal Plymouth, both maps to be displayed in the Town Hall, and to meet this appropriation transfer a sum of money from Community Preservation Act Fund Reserves or other available funds, or take any other action relative thereto.
COMMUINITY PRESERVATION COMMITTEE

ARTICLE 9D: To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, gift, eminent domain or otherwise, for open space and recreational purposes pursuant to G.L. c.44B and to accept the deed to the Town of Plymouth of a fee simple interest in land located off Morgan Road in the Town of Plymouth composed of 9.1 acres more or less being shown on Assessors Map 69 lot 86A, parcel ID 069-000-

086A-0000, said land to be held under the care, custody and control of the Conservation Commission; and further, to appropriate a sum of money to undertake such acquisition; and to meet this appropriation to transfer a sum of money from Community Preservation Act Fund Reserves or other available funds; and further to authorize the Board of Selectmen to grant a conservation restriction in said property in accordance with G.L.c.44B, Section 12 meeting the requirements of G.L. c. 184, Sections 31-33; and to authorize appropriate Town officials to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase, or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 10: To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to the Nuclear Plant Mitigation Stabilization Fund, as authorized by the provisions of G.L. c. 40, §5B as amended, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 11: To see if the Town will vote to raise and appropriate, transfer from available funds, or borrow a sum of money for the purpose of updating the Plymouth Historic District Commission Handbook and the Commission's rules and regulations, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 12: To see if the Town will vote to rescind various authorized, but unissued borrowing balances, as such amounts are no longer necessary to complete the projects for which they were initially approved, or to take any other action relative thereto.
BOARD OF SELECTMEN
ARTICLE 13: To see if the Town will vote to authorize the Board of Selectmen to petition the General Court for special legislation to amend Section 2 of AN ACT AUTHORIZING THE TOWN OF PLYMOUTH TO ESTABLISH AN ENVIRONMENTAL AFFAIRS FUND, enacted on January 5, 2017, as provided below, with strikethrough language to be deleted as shown, provided, however, that the General Court may make clerical and editorial changes of form only to the bill unless the Board of Selectmen approves amendments to the bill prior to enactment by the General Court, and to authorize the Board of Selectmen to approve such amendments which shall be within the scope of the general public objectives of the petition:

SECTION 2. The treasurer-collector of the town of Plymouth shall be the custodian of the Environmental Affairs Fund and shall make an accounting of the fund to each annual town meeting.
~~This act shall expire 5 years after its effective date~~

or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 14: To see if the Town will vote to authorize the Board of Selectmen to accept perpetual easements for public way purposes over the properties located on Carver Road, Plymouth MA and shown as Plymouth Assessor's parcels 105-000-002D-000, and 105-000-002A-000, and further to accept and allow the layout of the Town way, Carver Road, as laid out by the Board of Selectmen and reported to the Town as shown on plans on file with the Town Clerk, and further to authorize the Board of Selectmen to acquire by gift, purchase, eminent domain or otherwise, and upon such terms and conditions as it deems appropriate, such interests in land within said Carver Road sufficient to use said way for all purposes for which public ways are used in the Town of Plymouth, or take any other action relative thereto.
BOARD OF SELECTMEN

And you are hereby required to serve this warrant in the manner prescribed by vote of the Town by posting notice thereof fourteen (14) days at least before such meeting in the Town Hall, in the Town's Libraries and posted on the Town's website, and make return thereof with your doings thereon at the time and places above mentioned.

Given under our hands this ____ day of March 2020.

ARTICLE 15: Withdrawn

ARTICLE 16A: To see if the Town will vote to revise the funding sources and thereby amend the vote taken under Article 16A of the 2014 Spring Annual Town Meeting for the restoration of the 1820 Court House, as previously amended, by reducing the amount to be borrowed by a sum of money and transferring a sum of money from Fiscal Year 2021 Community Preservation Act estimated annual revenues, Community Preservation Reserves or other available funds for such purposes, or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 16B: To see if the Town will vote to revise the funding sources and thereby amend the vote taken under Article 9D of the 2018 Fall Annual Town Meeting for the restoration of the historic 1898 National Memorial Meeting House in Town Square, as previously amended, by reducing the amount to be borrowed by a sum of money and transferring a sum of money from Fiscal Year 2021 Community Preservation Act estimated annual revenues, Community Preservation Reserves or other available funds for such purposes, or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 16C: To see if the Town will vote to revise the funding sources and thereby amend the vote taken under Article 16B of the 2015 Spring Annual Town Meeting for the recreational restoration and rehabilitation of Stephens Field Plymouth MA, as previously amended, by reducing the amount to be borrowed by a sum of money and transferring a sum of money from Fiscal Year 2021 Community Preservation Act estimated annual revenues, Community Preservation Reserves or other available funds for such purposes, or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 16D: Withdrawn.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 16E: To see if the Town will vote to appropriate a sum of money for the creation and/or restoration and rehabilitation of land for open space and recreational use, including improvements to comply with, Americans with Disabilities Act and Massachusetts Architectural Access Board access standards at various public playgrounds, including Manomet Recreation Area, Siever Field North Plymouth and West Plymouth Recreational Area, pursuant to the Community Preservation Program, and specifically for the design, acquisition and installation of recreational play equipment for such land, including but not limited to site preparation and permitting costs; and to appropriate said sum from the Fiscal Year 2021 Community Preservation Act estimated annual revenues, Community Preservation Reserves, or other available funds for such purposes, or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 16F: To see if the Town will vote to appropriate a sum of money for the purpose of construction of Pickle Ball Courts on the property known as Forges Field located off Long Pond Road Plymouth MA pursuant to G.L. c. 44B Section 12 and G.L. c. 184 Sections 31-33, and to appropriate said sum from the Fiscal Year 2021 Community Preservation Act estimated annual revenues, Community Preservation Reserves, or other available funds for such purposes and further to authorize the Board of Selectmen to grant a recreational restriction, or take any other action relative thereto.
COMMUNITY PRESERVTION COMMITTEE

ARTICLE 16G: To see if the Town will vote to appropriate a sum of money to update the Gravestone/Monument Conditions Assessment Report, prepared by Fanin & Lehner Preservation Consultants dated July 5 December 2012; and provide funding for Phase III preservation, rehabilitation and restoration of head stones at the Burial Hill Cemetery and further, utilize said sum for restoration of the stone wall and columns at the Town Square main entrance to Burial Hill and to appropriate said sum from the Fiscal Year 2021 Community Preservation Act estimated annual revenues, Community Preservation Reserves, or other available funds for such purposes, and that the Board of Selectmen be authorized to grant to a non-profit or charitable corporation an historic preservation restriction meeting the requirements of G.L. c.184, §§31-33 on the Cemetery, shown as Assessors Map 19, Lot 22 or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 16H: To see if the Town will vote to hear and act on the report of the Community Preservation Committee on the Fiscal Year 2021 Community Preservation Budget and to appropriate from the Community Preservation Fund Fiscal Year 2021 estimated annual revenues a sum of money to meet the administrative expenses and all other necessary and proper expenses of the Community Preservation Committee for Fiscal Year 2021, and to set aside sums for future appropriation for the following purposes as recommended by the Community Preservation Committee: a sum of money for the acquisition, creation, and preservation of land for open space, including restoration and rehabilitation of land for recreational use; a sum of money for acquisition, preservation, restoration and rehabilitation of historic resources; and a sum of money for the acquisition, creation, preservation and support of community housing, or take any other action relative thereto.
COMMUNITY PRESERVATIONI COMMITTEE

ARTICLE 17: To see if the Town of Plymouth will vote to authorize the Superintendent of the Plymouth Public Schools, with the approval of the Board of Selectmen to enter into Memoranda of Understanding ("MOUs") with the Massachusetts Executive Office of Health and Human Services ("EOHHS"), Department of Elementary and Secondary Education ("DESE"), and/or the Department of Children and Families ("DCF") in order for the Plymouth Public Schools to receive Federal reimbursements for transportation of students in foster care under the Federal Title IV-E Claiming of Transportation Expenditures for Children in Foster Care Program and to authorize that payments for foster care transportation under the MOUs will be made from the reimbursement(s) recovered as a result of the foster care transportation services being performed without appropriation of such reimbursements pursuant to M.G.L. c. 44, § 70; and to authorize the Superintendent to otherwise act in accordance with the MOUs and M.G.L. c. 44, § 70 relative to foster care transportation and reimbursement therefore.
SCHOOL COMMITTEE

ARTICLE 18: Withdrawn

ARTICLE 19: To see if the Town will vote to amend its Zoning Bylaw, Section 206-2**. Floodplain Overlay District (FPOD)** by adopting revised Flood Insurance Rate Maps (FIRM) for the Town of Plymouth, and a revised Plymouth County Flood Insurance Study (FIS) report as well as associated tables, definitions, procedures and provisions for said District, or take any other action relative thereto.
PLANNING AND DEVELOPMENT

ARTICLE 20: To see if the Town will vote to amend the Town of Plymouth General By-laws by creating a new section entitled **"Industrial Building Demolition Permit"** that establishes a process to review demolition activities related to large scale industrial buildings that is of such scale that special conditioning may be necessary in order to avoid possible objectionable negative effects (such as heavy equipment noise, vibration, dust or vehicular traffic) to Town ways, abutting properties, the environment and the Town in general as on file with the Town Clerk, or take any other action relative thereto.
PLANNING AND DEVELOPMENT

ARTICLE 21: To see if the Town will vote to amend the General Bylaws by inserting a new section,
Chapter 164, entitled "Stretch Energy Code", for the purpose of regulating the design and construction of buildings for the effective use of energy, pursuant to Appendix 115.AA of the Massachusetts Building Code, 780 CMR, the "Stretch Energy Code", including future editions, amendments or modifications thereto, a copy of which is on file with the Town Clerk as well as amend any other definitions, procedures, and provisions for, or take any other action relative thereto.
ENERGY COMMITTEE

ARTICLE 22: Withdrawn

ARTICLE 23: Withdrawn

ARTICLE 24: To see if the Town will vote to transfer the care, custody, management and control of the parcel listed below as on file with the Town Clerk, from the Town Treasurer for tax title purposes to the Conservation Commission for conservation purposes pursuant to G.L. c. 40, section 8C; and further to authorize the Conservation Commission to execute any and all instruments as may be necessary to effectuate the vote taken hereunder, or take any other action relative thereto.

Parcel ID	Location	Legal Reference	Recording Date

CONSERVATION COMMISSION

ARTICLE 25: To see if the Town will vote to decrease the Community Preservation Act surcharge by .5% from 1.5% to 1.0%, or take any other action relative thereto.
BY PETITION: Stacey De La Cruz, et al

ARTICLE 26: To see if the Town will vote to amend Chapter 6 of the Town Charter by adding the following; **Chapter 6 Section 1-2 No member of a Board, Commission or Committee of the Town, whether elected or appointed may hold the position of Chairman of said Board, Commission or Committee for a period of time longer than Two (2) years in any Three (3) year period or Three (3) years in any Six (6) year period,** or to take any other action relative thereto.
BY PETITION: Steven Striar, et al

ARTICLE 27: To see if the Town will vote to amend Ch. 3 Sec. 2-2 of the Town Charter by adding the words **'and responsibility'** following the word **'power'** and adding the following to the end of the existing sentence; ....**and to approve all proposed rules (excepting rules of procedure), regulations, fees and fines of all multiple-member boards, commissions and committees appointed under Chapter 3 Section 2-2 of this charter.**: The section, as amended would read; **The Select Board shall have the power and responsibility to enact rules and regulations to implement its policies and to approve all proposed rules (excepting rules of procedure), regulations, fees and fines of all multiple-member boards, commissions and committees appointed under Chapter 3 Section 3-1 of this Charter,** or to take any other action relative thereto.
BY PETITION: Steven Striar, et al

ARTICLE 28: To see if the Town will vote to amend Chapter 3 of the Town Charter by adding the following: **Chapter 3 Section 7-3 The Board of Health may promulgate rules and regulations, amend current rules and regulations and establish fees and fines pursuant to Chapter 3 Section 7-2 and Chapter 3 Section 2-2 of this Charter,** or take any other action relative thereto.
BY PETITION: Steven Striar, et al

ARTICLE 29: To see if the Town will vote to amend Chapter 3 of the Town Charter by adding the following: **Chapter 3 Section 10-3 The Conservation Commission may promulgate rules and regulations, amend current rules and regulations and establish fees and fines pursuant to Chapter 3 Section 10-2 and Chapter 3 Section 2-2 of this Charter,** or take any other action relative thereto.
BY PETITION: Steven Striar, et al

And you are hereby required to serve this warrant in the manner prescribed by vote of the Town by posting notice thereof fourteen (14) days at least before such meeting in the Town Hall, in the Town's Libraries and posted on the Town's website, and make return thereof with your doings thereon at the time and places above mentioned.

Given under our hands this ____ day of March 2020.

PLYMOUTH TOWN MODERATOR

DECLARATION OF RECESS AND CONTINUANCE OF APRIL 4, 2020 ANNUAL AND SPECIAL TOWN MEETINGS

This Declaration of Recess and Continuance of the Plymouth Annual and Special Town Meetings is issued pursuant to the authority vested in the Town Moderator by the provisions of G.L. c. 39, §10A and in follow-up to the Notice of Intent issued by me on March 13, 2020. Based upon the intensifying public health and safety emergency currently enveloping the Commonwealth and this community, I hereby provide notice to the Town of Plymouth that I have determined it is in the public's interest, due to the public health and safety risks posed by the novel coronavirus COVID-19, to recess and continue the April 4, 2020 Annual and Special Town Meetings until May 2, 2020 at 8:00 AM at Plymouth North High School.

I issue this Declaration after careful and considerable deliberation about the implications of the rapid spread of the disease, present lack of containment, and risk to most vulnerable populations inherent in public gatherings at this time. Various professional sports leagues, universities, school districts, cultural institutions and events, and more, have been cancelled, closed, or temporarily suspended normal operations. Similarly, various public and private entities have significantly restricted operations in response to the continued spread of the virus. Based upon the orders and recommendations issued by the Governor, among others, restricting large gatherings and various public functions, and the declaration of a State of Emergency in the Commonwealth, I consulted with public safety officials, the Board of Health, and members of the Board of Selectmen and reviewed guidance from the Massachusetts Department of Public Health and the U.S. Centers for Disease Control and Prevention. A significant consideration in this decision includes the important role of Town Meeting as the legislative body of the Town, and my obligation to ensure that all who wish to participate are able, particularly, vulnerable members of our community.

Being respectful of the health, safety and wellbeing of all of the voters of the Town, therefore, I have determined in accord with G.L. c.39, §10A that the rapidly evolving situation involving COVID-19 will mean that some voters will be unable to attend the April 4, 2020 Town Meetings and that they will therefore be deprived of the opportunity to participate in such meeting. A delay at this time will avoid forcing voters to choose between participating in the Town Meetings and managing their health in a manner most appropriate for them.

To provide as much advance notice as possible, and in order to allow the Town the greatest period of time to evaluate the situation, this formal Declaration, will be deemed to be issued and take effect on April 4, 2020, the scheduled date of the Annual and Special Town Meetings.

Please contact the Town Moderator's office with any further questions at (508) 746-1464 or fax at (508) 746-9205 or e-mail at FST@plymouthlaw.com.

PLYMOUTH TOWN MODERATOR

SECOND DECLARATION OF RECESS AND CONTINUANCE OF ANNUAL AND SPECIAL TOWN MEETINGS

This Second Declaration of Recess and Continuance of the Plymouth Annual and Special Town Meetings is issued pursuant to the authority vested in the Town Moderator by the provisions of G.L. c. 39, §10A. By prior Declaration I had recessed and continued the April 4, 2020 Annual and Special Town Meetings until May 2, 2020. However, based upon the continuing public health and safety emergency currently enveloping the Commonwealth and this community, I hereby provide notice to the Town of Plymouth that I have determined it is in the public's interest, due to the public health and safety risks posed by the Novel Coronavirus (COVID-19), to further recess and continue the Annual and Special Town Meetings until **May 30, 2020** at 8:00 AM at Plymouth North High School.

I issue this Declaration after ongoing careful and considerable deliberation about the implications of the rapid spread of the disease, present lack of containment, and risk to vulnerable populations inherent in public gatherings at this time. Based upon the orders and recommendations issued by the Governor, among others, restricting large gatherings and various public functions, the declaration of a State of Emergency in the Commonwealth, and the recent order of the Governor extending the closure of certain workplaces and prohibiting gatherings of more than ten people until May 4, 2020, I consulted with public safety officials, the Board of Health, and members of the Board of Selectmen and reviewed guidance from the Massachusetts Department of Public Health and the U.S. Centers for Disease Control and Prevention. A significant consideration in this decision includes the important role of Town Meeting as the legislative body of the Town, and my obligation to ensure that all who wish to participate are able, particularly vulnerable members of our community.

Being respectful of the health, safety and wellbeing of all of the voters of the Town, therefore, I have determined in accordance with G.L. c.39, §10A that the ongoing threat posed by COVID-19 to public health and safety will mean that some voters will be unable to attend the recessed and continued Annual and Special Town Meetings and will therefore be deprived of the opportunity to participate in such meetings. A delay at this time will avoid forcing voters to choose between participating in the Town Meetings and managing their safety and health in a manner most appropriate for them.

To provide as much advance notice as possible, and in order to allow the Town the greatest period of time to evaluate the situation, this formal Declaration will be deemed to be issued and take effect on May 2, 2020, the scheduled date of the recessed and continued Annual and Special Town Meetings.

Please contact the Town Moderator's office with any further questions at (508) 746-1464 or fax at (508) 746-9205 or e-mail at FST@plymouthlaw.com .

THIRD DECLARATION OF RECESS AND CONTINUANCE OF ANNUAL AND SPECIAL TOWN MEETINGS

This Third Declaration of Recess and Continuance of the Plymouth Annual and Special Town Meetings is issued pursuant to the authority vested in the Town Moderator by the provisions of G.L. c. 39, §10A. By prior Declaration I had recessed and continued the April 4, 2020 Annual and Special Town Meetings until May 30, 2020. However, based upon the continuing public health and safety emergency currently enveloping the Commonwealth and this community, I hereby provide notice to the Town of Plymouth that I have determined it is in the public's interest, due to the ongoing public health and safety risks posed by the Novel Coronavirus (COVID-19), to further recess and continue the Annual and Special Town Meetings until **June 15, 2020** at 6:00 PM at Plymouth North High School.

I issue this Declaration after ongoing careful and considerable deliberation about the implications of the rapid spread of the disease, present lack of containment, and risk to vulnerable populations inherent in public gatherings at this time. Based upon the orders and recommendations issued by the Governor, among others, restricting large gatherings and various public functions, the declaration of a State of Emergency in the Commonwealth, and the recent order of the Governor extending the closure of certain workplaces and prohibiting gatherings of more than ten people until May 18, 2020, I consulted with public safety officials, the Board of Health, and members of the Board of Selectmen and reviewed guidance from the Massachusetts Department of Public Health and the U.S. Centers for Disease Control and Prevention. A significant consideration in this decision includes the important role of Town Meeting as the legislative body of the Town, and my obligation to ensure that all who wish to participate are able, particularly vulnerable members of our community.

Being respectful of the health, safety and wellbeing of all of the voters of the Town, therefore, I have determined in accordance with G.L. c.39, §10A that the ongoing threat posed by COVID-19 to public health and safety will mean that some voters will be unable to attend the recessed and continued Annual and Special Town Meetings and will therefore be deprived of the opportunity to participate in such meetings. A delay at this time will avoid forcing voters to choose between participating in the Town Meetings and managing their safety and health in a manner most appropriate for them.

To provide as much advance notice as possible, and in order to allow the Town the greatest period of time to evaluate the situation, this formal Declaration will be deemed to be issued and take effect on May 30, 2020, the scheduled date of the recessed and continued Annual and Special Town Meetings.

PLYMOUTH TOWN MODERATOR FOURTH DECLARATION OF RECESS AND CONTINUANCE OF ANNUAL AND SPECIAL TOWN MEETINGS

This Fourth Declaration of Recess and Continuance of the Plymouth Annual and Special Town Meetings is issued pursuant to the authority vested in the Town Moderator by the provisions of G.L. c. 39, §10A. By prior Declaration I had recessed and continued the April 4, 2020 Annual and Special Town Meetings until June 15, 2020. However, based upon the continuing public health and safety emergency currently enveloping the Commonwealth and this community, I hereby provide notice to the Town of Plymouth that I have determined it is in the public's interest, due to the ongoing public health and safety risks posed by the Novel Coronavirus (COVID-19), to further recess and continue the Annual and Special Town Meetings until **Monday, July 13, 2020** at 6:00 PM at Plymouth North High School.

Based upon the orders and guidance issued by the Governor and the Commonwealth Department of Public Health, among others, restricting large gatherings and various public functions, the declaration of a State of Emergency in the Commonwealth, I consulted with public safety officials, the Board of Health, and members of the Board of Selectmen and reviewed guidance from the Massachusetts Department of Public Health and the U.S. Centers for Disease Control and Prevention. A significant consideration in this decision includes the important role of Town Meeting as the legislative body of the Town, and my obligation to ensure that all who wish to participate are able, particularly vulnerable members of our community. I am aware of the recently begun phased reopening of the Commonwealth, and recognize that all such efforts are tentative in nature as they are subject to change depending on the data regarding the number of new COVID-19 cases and hospitalizations in Massachusetts, and the Governor's orders regarding the State of Emergency.

Being respectful of the health, safety and wellbeing of all of the voters of the Town, therefore, I have determined in accordance with G.L. c.39, §10A that the ongoing threat posed by COVID-19 to public health and safety will mean that some voters will be unable to attend the recessed and continued Annual and Special Town Meetings and will therefore be deprived of the opportunity to participate in such meetings. A delay at this time will avoid forcing voters to choose between participating in the Town Meetings and managing their safety and health in a manner most appropriate for them.

To provide as much advance notice as possible, and in order to allow the Town the greatest period of time to evaluate the situation, this formal Declaration will be deemed to be issued and take effect on June 15, 2020, the scheduled date of the recessed and continued Annual and Special Town Meetings.

Please contact the Town Moderator's office with any further questions at (508) 746-1464 or fax at (508) 746-9205 or e-mail at FST@plymouthlaw.com.

PLYMOUTH TOWN MODERATOR
FIFTH DECLARATION OF RECESS AND CONTINUANCE OF ANNUAL AND SPECIAL TOWN MEETINGS

This Fifth Declaration of Recess and Continuance of the Plymouth Annual and Special Town Meetings is issued pursuant to the authority vested in the Town Moderator by the provisions of G.L. c. 39, §10A. By prior Declaration I had recessed and continued the April 4, 2020 Annual and Special Town Meetings until July 13, 2020. However, based upon the continuing public health and safety emergency in the Commonwealth and this community, I hereby provide notice to the Town of Plymouth that I have determined it is in the public's interest, due to the ongoing public health and safety risks posed by the Novel Coronavirus (COVID-19), to further recess and continue the Annual and Special Town Meetings until **Monday, August 10, 2020** at 6:00 PM at Plymouth North High School. Please note further that I have requested of the Select Board that the Special and Annual Town Meetings be held through a remote platform rather than in person pursuant to recently enacted legislation in order to best safeguard public health and safety.

Based upon the orders and guidance issued by the Governor and the Commonwealth Department of Public Health, among others, restricting large gatherings and various public functions, the declaration of a State of Emergency in the Commonwealth, I consulted with public safety officials, the Board of Health, and members of the Board of Selectmen and reviewed guidance from the Massachusetts Department of Public Health and the U.S. Centers for Disease Control and Prevention. A significant consideration in this decision includes the important role of Town Meeting as the legislative body of the Town, and my obligation to ensure that all who wish to participate are able, particularly vulnerable members of our community. I am aware of the recently begun phased reopening of the Commonwealth, and recognize that all such efforts are tentative in nature as they are subject to change depending on the data regarding the number of new COVID-19 cases and hospitalizations in Massachusetts, and the Governor's orders regarding the State of Emergency.

Being respectful of the health, safety and wellbeing of all of the voters of the Town, therefore, I have determined in accordance with G.L. c.39, §10A that the ongoing threat posed by COVID-19 to public health and safety will mean that some voters will be unable to attend the recessed and continued Annual and Special Town Meetings and will therefore be deprived of the opportunity to participate in such meetings. A delay at this time will avoid forcing voters to choose between participating in the Town Meetings and managing their safety and health in a manner most appropriate for them.

To provide as much advance notice as possible, and in order to allow the Town the greatest period of time to evaluate the situation, this formal Declaration will be deemed to be issued and take effect on July 13, 2020, the scheduled date of the recessed and continued Annual and Special Town Meetings.

Re: August 10, 2020 Annual & Special Town Meeting – Restated Request for Remote Participation

Dear Board Members:

Having determined that it is not possible to safely assemble the Town Meeting Members and interested members of the public in a common location for the conduct of the Annual and Special Town Meetings, in accordance with Chapter 92 of the Acts of 2020, and in order to comply with the requirements contained within the Act, I request that the Select Board call the Annual and Special Town Meetings to be held on August 10, 2020 at 6:00 PM, pursuant to my Fifth Declaration of Recess and Continuance, through remote participation, including, but not limited to, by means of a video or telephone conferencing platform. I have conferred with Barry DeBlasio, local disability commission, to confirm federal Americans with Disabilities Act compliance for such remote participation Meetings.

The Meetings will be conducted using the Zoom webinar and OTI virtual voting platforms. I certify that: (A) I have tested the video or telephone conferencing platform; and (B) the platform satisfactorily enables the Town Meetings to be conducted in substantially the same manner as if the Meetings occurred in person at a physical location and in accordance with the operational and functional requirements set forth in Section 8 of Chapter 92 of the Acts of 2020.

I look forward to your favorable response to this request in the interest of protecting public health and safety, and the issuance of an appropriate notice in that regard.

Sincerely,

F. Steven Triffletti

F. Steven Triffletti
Town Moderator

SELECT BOARD NOTICE
OF REMOTE PARTICIPATION AT TOWN MEETING

Pursuant to the written request by the Town Moderator for remote participation at Town Meeting and in accordance with subsection (a) of Section 8 of Chapter 92 of the Acts of 2020, the Select Board hereby votes that the Special and Annual Town Meetings, originally scheduled to be held on April 4, 2020 pursuant to warrants issued therefor, shall be held remotely by means of the Zoom webinar and Option Technologies Inc. (OTI) virtual voting platforms as requested by the Moderator.

The remote Special and Annual Town Meetings referenced herein shall be held on Monday, August 10, 2020 commencing at 6:00 PM. Information necessary for the Moderator, Town Meeting members, Town officials and interested members of the public to access and witness the deliberations and actions taken at the Town Meeting remotely is as follows:

The Town Moderator will provide virtual town meeting through Zoom Webinar videoconferencing platform and V-Voter, with the help of PACTV and Option Technologies virtual voting platforms.

Town Officials will provide information through Zoom Webinar videoconferencing platform.

Town Meeting members will be using telecast through Zoom Webinar videoconferencing platform for their deliberations and they will be using V-Voter to take actions.

Interested members of the public will be able to view the meeting through PACTV, Channel 15 (Comcast) or Channel 47 (Verizon) or pactv.org/live. Individuals not otherwise lawfully entitled to speak will have the opportunity to speak through the Zoom Webinar videoconferencing platform with 48-hour advanced notice given to and permission granted by the Town Moderator.

Registered Town of Plymouth voters wishing to participate in the remote Special and Annual Town Meetings as referenced herein shall submit a request to participate in those Meetings to the Town Clerk not less than forty-eight (48) hours in advance of the Town Meetings scheduled for August 10, 2020 commencing at 6:00 PM. Upon receipt of the request and verification of the requester's voter registration status, the Town Clerk shall provide to the requester instructions for participating in the remote Town Meetings.

The first order of business at Town Meetings shall be for the Town Meeting members present and voting to vote on whether or not to commence business at the Town Meetings remotely by means of the Zoom webinar and OTI virtual voting platforms. If the Town Meeting members vote to continue conducting the Town Meetings remotely, the members shall proceed by remote participation to address the articles included in the warrants therefor. If the Town Meeting members do not vote to continue conducting the Town Meetings remotely, then the Special and Annual Town Meetings shall be adjourned to September 8, 2020 at 6:00 PM at Plymouth North High School.

This notice, accompanied by the written request of the Moderator for remote participation at Town Meeting, shall be filed and posted in accordance with the requirements of G.L. c. 39, §10A, subsection (b); distributed to each Town Meeting member; and publicly posted not less than 10 days before the scheduled date of the remote Town Meeting.

Kenneth A. Tavares Shelagh M Joyce
Betty A. Cavacco

Dated July 1, 2020

SPECIAL TOWN MEETING

August 10, 2020

The Moderator noted that the return of the warrant of the Annual Town Meeting shows that it has been properly served. With no objection, Town Meeting waived the reading of the Constable's Return of Service and the reading of the warrant.
The Special Town Meeting opened at 7:26 P.M. following the recess of the Annual Town Meeting.
Mr. Canty moved that all business in all sessions of this Special Town Meeting be commenced and conducted remotely by means of the Zoom Webinar and OTI virtual voting platforms.

On a roll call the motion PASSED with 101 in favor, 15 opposed and 6 abstaining.

Mr. Canty moved that the following articles of the Special Town Meeting Warrant be considered under a Consent Agenda and that such articles be approved and acted upon as written in the warrant and as set forth in the Report & Recommendations of the Advisory & Finance Committee:

Article	Subject
12	Rescinding Unused Borrowing Balances
13	Amending Special Act Creating Environmental Affairs Fund to Remove Expiration Provision
14	Accepting Carver Road

Mr. Neville moved that the Consent Agenda for the Special Town meeting be expanded to include Motion 9A, 9B and 9D. Mr. Neville clarified his motion to include 9A, 9C, and 9D.

On a roll call the motion to close debate PASSED with 98 in favor, 25 opposed and 0 abstaining.

On a roll call the motion PASSED with 93 in favor, 29 opposed and 2 abstaining.

Article 2: There was no motion. Town Meeting took no action.

Article 3: Mr. Canty moved that the Town appropriate the sum of $3,747.56, by transferring from Water Retained Earnings, to pay certain unpaid bills of a prior fiscal year as follows:

VENDOR	DEPARTMENT	AMOUNT
Home Depot	Water Dept	$117.56
Envirotech Laboratories, Inc.	Water Dept	$3,630.00
Total		$3,747.56

On a roll call the motion PASSED with 118 in favor, 2 opposed and 3 abstaining.

Article 4-A1: Mr. Canty moved that the Town appropriate the sum of $80,000 to pay costs associated with the asbestos management plan capital project, as shown below, including all costs incidental or related thereto, and that to meet this appropriation, $80,000 be transferred from Free Cash.

On a roll call the motion PASSED with 120 in favor, 2 opposed and 2 abstaining.

Article 4-A2: Mr. Canty moved that the Town appropriates the sum of $500,000 to pay costs associated with the public safety communication tower capital project, as shown below, including all costs incidental or related thereto, and that to meet this appropriation, $259,840 be transferred from Free Cash and $240,160 from Insurance Recovery over $150,000.

ITEM	DEPARTMENT	PROJECT DESCRIPTION	AMOUNT	FUNDING SOURCE
A1	**DPW Facilities**	**Asbestos Management Plan**	**$80,000**	**Free Cash**
A2	**FIRE**	**Public Safety Communication Tower**	**$500,000**	**$259,840 Free Cash / $240,160 Insurance Proceeds**
Article 4A1-A2 Total Appropriation			**$580,000**	

(see vote above – moved to follow Article 8)

Article 4-B: Mr. Canty moved that the Town appropriate the sum of $2,200,000 to pay costs associated with the Brook Road bridge design and construction capital project, as shown below, including all costs incidental or related thereto, and that to meet this appropriation, the Treasurer, with the approval of the Selectmen, is authorized to borrow said amount under M.G.L. c. 44, §7(1) or pursuant to any other enabling authority, and to issue bonds or notes of the Town therefor. Any premium received by the Town upon the sale of any bonds or notes approved by this vote, less any premium applied to the payment of the costs of issuance of such bonds and notes, may be applied to the payment of costs approved by this vote in accordance with M.G.L. c. 44, §20, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount; and further said total sum which shall be reduced by the amount of any grants received by the Town pursuant to M.G.L. c. 44, §7(1) or any other enabling authority.

ITEM	DEPARTMENT	PROJECT DESCRIPTION	AMOUNT	FUNDING SOURCE
B1	**DPW Engineering**	**Brook Road bridge design & construction**	**$2,200,000**	**$1,700,000 Borrowing / $500,000 Grant**
Article 4B1 Total Appropriation			**$2,200,000**	

On a roll call the motion FAILED with 67 in favor, 55 opposed and 3 abstaining.

Article 5: Mr. Canty moved that the Town appropriate $500,000 to pay costs of schematic design, feasibility and owner's project manager services associated with the renovation of or new construction at Fire Headquarters (Station #1), and renovations to West Plymouth (Station #2), Manomet (Station #5), and Bourne Road (Station #4), including the payment of all costs incidental and related thereto, and that to meet this appropriation, transfer $500,000 from Free Cash.
Mr. Houle moved to close debate.
On a roll call the motion to close debate PASSED with 64 in favor, 55 opposed and 0 abstaining.

Ms. Williams moved to close debate.
On a roll call the motion PASSED with 98 in favor, 25 opposed and 0 abstaining.

On a roll call the motion PASSED with 99 in favor, 23 opposed and 1 abstaining.

Article 6: Mr. Canty moved that the Town appropriate $3,000,000 to pay costs of construction, demolition, renovation, equipping and furnishing of the following fire stations: West Plymouth (Station #2), shown as Assessor's Map 103 Lot 41A Manomet (Station #5), shown as Assessor's Map 48 Lot 6D and Bourne Road (Station #4), shown as Assessor's Map 121 Lot 4B including but not limited to site preparation and all other costs incidental and related thereto, and that to meet this appropriation, transfer $226,714 from the unexpended

balance of the amount authorized by the vote taken under Article 4I 2015 FATM, Salt Shed Repairs, and $1,165,930 from the Sale of Real Estate Account, and further that the Treasurer, with the approval of the Selectmen, is authorized to borrow $1,607,356 under M.G.L. c. 44, §7(1) or pursuant to any other enabling authority, and to issue bonds or notes of the Town therefor. Any premium received upon the sale of any bonds or notes approved by this vote, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with M.G.L. c. 44, §20, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.
Mr. Landers moved to close debate.
On a roll call the motion to close debate PASSED with 97 in favor, 26 opposed and 0 abstaining.

On a roll call the motion PASSED with 88 in favor, 36 opposed and 1 abstaining.

Article 7: There was no motion. Town Meeting took no action.

Article 8: Mr. Canty moved that the Town appropriate $30,000,000 to pay costs of construction, demolition, equipping and furnishing of a new Fire Headquarters at 91 Long Pond Road, shown as Assessor's Map 89A Lot 1-3, including but not limited to site preparation and all other costs incidental and related thereto, and that to meet this appropriation, the Treasurer, with the approval of the Selectmen, is authorized to borrow said amount under M.G.L. c. 44, §7(1) or pursuant to any other enabling authority, and to issue bonds or notes of the Town therefor. Any premium received upon the sale of any bonds or notes approved by this vote, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with M.G.L. c. 44, §20, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount. No amounts shall be borrowed or expended pursuant to this vote unless the Town shall have voted to exclude the amounts required to repay any borrowing undertaken in accordance with this vote from the limitation on total property taxes imposed by M.G.L. c. 59, §21C (also known as Proposition 2½).
Mr. Brady moved to adjourn.

Mr. Mason moved to close debate on the motion to adjourn.
On a roll call the motion PASSED with 102 in favor, 21 opposed and 1 abstaining.

Article 10: Withdrawn.

Article 11: Withdrawn.

Article 12 [included in Consent Agenda]: Mr. Canty moved that the Town vote to accept a sum of money that the State declares as available funds as the State's share of the cost of work under G.L. c. 90, said funds to be expended under the supervision of the Town Manager.

Article 13 [included in Consent Agenda]: Mr. Canty moved that the Town vote to transfer the sum of $721,975 from the Town Promotion Fund created pursuant to Chapter 4 of the Acts of 1993, for programs and projects that enhance the beautification, recreational resources, public safety, promotional and marketing activities, events, services and public improvements.

Article 14 [included in Consent Agenda]: Mr. Canty moved that the Town vote to authorize the Board of Selectmen to accept and allow as a public way the following street or portions thereof as laid out by the Board of Selectmen and reported to the Town, and as shown on plans on file with Town Clerk; to authorize the Board of Selectmen to acquire by gift, or eminent domain an easement or easements to use said way for all purposes for which public ways are used in the Town of Plymouth, and all associated easements; and further, accept gifts for this purpose and any expenses related thereto; and authorize the Board of Selectmen to enter into all agreements and take all related actions necessary or appropriate to carry out said acquisition(s); or take any other action relative thereto.
Ashberry Lane, Brook Road (Portion of), Byron Court, Channing Court, Cox Lane, Fillmore Street, Florence Street, Gable Lane, Helen Street, Hood Drive, Hughes Street, Janet Street, Knoll Road and Santo Street.

Article 15: Withdrawn.

Article 16A: [included in Consent Agenda]Mr. Canty moved that the Town vote to revise the funding sources and thereby amend the vote taken under Motion 16A of the 2014 Spring Annual Town Meeting for the restoration of the 1820 Court House, as previously amended, by reducing the $500,000 borrowing authorization by the sum of $500,000, thereby paying the debt in full, and by transferring the sum of $500,000 from the Fiscal Year 2021 Community Preservation Act annual revenues for the purposes of said Motion 16A.

Article 16B: [included in Consent Agenda]Mr. Canty moved that the Town vote to revise the funding sources and thereby amend the vote taken under Motion 9D of the 2018 Fall Annual Town Meeting for the restoration of the historic 1898 National Memorial Meeting House in Town Square, as previously amended, by reducing the $990,000 borrowing authorization by the sum of $990,000, thereby paying the debt in full, and by transferring the sum of $990,000 from the Fiscal Year 2021 Community Preservation Act annual revenues for the purposes of said Motion 16B.

Article 16C: [included in Consent Agenda]Mr. Canty moved that the Town vote to revise the funding sources and thereby amend the vote taken under Motion 16B of the 2015 Spring Annual Town Meeting for the recreational restoration and rehabilitation of Stephens Field Plymouth MA, as previously amended, by reducing the now $1,800,000 borrowing authorization approved thereunder by the sum of $250,000 and transferring the sum of $250,000 from the Fiscal Year 2021 Community Preservation Act annual revenues for the purposes of said Motion 16C.

Article 16D: Withdrawn.

Article 16E: [included in Consent Agenda] Mr. Canty moved that the Town vote to appropriate the sum of $545,033 for improvements to comply with, Americans with Disabilities Act and Massachusetts Architectural Access Board access standards at various public playgrounds, including Manomet Recreation Area, Siever Field North Plymouth and West Plymouth Recreational Area, pursuant to the Community Preservation Program, and specifically for the design, acquisition and installation of recreational play equipment for such land, including but not limited to site preparation and permitting costs; and that to meet this appropriation, $520,033 shall be transferred from the Fiscal Year 2021 Community Preservation Act estimated annual revenues and $25,000 shall be funded from Free Cash.

Article 16F: [included in Consent Agenda] Mr. Canty moved that the Town vote to appropriate the sum of $170,000 for the purpose of construction of Pickle Ball Courts on the property known as Forges Field located off Long Pond Road Plymouth MA pursuant to G.L. c. 44B Section 12 and G.L. c. 184 Sections 31-33, and that to meet this appropriation, $120,000 shall be transferred from the Community Preservation Act Fund Undesignated Fund balance estimated annual revenues and $50,000 shall be transferred from the Department of Recreation Programming Revolving Account Fund and further to authorize the Board of Selectmen to grant a recreational restriction.

Article 16G: [included in Consent Agenda] Mr. Canty moved that the Town vote to appropriate the sum of $200,000 to update the Gravestone/Monument Conditions Assessment Report, prepared by Fanin & Lehner Preservation Consultants dated July 5 December 2012; and provide funding for Phase III preservation, rehabilitation and restoration of head stones at the Burial Hill Cemetery and further, utilize said sum for restoration of the stone wall and columns at the Town Square main entrance to Burial Hill and to meet this appropriation transfer $200,000 from the Community Preservation Act Undesignated Fund balance and that the Board of Selectmen be authorized to grant to a non-profit or charitable corporation an historic preservation restriction meeting the requirements of G.L. c.184, §§31-33 on the Cemetery, shown as Assessors Map 19, Lot 22.

Article 16H: Mr. Canty moved that the Town vote to appropriate the sum of $1,260,706 from the Fiscal Year 2021 estimated annual revenues of the Community Preservation Fund for the Fiscal Year 2021 Community Preservation Budget and to set aside sums for future appropriation as follows:

$140,830	Administrative Expenses (and all other necessary and proper expenses)
$ 28,840	Debt Service
$352,074	Set Aside for acquisition, creation and preservation of Open Space
$352,074	Set Aside for acquisition, preservation, restoration and rehabilitation of Historic Resources
$352,074	Set Aside for the acquisition, creation, preservation and support of Community Housing
$34,814	Set Aside for FY2021 Budgeted Reserve

On a roll call Article 16H PASSED with 108 in favor, and 9 opposed, and 2 abstaining.

Article 17 [included in Consent Agenda]: Mr. Canty moved that the Town vote to authorize the Superintendent of the Plymouth Public Schools, with the approval of the Board of Selectmen to enter into Memoranda of Understanding ("MOUs") with the Massachusetts Executive Office of Health and Human Services ("EOHHS"), Department of Elementary and Secondary Education ("DESE"), and/or the Department of Children and Families ("DCF") in order for the Plymouth Public Schools to receive Federal reimbursements for transportation of students in foster care under the Federal Title IV-E Claiming of Transportation Expenditures for Children in Foster Care Program and to authorize that payments for foster care transportation under the MOUs will be made from the reimbursement(s) recovered as a result of the foster care transportation services being performed without appropriation of such reimbursements pursuant to M.G.L. c. 44, § 70; and to authorize the Superintendent to otherwise act in accordance with the MOUs and M.G.L. c. 44, § 70 relative to foster care transportation and reimbursement.

Article 18: Withdrawn.

Article 19: There was no motion. Town Meeting took no action.

Article 20: Mr. Canty moved that the Town vote to amend the Town of Plymouth General By-laws by creating a new section entitled **"Industrial Building Demolition Permit"** that establishes a process to review demolition activities related to large scale industrial buildings that is of such scale that special conditioning may be necessary in order to avoid possible objectionable negative effects (such as heavy equipment noise, vibration, dust or vehicular traffic) to Town ways, abutting properties, the environment and the Town in general as on file with the Town Clerk.

On a roll call the motion PASSED with 104 in favor, 11 opposed and 1 abstaining.

Article 21: Mr. Canty moved that the Town vote to amend the General Bylaws by inserting a new section, Chapter 164, entitled "Stretch Energy Code", for the purpose of regulating the design and construction of buildings for the effective use of energy, pursuant to Appendix 115.AA of the Massachusetts Building Code, 780 CMR, the "Stretch Energy Code", including future editions, amendments or modifications thereto, a copy of which is on file with the Town Clerk as well as amend any other definitions, procedures, and provisions relative thereto.
Ms. Coughlin moved to close debate.
On a roll call the motion to close debate FAILED with 65 in favor, 55 opposed and 0 abstaining.

Mr. Loretz moved to close debate.
On a roll call the motion to close debate PASSED with 107 in favor, 14 opposed and 0 abstaining.

On a roll call the motion PASSED with 103 in favor, 16 opposed and 1 abstaining.

Chapter 45
of the Acts of 2020

THE COMMONWEALTH OF MASSACHUSETTS

In the One Hundred and Ninety-First General Court

AN ACT GRANTING AUTHORITY TO POSTPONE 2020 MUNICIPAL ELECTIONS IN THE COMMONWEALTH AND INCREASE VOTING OPTIONS IN RESPONSE TO THE DECLARATION OF EMERGENCY TO RESPOND TO COVID-19.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to forthwith provide for the rescheduling of elections as a result of the governor's declaration of emergency to respond to COVID-19 and to increase voting options, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. (a) Notwithstanding section 9 of chapter 39, sections 26 and 28 of chapter 51 and chapters 53 and 54 of the General Laws or any other general or special law or by-law to the contrary, a city or town with a municipal caucus or annual or special municipal election scheduled between the effective date of this act and May 30, 2020, may postpone such municipal caucus or municipal election in accordance with this act.

The select board, town council, board of registrars or city council of the city or town may vote on any day prior to the date of their scheduled municipal caucus or municipal election to postpone the municipal caucus or municipal election to a date certain on or before June 30, 2020. Such rescheduled caucus or election shall be held in accordance with all applicable election laws except as otherwise provided in this act.

(b) The select board, town council or city council of a city or town postponing a municipal caucus or municipal election pursuant to this act shall, following consultation with the local election official and the chief operating officer of the municipality as to logistics and feasibility, vote to reschedule the municipal caucus or municipal election. A copy of this act, the vote of the select board, town council or city council and a sample ballot shall be placed on the official municipal website not later than 20 days before the date to which the rescheduled caucus or election has been postponed. Notice of such action shall be provided to the public in other ways reasonably calculated to enable eligible voters to learn of the rescheduled election date and to cast ballots therein. The notice may include, but shall not be limited to, a ''reverse-911'' call, municipal list-serve notifications, advertisement on local cable television or issuance of a press release sent to local news media.

(c) Consistent with section 107 of chapter 41 of the General Laws, an incumbent elected official whose term would have expired at a municipal annual town election if the election was not postponed pursuant to this act shall continue to serve in the official's position until a successor is elected and qualified.

(d) If this act does not take effect until after the date of a scheduled municipal caucus or municipal election during the state of emergency declared by the governor pursuant to executive order 591, declaration of a state of emergency to respond to COVID-19, the actions of the board of selectmen, town council, city council and local election officials to postpone a municipal caucus or municipal election shall be ratified, validated and confirmed as if this act had been in place prior thereto.

SECTION 2. The last day to register to vote for any annual or special municipal or state election postponed pursuant to this act or otherwise postponed in response to COVID-19 shall be 10 days before the date to which the rescheduled election has been postponed; provided, however, that the board of registrars shall hold a registration session on that date not less than from 2:00 PM to 4:00 PM and from 7:00 PM to 8:00 PM. The voting list to be used at such rescheduled election shall include all eligible voters registered as of that date.

SECTION 3. The caucus or election materials, including, but not limited to, absentee and official ballots, prepared for a municipal caucus or any annual or special municipal or state election postponed pursuant to this act or otherwise postponed in response to COVID-19 and bearing that date shall be used for the rescheduled caucus or election to the extent practicable. If additional ballots are required to be printed, the ballots shall be identical in form to those prepared for the original caucus or election.

SECTION 4. Absentee ballots cast in connection with the original election date for any annual or special municipal or state election postponed pursuant to this act or otherwise postponed in response to COVID-19, whether returned before the original election or otherwise, and received by the local election official before the close of polls on the date of the rescheduled election, shall be processed in accordance with applicable law; provided, however, that any voter who chooses to vote in person on the date of the rescheduled election may do so if their absentee ballot has not yet been counted. Completed applications to vote by absentee ballot in the rescheduled election shall be accepted by the board of registrars until 12:00 noon on the last business day before the rescheduled election.

For an election held on or before June 30, 2020 any person taking precaution related to COVID-19 in response to a declared state of emergency or from guidance from a medical professional, local or state health official, or any civil authority shall be deemed to be unable by reason of physical disability to cast their vote in person at a polling location.

SECTION 5. (a) Notwithstanding section 25B of chapter 54 of the General Laws or any other general or special law to the contrary, any eligible voter may vote early by mail for any annual or special municipal or state election held on or before June 30, 2020.

(b) Any qualified voter wanting to early vote by mail may file with their local election official an application for an early voting ballot. Any form of written communication evidencing a desire to have an early voting ballot be sent for use for voting at an election shall be given the same effect as an application made in the form prescribed by the state secretary. Local election officials shall send early voting by mail ballots to those who have applied as soon as ballots are available. No application shall be deemed to be seasonably filed unless it is received in the office of the local election official before noon on the last business day before the date on which the rescheduled election is held.

(c) Local election officials may substitute absentee ballots for early voting ballots for those voters requesting to vote early by mail in municipal elections. An early voting ballot or absentee ballot substituted for an early voting ballot, along with an envelope bearing an affidavit as set forth in section 25B of chapter 54 of the General Laws, shall be provided to each qualified voter who participates in early voting by mail.

(d) The local election officials shall cause to be placed on the voting lists opposite the name of a qualified voter who participates in early voting the letters ''EV'' designating an early voter.

(e) The counting of early voting ballots shall be consistent with section 25B of chapter 54 of the General Laws and implemented regulations to the extent practicable. All envelopes referred to in this section shall be retained with the ballots cast at the election and shall be preserved and destroyed in the manner provided by law for the retention, preservation or destruction of official ballots.

(f) All early voting ballots voted by mail shall be received by the town clerk before the hour fixed for closing the polls on the date on which the rescheduled election is held. Early voting ballots cast under the authority of this section shall be processed at the polls in a manner consistent with that set forth in said section 25B of said chapter 54.

House of Representatives, March 23, 2020.

Preamble adopted, Paul J Donato, Speaker.

In Senate, March 23, 2020.

Preamble adopted, , President.

SELECT BOARD NOTICE
OF REMOTE PARTICIPATION AT TOWN MEETING

Pursuant to the written request by the Town Moderator for remote participation at Town Meeting and in accordance with subsection (a) of Section 8 of Chapter 92 of the Acts of 2020, the Select Board hereby votes that the fall Annual Town Meeting shall be held remotely by means of the Zoom webinar and Options Technology Incorporated (OTI) virtual voting platforms as requested by the Moderator.

The remote fall Annual Town Meeting referenced herein shall be held on Saturday, October 17, 2020 commencing at 8:00 AM. Information necessary for the Moderator, Town Meeting members, Town officials and interested members of the public to access and witness the deliberations and actions taken at the Town Meeting remotely is as follows:

The Town Moderator will provide virtual town meeting through Zoom Webinar videoconferencing platform and V-Voter, with the help of PACTV and Option Technologies virtual voting platforms.

Town Officials will provide information through Zoom Webinar videoconferencing platform for their deliberations and they will be using V-Voter to take actions.

Interested members of the public will be able to view the meetings through PACTV, Channel 15 (Comcast) or Channel 47 (Verizon) or pactv.org/live. Individuals not otherwise lawfully entitled to speak will have the opportunity to speak through the Zoom Webinar videoconferencing platform with 48-hour advanced notice given to and permission granted by the Town Moderator.

Registered Town of Plymouth voters wishing to participate in the remote fall Annual Town Meeting as referenced herein shall submit a request to participate in those Meetings to the Town Clerk not less than forty-eight (48) hours in advance of the Town Meetings scheduled for October 17, 2020 commencing at 8:00 AM. Upon receipt of the request and verification of the requester's voter registration status, the Town Clerk shall provide to the requester instructions for participating in the remote Town Meeting.

The first order of business at Town Meetings shall be for the Town Meeting members present and voting to vote on whether or not to commence business at the Town Meetings remotely by means of the Zoom webinar and OTI virtual voting platforms. If the Town Meeting members vote to continue conducting the Town Meetings remotely, the members shall proceed by remote participation to address the articles included in the warrants therefor. If the Town Meeting members do not vote to continue conducting the Town Meetings remotely, then the fall Annual Town Meeting shall be adjourned to Saturday, November 14, 2020 at 8:00 AM at Plymouth North High School.

This notice, accompanied by the written request of the Moderator for remote participation at Town Meeting, shall be filed and posted in accordance with the requirements of G.L. c. 39, §10A, subsection (b); distributed to each Town Meeting member; and publicly posted not less than 10 days before the scheduled date of the remote Town Meeting.

Re: October 17, 2020 Fall Town Meeting –
Restated Request for Remote Participation

Dear Board Members:

Having determined that it is not possible to safely assemble the Town Meeting Members and interested members of the public in a common location for the conduct of the Fall Town Meeting, in accordance with Chapter 92 of the Acts of 2020, and in order to comply with the requirements contained within the Act, I request that the Select Board call the Fall Town Meeting to be held on October 17, 2020 at 8:00 AM through remote participation, including, but not limited to, by means of a video or telephone conferencing platform. I have conferred with Barry DeBlasio, local disability commission, to confirm federal Americans with Disabilities Act compliance for such remote participation Meetings.

The Meetings will be conducted using the Zoom webinar and OTI virtual voting platforms. I certify that: (A) I have tested the video or telephone conferencing platform; and (B) the platform satisfactorily enables the Town Meetings to be conducted in substantially the same manner as if the Meetings occurred in person at a physical location and in accordance with the operational and functional requirements set forth in Section 8 of Chapter 92 of the Acts of 2020.

I look forward to your favorable response to this request in the interest of protecting public health and safety, and the issuance of an appropriate notice in that regard.

Sincerely,

F. Steven Triffletti

F. Steven Triffletti
Town Moderator

FALL ANNUAL TOWN MEETING WARRANT

Saturday, October 17, 2020

To the Town Clerk of the Town of Plymouth, Commonwealth of Massachusetts:
GREETINGS:

In the name of the Commonwealth, you are directed to notify and warn the Inhabitants of Plymouth, qualified to consider and vote on articles at the Fall Annual Town Meeting of the Town of Plymouth, to meet virtually by remote participation, on Saturday, the Seventeenth Day of October, 2020, at 8:00 AM, with information necessary for the Moderator, Town Meeting members, Town officials and interested members of the public to access and witness the deliberations and actions taken at the Town Meeting remotely as follows:

Town Meeting members will be using telecast through Zoom Webinar videoconferencing platform for their deliberations and they will be using V-Voter to take actions.

Town Officials will provide information through the Zoom Webinar videoconferencing platform.

Interested members of the public will be able to view the meeting through PACTV, Channel 15 (Comcast) or Channel 47 (Verizon) or pactv.org/live. Individuals not otherwise lawfully entitled to speak will have the opportunity to speak through the Zoom Webinar videoconferencing platform with 48-hours advanced notice given to and permission granted by the Town Moderator.

Registered Town of Plymouth voters wishing to participate in the remote Fall Annual Town Meeting shall submit a request to participate in the Meeting to the Town Clerk not less than forty-eight (48) hours in advance of the Town Meeting scheduled for October 17, 2020 commencing at 8:00 AM. Upon receipt of the request and verification of the requester's voter registration status, the Town Clerk shall provide to the requester instructions for participating in the remote Town Meeting.

To act on the following articles to wit:

ARTICLE 1: To see if the Town will vote to amend the Classification and Compensation Plans and the Personnel By-Law and Collective Bargaining Agreements contained therein, or take any other action relative thereto.
SELECT BOARD

ARTICLE 2A: To see if the Town will vote to amend the vote taken under Article 7A of the 2020 Annual Town Meeting warrant, and, as necessary, to raise, appropriate, transfer or borrow funds for the purpose of supplementing departmental expenses, and/or to reduce certain departmental expenses or otherwise amend said vote, or take any other action relative thereto.
SELECT BOARD

ARTICLE 2B: To see if the Town will vote to amend the votes taken under Article 7B, 7C, 7D and 7E of the 2020 Annual Town Meeting warrant, and, as necessary, to raise, appropriate, transfer or borrow funds for the purpose of supplementing enterprise departmental expenses, and/or to reduce certain departmental expenses or otherwise amend said vote, or take any other action relative thereto.
SELECT BOARD

ARTICLE 3: To see if the Town will vote to establish a Special Purpose Stabilization Fund for Facility Maintenance, as authorized by the provisions of G.L. c.40, §5B, for capital maintenance of Town-owned buildings, which fund shall be under the care and custody of the Town Treasurer, and further, to raise and appropriate, transfer from available funds or borrow for the purpose of funding said Stabilization Fund for Facility Maintenance, or take any other action relative thereto.
SELECT BOARD

ARTICLE 4: To see if the Town will vote to raise and appropriate, transfer from available funds or borrow a sum of money for the construction and/or repair and/or purchase and/or lease and/or replacement of departmental buildings and/or equipment and/or capital facilities and/or for feasibility studies and other types of studies for the various departments of the Town, including authorizing lease/purchase agreements for terms of up to or in excess of three years, substantially as follows:

ITEM	DEPARTMENT	PROJECT DESCRIPTION
A	Fire Department	Communications Tower
B	Fire Department	Vehicle Lift System
C	Marine & Environmental	Herring Ponds Watershed Study
D	Marine & Environmental	Engineering & Design for Dam Bypass at Jenney Pond
E	Water Department	Manomet Zone Pipe Upgrades
F	Airport	Taxiway Echo Extension
G	Airport	Purchase NW-26 SRE building

or take any other action relative thereto.
SELECT BOARD

ARTICLE 5: To see if the Town will vote to authorize the Select Board to acquire by purchase, gift, eminent domain or otherwise, for water supply purposes and to accept the deed to the Town of Plymouth of a fee simple interest in land located off Plymouth St in the Town of Plymouth composed of 18 acres more or less being shown as a portion of Lot 9-U on Map 107, located off of Plymouth Street, said land to be held under the care, custody and control of the Select Board as Water Commissioners, subject to retention of a leasehold interest in said land by the current owner for a period to expire on, or before, December 31, 2023; and to raise and appropriate, transfer from available funds or borrow a sum of money to fund this acquisition; and further, to authorize the Town to enter into all agreements and execute any and all instruments as may be necessary to effect said purchase, or take any other action relative thereto.
SELECT BOARD

ARTICLE 6: To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to conduct Cyanobacteria sampling of various ponds, including all incidental and related expenses, or take any other action relative thereto.
MARINE AND ENVIRONMENTAL

ARTICLE 7: To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to install plantings within the Foothills Preserve Stream and Wetlands Restoration Project, including all incidental and related expenses, or take any other action relative thereto.
MARINE AND ENVIRONMENTAL

ARTICLE 8: To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to purchase and equip an educational trailer for the Dept. of Marine and Environmental Affairs, or take any other action relative thereto.
MARINE AND ENVIRONMENTAL

ARTICLE 9A: To see if the Town will vote to adjust funding sources for various Community Preservation Act projects and the FY21 Community Preservation Fund budget, as approved under Article 16 of the August 10, 2020 Annual Town Meeting and Article 9 of the August 10, 2020, Special Town Meeting, by taking the following actions:

Rescind the following actions of the August 10, 2020 Annual Town Meeting:

vote taken under Article 16B revising funding sources for the National Meeting House restoration project; and

vote taken under Article 16C revising funding sources for the Stephens Field restoration and rehabilitation project;

Amend the following actions:

vote taken under Article 9A of the August 10, 2020 Special Town Meeting, by revising the funding sources for the Jenney Pond Park renovation and improvement project;

vote taken under Article 9C of the August 10, 2020 Special Town Meeting, by revising the funding sources for the Historical Maps preservation, restoration, rehabilitation and framing project;

vote taken under Article 16H of the August 10, 2020 Annual Town Meeting establishing the FY 2021 Community Preservation Fund budget;

vote taken under Article 16F of the August 10, 2020 Annual Town Meeting, by revising the funding sources for the Pickle Ball Courts construction project; and

vote taken under Article 16G of the August 10, 2020 Annual Town Meeting, by revising the funding sources for the Burial Hill Phase III preservation, rehabilitation and restoration project;
or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 9B: To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, gift, eminent domain or otherwise, for open space and recreational purposes pursuant to G.L. c.44B and to accept the deed to the Town of Plymouth of a fee simple interest in land located off Tall Pines Road in the Town of Plymouth composed of 34 acres more or less being shown on Assessors Map 81 lot 3, parcel ID 081-000-003-000, said land to be held under the care, custody and control of the Conservation Commission; and further, to appropriate a sum of money to undertake such acquisition; and to meet this appropriation to transfer a sum of money from Community Preservation Act Fund Reserves or other available funds; and further to authorize the Board of Selectmen to grant a conservation restriction in said property in accordance with G.L.c.44B, Section 12 meeting the requirements of G.L. c. 184, Sections 31-33; and to authorize appropriate Town officials to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase, or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 9C: To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, gift, eminent domain or otherwise, for open space and recreational purposes pursuant to G.L. c.44B and to accept the deed to the Town of Plymouth of a fee simple interest in land located off 126, 120 and 0 Sandwich St in the Town of Plymouth composed of .45 acres more or less being shown on Assessors Map 23 lot 14, 15, 16A, 16D and 17A, said land to be held under the care, custody and control of the Conservation Commission; and further, to appropriate a sum of money to undertake such acquisition; and to meet this appropriation to transfer a sum of money from Community Preservation Act Fund Reserves or other available funds; and further to authorize the Board of Selectmen to grant a conservation restriction in said property in accordance with G.L.c.44B, Section 12 meeting the requirements of G.L. c. 184, Sections 31-33; and to authorize appropriate Town officials to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase, or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 10: To see if the Town will vote to amend the General By-laws, Chapter 9, "Advisory and Finance Committee," as provided below, with strikethrough language to be deleted:

§ 9-8. Reports. [Amended 11-16-1987 STM by Art. 11]
The report of the Committee to the Annual Town Meeting shall be in print and shall contain a list of the regular annual departmental budget recommendations, subdivided to whatever extent seems advisable to the Committee for a vote by the town, provided that salaries and personal services shall be segregated from other expenses ~~and that any contemplated outlay for departmental equipment in the amount of $600 or more, but not meeting the definition of "capital projects and improvements" as defined in Chapter 38, Capital Improvements, § 38-2, of this Code, shall be set forth in a consolidated departmental equipment article and subject to a separate vote~~. Reports of the Committee on all other Town Meetings shall be in such form as the Committee shall deem advisable. Such report of the Committee shall also contain the recommendations of the Committee on all other Town Meeting Warrant Articles. **[Last Sentence added 5-20-06 ATM by Article 36]**, or take any other action relative thereto.
SELECT BOARD

ARTICLE 11: To see if the Town will vote to transfer the care, custody, management and control of the parcels listed below as on file with the Town Clerk, along with construction vehicle access and stormwater drainage easements, from the Town Treasurer for tax title purposes to the Conservation Commission for conservation purposes pursuant to G.L. c. 40, section 8C; and further to authorize the Conservation Commission to execute any and all instruments as may be necessary to effectuate the vote taken hereunder,

Parcel ID	Location	Legal Reference	Recording Date
053-000-027A-000 053-000-027B-000	Off Ellisville Road & Landing Way	Final Judgement Book: 12904 Page: 227	May 26, 1994

or take any other action relative thereto.
CONSERVATION COMMISSION

ARTICLE 12: To see if the Town will vote to amend its Zoning Bylaw, Section 206-2. Floodplain Overlay District (FPOD) by adopting revised Flood Insurance Rate Maps (FIRM) for the Town of Plymouth, and a revised Plymouth County Flood Insurance Study (FIS) report as well as associated tables, definitions, procedures and provisions for said District, all as on file with the Town Clerk, or take any other action relative thereto.
PLANNING AND COMMUNITY DEVELOPMENT

ARTICLE 13: To see if the Town will vote to amend its Zoning Bylaw, Section 206-1 – "Aquifer Protection District" to revise the Town's Official Zoning Map to revise the boundaries of the Aquifer Protection District, all as on file with the Town Clerk, or to take any action relative thereto.
PLANNING AND COMMUNITY DEVELOPMENT

And you are hereby required to serve this warrant in the manner prescribed by vote of the Town by posting notice thereof fourteen (14) days at least before such meeting in the Town Hall, in the Town's Libraries and posted on the Town's website, and make return thereof with your doings thereon at the time and places above mentioned.

Given under our hands this ______th day of September 2020.

Approved as to Legal Form BOARD OF SELECTMEN

Plymouth, ss.
Pursuant to the foregoing Warrant, I have this day notified and warned the Inhabitants of Plymouth qualified to vote in elections and Town affairs to meet virtually by remote participation on Saturday, the Seventeenth day of October, 2020, at 8:00 a.m. to conduct the Annual Business Meeting of the Town of Plymouth, by posting copies of this Warrant in the Town Office Building seven days at least before such meeting.

--- ---------------------

Signature Date & Time
Town Clerk Posted

FALL TOWN MEETING
OCTOBER 17, 2020

Reading of the Mayflower Compact by Moderator, F. Steven Triffletti. The Pledge of Allegiance led by the Plymouth Guard with Moderator, F. Steven Triffletti. The National Anthem was performed by Sonia Abdel-Fattah a Junior at Plymouth South High School. State Representative, Matt Muratore presented a proclamation from the Governor of the Commonwealth of Massachusetts, Charles D. Baker on our 400th commemoration and the signing of the Mayflower Compact. Governor Baker spoke about the 400th celebration and the hope for a grand celebration in the future. The invocation was offered by Father John Culloty.

The Moderator, F. Steven Triffletti, opened the meeting virtually and upon notification by Town Clerk, Pearl M. Sears, of a quorum, the Moderator called the meeting to order at 8:11 A.M.

Moment of silence to remember Town Meeting Member, Brenda Bradley.

The Moderator recognized Nicole Manfredi, Assistant Town Moderator. Nicole Manfredi provided her opening remarks. Kenneth Tavares, Select Board Chairman, provided opening remarks.

Moderator, F. Steven Trifletti announced the appointment of Plymouth resident and PAC TV Director of Outreach and Communications, Elizabeth Shanahan-Jewett as Second Assistant Town Moderator. Town Clerk, Pearl M. Sears swore Elizabeth Shanahan-Jewett in for her position as Second Assistant Town Moderator. Town Clerk, Pearl M. Sears provided an election update. Kimberly Hunt, Chair of the School Committee provided the morning message. Kimberly Hunt introduced Dr. Christopher Campbell, Superintendent, Plymouth Public Schools. Dr. Campbell expressed his gratitude for the support received during the pandemic and spoke about budget considerations.

The Moderator noted that the return of the warrant of the Fall Annual Town Meeting shows that it has been properly served. With no objection, Town Meeting waived the reading of the Constable's Return of Service and the reading of the warrant.

Mr. Canty moved that all business in all sessions of this Fall Annual Town Meeting be commenced and conducted remotely by means of the Zoom Webinar and OTI virtual voting platforms.
On a roll call the motion PASSED with 104 in favor, 6 opposed, and 0 abstaining.

Mr. Canty moves that the following articles of the Fall Town Meeting Warrant be considered under Consent Agenda 1 and that such articles be approved and acted upon as written in the warrant and as set forth in the Report & Recommendations of the Advisory & Finance Committee:

Precinct 14	Indian Brook School
Precinct 15	Stonebridge Club

on **TUESDAY, THE THIRD DAY OF NOVEMBER, 2020**, from 7:00 A.M. TO 8:00 P.M. for the following purpose:

To cast their votes in the State Election for the candidates for the following offices:

ELECTORS OF PRESIDENT AND VICE PRESIDENT	FOR THESE UNITED STATES
SENATOR IN CONGRESS	FOR THIS COMMONWEALTH
REPRESENTATIVE IN CONGRESS	NINTH DISTRICT
COUNCILLOR	FIRST DISTRICT
SENATOR IN GENERAL COURT	PLYMOUTH AND BARNSTABLE DISTRICT
REPRESENTATIVE IN GENERAL COURT	FIRST AND TWELFTH PLYMOUTH DISTRICTS AND FIFTH BARNSTABLE DISTRICT
REGISTER OF PROBATE	PLYMOUTH COUNTY
COUNTY COMMISSIONER	PLYMOUTH COUNTY
COUNTY TREASURER	PLYMOUTH COUNTY

QUESTION 1: LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 5, 2020?

SUMMARY

This proposed law would require that motor vehicle owners and independent repair facilities be provided with expanded access to mechanical data related to vehicle maintenance and repair.

Starting with model year 2022, the proposed law would require manufacturers of motor vehicles sold in Massachusetts to equip any such vehicles that use telematics systems -- systems that collect and wirelessly transmit mechanical data to a remote server -- with a standardized open access data platform. Owners of motor vehicles with telematics systems would get access to mechanical data through a mobile device application. With vehicle owner authorization, independent repair facilities (those not affiliated with a manufacturer) and independent dealerships would be able to retrieve mechanical data from, and send commands to, the vehicle for repair, maintenance, and diagnostic testing.

Under the proposed law, manufacturers would not be allowed to require authorization before owners or repair facilities could access mechanical data stored in a motor vehicle's on-board diagnostic system, except through an authorization process standardized across all makes and models and administered by an entity unaffiliated with the manufacturer.

The proposed law would require the Attorney General to prepare a notice for prospective motor vehicle owners and lessees explaining telematics systems and the proposed law's requirements concerning access to the vehicle's mechanical data. Under the proposed law, dealers would have to provide prospective owners with, and prospective owners would have to acknowledge receipt of, the notice before buying or leasing a vehicle. Failure to comply with these notice requirements would subject motor vehicle dealers to sanctions by the applicable licensing authority.

Motor vehicle owners and independent repair facilities could enforce this law through state consumer protection laws and recover civil penalties of the greater of treble damages or $10,000 per violation.

A YES VOTE would provide motor vehicle owners and independent repair facilities with expanded access to wirelessly transmitted mechanical data related to their vehicles' maintenance and repair.

A NO VOTE would make no change in the law governing access to vehicles' wirelessly transmitted mechanical data.

QUESTION 2: LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 5, 2020?

SUMMARY

This proposed law would implement a voting system known as "ranked-choice voting," in which voters rank one or more candidates by order of preference. Ranked-choice voting would be used in primary and general elections for all Massachusetts statewide offices, state legislative offices, federal congressional offices, and certain other offices beginning in 2022. Ranked-choice voting would not be used in elections for president, county commissioner, or regional district school committee member.

Under the proposed law, votes would be counted in a series of rounds. In the first round, if one candidate received more than 50 percent of the first-place votes, that candidate would be declared the winner and no other rounds would be necessary. If no candidate received more than 50 percent of the first-place votes, then the candidate or candidates who received the fewest first-place votes would be eliminated and, in the next round, each vote for an eliminated candidate would instead be counted toward the next highest-ranked candidate on that voter's ballot. Depending on the number of candidates, additional rounds of counting could occur, with the last-place candidate or candidates in each round being eliminated and the votes for an eliminated candidate going to the voter's next choice out of the remaining candidates. A tie for last place in any round would be broken by comparing the tied candidates' support in earlier rounds. Ultimately, the candidate who was, out of the remaining candidates, the preference of a majority of voters would be declared the winner.

Ranked-choice voting would be used only in races where a single candidate is to be declared the winner and not in races where more than one person is to be elected.

Under the proposed law, if no candidate received more than 50 percent of first-place votes in the first round, the rounds of ballot-counting necessary for ranked-choice voting would be conducted at a central tabulation facility. At the facility, voters' rankings would be entered into a computer, which would then be used to calculate the results of each round of the counting process. The proposed law provides that candidates in a statewide or district election would have at least three days to request a recount.

The Secretary of State would be required to issue regulations to implement the proposed law and conduct a voter education campaign about the ranked-choice voting process. The proposed law would take effect on January 1, 2022.

A YES VOTE would create a system of ranked-choice voting in which voters would have the option to rank candidates in order of preference and votes would be counted in rounds, eliminating candidates with the lowest votes until one candidate has received a majority.

A NO VOTE would make no change in the laws governing voting and how votes are counted.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said voting.

Given under our hands this 13th day of October, 2020.

TOWN MANAGER
&
SELECTBOARD

Say Goodbye to 2020 - Year in Review for the Town Manager and Select Board

For many, and certainly the Select Board and Town Manager, the year 2020 presented immense change, interrupted lives, fear amongst employees and residents, and disruptions in public service provision to the public. The Town's year in review is remarkably untraditional from past years.

It cannot be overstated that these past 12 months were incredibly challenging for the executive branch of the government and the Town as a whole. Those challenges took many forms and included the consequences of decades of deferred maintenance on many of the older town owned buildings; the immediate physical, emotional, and logistical impacts of the pandemic on everyone balanced with the need to still provide governmental services; and the tribulations that come with changes in technology as the Town adjusted overnight to virtual meetings and on-line public services with limited physical access to the public.

January of 2020 began with a combination of positive and negative exposure for the Town. In looking back, it is hard to remember at that time how motivated and focused everyone was surrounding the plans and events to celebrate our quadricentennial anniversary. The first of the signature events for the 400th Commemoration was a couple of months away and residents and visitors were excited. As a matter of fact, the 2019 year in review referenced this special time in our history and ended with "2020 is going to be a wonderful year for Plymouth".

At the same time, the year also began with continued strife about the conditions of many of the Town's Fire Stations. These issues ranged from significant problems with major construction projects to identification of asbestos containing material in occupied buildings. This disrupted service delivery, interrupted operations, caused temporary and permanent building closures and firefighter displacement, required immediate and costly responses, and attracted negative media attention, all of which furthered public displeasure and unrest. This led to serious financial and political debate about the condition and location of Fire Headquarters and the potential for a 15 million or 30 million dollar override question being posed to Town Meeting and the voters.

While this was ongoing, the Select Board was also actively and regularly discussing other important, but delicate, issues including the 768 million-dollar financial liability of the net OPEB (Other Post Employment Benefits) and the large portion of the budget (approximately 37 million dollars) being spent on health insurance costs. The Board was reviewing the history of these costs, the projected increases, and the policy direction they wanted Town Management to pursue – always sensitive subjects for employees and retirees and taxpayers alike.

It is astonishing when you review the Executive meetings to remember that the early part of 2020 also included a significant amount of time being spent on the distribution and effects of false information about town issues permeating a variety of mediums. This resulted in regular conversations at the executive level of new ways to do public outreach to combat this negativity and clarify the facts, as well as find methods to distribute the factual information in an orderly and professional manner.

In keeping with the negative and positive Town exposure, in February we awoke to find the needless and senseless vandalization of the September 11, 2001 Memorial, followed shortly afterwards by vandalism to Plymouth Rock, the Pilgrim Maiden Statue, a granite bench, four Scallop Roll Statues, and the National Monument to the Forefathers a mile away from the waterfront. We were saddened and sickened. However, the outpouring of support from residents who generously volunteered to help with the clean up efforts was humbling, encouraging, and heartwarming.

The spring brought about the onslaught of the COVID-19 virus and resulted in major governmental changes to administrative procedures, disruptions to service delivery and operations throughout the Town and Schools, serious ramifications to our businesses in Town, cancellation of the 400th celebration events, upsets to the Town's existing budget and future finances, and fear and sadness amongst our residents and employees. The public and internal anxiety that had pervaded the early part of the year due to the many town challenges, was compounded by the threat and reality of COVID-19. In unprecedented action, the Select Board voted to expand restaurants' footprint to provide for outside dining, supported a major change in the downtown area with the establishment of a temporary one-way traffic direction on Court Street/Main Street allowing for sidewalk dining, and later in the year voted to reduce restaurant fees. The Board recognized this industry was one of the most hard-hit by the epidemic.

The Select Board also responded to the financial strain that COVID-19 had on our residents and taxpayers by adopting a local option to temporarily waive penalties and interest on tax bills and water/sewer bills by providing residents with a longer time period to pay those commitments.

Meanwhile, starting in the spring and continuing throughout the year, the administration of the Town responded to a variety of COVID related impacts and Commonwealth orders and guidelines, including but not limited to:

- Repositioning employees, including releasing the majority of office staff from work duties for approximately 5 weeks;
- Establishing Personal Protective Equipment requirements and purchasing necessary items;
- Outfitting public buildings with preventative measures and extra workplace precautions to bring staff back to town offices;
- Closing public buildings and suspending some public services, resulting in reduced staff levels and furloughs and lay offs;
- Initial freezing of the FY2020 budget;
- Planning and establishing a process for remote meetings;
- Consolidating articles for Town Meeting;
- Reducing, in half, the number of capital items for the following year;
- Operating under a 1/12th budget as we waited for Town Meeting to vote an FY21 budget;
- Monitoring public places for compliance with Governor Orders for social distancing/masking;

- Closing some public locations, such as the Splash Pad and other recreational areas and limiting capacity at other popular locations;
- Supporting the newly appointed Town Clerk Pearl Sears as she and her staff prepared for multiple elections, including processing an unprecedented number of early voting and absentee ballots, under the COVID-19 gathering and workplace staffing restrictions;
- Working with the Baker-Polito Administration's COVID-19 Enforcement & Intervention Team (CEIT)as the Town's number of COVID-19 cases rose;
- Partnering with the Board of Health and Public Health Department on protocols and initiatives;
- Establishing processes for monitoring costs associated with the pandemic for reimbursement through the CARES act program;

While the actions, reactions, planning, and efforts related to COVID-19 were and are constant, all consuming, and first priority, the Town also had to manage regular business with procedures that had also changed drastically, including discussing the state of the current budget, the FY21 budget that was upon us, and plan for building the FY22 budget. In addition, we were besieged by problems in the White Horse Beach area in regards to visitors packing the beach, requests for new signage, requests for enforcement and parking fines, and requests for more patrol and other services, all while the Select Board members were continuing their ongoing discussions about expanding the Beach Sticker program to that area of Town. Throughout the summer, the Board also continued to regularly debate health insurance changes, Fire Department facilities, water demand capacity, official government communication procedures, and adapting to a virtual Town Meeting, amongst other issues.

In the Fall of 2020, the Select Board voted another unprecedented action. With the goal of avoiding an operational override, they adopted a multi-year budget policy for FY22, 23 and 24 with direction to reduce the projected/forecasted budget each year by 1% in across-the-board cuts - Town and Schools.

Due to the year we all had, this annual report is much longer than traditionally submitted. However, I could not end it without pointing out some positivity in the form of the many accomplishments achieved amongst all the anxiety and trials of the year. Many of these helped to improve, and also, beautify our surroundings. These included the successful openings of the stately new Maritime Facility on the waterfront, the completion of the fantastic new Fire Station in North Plymouth, updates to our playground equipment to include handicap accessibility, the final touches to Holmes Park that included the brand-new skate park which was a wild success starting in Spring 2020, and the temporary memorial on the Town Hall green, erected in honor of our residents who were lost due to COVID-19. It is also important to note that after years of hard work, the new Forges Field Well Station was authorized to start-up and came online for water production. Seawall repair and replacement work was completed at Long Beach. The newly restored Mayflower II made her Homecoming Voyage in the summer and rejoined us at her spot on the newly dredged area at State Pier. We also welcomed some new employees who bravely joined our team during this time:

Facility Manager Nick Hill, Facility Manager

Operations Manager Douglas Borsari

Water Quality Services Manager Manuel Pacheco

Asst. Harbor Master Cameron Wentworth

Asst. Library Director Kelsey Casey

Public Health Technician Rachael Milroy

Public Health Inspector Kieran Kelleher

Administrative Clerk in Water- Jacquelyn Tobin

Administrative Clerk in Treasurer/Collector’s Office - Isabella Provo, Kenneth Antonson and Michael Nye, Fire Apparatus Mechanics, Fire Dept.

Recreation Assistant Alfred Gauthier

Building Custodian Brian Godfrey

Dispatcher Bruce Savage

Maintenance Worker James Wilson-Medeiros

Highway Heavy Motor Equipment Operator Adam Lanoue

Local Inspector in Community Development – Thomas Moore

Adult Basic Education Instructors Wendy Dameron and Jane Kent

Patrolmen Alyssa Bennett, Donald Berger, Kaitlyn Burchill, Cory Caraher, Craig Cristani, Jeffrey Cristani, Cameron Fleming, Micaela Fraccalossi, Patrick Hicks, Joshua Kierstead, Scott MacDonald, Dillon Mansfield, Eric Mitchell, Dylan Oxsen, Andrew Palmer, Jessica Rash, and Zachary Sweeney

Firefighters Michael Ehnes, Janet McCarthy, Daniel McGrath, Colin McHugh,

And my very special thanks to Eileen Walsh, Barbara Walulik, Lauren Poremski, and Marilyn Fistori for coming back to help us with Town Reception work for COVID-19 contact tracing purposes.

Finally, 2020 brought about changes to the Executive Branch. The obstacles created by COVID preventative measures resulted in the postponement of the May election until June and then the results returned Selectman Betty Cavacco to the Board of Selectmen and welcomed Selectmen Richard (Dick) Quintal, who had served for many years previously. Upon re-organization, Mr. Kenneth Tavares remained as Chairman and Mr. Quintal was voted in as Vice Chairman. The remaining Board members were Selectman Patrick Flaherty and Selectman Shelagh Joyce.

As we look to 2021, Town Management intends to put this unforgettably difficult year behind us and stay positive in our approach, concentrate on those services and issues that must be completed, while making the health and well-being of our residents a priority.

TOWN CLERK

The mission of the Plymouth Town Clerk's Department is to maintain and produce the records of the Town of Plymouth and to provide copies of them for internal and external use. Also, it serves the public by directing them to appropriate offices within town government through the switchboard and mail services. It works closely with the Board of Voting Registrars to maintain lists of town residents and to conduct elections.

The Clerk's office seeks to combine honesty, efficiency, and a pleasant demeanor in conducting its work to serve constituencies in the present and former citizens of Plymouth, the other offices of town government, offices in county, state and national government, and researchers around the world.

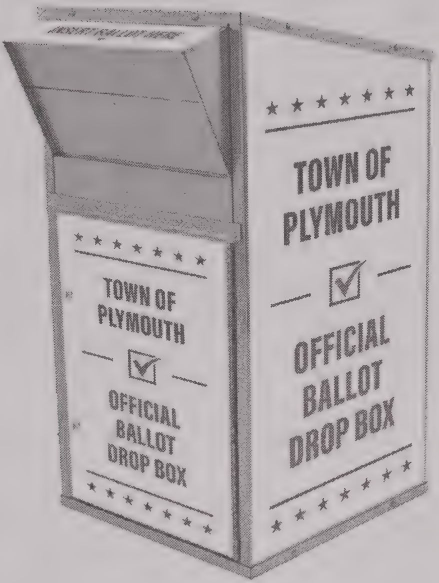
The Town Clerk's Office entered 2020 with the expectation of a very busy year. There were five elections dates on the calendar, including a double primary and a Presidential election. The challenges of 2020 soon became more daunting as the Covid-19 pandemic caused Town Hall to close, election worker shortages, new temporary election laws, and the continual need to adjust to the "new normal."

Town Clerk, Laurence R. Pizer, announced his retirement after 28 years as a dedicated public servant. Mr. Pizer ran 73 elections in his career and the Special State Election was such a bad experience that he announced his retirement the next day. The election had been postponed from March 31st to May 19th and the Commonwealth determined not to postpone further. Election workers were difficult to find as most regular workers were afraid to work because they were in a high-risk group for Covid-19 and many staff members from other Clerk's Offices stepped in to work the Plymouth polling locations. The personal protective equipment (PPE) required to protect workers and voters added to the difficulty as the regulations continually changed. Mail in ballots were challenging as processing them took a considerable amount of time and the Clerk's Office had reduced staffing for social distancing. Due to pandemic regulations, mail deliveries were delayed, resulting in many ballots arriving in the days after the election that could not be counted.

Mr. Pizer was the first appointed Clerk in Plymouth with prior Clerks being elected. He achieved designation as Master Municipal Clerk (MMC), which very few Clerks attain. He was an amazing Town Clerk and leaves behind a very knowledgeable staff due to his great knowledge and hard work. He is greatly missed by the staff of the Clerk's Office who affectionately referred to him as "Our Fearless Leader."

Assistant Town Clerk, Pearl M. Sears, was appointed Acting Town Clerk in June and Town Clerk in August making her the first female to serve in the position in Plymouth's 400-year history.

Dakotah Stockel took over hiring election workers during the pandemic and made sure that all Precincts were fully staffed. Lisa O'Brien worked tirelessly preparing ballots for mailing while keeping up with vital record requests. Renée Reardon almost single-handedly processed all absentee ballot requests. Anna Messner rarely left the office pre-election; she trained and supervised all SEIU members from other offices and assisted with all aspects of the Clerk's Office.



New temporary election laws allowed all voters to request mail out ballots and the staff of the Clerk's Office quickly adapted to new processes to fulfill the unprecedented number of ballot requests. Town Manager, Melissa Arrighi assisted the Clerk's Office with the selection and purchase of a secure, high-capacity ballot box. The ballot box was installed in August at the main entrance to Town Hall and was used by thousands of Plymouth voters. This provided a safe method of returning ballots while Town Hall was closed and voters had concerns about mailing their ballots. Each election saw higher numbers of ballot requests and record numbers of voters. The staff of the Clerk's Office, along with volunteers from the SEIU 888 union, were able to mail out over 18,000 November General Election ballots over an 11-day period.

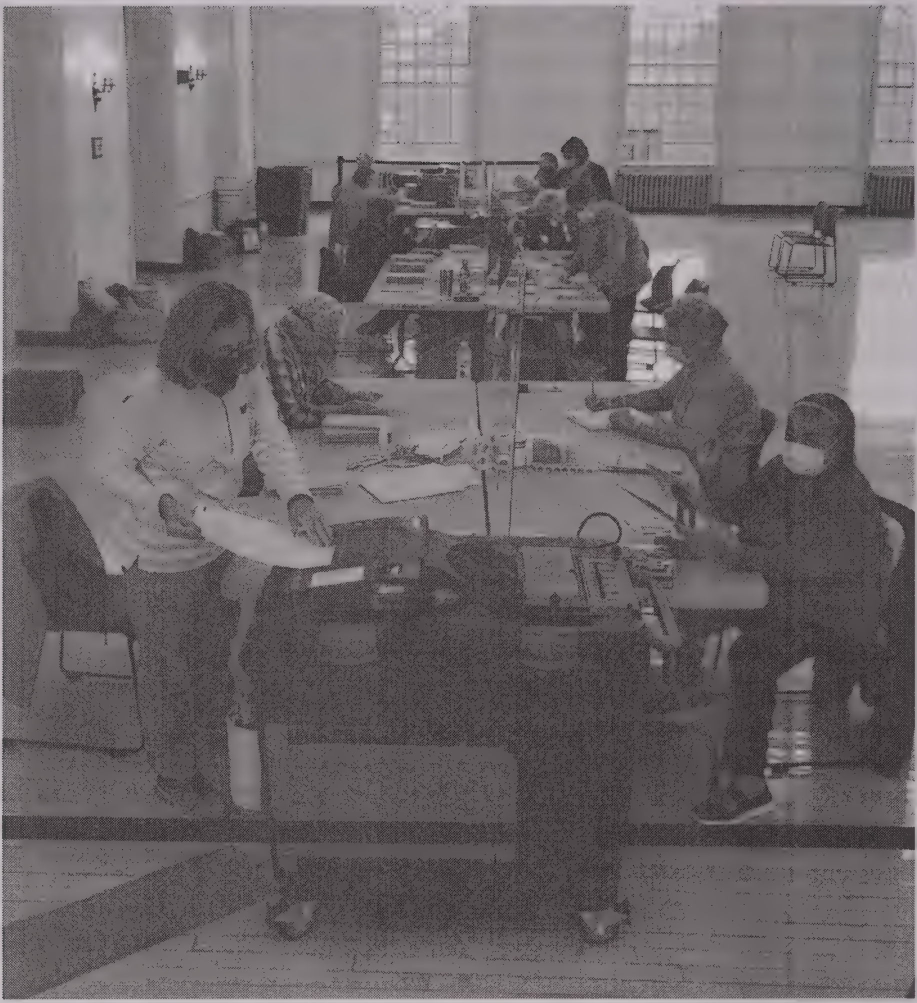


Photo courtesy of Dave Kindy

In September, Town Clerk, Pearl Sears applied for an election grant through the Center for Tech and Civic Life and was awarded $22,592.50. This funding was used to purchase UV light wands and air scrubbers for the November General Election to ensure safety at polling locations.

In October, the Town Clerk's Office ran Plymouth's first advanced processing center. The center was located at Memorial Hall and ran for 6 days, 8 hours per day. The public was invited to observe, and observers were continually present during the process. Thousands of voters were recorded as having voted, their ballots envelopes were opened, ballots removed from the envelopes and placed in a stack. The ballots were then put through tabulators, but no results were produced until after the polls closed on election day.

In addition to the changes to elections, Town Meeting was impacted by the pandemic as well. Town Meeting, like most meetings during the pandemic, became virtual and the result was higher attendance than the traditional in person Town Meeting.

The Clerk is the officer of record for the Town and is served whenever there is a lawsuit against the Town. The Clerk keeps the records of Town Meeting, both taking minutes and certifying them when someone in or out of town government needs official proof of Town actions. The Clerk's Office submits bylaws passed by Town Meeting to the Attorney General for her approval. This includes proving that the Town followed all laws and regulations in the process of Town Meeting. The Clerk gathers the campaign finance reports of elected officials. The Clerk's Office keeps Conflict of Interest statements from town officials. The Clerk and Assistant Clerk swear in certain state appointees, saving them from a trip to downtown Boston.

During the year, the Town Clerk's Office processed the following:

1146	Birth Certificates
120	Marriage Certificates
1035	Death Certificates
8922	Certified Copies of Vital Records

PLYMOUTH AIRPORT COMMISSION

The Mission of the Plymouth Airport Commission is to develop, operate and maintain the Plymouth Municipal Airport in a safe, efficient, and fiscally responsible manner that promotes general aviation, stimulates the economy, and supports the local community.

The Plymouth Airport Commission's primary goal is to operate the Plymouth Airport in the safest manner possible, adhering to all appropriate federal, state and local regulations.

The Plymouth Airport is an essential cog in the National Air Transportation System and is one of 36 public-use airports in Massachusetts that collectively generate substantial economic activity for the Commonwealth resulting in over 128,000 jobs. The Plymouth Airport has been an integral part of the Town of Plymouth since 1934 and continues to be an important gateway for commerce allowing visitors easy access to all that Plymouth and that the surrounding communities have to offer.

The Plymouth Airport is home to more than one hundred and sixty aircraft. Most of these aircraft are smaller, single and twin-engine aircraft; however, there are also a number of corporate/business jets and helicopters. The seating capacity of the aircraft based at the Plymouth Airport ranges from 1 to about 12 passengers. Annual activity level is estimated to be approximately sixty-thousand aircraft movements and has been very steady for the last several years.

The Plymouth Airport is proud to be the location of over thirty businesses that combined employs more than two hundred and forty people. These businesses operate primarily from the 60 plus privately constructed buildings located on airport property which adds considerably to the Plymouth tax base. The types of businesses range from flight schools, aircraft charter, aircraft management and maintenance facilities to law enforcement and medical air ambulance. Indeed, many of the aircraft utilizing the Plymouth Airport contribute to the health, safety and security of our local communities. For example, Boston Med Flight operates an average of five to seven flights per day responding to the emergency medical needs of the residents of Plymouth and Carver as well as other communities in

Southeastern Massachusetts. Plymouth Airport is also very fortunate to be a headquarters for the Massachusetts State Police Air Wing who work closely with other local, state and federal law enforcement agencies to aid in search and rescue operations as well as flying anti-terrorism and security missions with their small fleet of helicopters and fixed winged aircraft. Cape Cod Community College's Aviation Maintenance and Technology program is completely up and running at the Airport. They have now graduated 5 classes from the 18-month program and most of the students are now employed at aircraft maintenance shops and airlines across the country. Cape Cod Community College has been a great addition to the community and is bringing great, useful and professional training to the area. The Plymouth County Fire Plane has also operated from the Plymouth Airport for the past 60 years and provides critical assistance to local fire departments in locating forest fires within the county, resulting in shorter response times for fire personnel arriving at the scene, thereby reducing the potential danger to life and property. The Pilgrim Squadron of the Civil Air Patrol (CAP), an auxiliary of the Unites States Air Force, is based at the Plymouth Airport and they aid in search and rescue missions and their cadets are extremely active in volunteering at numerous community events throughout the Town.

The Airport Commission has completed the reconstruction of Taxiway Sierra, which had to be relocated due to new runway clearance regulation set forth by the Federal Aviation Administration (FAA). The cost of the project was 3.9 million dollars and was funded 100% by the FAA. Part of the project was also to improve the area around the new Administration building mostly in the proximity to the aircraft ramp. There will be a new grass area that includes a play area for children where the Plymouth Aero Club plans to paint runways on the ground, so that visitors can have an idea of what the runways look like at the airport but on a much smaller scale. Our new 4-foot fence makes viewing airplanes at the airport a lot easier. The Commission believes that this new area will be a great area for the community to come visit and also learn a little more about the airport.

The Airport Commission also works to operate the airport in an environmentally sensitive and responsible manner with the protection and preservation of the local environment being an essential concern.

The Airport's Master Plan, which looks at current airport infrastructure, facilities and services as well as future activity projections will likely be updated in the near future. A comprehensive environmental study will be conducted as one of the many steps toward implementing the infrastructure improvements agreed upon between the Airport Commission, airport users and neighbors that will enhance the safety at the airport as well as address noise concerns. A proactive noise abatement program is in effect at the Plymouth Airport which focuses upon educating both based and transient pilots on the locations of noise sensitive areas as well as offering suggestions for minimizing aircraft noise. The Airport Commission will continue to encourage public participation by informing and consulting with residents and businesses throughout the region regarding the master planning process, airport improvements and community events.

The Plymouth Airport is maintained and operated by a small, but highly motivated, professional staff and along with the Airport Commission they work diligently to operate the Plymouth Municipal Airport in a safe and efficient manner so that it may continue to be a valuable asset for the Town of Plymouth. The Airport Commission offers an open invitation to Plymouth and Carver residents to visit and tour their local airport. Contact the Airport Manager at 508-746-2020 to schedule a tour or with any concerns, suggestions or questions. For more information regarding the Airport, please visit us at pymairport.com.

PROCUREMENT DIVISION

The mission of the Procurement Division is to procure goods and services on behalf of the Town in an efficient, ethical, and impartial manner while ensuring compliance with the Massachusetts General Laws related to procurement.

2020 was a tumultuous year for the Procurement Office, as it was for all the other Departments throughout town. The staff responded quickly and creatively to keep the purchasing going throughout the Covid-19 shutdown by redirecting the mail to the Fire Station, opening public bids at the Police Station, and meeting the delivery carriers at the door of a locked Town Hall. Overnight the staff became experts at purchasing PPE, hand sanitizer, disinfectants, and laptops in astounding quantities, all while attempting to keep the daily operations going by approving requisitions and issuing purchasing orders from home.

The Procurement Office continued to support the work of the Building Committee and assisted in bringing the North Plymouth Fire Station and Maritime Building construction projects to a close. The Capital Improvements Committee continued to meet and review capital requests in advance of the virtual Town Meetings, and the Procurement Office provided bidding and contracting services to all the Town Departments as quickly and efficiently as possible.

The most remarkable achievement of 2020 was all the work was conducted while the entire staff turned over and all three positions saw new appointments. Pamela Hagler, the Town's very first Procurement Officer, retired after 36-years of service to the people of Plymouth. Her dedication, loyalty and hard work are deeply appreciated and legendary. Sandra Strassel has been appointed to fill the vacancy left by Ms. Hagler's retirement and is now the Procurement Officer. Michelle Turner has been appointed to the position of Procurement Assistant, and the team is rounded out with Lauren Poremski as the Administrative Assistant. The entire Office is excited for 2021 and looking towards the future.

FINANCE DEPARTMENT

The mission of the Finance department is to process the payroll and accounts payable for the Town's employees and vendors, account for all financial and budget transactions of the town and report on them to the Departments, Boards, Committees, Public, Department of Revenue and the Auditors.

Included in my report this year are the following reports:

1. Combined Balance Sheet and Account Groups– All Funds
2. Combined Statement of Revenues, Expenses and Reconciliation of Fund Equities – All Funds
3. Combined Statement of Assets, Liabilities and Fund Equities – Enterprise Funds
4. Combined Statement of Revenues, Expenses and Reconciliation of Fund Equities – Enterprise Funds
5. General Fund – Budget versus Actual Revenue – State & Local Receipts
6. Changes in Long Term Debt – All Funds
7. Changes in Short Term Debt – All Funds
8. Changes in Authorized & Unissued Debt – All Funds
9. Ten Year History of Financial Information
10. Meals Tax Fund Update
11. Budget Report for all Budgeted Funds (General - Town, CPA, Enterprise & General - School)

** END OF REPORT - Generated by LYNNE BARRETT **

The mission of the Assessing Division is to value all property fairly and equitably; to educate our customers about the rules and regulations which we must abide by; to work as a team; to treat all customers the same, with professionalism and respect.

The Board of Assessors consists of five appointed members Michael Hourahan-Chairman, James Sullivan- Vice Chairman, Richard Finnegan, George Moody, and Donna Randles.

There were several staffing changes during the year. Michele Sampson was promoted to Administrative Assistant for the Conservation Department. Lauren Poremski joined us for a short time, as Administrative Secretary. Ms. Poremski was soon promoted to Administrative Assistant for the Procurement Department. We wish them best of luck.

It is the responsibility of the office to maintain real and personal property values each year. The Assessing Department successfully completed the Fiscal 2021 Interim year adjustments to reflect the values in the local real estate market for the calendar year 2019.

The office staff has worked diligently to meet all deadlines and to assist and serve the residents of the Town of Plymouth. The office continues to update the Assessors' page of the town web site to serve the public better.

FY2021 values are used in the following data. The tax rate for FY2021 is $16.16 per thousand dollars in value.

FISCAL 2021 ANNUAL DATA

CLASSIFICATION	ASSESSED VALUE	% OF TOTAL
Residential	9,738.935,499	83 %
Open Space	0	0 %
Commercial	1,016,083,399	9 %
Industrial	624,509,123	5 %
Personal Property	402,386,763	3 %

TREASURER/COLLECTOR DIVISION

It is the mission of this office to serve the public in a professional manner while maintaining positive cash flow to the Town. The Division of Treasury and Collections is responsible for collecting real estate, personal property and excise taxes as well as fees for water and sewer use, issuing municipal lien certificates and collection of PILOT's (Payment in lieu of taxes) payments due the Town as well as the sale of beach stickers, solid waste options, mooring and dockage fees and permits for the state boat ramp. The Division of Treasury and Collections deposits and reports cash receipts. Funds are released when properly authorized. The Division of Treasury and Collections receives and provides for the custody of the Town's cash with strict consideration to safety, liquidity, and earnings. The Treasurer borrows funds for authorized projects only as needed and at the least possible cost to the Town. The Division of Treasury and Collections maintains and pursues the collection of delinquent taxes in a manner that is sensitive to the needs of the individual and the community.

The Treasury and Collections Division is comprised of ten full-time positions. One part-time position was eliminated due to the COVID-19 Pandemic. The positions are the Treasurer/Collector, Assistant Treasurer, Assistant Collector, Cash Manager, five Collector Clerks, and one Treasury Clerk. Also, in response to COVID-19, we no longer have temporary Seasonal Staff members to assist, during peak months, with the sale of beach stickers and solid waste options in place of temporary staff the town has opted for online contactless transactions.

Treasury and Collections Division recorded a total of $360,042,268.89 in receipts and $342,947,160.41 disbursements during fiscal year 2020. The needs of the Town were maintained without the use of any borrowing in anticipation of revenue. All funds were continually invested in various short-term instruments except for the Town's Trust Funds which, by statute, can be invested in longer-term instruments.

The largest committed revenue source of the Town is the real estate and personal property tax. The committed amount for fiscal 2020 was $182,600,558.92. As of June 30, 2020, 98.13% of the amount committed had been collected. The office continues with an aggressive collection policy as allowed by law. Liens and court action are used when necessary for real estate and personal property taxes. Delinquent tax liens at the beginning of the fiscal year were 79 units valued at $498,473.03. Additional taxes in the amount of $169,642.22 were added to the existing liens and new liens representing (125 properties) the amount of $285,462.51. By the end of the fiscal year, collections on these liens left a remaining balance of $634,134.63 representing 106 liens. For the collection of excise tax, the Registry of Motor Vehicles is notified, and individuals are flagged for non-renewal of licenses and registrations due to delinquency.

FIRE DEPARTMENT

The Mission Statement of the Plymouth Fire Department is to protect the lives and property within America's Hometown by reducing the effecst of fire, medical emergencies, hazardous materials incidents, special rescue emergencies and disasters both mane made an natural. Our department will provide a proactive, highly trained professional emeregcny service for the Town of Plymouth to conduct Fire Prevention, Code Enforcement, Fire Investigation, Fire Suppression, Emergency Medical Treatment , Mitigation of Hazardous Materials Incidents, Specialized Rescure Response and Public Fire Safety Education.

We will strive to do this with the highest possible levels of economic efficiency for our public and safety for ourselves.

2020 was a year dominated by Covid-19 patient care and transport for the department with fire emergency incidents totaling 4007, total incidents of 8923 and total apparatus responses of 9,943.

Significant Incidents and Major Events during 2020

The COVID-19 pandemic altered life for everyone. Fire and Rescue services did not waiver and met each challenge head on. Through partnerships with local businesses, private residents, and the Plymuth Emergency Operations Center, we were able to secure the much needed personal protective equipment (PPE) to protect our firefighters while they responded to well over 400 COVID-19 related calls for help. Through extraordinary effort with the support of the Select Board, Town Management, the Finance Department, the Emergency Management Division and the Massachusetts Emergency Management Agency, the Fire Department's Administration was able to secure sufficient PPE supply chains to maintain an efficient operational level. The Department developed protocols for handling patients, working with the public, and encouraging safety starndards for our firefighters to maintain department manpower levels. The Fire Department maintained the capability to provide a continuous expected level of service throughout the pandemic.

Personnel

Salute to Retirees

Firefighter Steven Rice
Appointed as a Firefighter May 17, 1987
Retired July 4, 2020 with over 33 years of Service

Firefighter Eugene Lane
Appointed as a Firefighter July 12, 1987
Retired may 7, 2020 with over 32 years of Service

They performed their duties with pride and distinction during years of dedicated service to the citizens of Plymouth.

Personnel Received Promotions in 2020

Captain Jerome Hart
Promoted to the rank of Battalion Chief 12-4-2020

Captain Scott Manuel
Promoted to the rank of Battalion Chief 12-15-2020

Lieutenant Douglas Pigeon
Promoted to the rank of Fire Captain 04-04-2020

Lieutenant Michael Connor
Promoted to the rank of Fire Captain 04-06-2020

Lieutenant Brian Cusack
Promoted to the rank of Fire Captain 04-09-2020

Lieutenant Joshua Prada
Promoted to the rank of Fire Lieutenant 04-08-2020

Firefighter Joshua Soell
Promoted to the rank of Fire Lieutenant 12-17-2020

Resignations and Terminations

Firefighter Chadwick Correa	06-16-2020
Firefighter Michael Ehnes	04-30-2020

New Buildings & Equipment

The Fire Department vacated the North Plymouth Fire Station on Spooner Street due to multiple building issues in 2019. With plans already set in motion for a replacement station, the department moved in to its newest station at 15 Hedge Road on July 13, 2020. This was built with the latest efficiencies and firefighter safety standards, built for the future, helping to reduce the cancer risk to firefighters and a design to streamline the delivery of emergency services.

North Plymouth Fire Station 2020

New Equipment:

Holmatro Hydraulic (Jaws of Life) rescue tools
Portable Hydraulic lifts for Repair Shop

Fire Department Resources, Apparatus & Equipment

7 Fire Stations staffed by 139 uniformed members, 5 civilian employees and another 2 civilians employees in the Emergency Management Division.

10 Pumper Engines
3 Aerial Ladders
1 Rescue Truck
9 Brush Breakers (Forest Fire Trucks)
3 Tankers
1 Military high water/off road vehicle
7 boats (1 Marine firefighting unit, 6 rescue boats)
2 Lighting Unit –trailer
1 Spill Control Unit
2 containment boom trailers
1 MDU – Mass Decontamination Unit
1 Fire Safety Education House Trailer
1 Dive Team Trailer Unit
1 ATV unit (off-road emergency response, patient transport)
3 Command & Staff vehicles

The Fire Department responded to 8,923 emergencies, which resulted in 9,943 fire apparatus responses involving 31,886 personnel responses within the town including Mutual Aid apparatus responses to adjoining communities.

The Plymouth Fire Department is an ISO rated Class 3 department which places the department in the top 14% of the more than 42,000 rated fire departments in the US.

Total Responses	8,923 incidents		
Fire Related	45%	EMS Related	55%

Assessed Real Property Value protected by the Plymouth Fire Department

According to the Assessor's Office Plymouth has over $9 Billion in Real Property, including dwellings, business property, vehicles, boats and marine vessels, etc… Property Loss in Plymouth due to fire in 2020 was reported at $2,605,992. Without the prompt response of highly trained personnel and well-maintained equipment, fires would intensify, resulting in greater property loss, higher claims and risk ratings culminating in increased insurance premiums.

2020 Plymouth Fire Department NFPA Data Survey Report

Type of Response	Number of Responses	Estimated Property Damage from Fire
Private Dwelling Fires (1 or 2 family), including mobile homes	38	$1,219,000
Apartments Fires (3 or more families)	11	$190,100
Hotels and Motels Fires	1	$120,000
All other residential fires (dormitories, boarding houses, tents, etc.)	2	$3,500
Public Assembly Fires (church, restaurant, clubs, etc.)	4	$22,000
Schools and Colleges Fires	1	$50
Health Care and Penal Institutions Fires (hospitals, nursing homes, prisons)	3	$503
Stores and Offices Fires	2	$4,500
Storage in Structures Fires (barn, vehicle storage garage)	3	$15,000
Other Structure Fires (outbuildings, bridges, etc.)	2	$189
Fires in Highway Vehicles (autos, trucks, buses, etc.)	25	$186,750

Fires in Other Vehicles
(planes, ships, trains, construction or farm vehicles)
2.. $90,000
Fires Outside of Structures excluding vehicles
100.. $400
(outside storage, crop, timber, etc.)
Fires in Brush, Grass, Wild land (excluding crops and timber)
40.. $0
Fires in Rubbish, Including Dumpsters (outside of structures)
21.. $0
All Other Fires
6.. $754,000

FIRE PREVENTION and CODE ENFORCEMENT DIVISION

The Fire Prevention & Code Enforcement Division consists of a Battalion Chief and Lieutenant.

Mission Statement

It is the responsibility of the Division to promote public safety by limiting the occurrence of fire, identifying conditions that may lead to ignition and abating hazards that jeopardize life safety. Our goal is to provide a fire safe home, work, and school environment. This is primarily accomplished through public fire safety education, enforcement of the Commonwealth's fire codes and regulations, Town by-laws and through inspections, plan review and permitting.

Covid-19 Impacts

The impact of the pandemic for all aspects of society required adaptive policies and actions by the Plymouth Fire Department to continue providing service to the community. Modifications to inspection programs resulting from State ordered changes and Chief of Department Bradley's desire to support citizens of Plymouth, continued efforts to maintain education, business, and health care safety programs. These efforts have been altered as efforts to respond to varying ebb and surges of the pandemic occur. The Plymouth Fire Department and Fire Prevention Division continue their commitment to customer service and maintaining a fire safe community.

Training and Continuing Education

Fire Inspectors attend monthly continuing education seminars, via video conferencing, sponsored by the Fire Prevention Association of Massachusetts. Current issues relating to fire codes and fire safety are shared among the Fire Inspectors along with updates from the State Fire Marshal Office. They also attend continuing educational training courses offered by the Massachusetts Fire Academy in Stow, MA. Training continued in various electronic forums during the Covid-19 Pandemic.

Construction Plan Review and Permits

The fire department reviews construction plans to assure that adequate fire protection systems are being installed and maintained to all applicable codes and regulations. They consist of smoke and carbon monoxide detection systems, sprinkler systems, Bi-Directional Antennae (BDA) radio signal boosting systems, Fire Department Access, and Life Safety compliance for both residential and commercial properties. Fire Prevention Division personnel inspect completed projects prior to granting approval for Occupancy.

Many existing properties have undergone renovation and alteration to accommodate new businesses. Fire Prevention Division personnel conducted inspections to ensure compliance and safe occupancy.

Commercial and residential projects continued at a high level in the Town of Plymouth. Numerous commercial and multi-occupancy residential projects have been or are nearing nearing completion. New projects continue to be submitted for review and permitting as needed.

New commercial projects included:

- several large multi-residential buildings,
- a new medical office building,
- Fairfield Inn,
- Harbor Freight,
- Auto Zone
- Beth Israel Deaconess Hospital continues with its renovations to upgrade its facilities and support systems.
- There are many new restaurants that were opened throughout town.

Aside from the large amount of one and two family residential new construction and renovations, there are also several on-going residential multi-family developments which include Red Brook, Thorndike Homes 55+ communities, Harborside at Cordage (phase 1 has been completed, and Phase 2 has been submitted). The Pine Hills has also submitted plans for a new commercial/residential complex, the Oasis at Home Depot plans are underway, and Newfield Street development is nearing completion.

Inspections

In addition to new construction, it is also the responsibility of the Fire Prevention Division to conduct Statutory annual inspections at all schools, nursing facilities, hospitals, clinical institutions, Plymouth County Correctional Facility, MCI-Forestry Camp, group homes, day care centers and other facilities licensed by the Department of Public Health and/or Department of Public Welfare.

We issue certification of compliance for smoke & CO detectors for the sale of any residential units. We conduct inspections of oil-fired equipment, including all above and underground tank installations and removals, installations propane tanks. self-service gas stations, and hood suppression system. We oversee the department's Mercantile inspection program

Code Enforcement

Complaints received from concerned citizens and observations made by department personnel during routine inspections and emergency responses initiate investigations by fire inspectors to determine if a fire hazard or code violation exists and to bring about compliance through education as a first resort. If an owner or tenant refuses to comply or bring conditions into compliance with fire or life safety codes, a fine will be assessed using non-criminal citations. Further non-compliance can result in complaints filed via the court system.

During 2020, the fire prevention division responded to numerous calls for issues such as: violation of open burning regulations, failure to install or maintain fire protection systems, blocked fire exits, and improper storage of flammables and combustibles.

Citations were issued where required.

Fire Investigation

Investigating the origin and cause of a fire is vital to determine whether the fire is accidental or intentional, the result of a malicious or criminal human act, design flaw or equipment malfunction, carelessness, or poor practice. By finding the circumstances responsible for ignition of the fire, we can attempt to reduce future occurrences of fire loss by changing behavior through education, altering product design or operation, or promulgating new ordinances to bring about code compliance.

Smoke and carbon monoxide detectors save lives and are required by law and as always, we stress the importance of possessing and maintaining these devices in homes. The trend for voluntary installation of residential fire sprinkler systems is a logical choice during new construction as it adds only a fraction of the square foot cost to the project. Residential fire sprinklers enhance life safety by reacting quickly to the heat of a fire, while it is still in the beginning stage and relatively small. Fire sprinklers give occupants a chance to exit to safety and are a proven life saver. An added benefit is that they control the fire and reduce property damage.

Public Fire and Life Safety Education

The main goal of the S.A.F.E. (Student Awareness of Fire Education) program is to educate students in grades K-12, the public and the elderly about key fire and life safety behaviors to reduce fires and the likelihood of injury or death. Funding for this program revolves around an annual grant application submitted to the Massachusetts Department of Fire Services. This year, the Fire Prevention office received a grant for $6848.00 in support of our S.A.F.E. program. Our S.A.F.E. program provides a full range of presentations reaching out not only to schools, but also to senior citizens through monthly meetings set up with the Council on Aging and Safety Fairs at Mobile home parks. The Fire Prevention office also received a grant for the Senior Safe Program totaling $3826.00. Coordinated by the Council on Aging staff, several in-home inspections by our Fire Prevention Lieutenant were performed along with over a dozen public school visits – preCovid-19 restrictions. Covid-19 protocols limited additional activities. Video conferencing was employed to reach both schools and seniors for continued SAFE education.

The S.A.F.E. grant supports our fire safety trailer, fire station open house events, educating the public at health fairs, festivals, and community events. Fire Safety and Fall Prevention educational programs are also offered via video conferencing to seniors, Boys and Girl's organization, and other community organizations. There was one onsite outdoor visit to West Elementary school. Fire Prevention Week occurred via video conferencing. Contests for fire prevention calendar artwork, conducted in concert with the State Fire Marshal and the Fire Prevention Division, saw students from Plymouth South Middle School win scholarships for the fire prevention calendar.

Prior to Covid-19 restrictions, specially trained firefighters present lessons on topics such as Learn Not to Burn, Preparing and Practicing Home Fire Escape Drills, Electrical Safety, Ice and Cold-Water Emergencies, Smoke and Carbon Monoxide Alarms and Home Safety Inspections.

- Install Communications equipment at the new Station 7
- Completion of work for the Obery street and South Street project
- Numerous equipment upgrades in the Fire Stations and Fire Apparatus
- Removal of Municipal Fire Alarm and communications equipment from the Old Station 7
- Several Pole transfers completed
- Upgrades to Aerial cable plant

I wish to thank all members of the Fire Department for their assistance on many of these projects.

Training and Safety Division

Mission Statement

The training division is responsible for the development, implementation, design, delivery and documentation of educational programs involving all members of the department. Training programs are intended to improve the firefighter's capabilities while performing emergency duties such as, emergency medical services, rescue and hazardous material response, as well as meeting the requirements and objectives of Federal and State agencies.

This responsibility includes needs assessment, curriculum development, and scheduling and records management. Courses on supervisory development, new products and apparatus and other specialized training are conducted on an as needed basis.

Minimum training standards are established by Local, State and Federal agencies. Training takes on a variety of forms, from self-study to mandatory department training. All training done by the Firefighter must be documented as required by law. This documentation provides the legal verification for training completed.

The Training division is responsible for the managing the wide range of training related documents, reports and records necessary for maintaining required certification for the department's emergency response personnel.

The Training Division ensures the department's training meets, OSHA, NFPA and ISO requirements as well as all State and federal regulations. This responsibility requires the Training Officer to work with State agencies including The Office of Emergency Medical Services and the Division of Fire Services.

The Training Officer coordinates and schedules Department's In-house Drills. The purpose of this drill packages is to review basic suppression and EMS materials that aid personnel with maintaining knowledge of specific topics. This training is delivered to personnel by the company officers.

In addition to this in-service training the Training Officer also serves as the department's drill instructor for all newly hired firefighters. This recruit-training program introduces all probationary firefighters to the basic skills necessary to survive and function in the hostile environment of a structure or forest fire. This program prepares the individual to meet the standards set by the NFPA for certification for Firefighter 1 and 2.

The Training Division constantly evaluates and coordination training with other divisions within the department. The training of members on new equipment and implementation of procedures for new equipment are coordinated by the Training Officer.

The training Officer is also the Department's Safety Officer. The Safety Officer's duties include responding to fires and hazardous incidents to oversee Scene Safety. The Training Officer also serves as the department's state mandated Infection Control Officer and is the Department's liaison to the Jordan hospital. The Infection Control Officer is responsible to enforce policies and procedure to ensure department member's health safety and tracking and documenting any exposures and injuries that occurred while on duty as required by State and Federal regulations.

Recruit Training For New Hires

In 2020 the Training Division had two recruit training classes, each class was eight weeks in length. These classes get the new recruit ready to operate as a probationary firefighter until his or her Massachusetts Fire Academy seat becomes available. This course not only instructs and tests new recruits physically, but mentally. The new recruits learn nomenclature of all firefighting gear and tools, but also hands on practical evolutions in Search and Rescue, Vehicle Extrication, First Aid, CPR and First Responder qualifications. Recruits are taught Wildland Fire Operations and a Chainsaw Safety Course we have developed with State Fire Warden. Due to the fact that every station has a boat as well as the Department Fire Boat, we have the recruits go through a Safe Boating Course with the Massachusetts Environmental Police and get certified.

The head of the Training Division also is in charge of the Underwater Recovery Unit. This team consists of 30 members, Divers, Tenders, and Support personnel. Each member has gone through rigorous training and certifications through Lifeguard Systems Public Safety Diving. The team members have International Certifications in Public Safety Diving/Tending, Moving Water Operations, Underwater Vehicle Extrication, Black Water, Full Face Mask and Drysuit Certified as well as Ice Diving Search and Recovery. The Underwater Recovery Unit also has a Side Scan Sonar Team that utilizes the Edgetech 4125 Side Scan Sonar for body recovery or evidence location. The Team has worked alongside of mutual aid towns, The Massachusetts State Police, Plymouth County Tech Rescue, Barnstable County Tech Rescue, Plymouth Police and Massachusetts

Environmental Police as well as the Coast Guard and Harbormaster of Plymouth and mutual aid towns.

Training and Safety Division won MIIA grants for high visibility DOT vests as well as vehicle extrication gloves and eye protection.

Training and Safety Division has implemented Massachusetts Fire Academy instructors to conduct Cancer in the Fire Services to all department personnel. This is to combat the enormously high rates of occupational cancer. D-Con protocols using HERO WIPES and detergents are now implemented during and after fires and any event where firefighters may be exposed to toxins. The department upgraded their SCBA Mask fit tester to the new TSI Porta Count Fit Tester. SCBA Masks are fitted with Scott Thermal Imaging Cameras for extra safety. Personnel have been issued new helmets with washable liners to comply with Cancer Protocols as well as particulate hoods.

Due to the tragic events of today's world with mass shootings. All personnel have had added training in gunshot wounds and tourniquets as well as the use of ballistic vests and headgear. Other added training was pet CPR and oxygen masks for pets now carried on all apparatus.

Apparatus Repair &Maintenance Division

The mission of the Apparatus Repair and Maintenance Division is to properly supply and maintain all of the department's emergency apparatus while ensuring compliance with National Fire Protection Association, Federal Motor Vehicle Safety Standards, and Massachusetts General Laws to provide safer equipment for departmental personnel and the community.

In addition to general heavy truck powertrain components strong knowledge of fire pumps, hydraulics, aerial systems, and electronic multiplex systems are required to maintain such specialized equipment. Fire apparatus must be properly maintained to obtain operational readiness at all times.

The staff maintains a fleet of over 40 specialized fire apparatus; such as pumping engines, aerial ladder trucks, brush-breakers, rescue trucks, specialty units, trailers, marine response units, command vehicles, support vehicles, small engines, and fire-fighting tools. Responses to fire scenes take place for emergency repairs and technical assistance to render operational professionalism. During the year annual third party non-destructive testing of aerial devices, ground ladders, and inspection of all vehicles to conform to federal and state agencies takes place under their supervision.

Four years ago, Town Meeting funded the third mechanic position for this division to expand with the departments growing maintenance requirements. A revolving annual cooperative position with the Plymouth School Technical Program has begun and has been a great success to date. Apparatus mechanics attend monthly educational training seminars and annual certification testing hosted both by the New England Fire Apparatus Maintenance Association and Emergency Vehicle Certification Commission. Staff is thoroughly involved in the technical design and specification development of new apparatus, safety updates, pre-delivery vehicle inspection, final acceptance testing and operational training for fire department personnel.

Mission Statement

The mission of the Plymouth Office of Emergency Management is to coordinate efforts to prevent, mitigate, prepare, respond, and recover from local emergencies and disasters. This is accomplished by working with Town Departments and other partnerships to ensure plans, resources, and procedures are developed and maintained to safeguard the public against community vulnerabilities and the effects of these hazards.

Narrative Statement

2020 brought unprecedented challenges for Emergency Management Division. The staff wants to take an opportunity to share with the community for what is believed to have been a very successful year. The year began with completing a very comprehensive planning effort for the many events planned for the Plymouth 400 celebration throughout the year. The effort had been ongoing in conjunction with all the Town's public safety departments and many outside agencies to assure all contingencies were addressed.

The emerging COVID-19 pandemic put a halt to all projects. On March 17, the Emergency Operations Center was closed to the public throughout the rest of the year to ensure a virus-free emergency operations center. Always ready, the capability to provide continuous emergent town operations was paramount to assure continuity of operations of critical town infrastructure in case of major contamination in other Town buildings.

Personal Protective equipment for the Town's Fire Fighters and Police Officers became in short supply as the pandemic worsened. The Division worked with the Massachusetts Emergency Management Agency to acquire the necessary equipment and disinfectant supplies to offset the limited supply available commercially. All in all, through response data and pandemic projections, the initial shortfall had been overcome and anticipated reserve has been received to meet future demands.

Roni Bosse, Administrative Assistant for the Division, with her a wealth of office management experience with a strong background in financial management and fiscal accountability has worked with the Finance Department to compile, track, and verify all Town COVID-19 related expenses. This accounting is crucial to assure proper Town documentation, which has led to the reimbursement of most of the pandemic related expenses from Plymouth County through their management of the Coronavirus Aid, Relief, and Economic Security (CARES) Act appropriation.

As in 2019, major storms took a different direction and spared Plymouth from serious damage in 2020. However, preparedness, response, potential sheltering, and recovery planning were always at the forefront from January through March. In June, national weather forecasters predicted a very active hurricane season which initiated early storm preparation for the second half of the year. The predictions were accurate as the National Oceanic and Atmospheric Administration said the 2020 Atlantic Ocean hurricane season set multiple records while producing a record 30 named storms. Fortunately, Plymouth was not in the path of any major weather activity.

The Pilgrim Nuclear Power Station shut the reactor down on May 31, 2019 and was sold to Holtec/CDI. In 2020, Holtec/CDI has been decommissioning the facility in accordance with the Nuclear Regulatory Commission and other regulations. The Division has remained vigilant to assuring that public safety continues to be the priority under the overall command and direction of Fire Chief Ed Bradley.

Pilgrim's closure has not dampened our efforts to better prepare the community. As the Massachusetts Radiological Emergency Response Plan has been dis-continued, the Division has developed a new local Radiological Response Plan, which integrates nicely with the Town's Comprehensive Emergency Operations Plan. This new plan is consistent with other established state and federal all-hazard plans to assure compliance with the National Incident Management System.

In closing, other Town planning initiatives which included participation from the Division were the Climate Ready Healthy Plymouth project and the beginning stages of the five-year update of the Town's Natural Hazard Mitigation Plan, which is scheduled to be completed in 2021.

HUMAN RESOURCES DEPARTMENT

It is the mission of the Human Resources Department to provide a diverse range of services to ensure that the Town of Plymouth continues to be a desirable place to work, live, and do business. In the year 2020, we were challenged to develop creative ways to continue to serve our constituents which include current and potential Town employees, retirees, residents, and business owners. These new ways to serve required embracing technology to a greater extent than ever before, as well as rethinking what it meant to "personally" connect.

For our employees, the Department serves as a resource of information and expertise to enhance the well being and quality of life among the workforce. The goal is to demonstrate through actions and behavior a genuine respect for the dignity of the individual and to honor each person's right to fair and equitable treatment in all aspects of employment. Human Resources is also the resource for many areas that assist with the balance of work, life and health. Maintaining this balance became even more important during a pandemic which challenged us personally as well as professionally.

The Department serves the citizens and businesses of Plymouth through the effective utilization of our Town employees to satisfy the goals, objectives, and needs of all those who work, live, and visit the Town. The overall goal is to hire and retain the most talented and qualified individuals, who will provide the services essential to meet the personal and business goals of all and to support the successful operation of the Town of Plymouth.

Employees

A total of twenty-eight (28) employees were promoted during this past year across Town departments. Sixty-four (64) employees either retired or resigned and forty (40) new employees were hired. New hires included seventeen (17) Police Officers and six (6) Firefighters.

STATISTICAL INFORMATION ON TOWN EMPLOYEES

	2018	2019	2020
Active Employees*	527	563	539
Seasonal & Temporary Employees	179	174	177
New Hires*	59	78	40
Number of Retired/Terminated/Resigned Employees*	50	73	64
Number of Promoted Employees*	38	40	28

*Full time and Part time

Injured Employees and MGL Chapter 41 Section 100B Retirees
A total of eighty-three (83) employees were injured while performing their duties in service to the Town in 2020, sixty-nine (69) School employees and fourteen (14) Town employees. In addition, twent (20) Firefighters and twenty-six (26) Police Officers were injured on duty during 2020.

Fifty-seven (57) Police and Firefighter retirees were covered fo medical expenses due to injuries incurred while they were active employees.

Unemployment Compensation
In 2020, an estimated five hundred (500) claims were filed fo unemployment benefits. One hundred forty-nine (149) were Town employees and three hundred fifty-one (351) were School employees. These numbers represent a 76% increase from 2019. A significant number of these claims have been found to be fraudulently filed through an identity theft crisis which has impacted Municipalities all over the State.

Group Health Insurance

Health insurance costs have continued to rise nationally. There are three thousand two hundred and fifty-two (3,252) subscribers on the health insurance plans. The Town self funds its health and dental plans, which are rated on the Town of Plymouth's subscribers claims experience.

Town of Plymouth representatives, with the assistance of the Wellness Committee, worked to inform Town employees and retirees on matters of prevention and good health which can produce measurable positive results. Goals of the Wellness Committee include positive life and health changes, which may ultimately assist with future cost increases of health insurance for employees, their families, and the Town. The Department deals with educating employees and retirees on using their health care more effectively, creating more informed health care choices for employees, reducing absenteeism, and developing other measures of individual performance, effectiveness, and success. It is the intent of the Wellness Committee to continue to offer exciting and successful programs to help better the Health and Wellness of our Town employees.

Human Resources is actively involved with the Insurance Advisory Committee (IAC). The Towns health insurance carrier as well as the Town's health care consultant are also invited to attend meetings with the IAC in an effort to educate employees and retirees about being good health care consumers.

*Town and School combined

The Future

The Town will continue to face significant challenges in the years ahead: increased costs in health care, health care reform mandates, changes in minimum wage, retirements, a community with increased demand for services, uncertainty in local aid and recovery from a global pandemic are some examples. The Human Resources Department will continually strive for excellence and in doing so will work diligently to anticipate demands and prepare to meet them with all the resources available. The staff of the Human Resources Department is Annikka Burchill, Administrative Assistant, Jaclyn Gurney, Benefits Administrator, and Marie Brinkmann, Director of Human Resources.

INFORMATION TECHNOLOGY DEPARTMENT

(Formerly Information Technology Division)

(Formerly Data Processing Division)

The mission of the Information Technology Department (ITD) is to support the Town's business mission by delivering enterprise class technology services to all Town departments. The role of the ITD in Town operations has evolved rapidly since the mid-1990s: the explosive growth of reliance on technology in all facets of municipal government services has transformed what was once considered a relatively minor business division to that of an enterprise-level, strategic asset. Every Town department and division – including Public Safety, Public Works and Public Schools – now rely extensively on IT to deliver high-quality services to the citizens of Plymouth.

Goals & Guiding Principles

Investments in IT applications and infrastructure provide town managers with tools to more effectively observe and manage the financial, physical, and human resources of the Town, as well as increase productivity. Our goal is to implement technologies that 1) support other departments' goal of delivering better services to the public and 2) maximize the value of every dollar of IT spend.
Promote cloud-first approach to new system acquisitions and upgrades.
To support and maintain a municipal area network connecting all town and school buildings.

2020 Accomplishments

Created a Town Wide IT Strategic Plan.
Elevated IT from a division of Finance to its own Department.
Implemented a remote work strategy overnight in early March due to Civid-19 and the need to work remotely.

The migration from our PBX-based phone systems to a cloud-based, hosted Unified Communications solution is on-going. The roll out has been completed at Harbor Master, Animal Control and Airport.

We continue to increase and diversify our internet bandwidth as needs are ever growing.

We continue to make enhancements to our data center and are anxious to migrate all older systems to current versions.

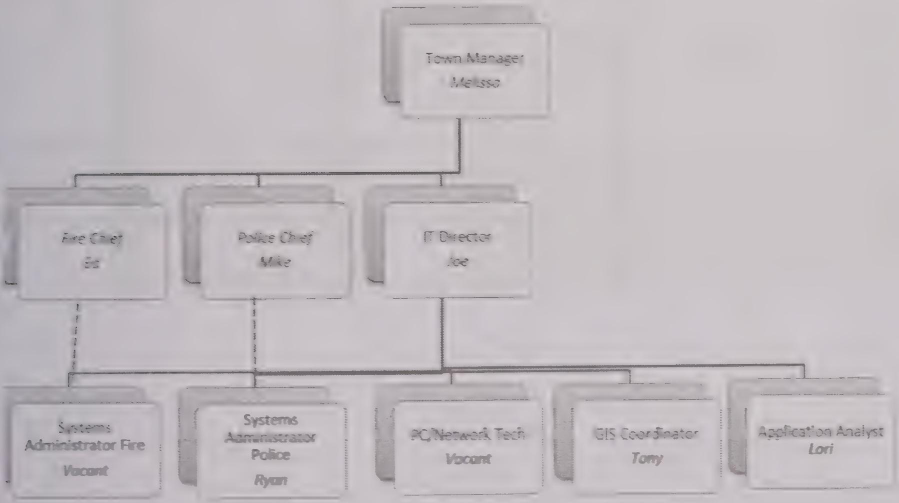
We continued to expand our GIS mapping of the town's infrastructure.

We expanded our managed services to monitor and support critical network and server services to include Police Infrastructure.

We continue to work with architects and vendors to ensure technology demands and resources are incorporated into new buildings. Most recent buildings we assisted with are; Airport, North Plymouth Fire Station and Maritime Facility.

We continued to enhance the Town of Plymouth's presence on the World Wide Web. The Town's web address is www.plymouth-ma.gov.

Our staffing levels remain the same as last year. With a new reporting structure.



2020 Staff Changes

IT Manager, Joseph Young was promoted to the newly created position of IT Director.

This year saw the retirement of our GIS Coordinator, George Dunbar. George retired due to concerns with the Covid-19 outbreak. George worked for the town over 13 years and we wish him well in his retirement. He was a top-notch performer for us and will be sorely missed by everyone. If George decides to rejoin the work force after the Covid-19 outbreak is under control, we would love to have him back.

The technician working in fire for the past 3 years decided municipal work was not for him and left for private sector employment.

PC/Network Tech, Tony Martel was promoted to GIS Coordinator.

2021 Objectives

Implement the results from Green Pages IT Strategic Plan. The full report can be found on the Town's website under the IT department page (https://www.plymouth-ma.gov/information-technology)

Continue migration to the new Unified Communications solution.

Enhance employee training. Our focus this year will continue to be Information Security Awareness and Office 365.

Continue to seek ways to leverage the Town's investment in the fiber network. This asset has delivered incredible value and performance to the Town since it was first constructed in 2006 and will continue to do so for the foreseeable future.

Town of Plymouth Municipal Fiber Network

*Cost Avoidance Analysis - Current Services**

Link Service / Purpose	Link Speed	Pairs Used	MRC / Pair	Total MRC	Annual Total
Standard Voice/Data w/QOS	1G Ethernet	41	$2,000	$82,000	$984,000
Standard Video (Cameras)	1G Ethernet	21	$1,200	$25,200	$302,400
Enhanced Voice/Data	10G Ethernet	2	$6,500	$13,000	$156,000
			Total Annual Cost, All Services		**$1,442,400**
Current Annual Maintenance & Restoral Costs					*$19,500*
			Annual Cost Avoidance		$1,422,900

*Cost Avoidance Analysis - Future Services (potential)**

Link Service / Purpose	Link Speed	Pairs Used	MRC / Pair	Total MRC	Annual Total
Standard Video (Cameras)	1G Ethernet	128	$1,200	$153,600	$1,843,200
Enhanced Voice/Data	10G Ethernet	0	$6,500	$0	$0
			Total Annual Cost, All Services*		**$1,843,200**
			Potential Annual Cost Avoidance		**$3,266,100**

* The monthly recurring charges (MRC) used in this analysis are based on current MA state contract cost sheets for these services by ***Axia/MassBroadband123***. This analysis reflects the current and potential future cost avoidance realized by the Town by maintaining its own fiber optic network.

** The intial acquisition cost of this network (~ $1M) is not included in this analysis. The network effectively paid for itself in year one.

INSPECTIONAL SERVICES DEPARTMENT

BUILDING DEPARTMENT

The Building Department is responsible for ensuring that buildings are constructed and repaired safely, and structures and land are used properly. The Department issues zoning, building, electrical, gas and plumbing permits that allow for the construction, reconstruction, repair, alteration and demolition of structures as well as the installation of equipment. The Sealer of Weights and Measures ensures that the public receives a just weight or measure for goods purchased in Town. The Department annually inspects restaurants, lodgings and other places of assembly. The Building & Zoning Department enforces the Commonwealth of Massachusetts Building Code and the Plymouth By-Laws. The purpose of the Department is to ensure a safe public and private environment for the residents.

In 2020 building permits were issued for 396 new single-family dwelling units including apartments. Additionally, there were 14 permits issued for new commercial structures. Residential alteration, additions, energy conservation, three season rooms, basement remodels, replacement windows and roofing, commercial alterations, plumbing, electrical, gas and solar installs totaled 7,448 permits bringing the total permits to 10,552. The office issued 411 Certificates of Occupancy in 2020.

The Office of Inspectional Services handles a large number of requests for records, copies, construction details, planning assistance and general information. Department personnel conducted 17,400 inspections.

BUILDING DEPARTMENT	2020
Total number of building permits	2,816
Total receipts from building permits	$1,571,950.00
Total receipts from annual inspec.certificates	$13,986.00
Annual Occupancy Certificate Inspections	527
Inspections made by the Building Inspectors	6,100
Zoning permits	1,452
Total receipts from zoning permits	$36,855.00
Inspections made by Zoning Inspectors	2,413
Zoning complaints Investigated	297
Livery/Taxi Cab Inspections	54
Total receipts from wiring permits	$237,360.00
Total number of wiring permits	1,604
Inspections by Wiring Inspectors	3,016
Total receipts from Plumbing/Gas Permits	$254,410.00
Total number of Plumbing/Gas permits	1,972
Inspections by Plumbing/Gas Inspectors	3,999
Receipt from Sealer of Weights & Measures	$39,641.00
Total # of Devices Inspected W&M	844
Total # of W & M Inspections	150

TOTALS	**1945**	**$66,424,563.00**

The Plymouth Public Health Department supports the health and overall well-being of its residents and visitors and assures the public that their health and welfare are at or above an optimal standard. Together with the Board of Health, the Department establishes rules, regulations, and policy to prevent, promote and protect the health of Plymouth's residents and its visitors. It is the mission of the Public Health Department to promote healthy living, prevent disease and injury and to ensure a healthy Plymouth population.

The Department enforces important aspects of Massachusetts General Law Chapter 111: Public Health including the Health Code for infectious/communicable disease surveillance, Housing Code for healthy housing, State Sanitary Code for camps and swimming pools, and Title 5 for septic tanks and private wells. The Department offers the highest level of customer service to all residents and visitors both in person or via phone or email. The Department collaborated with the Public Records department to expedite septic information requests resulting in positive feedback from all users.

The year of 2020 could be considered the Year of COVID, with 1,994 confirmed cases in Plymouth. The year brought many disturbing events and unprecedented conditions, globally, nationally, and locally. For the Public Health Department (PHD), it was also the year of collaboration, creativity, and initiative. As the PHD navigated the ever-changing environment that goes along with a pandemic, they quickly learned how to row the boat in the same direction towards a common goal. That goal was to ensure that the health, well-being, and livelihoods of the community would remain as uninterrupted as possible. While some things were out of the control of not just the PHD, but also the Town itself, the staff received positive feedback for their efforts and dedication.

Despite the unusually heavy workload 2020 brought to the PHD, the staff continued their endeavors for excellence by attaining certifications and attending trainings. Some of those achievements were:

- Certified Pool Operator Certification

- Food Safety Manager Certification
- Allergen Awareness Certification
- FEMA
    - Federal Disaster Recover Leadership
    - Unified Federal Review Advisor Training
    - Unified Hazard Mitigation
    - Building Design for Homeland Security
    - Telecommunicators Emergency Response Taskforce
    - Exercise Design and Development
    - Annual MIIA/OSHA Pandemic Illness Preparedness Training

At the beginning of 2020, The PHD welcomed two new members: Kieran Kelleher, Health Agent and Rachael Milroy, Health Technician.

During the COVID-19 crisis the PHD was front and center, often working seven days per week. Below is a sampling of what was accomplished while the PHD worked remotely during the months of March and April:

Communication:

- Continued to answer emails and voicemails received in the office
- Daily communication with each state epidemiologist assigned to facilities
- Daily update to Old Colony Memorial to keep residents current on COVID-19 numbers
- Daily posting of COVID case/death numbers
- Multiple appearances on Steve Trifletti's & Select Board Chairman Ken Tavares' roundtable.
- Interviews with Old Colony Memorial and WATD
- Daily calls with Long Term Care Facilities
- Twice weekly calls with School RN Carilyn Rains
- Twice weekly calls with MDPH
- Same time updates to the Town's Website Employees
- Weekly Zoom meetings with Department of Public Health staff.

- Collaborated with Human Resources regarding unique employee situations.
- Zoom Meetings with Library and Center for Active Living staff to alleviate any fears or anxiety about returning to work.
- Delegated department tasks evenly to prevent fatigue and stress

Continuity of Business:

- Same day final septic inspections, as often as possible
- Timely scheduling of perc tests
- Picked up mail 2x week to record Title 5 inspections and deposit monies in a timely fashion
- Worked with IT to access MUNIS remotely - able to respond quickly and accurately to business inquiries
- Sent 435 Spring-renewal notices for licensing and permits
- Coordinated BOH meetings remotely
- Released burial permits so the Clerk's office could provide death certificates
-

New Initiatives:

- Implemented e-signature documentation system to ensure that septic system permits and building permits could be signed.
- Developed On-Line payment system for septic approvals, inspections, perc tests and well permits.
- Worked with the School Department and teamed with School Nurses on specific Covid-19 related tasks

The Town Hall welcomed its employees back in mid-Spring, with the PHD, Board of Health and Town Management ensuring safety for those returning. Some measures put into place were the purchase of personal protective equipment (PPE) such as masks, gloves, and hand sanitizer, in addition to social-distancing signage and plexiglass partitions for counters.

Summer brought warmer temperatures and a decrease in COVID-19 cases. However, these warmer temperatures also lent to perfect conditions for cyanobacteria (“blue-green algae”) in 10 of Plymouth’s ponds. Together with the Department of Marine and Environmental Affairs, the PHD notified the public through email blasts, Town website, signage, and media outlets. The departments also worked together to implement a protocol to be sure that a systematic approach would be taken for all cases going forward. Although the PHD was inundated with calls from concerned residents about the affected ponds, there was a silver-lining. The PHD was able to educate the public about the importance of maintaining Title 5 compliant septic systems, as well as the detrimental impact herbicides and other lawn treatments can have on the environment.

As Autumn approached, the PHD worked closely with the School Department and Recreational Department to develop a plan to get students, teachers, and staff back to classrooms and sports. While the numbers did increase, they were lower than what was previously anticipated.

In October, the Town brought the COVID Ambassadors aboard, through Pilgrim Security. This was yet another successful collaboration, partnering with the Plymouth Police Department. The COVID Ambassadors were of great help to the PHD and the community. By means of educating, the COVID Ambassadors were able to enforce greater mask compliance and social-distancing in the downtown area and other areas with a lot of foot-traffic and activity.

Another collaboration was between the PHD, Board of Health, Select Board and the DPW for the COVID Remembrance. The empty-chair display was to honor the Plymouth residents whose lives were lost due to the COVID-19 virus. The display was in place the beginning of November, with plans to remain through January 2021. Sadly, the Town of Plymouth lost 105 residents to COVID-19 in 2020.

The holiday season ushered in the beginning of the second wave of COVID. The PHD and Town were better prepared and able to continue operations without having to close again. The PHD was instrumental in securing a position for a COVID nurse through the CARES Act.

The PHD would like to congratulate Marilyn Fistori on her retirement in 2020. After 25 years as a dedicated and valued employee to the Town, the Department wishes to thank Marilyn for all she has done for the Department, her hard work, and mostly, for her wit and humor that she shared every day. She will certainly be missed but deserves the very best that retirement will bring her.

COVID-19 Complaints

Complaints ranged from not wearing masks, not social distancing, not isolating/quarantining, sector-specific protocol non-compliance. The PHD made every attempt to address and follow up on each and every concern. Although very time consuming, the PHD welcomed these opportunities to educate the public on advisories and guidance put forth by the State and CDC. For example, the complaint may have been that a grocery worker was not wearing gloves while bagging groceries. The PHD was able to educate the resident that gloves were not necessary. However, when a complaint was received that a grocery worker was not wearing a mask while bagging groceries, the PHD was able to follow-up with the store manager to enforce through education on the importance of wearing a mask, as well as the State mandate in place.

In total, the PHD received and investigated over 300 concerns/complaints regarding COVID protocol compliance:

- Retail Stores
- Grocery Stores
- Office Buildings/Spaces
- Public Events
- Campgrounds
- Private Homes
- Outdoor Spaces
    - Waterfront
    - Beaches/Ponds
    - Skatepark

PLANNING AND DEVELOPMENT DEPARTMENT

Environmental protection, community housing, and economic development are the cornerstones of the Department of Planning and Development. The mission of the department is to enhance the Town's living, working and natural communities by balancing private property rights with the protection of our historic and natural resources. The department will strive to develop long and short-term plans that will balance growth and preservation as well as enable Plymouth to "Grow Smarter in its Fifth Century" consistent with these visions:

Ensure that the Town of Plymouth will continue to be a beautiful, maturing community with vibrant and pleasant village centers, a preserved and enhanced historic heritage, long stretches of accessible coastline, integrated areas of commerce and compact (low impact) housing, and vast, connected areas of open space set aside for preservation, outdoor activities, and appreciation of nature.

Maintain Plymouth's outstanding visual character, defined by clean ponds, rivers, wetlands, coastline, and forests.

Encourage economic prosperity through abundant opportunities for desirable business investment, employment, shopping, tourism, arts and culture, housing choice, and entrepreneurship.

Encourage a range of housing opportunities that supports a diverse population with a range of household incomes.

Support a range of energy efficiency initiatives for residents, businesses and government uses.

This department, in concert with the Planning Board, Board of Selectmen, Conservation Commission and various other boards and committees coordinates and administers policies, actions and local development controls consistent with the Town's long-range planning vision in a fair and equitable manner.

The year 2020 presented an unusual challenge for Boards, Committees and Staff. The Covid-19 Pandemic found the Town Hall closed from March 18, 2020 to May 4, 2020 with staff working remotely. Staff then began working on an alternating week schedule with one week in the office and one week working remotely with the Town Hall closed to the public until June 8, 2020. On June 8, 2020, all staff returned to work full time while the Town Hall remained closed to the public. Submittals and applications were received by appointment or through the mail. The Town Hall reopened to the public on August 17, 2020. During the Town Hall closure, Boards and Committees were able to hold meetings and public hearings remotely via Zoom, an online, video conferencing portal. Hand sanitizing, plexiglass dividers, social distancing and wearing masks have become the new normal. The Planning Department thanks all their customers for their patience during these challenging times.

Tim Grandy was re-elected to the Planning Board. Malcolm MacGregor serves as Chair with Russel Appleyard as Vice Chair, Paul McAlduff Clerk, Timothy Grandy, Clerk Pro-Tem and Robert Bielen, Member. Birgitta Kuehn continued to serve as the alternate member.

This department seeks to balance the overall public good with individual rights and interests. The professional support staff provides reliable guidance and assistance to boards, agencies, citizens, and other town departments. This department serves as staff support for sixteen local committees throughout the year, consisting of over 100 volunteer members.

The responsibility of this consolidated department includes supervision and coordination of town agencies related to subdivision control, land acquisition, conservation, redevelopment and revitalization, zoning appeals, historic preservation, affordable housing, and economic development.

The Planning Board reviewed several plans in the year 2020. The results of the Planning Board's actions (not including the Pinehills Development and AD Makepeace's Redbrook Development) include the following:

2 subdivision modifications were approved resulting in 15 new residential units

Form A Lots (Approval Not Required):

33 plans creating 12 new lots

Town Meeting Action:

Spring Town Meeting held August 10, 2020 remotely via Zoom:

Article 18. Amendment to the Zoning Bylaw to see if the Town will vote to amend the Zoning Bylaw's Use Table by prohibiting Elderly Housing in the General Commercial, Arterial Commercial and Mixed Commerce Zoning Districts as well as amend any associated tale, definitions, procedures, and provisions, or take any other action relative thereto.
(Withdrawn)

Article 19. Amendment to the Zoning Bylaw Section 206-2, Floodplain Overlay District (FPOD) by adopting revised Flood Insurance Rate Maps (FIRM) for the Town of Plymouth and a revised Plymouth County Flood Insurance Study (FIS) report as well as associated tables, definitions, procedures, and provisions for said District, or take any other action relative thereto.
(No Action.)

Fall Town Meeting held October 17, 2020 remotely via Zoom:

Article 12. Amendment to the Zoning Bylaw Section 206-2, Floodplain Overlay District (FPOD) by adopting revised Flood Insurance Rate Maps (FIRM) for the Town of Plymouth and a revised Plymouth County Flood Insurance Study (FIS) report as well as associated tables, definitions, procedures, and provisions for said District, or take any other action relative thereto.
(No Action.)

Article 13. Amendment to the Zoning Bylaw Section 206-1 "Aquifer Protection District" to revise the Town's Official Zoning Map to revise the boundaries of the Aquifer Protection District or to take any action relative thereto.

(Article approved by Town Meeting and approved by the Attorney General.)

Planning Department Staff:
Public Art Initiative- the art initiatives previously funded (utility box wraps, murals and street furniture and district signs) were completed Fall 2020 with the final installation of five Plymouth Bay District decorative signs defining the district boundaries. This initiative spurred further interest and four additional utility box wraps were installed in North Plymouth Village, funded by local businesses and the Community Preservation Committee (CPC). Efforts to expand the utility box wrap project into Manomet and Cedarville Village Centers and the Plymouth Airport are underway. The lobster mural surrounding the Plymouth Beach Guard Shack, designed by local father and son artists, was completed in 2020. Public Art funding requests for 2021 to the Visitors Service Board and Massachusetts Cultural Council include a Healing Art Mural, Sidewalk Chalk Art event along with our PorchFest music festival, and a Yarn Burst spring event.

Cultural & Art Events and Projects- Planning staff continue to work with the Plymouth Bay Cultural District (PBCD), the Plymouth Center for the Arts (PCA), The Chamber and community on further initiatives that include growing awareness of our businesses and cultural arts and history. COVID put a hold on many events in 2020, impacting our community. Staff is working with the PBCD, PCA and local artists on community healing art projects in 2021. A local version of ArtWeek 2021 is in planning for the Fall that may include PorchFest music, Healing/Unity/Peace Mural and/or Garden, a Mask Dance & Mime, Culinary Crawl / Food event.

Planning staff continues to work with DPW to secure funding and coordinate ongoing installation of celebration lighting throughout Downtown Plymouth / Waterfront and North Plymouth Village.

Town Planner is part of the Town Hall Art & History Collections Task Force. Plans for a second Town Hall art exhibit with a new theme will begin this year for 2022 installation. The Task Force continues with installations of historic artwork and cultural exhibits within the Town Hall.

Working with Economic Development, DPW, SeePlymouth, CPC and the Chamber of Commerce on wayfinding. Funding is required to remove various old wayfinding structures in order to install six new kiosks and maps created.

Working with the Cedarville Steering Committee on the Cedarville Village Center Master Plan Update (current document 2009) with their goal for 2021 Fall ATM approval.

Energy Initiatives:

While 2020 proved to be a challenging year in all aspects of Municipal operations, the Town of Plymouth remained focused on implementing energy/cost saving initiatives wherever possible which included the following:

Replaced forty-four (45) existing fluorescent lamp fixtures at the West Plymouth Fire Station with new LED High Bay, energy efficient units. Anticipated annual energy cost savings of $2,400.00 along with an energy load reduction of 10,000kWh, while providing a substantially brighter working environment to Fire Department Staff.

Forty-three existing fluorescent and high-pressure sodium light fixtures were replaced throughout the Manomet Library Branch and parking lot, located at 12 Stand Avenue. This MassSave project will realize an estimated annual energy reduction of 6,476 kWh and energy cost savings of $1,560.00 while reducing annual maintenance/repair costs of approximately $500.00. The project was completed in December 2020.

Plymouth's Electric Vehicle Charging Station Program continued to successfully provide electric vehicle drivers access to charging facilities throughout the year. This included the installation of an eighth charging station located in the Brewster/North Street Parking Lot.

In 2020 alone, EV drivers from over 237 zip codes visited Plymouth ranging from local New England States to Boulder Creek and Norato, CA; Denver, CO; Chicago, IL; Madison, WI and Bonita Springs, FL. Although EV station usage was down throughout the year due to the Covid-19 Pandemic, an average of 105 unique EV drivers visited and utilized Plymouth's charging infrastructure.

Usage data as follows:

a) Greenhouse Gas (GHG) Savings:
a) January through December 2020: 16.2 Metric Tons
b) Program Start (May 2013) through December 2020: 54 Metric Tons
b) Sessions:
a) January through December 2020: 3,603
b) Program Start through December 2020: 15,209
c) Energy Used:
a) January through December 2020: 38.7 MWh
b) Program Start through December 2020: 128.4 MWh
c)

The Plymouth Community Choice Power Supply Program is a municipal aggregation program which, in accordance with Massachusetts law (M.G.L. c. 164, § 134), enables local government to combine the purchasing power of its residents and businesses so that it can provide them with an alternative electricity supply. Update of the Community Choice Power Program (Municipal Aggregation):
Plymouth residents and small business owners have realized a cost savings of Seven (7) Million Dollars, since October 2017 through 3rd Quarter 2020,

Beginning with the October 2020 meter reads, the Plymouth Community Choice Power Supply Program aggregation will have a new supplier, Dynegy Energy Services of Dallas, TX. The Town of Plymouth signed a thirty-six-month contract that will provide residents and businesses with price stability and low-cost supplier rates. The new standard rate is $0.09807/kWh, A green energy program option is being offered for the first time for residents interested in utilizing 100% renewable wind power for their electricity. This green energy option will help residents further reduce carbon emissions at an additional cost of $0.0009/kWh (total green program cost $0.09897/kWh) which equates to an average of $0.56/month or $6.72/year. Customers wishing to participate in the optional program must "opt-in" by calling Dynegy directly at (866) 220-5696.

Solar Renewable Energy Credit Program: The Municipality began receiving Solar Net-Metering Credits in FY2015, through a partnership with the School Department. Contracts were signed to purchased solar energy at a reduced cost which offset the Town's electric utility bills. Based on the Town's Consultant (Titan Energy), solar credit savings for the 2020 Calendar Year (through November) have exceeded $99,000.00.

Plymouth currently leases approximately 2,500 Cobra-head style streetlights from the utility (Eversource) found along both public and privately held roads. In addition, the Town owns over 250 decorative lights located primarily within the greater Downtown and North Plymouth Village Centers. The Energy Officer has been assisting DPW over the past 7 years in processing resident streetlight repair requests. These issues range from inoperable lights, damaged fixtures as well as requests for new streetlight installations. Staff has processed over 198 streetlight repair inquiries since 2014, with 44 streetlight repair requests processed in 2020 alone.

The Town adopted the Property Assessed Clean Energy Program (PACE) on October 6, 2020, through a favorable vote of the Plymouth Select Board. This tax-based financing mechanism, sponsored through Mass Development, offers long-term financing for energy improvements to businesses and non-profit organizations. This program allows the applicant to secure funding through private third-party financing, which is repaid via a betterment assessment on the property's tax bill.

Plymouth continues to pursue the Green Community Designation which provides financial and technical support to municipalities that pledge to cut their municipal energy use goal of 20 percent over 5 years and meet other criteria established in the Green Communities Act. At Plymouth's Spring Annual Town Meeting held on August 10th, Article 21 passed by a majority vote to amend the General Bylaws by inserting a new section, Chapter 164, entitled "Stretch Energy Code" for the purpose of regulating the design and construction of buildings for the effective use of energy, pursuant to Appendix 115.AA of the Massachusetts Building Code.

Pinehills Development

New home sales at The Pinehills in 2020 remained strong with a total of 115 new homes sold, resulting in an estimated $76 million in new assessed property value for Plymouth. The total assessed value of The Pinehills (as of January 1, 2019) exceeds $1.4 billion, resulting in "net" annual property tax revenue to the Town of Plymouth of over $24 million. 2020 also saw the expansion of neighborhoods under construction including Symington Woods by Whitman Homes and Shady Woods by Barefoot Cottage. Sales in the Vista Point and Briarwood neighborhoods by Toll Brothers remained strong and both the Seton Highlands and Hatherly Rise neighborhoods saw the sale of their final new homes. The Planning Board approved modified subdivisions for two new neighborhoods and the southern extension of Long Ridge Road which when construction is complete will connect the Ridge section of The Pinehills to Beaver Dam Road. Despite the challenges on business activity due to the COVID-19 pandemic, a total of 257 homes sales were completed in 2020, including both new homes and re-sales.

The Pinehills received a "Best in American Living Award" from the National Association of Homebuilders for the Beer Garden/Outdoor Dining experience on the Village Green which was introduced in the summer of 2019. Not being able to return due to the impact of the COVID-19 pandemic, The Village Green was modified to provide "Dining on The Green" expanding outdoor dining space for the restaurants located at The Pinehills including Mamma Mia's and The Blueberry Muffin. This modification provided much needed outdoor dining space to offset indoor occupancy limitations. The Village

Green also served as an outdoor meeting space for residents and visitors and hosted a pop-up retail book shop, “Booked”.

Pinehills Golf Club continues to be ranked as the top public golf course facility in New England. In 2020, Golf Advisor ranked the Nicklaus Course at Pinehills Golf Club #4 nationwide and # 1 in Massachusetts. While tournaments and banquet activities were impacted by the COVID-19 pandemic, the Club continues to welcome over 60,000 golfers annually.

The Pinehills Affordable Housing Charitable Trust entered into a funding agreement with Habitat for Humanity of Greater Plymouth to fund an additional $70,000 for the three qualified affordable homes being constructed on Long Pond Road, two of which were designated for veterans. This additional funding helped to offset the fundraising challenges that Habitat faced due to the COVID-19 pandemic.

The Pinehills Water Company was again recognized by MA DEP for its record of compliance with the laws and regulations governing public water suppliers. The Pinehills Post Office received the highest possible rating from the US Postal Service for customer service and compliance with post office operating rules and regulations.

Redbrook

As of December 2020, 515 (includes the rental community) families have purchased or leased a home at Redbrook, the new South Plymouth Village developed by the A.D. Makepeace Company.

Redbrook Apartments opened in the summer of 2019 and are 98% leased. The developer – a joint venture of the A.D. Makepeace Company and Campanelli of Braintree – worked with the town’s Redevelopment Authority to implement an affordable housing component of the apartments. The success of this award-winning luxury apartment complex has prompted evaluation of a second phase coming soon.

In March 2020, the professional building located to the west of the Village Green was completed. This building, which is a joint venture between the A.D. Makepeace Company and AP Whitaker of West Bridgewater, houses Beth Israel Lahey Health, Long Pond Physical Therapy, and Rockland Trust.

A fourth builder partner, E.J. Pontiff, joined the Redbrook team in late November 2020. They offer three and four bedroom home styles ranging from 2,100 to 2,605 square feet. Additionally, a fifth builder is expected to join the Redbrook team in 2021, introducing Nantucket style cottages ranges from 900 to 1,200 square feet. Introducing the larger spacious single-family homes and smaller cottage style single-family homes is a great complement to our current home styles by The Valle Group of East Falmouth, Whitman Homes of Canton, and The Stabile Companies of Nashua, NH.

As part of Redbrook's commitment to the Town the company has completed significant traffic mitigation at various locations listed below.

- Plymouth South Elementary Ballfield
- Clark Road and Long Pong Road Intersection Improvements
- Bourne Road & Halfway Pond Road Realignment
- Long Pond Road and Ship Pond Road Intersection Improvements
- Phase 2 of Wareham Road improvements (Phase 1 was completed in prior years), funded in part by a $1 million grant to the Town from the state MassWorks program.

The engineering for Halfway Pond Road, Long Pond Road, and Bloody Pond Road Intersection is underway and will begin once the design process is complete, likely summer of 2021.

In accordance with the Master Plan Special Permit approved by the Planning Board, approximately one quarter of the 1,800-acre site will be developed, in a village consisting of 1,175 homes in a broad mix of styles and price points. The remainder will be preserved in its natural state. At buildout, which will occur over a decade, Redbrook will include 1,175 homes, all within easy walking distance of the village center with some 60,000 square feet of commercial space and a full-service YMCA. The community features over1,000 acres of preserved forest, with walking trails, kayak launches, ponds for fishing, swimming and more. At buildout, annual town revenues will exceed $14 million.

Old Colony Planning Council

The Old Colony Planning Council established in 1967 by state statute and authorized to prepare plans for the physical, social, and economic development of the seventeen-member district. OCPC is designated as; an Economic Development District by the U.S. Department of Commerce for the coordination of regional economic development activities, and the Area Agency on Aging (AAA) by the Executive Office of Elder Affairs to plan, manage and coordinate elder services in a twenty-three-community service area. OCPC is the designated staff of the Old Colony Metropolitan Planning Organization (OCMPO) to plan and program transportation and transit improvements for the region.

In addition to the above-designated responsibilities, the Council also assists its member municipalities with technical planning, grant application preparation and current local and regional socioeconomic information.

Our Mission

At Old Colony Planning Council, we assist cities and towns in planning for present and future needs, utilizing our local knowledge, technical expertise, and regional collaboration.

Our Vision

Our vision is that communities in the Old Colony region are:

Resilient, using social, economic, and environmental resources to respond to, withstand, and recover from adverse situations brought about by natural disasters or economic downturns.

Sustainable, the needs of all people and the natural environment are met now without compromising the ability to meet those needs in the future.

Equitable, social, economic, and environmental opportunities exist for all.

Connected, everyone has accessible, affordable, and sustainable mobility choices.

Responsive, planning efforts are inclusive and reflect the diverse needs of all.

Collaborative, cooperating regionally to tackle common challenges.
Our Organizational Values

PLANNING FOR ALL

We strive to be fair, impartial, inclusive, and transparent in all we do. Celebrating diversity, we prioritize engaging those who may be underrepresented in planning efforts. We aim for authentic, empowered public participation.

THINKING AHEAD

We look to the future as we help address challenges and seize opportunities across the region. Whether it's a time-tested solution or innovative new approach, communities rely on our technical expertise and local knowledge to help develop solutions.

PARTNERING WITH COMMUNITIES

We highly value our partnership with the communities in our region. We are responsive to their needs and seek to facilitate regional cooperation and collaboration on shared issues within our region and with our neighboring regions.

SERVING WITH DEDICATION

We are passionate about the work we do in service to our communities, and we strive for excellence as we do it. We are motivated to help our region excel socially, economically, and environmentally.

Community Planning and Economic Development, OCPC, provided the following assistance:

Plymouth Climate Change Brochure – OCPC staff worked to develop an educational and how-to brochure for the Town of Plymouth to mail and share with residents, following the town's work on municipal vulnerability preparedness.

***Green Community Designation* -** Technical assistance has been provided to the Town of Plymouth as they work toward designation. With support from OCPC, Town Meeting voted to adopt the Stretch Code and implement Mass Energy Insight software for municipal energy use operations and energy efficiency programs.

OCPC also partnered with MAPC (Metropolitan Area Planning Council) to develop the ***Climate Ready Healthy Plymouth Municipal Vulnerability Preparedness Plan***. This plan analyzes how past and projected climate change hazards through the lens of Plymouth's Social Determinants of Health to evaluate the implications of Plymouth's infrastructure, environmental, and society and opportunities to adopt for better health outcomes.

The Staff also worked with the Town of Plymouth on an ***EDA (Economic Development Administration) nuclear decommissioning grant opportunity*** to support the proposed Manomet Pressure Zone Water Main Distribution System Upgrades Project. This program is used to support job creation/retention after the closure of nuclear power facilities.

EDA Grant Assistance – Technical assistance was provided to the town in securing a $200,000 EDA grant award to conduct a feasibility study that will determine Plymouth's capacity to establish a brick-and-mortar Entrepreneurship Center and implement support programs to help entrepreneurs from the idea state through start-up.

Transportation, OCPC Prepared or Conducted:
A transportation study for the Clark Road and Beaver Dam Road corridor. Specifically, vehicle volumes, travel speeds and recent crash history were assessed. Phase 2 of this study will be prepared in 2021.

Morning and Afternoon Peak Period Turning Movement Counts at the following intersections: Cherry Street & Standish Avenue; Court Street & Cherry Street; State Road (Route 3A) at Rocky Hill Road

The FFY (Federal Fiscal Year) 2021-2025 Transportation Improvement Program (TIP). The TIP is a five-year program of capital improvements and transit operational assistance that reflect the needs of the regional transportation system.

The FFY (Federal Fiscal Year) 2021 Unified Planning Work Program (UPWP). The UPWP identifies the planning priorities and the transportation activities to be carried out during the federal fiscal year. In the upcoming year, OCPC will be conducting Road Safety Audits at the following locations: Cherry Street at Standish Avenue; Commerce Way at Industrial Park Road and Commerce Way at Colony Place.

Utilization counts during April and October at the following locations: MBTA (Massachusetts Bay Transportation Authority) Commuter Rail Plymouth Station; and MassDOT Park and Ride Lot at Exit 5/ Long Pond Road.

Old Colony Area Agency on Aging (AAA). During the past year, with assistance and guidance from member community advisory committee members, OCPC AAA has continued the ongoing administration of over $1.5 million dollars of Federal and State funding for elder services through the Older Americans Act. The OCPC-AAA oversees funding for services like transportation, homecare, legal services, nutrition, and others to the more than 100,000 people age 60 and over in the region. During the COVID-related challenges of 2020 the OCPC-AAA was able to pivot and use CARES Act money dedicated to helping older adults, by working with our regional partner Old Colony Elder Services to supply funding for flexible-use awards of at least $4,000 for each community's Council on Aging or Elder Service department.

The OCPC-AAA Long Term Care Ombudsman Program also continued to provide services during COVID-19 despite the restrictions placed on visitations to our area nursing/rest and transitional care homes, which sidelined almost-all our Ombudsman volunteers. All visitations were halted beginning in March 2020, so the program reports only 117 visits. The prior year reporting period had 1,079 visits. However, there were 570 calls received from family, friends, residents, and staff during the year which is considerably-up from previous years. Due to the acute situation in all our facilities this was often the sole means of communication that the State would allow, and the Long-Term Care Ombudsman Program took advantage of these calls to continue efforts investigating issues of concern from residents or families.

One delegate and one alternate member represent each member community of the Council. The Council members establish policy, develop the work program, and employ and oversee the activities of the professional staff. The Council meets on the last Wednesday of each month at 7:00 PM in the OCPC offices located at 70 School Street, Brockton, MA. Our website is www.ocpcrpa.org. In 2020, the Council elected Christine Joy of Plympton as Council President; Doug Sylvestre of Stoughton as Council Treasurer; and Sandra Wright of Bridgewater as Council Secretary. Mary Waldron serves as Executive Director of the Council and also serves on the Nuclear Decommissioning Citizens Advisory Panel and the Plymouth County Development Corporation. OCPC is a member of the Plymouth Area Chamber of Commerce.

The Council gratefully acknowledges the generous support and cooperation of its member communities and the participation and involvement of the many individuals who participate as members of committees. Special thanks to the Joint Transportation Committee (JTC) Chair Noreen O'Toole; Comprehensive Economic Development Strategy Committee (CEDS) Chairs Maryellen Brett and, John Murray, the Area Agency on Aging Advisory Committee Chair Josephine Schofield for their commitment, dedication, and leadership during the past year. The Council also recognizes the work of local boards and commissions and the government agencies, public and private institutions and individuals who assisted the Council in its efforts.

CONSERVATION COMMISSION

The mission of the Conservation Commission is to protect wetlands and resources in the Town of Plymouth through acquisition, management, education, and regulation; to act as a liaison between the public and other governmental agencies in protecting our natural resources, and to become an educational resource for the public and Town agencies both through a library of literature and through the collective knowledge of the Conservation Commission staff and members.

A healthy natural environment improves quality of life, property values, and tourism. The citizens of Plymouth have a right to air, land, and water free of poisons and safe for passive and active recreation. But people also have a right to improve their property, sometimes resulting in jobs and a stronger tax base for the Town. A rich, healthy web of wildlife can withstand the rigors imposed upon it by the rapid pace of development now underway in Plymouth. The laws protecting the environment and the rights of the developer are complex, and the knowledge of what makes a healthy environment is equally complex. The Conservation Commission is set up to administer the Wetlands Protection Act and other local, state, and Federal laws to ensure that development protects and enhances Plymouth's natural environment, rather than destroying it.

The Plymouth Conservation Commission (The Commission) consists of seven volunteer members appointed by the Board of Selectmen and assisted by our full-time Conservation Planner, Richard J. Vacca, JD and Administrative Assistant, Michele Sampson.

The Commission is charged with several duties including the protection of inland and coastal natural resources, and the acquisition of land for management. Benefits provided to the town, afford protection of our clean water supplies, protection from storm damage, flood damage control, the promotion of wildlife diversity, and recreational opportunities. It must also follow its mandate under the Town of Plymouth Wetlands Protection By-law, and the Massachusetts General Laws, Chapter 131 s40 *et seq.* The Commission holds public hearings on Tuesday nights, as scheduled.

The Massachusetts Wetlands Protection Act and the Plymouth Wetland Protection By-law protect the functions, characteristics and biodiversity of wetland resource areas by regulating a 100-foot-wide buffer zone around these sensitive areas, a 200-foot River Front Zone and a 200 foot buffer around vernal pools. The Plymouth Conservation Commission wants homeowners to enjoy their property and can provide guidance and counsel for creating an attractive natural setting for a human home in an environmentally responsible manner.

Pursuant to its mandate, the Commission acted on 60 Notices of Intent applications (permit requests for activity within areas subject to Commission jurisdiction) and 29 Requests for Determination of Applicability applications (to determine whether a proposed activity is likely to impact a resource area). Other opinions and decisions were made as requested. Occasionally enforcement orders were issued and fines were levied and collected.

In 2020, the Conservation Commission accepted three (3) land acquisitions under its Care and Custody.

At the Spring Annual Town Meeting held on August 10, 2020, under Article 24, Town Meeting voted to acquire and place under the Care and Custody of the Conservation Commission a parcel of land totaling 8.45 acres located off Peter Road. The site is shown on the Assessor's Map as 108-000-010-020, for the purpose of providing open space.

At the Fall Annual Town Meeting held on October 17, 2020, under Article 9B, Town Meeting voted to acquire under Care and Custody of the Conservation Commission 34 acres located off Tall Pines Road. The site is shown on the Assessor's Map as 081-000-003-000, for the purpose of providing protected open space.

Also, at the Fall Annual Town Meeting held on October 17, 2020, under Article 9C of the Community Preservation Committee, Town Meeting voted to acquire and place under the Care and Custody of the Conservation Commission a parcel of land totaling 0.45 acres located 0,120 and 125 sandwich Street, abutting Stephen's Field. The site is shown on Assessor's Map as Map 23, Lots 14,15,16A, 16D and 17A, f for the purpose of providing open space.

The Conservation Commission wishes to thank all the individuals who helped with the acquisition of these properties.

OFFICE OF COMMUNITY DEVELOPMENT

The function of the Office of Community Development (OCD) is to apply for and oversee the expenditure of Community Development Block Grant (CDBG) Funds and provide and implement activities

that benefit low- and moderate-income residents including housing and economic development services. The mission of the OCD is to provide education, leadership, policies and programs to expand and preserve safe and affordable housing opportunities primarily to benefit low- and moderate-income residents of the Town of Plymouth by providing decent affordable housing, economic opportunities and a suitable living environment.

During the past year, the Office of Community Development completed **17** projects. Of those projects **3** Rehab, **7** Title V, and **7** Down Payment Assistance. Funding of these projects resulted in the creation of work throughout the year for numerous local contractors and tradesman (carpenters, plumbers, electricians, roofers, painters, and engineers) and increased business for suppliers of various construction supplies. The Town of Plymouth Office of Community Development project numbers are lower than previous years because of COVID, however we did receive a special allocation of Community Development Block Grant Funds to be used to prevent, prepare for, and respond to the coronavirus (COVID-19). This allocation was authroized by the Coronavirus Aid, Relief and Economic Securities Act (CARES Act), Public Law 116-136.

This special allocation of funds, targeting small businesses located in Plymouth that were negatively affected by the pandemic. To date there have been **21** businesses that have received funds.

COMMUNITY DEVELOPMENT BLOCK GRANT AFFORDABLE HOUSING

Housing Rehab Program is the mainstay for the Office of Community Development. This program provides relief to low- and moderate-income homeowners who cannot afford to maintain their homes in a code compliant manner and/or are faced with an emergency such as a septic or heating system failure or Lead Hazards.

The Office of Community and Development received 3 applications for loans of which all were approved. Approximately 649 homes have been brought up to code since 1987 using Housing Rehab funds.

Overall, more than 20,021 low and moderate-income residents have benefited directly from this program.

Down Payment Assistance Program for low to moderate first-time homebuyers purchasing in Plymouth. These funds are loans that are deferred at 0% which allows buyers who are ready to purchase but need assistance with closing costs and/or down payment. We also added rental assistance grants for deed restricted rental properties. We have approved **7** Down Payment Assistance applications this year.

Acquisition and Rehabilitation was just added to the Action Plan last year and in 2020 we did not complete any acquisition and rehabilitation projects.

Public Services and Public Facilities (Accessibility) is also covered under the CDBG funding helps to improve the quality of life for low- and moderate-income persons through support for vital social services providers and facilities; and Enhance the quality of life through the provision of better public facilities and infrastructure improvements like ADA compliance.

MICROENTERPRISE SMALL BUSINESS LOAN PROGRAM

During the past ten years, the Office of Community Development has made 30 loans with loans ranging from 10K to 50K depending on the business plan and need. Two-thirds of the loans have been made to start-ups and the remainder to existing businesses. During this ten-year period, the Program's delinquency rate has been low with only 2 non-performing loan. The concept of micro-credit for micro-enterprises is an effective community and economic development tool. To date, 84 local jobs have been created/retained through the Microenterprise Loan Program.

The Town of Plymouth Microenterprise Assistance Loan Program is funded by The Community Development Block Grant. All business sectors – including industry, retail, services, agriculture and tourism are eligible for the program. All start-up businesses and existing businesses must be in Plymouth. Encouraging the development of

local businesses by providing micro loans which results in the creation of jobs.
Most importantly these funds create and maintain existing jobs for low to moderate income individuals. A positive and supportive business environment is an important catalyst for economic growth in the community.

TITLE V SEPTIC LOAN PROGRAM

This program gives access to funds to homeowners with higher incomes and no credit requirements so that Septic systems can be repaired/replaced. It is a loan that is paid back through the tax bill. The Office of Community Development administers this program for the Town of Plymouth. This Title V program provides an affordable funding source for this critical community issue. Applications are available in the Office of Community Development.

The Office of Community Development will continue to provide the community with its current services and programs while seeking new ways to expand and provide additional programs for the benefit of low- and moderate-income residents of Plymouth.

PLYMOUTH REDEVELOPMENT AUTHORITY

MISSION STATEMENT

Since its establishment in 1959, the Plymouth Redevelopment Authority has continuously worked with the citizens and governing body of the Town for the betterment of the individual living environments of its residents, and on the quality of life for the community as a whole.

It is therefore the intent of the Plymouth Redevelopment Authority to continue to be a people-orientated agency in which:

Residential rehabilitation programs ensure Plymouth residents live in decent, safe and sanitary housing;

Underutilized and/or decadent commercial properties are redeveloped and rehabilitated to eliminate blight, and make them an asset in the community;

The organization is positioned as an agency ready and able to undertake special projects as they arise in support of the advancement of commerce, community sustainability and economic prosperity.

ANNUAL REPORT

Programs: During the Fiscal Year 2020, the Plymouth Redevelopment Authority (PRA) continued to follow its Mission Statement of helping to provide decent, safe, and sanitary housing for the citizens of Plymouth.

Counseling Programs and Classes: The PRA continued providing First Time Home Buyer (FTHB) classes. Participants completed either an online or live-virtual class via Zoom, followed by counseling, in order to take appropriate social distancing precautions and limit the spread of Covid-19. In 2020, the program provided pre-purchase tele-counseling by a HUD certified housing counselor and/or group education for nearly 150 individuals. Many participants received a certificate of completion credential, which is required for individuals to qualify for low interest mortgages such as MassHousing programs, the MHP ONE (Massachusetts Housing Partnership) program and various other institutional loan programs. The PRA responded daily to general inquiries for households seeking Covid-19 related resources and emergency rental assistance. PRA will maintain staff development and training to relay timely and accurate Covid-19 housing relief updates and resources. PRA anticipates restoring other programs through staff development that may include counseling services on tenant counseling, delinquency, and foreclosure avoidance.

Affirmative Fair Housing: The PRA continued to provide Affordable Housing Lottery Services to developers to ensure affordable homeownership and rental units in the Town of Plymouth follow affirmative standards and in effect be included in Plymouth's affordable housing inventory maintained by the Commonwealth. In

2020, the PRA marketed several Plymouth based developments and thirty new affordable units for occupancy. These lotteries included purchased homes, but the majority of units consisted of newly constructed rental units.

General PRA Administration: During 2020, the PRA staff responded to hundreds of inquiries regarding programs and projects administered by this office. The PRA has supplemented its website (plymouthredevelopment.org) to include recommended resources for residents impacted by Covid-19 and need immediate housing assistance. The website effectively conveys the programs / services provided by the organization, access to applications for affordable housing opportunities , as well as online registration for educational classes and counseling.

The PRA continued to operate with a part-time Office Manager/Program Coordinator to provide general administrative services for the organization. The PRA and Office of Community Development (OCD) frequently worked in alignment to identify households eligible for the down payment assistance programs and services.

The Program Director, Leanne Fay oversaw the daily management of the various programs and services associated with the authority. This role included managing the PRA office and staff, maintained HUD certified housing counseling agency requirements, facilitated home ownership counseling and educational services to residents of Plymouth, and administered the Housing Preservation Grant Program. This role administered the various Affordable Fair Housing Marketing and Lottery opportunities.

The Authority accepted the resignation of Robert Wollner in the spring of 2020. Scott Vecchi was elected to the vacant seat on June 20, 2020. Stephen Michael Palmer was selected by the Authority to serve as Interim-Chair. The Authority held its Annual Meeting and election of officers in December of 2020. The results of the election were as follows:

CHAIRMAN: Stephen Michael Palmer
VICE CHAIRMAN: Steve Grattan (State Appointee)
SECRETARY: Paul Curtis
TREASURER: Anita Rocheteau
MEMBER AT LARGE: Scott Vecchi

ZONING BOARD OF APPEALS

The Plymouth Zoning Board of Appeals (ZBA) consists of seven Plymouth residents who volunteer their time and expertise and meet at least twice a month. During 2020 the Board met 23 times. The five regular members are appointed by the Board of Selectmen for 3-year overlapping terms, the two alternate members are appointed on an annual basis. The ZBA considers petitions filed under the Plymouth Zoning By-Laws and the Massachusetts General Laws Chapter 40A and 40B of the Zoning Act as well as appeals of determinations made by the Director of Inspectional Services. The By-Law and Massachusetts General Laws along with the facts presented by the petitioner are considered in rendering the decisions.

The ZBA is a permit granting authority that takes into consideration recommendations by various boards, committees, and departments before rendering a decision to grant or deny a petition.

In 2020 the Board received 34 filings requesting Variances and/or Special Permits for both major and minor projects.

Some of the notable filings in 2020 were:

A Comprehensive Permit application was filed to create 320 residential rental units at Colony Place.

A Special Permit was granted to waive building height and parking requirements to construct a warehouse and distribution building on Prestige Way.

A Special Permit was granted to convert over 10,000 sf of existing retail space to a medical office at the former Ethan Allen building on Home Depot Dr.

A Special Permit was granted to waive parking requirements for a self-storage facility on Natalie Way.

An appeal of the Building Commissioner's decision to grant a zoning permit for operation of a event space at 8 Carver Street was denied.

An appeal of the Building Commissioner's decision to grant a building permit for a residential building at Saquish Beach was denied.

PLYMOUTH HISTORIC DISTRICT

The Plymouth Historic District was established by Town Meeting in 1974, expanded in 1977 and again in 1990. The district is comprised of 286 properties. The mission of the Commission is to preserve, protect, and document Plymouth's architectural heritage. Legislated protection is provided for historic buildings located in the Plymouth Historic District in the downtown-harbor area. The Historic District is a local and national treasure of our country's architecture with a variety of excellent examples spanning four centuries.

COMMISSIONERS

Commissioners are Michael Tubin, Chair; Julie Burrey, Vice-Chair; Thomas Begley, Secretary; Thomas McNeil; Donna Fernandes; Scott Vecchi; Jim Baker; Daniel Casieri; and James Grillo.

CERTIFICATES

The Historic District Commission ("HDC") meets on the first and third Wednesday of each month in Town Hall. In 2020 the Commission received 52 requests for Certificates.

DEMOLITION DELAY PERMITS

In 2020 the Commission received 10 requests for Demolition.

2020 NOTABLE FILINGS

The HDC has received the approval of the Mayflower II being listed into the National Registry of Historic Places.

The HDC received a filing for new construction of apartments at 5-7 Water St.

The HDC has granted several Certificate of Appropriateness for signage for units at the new building at 150 Water St.

MANOMET VILLAGE STEERING COMMITTEE

Established in 1991 by Town Meeting, the Manomet Village Steering Committee (MVSC) continues to advocate for village interest and support the goals and objectives of the Manomet Village Master Plan. During the year 2020 a committee member Andrea Willett resigned and leaves an open seat to be filled. Reorganization of officers elected were Alice Baker as Chairman, Harry Helm as Vice Chair, Jeanette Kelly as Clerk, other members Ed Alusow, Denise MacFarlane, and Nancy Kenyon.

Meetings were held by virtual Zoom due to the Covid-19 pandemic. Generally, MVSC meets the last Thursday of each month. Any variations are posted.

Meeting discussions included the Climate and Health Vulnerability Assessment Plan presentation by Darci Scofield and Taylor Ave reconstruction updates from DPW Director, Jonathan Beder.

MVSC would like to thank and acknowledge the Plymouth Police Dept. and Fire Dept. for their assistance during the 2020 July 3rd weekend.

MVSC presented to the Select Board a project to install bicycle racks at 54 Taylor Ave. (lot). This was approved by the Select Board and DPW Director Jonathan Beder had them installed.

Regarding the MVSC's previous request to pave Manomet Point Rd., updates from DPW Director, Jonathan Beder, new pavement has been completed.

Discussions are ongoing regarding the original plan for a permanent bathhouse at 54 Taylor Ave. Community Preservation Committee (CPC) Chairman, Bill Keohan, participated at a meeting regarding what steps are necessary regarding the bathhouse and the MVSC will continue to move forward with plans and work with Mr. Keohan on the project.

MVSC has also hosted meetings regarding several other concerns, such as streets that need paving and Bartlett Pond/Brook and overflows water testing.

The MVSC continues to meet on a regular basis as well as upon request and encourages public attendance and participation.

NORTH PLYMOUTH STEERING COMMITTEE

2020 has been an unusual Situation for everyone . The North Plymouth Steering Committee has met a few times through Zoom as necessary which reflects less activity in North Plymouth.

However, the new North Plymouth Fire Station is now occupied and functioning, hopefully with an open house to follow the ending of the Covid-19 restrictions.

Phase 1 of Harborwalk residential apartments is now above 95% occupancy, Phase 2 to the west of Phase 1 should begin construction this Spring or Summer.

The Amazon Distribution Center on Prestige Way on the Plymouth/Kingston line is also nearing completion.

PLYMOUTH CENTER STEERING COMMITTEE

The Plymouth Center Steering Committee (PCSC) is a seven-member volunteer committee: six members are appointed by the Planning Board and one is appointed by the Select Board with all serving three-year staggered terms. The PCSC acts as an advisory to the Planning Board and hears petitions from applicants with proposals within the jurisdiction of the committee's boundaries. A map illustrating the boundaries covered by this Committee is shown below.

The PCSC usually meets the first Wednesday of the month at 7:00 p.m., in a meeting room at Town Hall, however, this calendar year, 2020, was an exception, meetings did not occur every month, and when they did occur, they were held through Zoom. All meetings are open to the public. There is a Master Plan which was updated by the Plymouth Center Steering Committee in 2019: it is on file with the Planning Board and available to the public.

The Visitor Services Board (VSB) serves as an advisory board to the Town Manager and Board of Selectmen. The seven-member board is charged with the management of the Town Promotions (tourism) Fund which is funded wholly by a percentage of Plymouth's Room Occupancy Tax. The Visitor Services Board awards funds and grants for promotional and marketing materials, information delivery, events, activities, and Public Improvements to maximize the quality of Plymouth's tourism industry for the benefit of residents and visitors alike.

The Visitor Services Board receives administrative support through the Department of Planning and Development and the Office of Economic Development.

In 2020, as we all prepared to celebrate Plymouth's 400th Anniversary with a number of specific events along with the variety of annual events from many Plymouth organizations, the nation was hit with COVID-19. As a result, we learned a whole new vocabulary including Social Distancing, Face Masks, Quarantine, Self-isolation, Curfews, Travel Restrictions, Layoffs, Furloughs, Closings – GLOBAL PANDEMIC. None of these are positive indicators toward support of a strong tourism season.

By March 2020, the virus was declared a Global Pandemic with restrictions on gatherings throughout the Commonwealth being expanded in earnest, thus resulting in the cancellation of most programs and more than half of 23 scheduled events from FY20. The start of FY21, July 1, 2020 continued with cancellations, including our July 4th celebrations, the popular Project Arts Summer Concert Series, right up to and including our Thanksgiving celebrations.

The many individuals and organizations associated with Plymouth's tourism industry came together to find creative ways to make the best of a very difficult situation. Enter ZOOM meetings, and "virtual events" to keep the business of Plymouth's tourism industry and promotion of our town moving forward. Keeping "social distancing" / "masks required" added to event plans, we did experience a community coming together. Restaurants set up tables outside on sidewalks, as downtown Main Street became one way with barriers marking the route. The Chamber of Commerce initiated a "beautification plan" to disguise these jersey barriers; the summer Waterfront Festival became a modified "Pop-up" event in September including a Vintage Car Cruise Night and an Artisan Market at Nelson Park; these events re-imagined, were supported by the Town of Plymouth's Promotions Fund. The Plymouth Philharmonic's popular Holiday Concert was enjoyed as a virtual program. The Plymouth 400th rescheduled several events into 2021, while they too created some "virtual" events to keep the celebration going.

In 2020 the Visitor Services Board continued to work cooperatively with town departments, the local business community and event organizers to sustain, improve and promote Plymouth as a tourist destination. The Visitor Services Board works closely with the Select Board, the Chamber of Commerce, Office of Economic Development, Destination Plymouth, and the Plymouth County Convention and Visitors Board.

The Visitor Services Board, through the Town Promotions Fund Grant Program, helped to finance a wide range of events in 2020. The support of these events, through the Grant Program, include matching fund requirements on the part of the organizer and are an integral part of enhancing Plymouth as a destination to encourage overnight stays; thus, increasing the Town Promotions Fund through the local room occupancy tax collected*. These variety of events usually run throughout the year and some include multiple days.

The Board continues its relationship with Destination Plymouth, (www.seeplymouth.com) who holds a three-year Town Promotion contract. The contract is for promoting the Town of Plymouth as a tourist destination through a variety of advertising campaigns; including a website and distribution of promotional materials (Cape Cod Guide Magazine, Fall Television WCVB, and International Trade Shows.) The town's contribution, through the Town Promotion Fund, represents just 20% of Destination Plymouth's total annual budget. (Destination Plymouth provides the remainder of its annual budget through memberships and other matching funding sources including State and Federal dollars to maximize Plymouth's promotional options.)

Destination Plymouth also maintains the Visitor Information Center located at 130 Water Street, where tourists receive a personal welcome and can obtain brochures and maps as well as purchase tickets for Plymouth's museums, water and land tours and other attractions. The Visitor Center also includes public restroom facilities in the building, available during operating hours. Visitors can also directly access lodging availability through dedicated phone lines to each property. Through the Visitor Center and administrative office, Destination Plymouth staff tracks the number of inquiries as well as the number of "hits" to the website, and guest visits; providing valuable statistical and comparative information to determine target markets for promotional initiatives.

Through the Visitor Services Board, the Town of Plymouth's Promotions Fund continues to augment Plymouth's public improvements by working with the Director of Public Works and the Director of Parks and Forestry in the furtherance of the Town's goals, including, but not limited to holiday decorations, lighting, art installations, and miscellaneous public improvement projects. The Visitor Services Board, at the request of the Select Board, contributes matching funds to the Distinguished Visitor Committee and has a representative on the committee.

The Visitor Services Board is committed to continue the advisory work regarding the Town of Plymouth's Promotions Fund; exercising every opportunity to encourage and support matching funds, and organizations' collaborations to the further the mission of promoting Plymouth.

NOTE:

**Fiscal Year Promotions Fund budget is based on 45% of TOTAL 6% local occupancy tax collected from prior calendar year.*

WEST PLYMOUTH STEERING COMMITTEE

The Planning Board appoints the West Plymouth Steering Committee (WPSC). The Committee's mission is to review all special permit projects proposed by developers for West Plymouth and then make recommendations to the Planning Board. The WPSC is charged with executing periodic updates of their Master Plan and, on an on-going basis, promoting the implementation of their Master Plan.

In 2020, the West Plymouth Steering Committee reviewed each of the projects listed below and forwarded recommendations to the Planning Board for consideration by the Zoning Board: It is noteworthy to mention that two of the three were for site reuse:

WPSC Projects Reviewed 2020

Project Eagle, Amazon Warehouse at Prestige Way- The project covers approximately 42 acres (25 acres in Plymouth) with 75% of the proposed 145,000 sf building to be located in Kingston and 25% in Plymouth. While this project is ideally located for a warehouse distribution facility, there will be significant impacts on traffic and local/state roadway support systems as well as on Plymouth town services.

Burger King Repurposing- The Burger King/convenience store/service station at 140 Samoset Street is considering a reuse to a Convenient MD Urgent Care facility with an adjacent drive thru coffee shop. The proposal would require a Special Permit for several variances including sign dimensions and area requirements. On 10/22/19, the WPSC notified the PB of their conceptual agreement with the proposed sign and general concept of an urgent care facility in this part of town along Samoset Street. Final review of the project with the WPSC was in May when the project received unanimous approval. **Shaw's Partial Reuse** – The project involves a partial reuse of the building with a self-storage facility at 20 Pilgrim Hill Road (the old Shaw's Supermarket building) which would require a Special Permit. The proposed storage facility would use 30,000 sf of the existing 60,000 sf building, reserving the other 30,000 sf for future retail use. Installation of a second floor is proposed with an elevator. No extensive grading or vegetation loss is proposed. No change to the 800 parking spaces nor the market footprint is proposed. Part time staff will consist of a manager and a half time maintenance person.

WPSC SPECIAL PROJECTS

Welcome to West Plymouth Village (WPV) Signs – As part of the "Branding" Project for WPV, the WPSC has secured Town approval to install seven "Welcome to West Plymouth" signs at the major roadways entering West Plymouth Village.

The signs will promote WPV's identity, tourism and encourage annotating the Village's attributes. The Department of Public Works has committed to building and installing the signs and the WPSC is currently seeking funding to cover the cost of the materials.

Route 80 Sidewalk Project – The WPSC has been very concerned about safety issues for pedestrians along Route 80. With increased traffic due to heavy residential and commercial development, as well as a grammar school located here, safety becomes a more critical issue. The WPSC worked with the Town on this issue.

As a result, the Dept. of Public Work's Engineering Capital Request in the amount of $1.5M was considered by the 2020 Annual Town Meeting to construct sidewalks along Plympton Road (Route 80) from the Town Line to Carver Road. Due to the heavy financial impact that COVID has caused the Town, the article was unsuccessful. The WPSC plans to reactivate the project at a better time.

3. MAPC – Global Warming Project - The WPSC hosted a meeting with Metropolitan Area Planning Council (MAPC) as a focus group, to

discuss the Municipal Vulnerability Preparedness (MVP) grant program which provides support for cities and towns in MA to begin the process of planning for climate change resiliency and implementing priority projects. The state awards communities with funding to complete vulnerability assessments and to develop action-oriented resiliency plans. Communities who complete the MVP program become certified as an MVP community and are eligible for MVP action grant funding and other opportunities.

POLICE DEPARTMENT

The Mission of the Plymouth Police Department is to provide for the safety of the public, the protection of life and property, to serve with integrity, to provide a well-trained professional department to the public, to treat all members of the public and all employees with respect, and to strive to ensure that the Plymouth Police Department is the finest law enforcement agency in the Commonwealth.

Message from Chief Michael E. Botieri

The Department remains staffed at 128 sworn personnel after receiving support over the past several years from the Town Manager, Board of Selectmen, Administration & Finance Committee and ultimately the Town Meeting Representatives. The department had been coordinating with County, State and Federal Agencies to prepare for the scheduled events of 2020. All officers were issued and wore 2020 Commemorative Badges through the calendar year to support the 400th anniversary celebration. Unfortunately, all events were cancelled due to the COVID 19 Pandemic.

The Police Department continues to support the Plymouth County Outreach (PCO) Initiative which encompasses a total of twenty-eight (28) police agencies providing real-time follow up for subjects suffering from Substance Use Disorder (SUD's) who overdose within Plymouth County. The department stands ready to assist these individuals with a connection to care. Plymouth County Outreach was designated as a Mentor Site by the Department of Justice (DOJ) and awarded a 3 year DOJ Grant for 1.2 million dollars to continue it's initiative.

Community Policing

The Plymouth Police Department is committed to community policing, a concept that emphasizes the partnership between the police and the community. The needs of the community as defined by its' residents drive the priorities of the Department enforcement efforts. Specific examples of our community policing practices currently in place are:

- Walking beats and bicycle patrols in the downtown and waterfront areas

- "Park and walk" patrols in specific neighborhoods
- Sponsoring the annual "Police Family Fun Day" at the Public Library each spring
- Citizen's Police Academy
- Neighborhood Watch programs
- Coffee with a Cop
- High Five Fridays
- Shop with a Cop
- Stuff a Cruiser Food Drive
- Stuff a Cruiser Toy Drive

This year the COVID 19 Pandemic put a damper on many family events and gatherings. The Police Department, in conjunction with the Plymouth Fire Department, participated in numerous birthday parades for *kids* of all ages. And on Easter Sunday we transported the Easter Bunny throughout the Town to welcome Spring and brighter days to come.

Easter Bunny on Taylor Avenue

For information about the department, locate links and information for other public service agencies and providers, learn valuable safety tips, and get updates on local events, traffic issues and road closures please visit our website at https://plymouthpolice.com.

Firearms Licensing

In 2020, despite the COVID 19 Pandemic, the Plymouth Police Department processed 1720 firearms license applications, generating a fee total of $116,262 of which $38,862 was reinvested in the Town.

Historical Firearms Licensing Data:

Year	Licenses Processed
2019	1435
2018	1153
2017	982
2016	1062
2015	660

2020 Grant Activity

The Plymouth Police Department is committed to finding new revenue sources through awarded grants to support our agency's efforts without causing additional financial burden to the citizens. This past year the Plymouth Police Department was awarded the following grants:

-911 Support Incentive Grant $214,538.00
-911 Training Grant $16,163.00
-JAG Grant $11,593.00
-2020 Narcan/Naloxone Grant $2,760.00

2020 TOTAL TAXPAYER SAVINGS - $245,054.00

Homeland Security

The Plymouth Police Department continues to collaborate with other local police departments, Massachusetts Environmental Police, Massachusetts State Police, United States Attorney's Office, Plymouth District Attorney's Office, FBI, and the U.S. Coast Guard. We continue to work with HOLTEC International, owners of the Pilgrim Nuclear Power Station, to assist in our efforts to keep the Town of Plymouth safe.

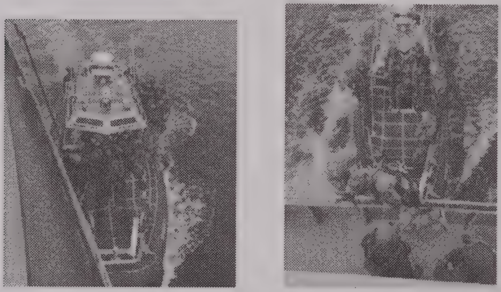
K-9 Unit

The Plymouth Police Department continues to maintain a respected and valued K-9 Unit that provides support to both the Patrol and Narcotics Divisions.

Marine Unit

The Department's Marine Unit patrols Plymouth Harbor, Plymouth Bay, and the coastline of our community to ensure the safety of boaters, fisherman, and beachgoers. The unit continues to participate in joint regional exercises and training events including METRLEC's Maritime Special Response training.

Marine 1 Escorts Mayflower II Home



MetroLEC Maritime Boarding Training 2020

Metropolitan Law Enforcement Council (MetroLEC)

The Department supports and participates in the regional Metropolitan Law Enforcement Council. METROLEC is a consortium of local police departments that pool personnel and resources which provides participating agencies access to the following specially units:

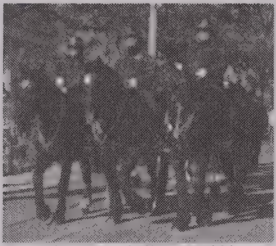
- Canine Unit (K9)
- Computer Crime Unit (CCU)
- Crisis Negotiation Team (CNT)
- Maritime Special Response Unit (MSRU)
- Mobile Operations Motorcycle Unit (MOP)
- Regional Response Team (RRT)
- Special Weapons & Tactics (SWAT)
- Tactical Mountain Bike Unit (TMBU)

Mountain Bike Unit

The Mountain Bike Unit patrols the downtown business district and waterfront areas, public parks, and other locations not accessible to conventional police cruisers. They assist greatly in our Community Policing partnerships with residents, business owners, and the tens of thousands of tourists that visit "America's Hometown" every year. The Plymouth Police Mountain Bikes are often seen at parades and special events.

Mounted Unit

Our Mounted Unit continues to patrol those areas not easily accessible by typical police vehicles and provides support to special events and our community policing activities. Unfortunately, our mount Bill succumbed to a short battle with an aggressive form of stomach cancer on November 17, 2020. He was a 17-year-old Percheron Draft cross obtained from Gerdas's Equine Rescue in Townshend VT. He stood about 17.2 hands high and weighed approximately 1800 pounds. He will be dearly missed by all of his Mounted Unit partners.



Tobias (aka Tobi), Will, and Bill

Officer Lapollo & Tobi

No Shave November

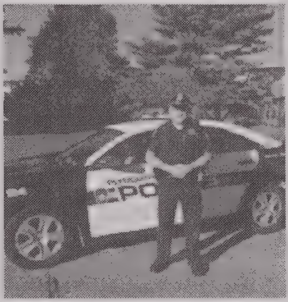
We again participated in "No Shave November". No Shave November is an annual event wherein razors, scissors, and clippers are put aside, and money typically spent on shaving is donated to charitable groups. This year we raised $9,950.00 for veteran support programs through the Home Base Program. For more information on the services they provide, or if you would like to donate please visit https://homebase.org/

2019 No Shave November Participants

School Resource Officers (SROs)

The Plymouth Police Department, in collaboration with the Plymouth School Department has assigned four officers to police our schools. The SRO program is designed to provide mentoring and a positive role model to students and to offer school administrators and staff with a liaison for law enforcement resources and expertise in order to maintain a safe school environment.

Officer Lopes – PSHS



Officer Keegan – PCIS

Officer Ireland – PNHS

Officer Eliason - PSMS

Senior Citizen Services

The Plymouth Police Department and the Plymouth County Sheriff's Department continues to partner in offering senior residents of our community the opportunity to participate in the *"Are You OK?"* program. *"Are You OK?"* is a computerized telephone calling system that calls seniors at home to check on their well-being. In coordination with Plymouth's Center for Active Living many seniors now participate in this program.

The Department is also actively participating in programs to help find those members of our community who are prone to wandering by utilizing a private Lo-Jack tracking system, and one sponsored by the Plymouth County Sheriff's Department. Both can be utilized to find a missing family member if they should wander away.

Due to COVID 19 restrictions we had to cancel our monthly coffee events at Plymouth's Center for Active Living. We hope we will soon be able to restart this program as it allows for officers to interact and share information in an informal setting with the senior members of our community.

Traffic Education and Enforcement

In addition to our Motorcycle &Traffic Enforcement Unit, we deploy four traffic radar trailers as educational tools. By increasing efforts in both education and enforcement, we endeavor to keep our roads safe despite our continued rapidly increasing growth and traffic.

For the calendar year of 2020 we issued a total of 5,657 traffic citations generating a fine amount of $71,290. There were 1109 reported motor vehicle accidents in Plymouth this past year with 267 of them involving injuries and 0 involving fatalities.

The Department participates in federal and state sponsored traffic enforcement initiatives that finance periods of additional activity that specifically target:

-Impaired Operation
-Pedestrian Safety
-School Bus Red Light Adherence
-Seat Belt Usage
-Speeding, Road Rage, and Texting While Driving

DEPARTMENT OF PUBLIC WORKS

ADMINISTRATION

Jonathan L. Beder-Director
Dennis Wood-Assistant Director
Jodie Volta-Office Manager

We are pleased to present our Annual report of the Department of Public Works to the 2021 Annual Spring Town Meeting. The Department of Public Works continues to make significant progress in providing effective and efficient core services to the residents of Plymouth. In this report, you will read about the maintenance, operations, and capital projects that the Department has accomplished during the 2020 calendar year. These achievements are made possible by the men and women of the DPW along with the commitment of your legislative bodies.

Mission

The Plymouth Department of Public Works enhances the quality of life and provides uninterrupted effective and efficient municipal services to the residents of Plymouth. Our eleven Divisions include Water, Sewer, Highway, Facility Maintenance, Fleet Maintenance, Administration, Solid Waste, Cemeteries, Crematory, Parks & Forestry, and Engineering. Combined, these Divisions work together as your public works in order to meet the many needs of the community, improve our infrastructure, and advance town projects.

Your municipal infrastructure is an extremely important asset and must be properly cared for. The services provided by the DPW are instrumental to daily life and necessary to sustain Plymouth's future. We take tremendous pride in the day-to-day management, maintenance, and planning of our infrastructure so together we can provide uninterrupted sustainable services.

Your DPW faced many challenges and witnessed significant change throughout all of 2020. The winter season was very mild and not much fell in terms of annual snow. This allowed our crews to catchup on many of our construction projects and maintenance needs in all

Divisions of the DPW. In March, the DPW and Town Administration out of an abundance of caution developed schedules and work priorities to keep all employees as safe as possible with the many changes and challenges brought on by COVID-19. Employees were working from home, administration developed an A/B rotation, and each employee was issued a separate vehicle if working in the field.

There were a variety of new protocols and procedures that needed to be followed to keep employees safe and operate all our municipal buildings. Everyone did a fantastic job! Employees utilized personal protective equipment (PPE), followed many changes in terms of protocols, and kept the workplace safe. Your DPW did an incredible job of keeping up with a variety of uninterrupted services during very difficult times-I cannot thank them enough.

We worked very closely with the Chamber of Commerce, Managers office, and Select Board to develop the one way downtown. This area was along Main and Court Street from Samoset Street to Leyden Street. This collective effort was put forth to help the local businesses by allowing outside dining. The DPW was successful in obtaining a $300k grant from the MassDOT to purchase the barriers, 2 message boards, and modify sidewalks in the downtown.

The DPW also incurred significant change with the retirement of our Town Engineer Sid Kashi and Wastewater Manager Gary Frizzell. Gary worked for the Town since 1990, retiring with 42 years of service to Plymouth. Sid worked as Town Engineer since 2000, retiring with 20 years of service to Plymouth. They were both dedicated and loved working for the town. All of us looked to them for guidance and support as they had tremendous institutional knowledge and were always willing to lend a hand to anyone that asked. We wish them and their families the best of luck.

Filling the Town Engineers position was critical for the DPW. Fortunately, Ms. Sheila Sgarzi P.E. was interested in the position and stepped up to fill this role. Sheila was previously the DPW Water & Sewer Engineer for 15 years and we are ecstatic to see her take on this challenging role. In September of 2020, the DPW transitioned the Maintenance & Operation contract of the Sewer Collection system to

Woodard & Curran. This is a five-year base contract, and we look forward to working with them to improve on operations and service to the community.

We also executed a new five-year municipal solid waste contract with Covanta (SeMass) for disposal. The contract expired in January 2020 and we are pleased with the new tipping rates. This contract is vital to best control costs and to ensure that we have a reliable disposal site. Our costs start at $85/ton in 2021 and will increase to $105 in 2025.

In July of 2020, the new Forges Field Well went online. This new source can provide one million gallons (1MGD) of water to the Bradford Pressure zone. This well was critical in terms of addressing the water deficit in the Bradford Zone. The DPW is now focused on the North Plymouth Pressure Zone as we continue to experience a deficit in that zone. The Town will continue to pursue the removal of the restriction on Darby Pond and other means to sustain water needs in this part of Plymouth. The Water Commissioners also created a Water Conservation Committee in 2020 to look at water use and make recommendations as ways to best conserve water. DPW Engineering and Water will be working closely with this Committee to ensure sustainable water use.

2020 also brought positive change to our Building Maintenance Division. Nick Hill was hired as our Facility Manager and Doug Borsari as Operations Manager. This has allowed us to focus on completing many projects and utilize the $6M currently available under Burke's Law.

ENGINEERING DIVISION

Sheila J. Sgarzi, PE – Town Engineer
Linda Callahan – Administrative Assistant
Richard Bosse, PE – Civil Engineer
James Downey, EIT – Transportation Engineer
William Sylvia, III – Civil Engineer Technician

The mission of the Engineering Division is to provide quality engineering services and technical support for the Town of

Plymouth, its residents, agents, and providers and to establish an atmosphere of courtesy, efficiency, and dedication, while maintaining a professional work environment that fosters, encourages and nurtures personal excellence, leadership and growth. The Engineering Division's role includes managing the Town's infrastructure through engineering review and design services, surveying, construction administration and oversight, maintenance of the Town's Geographic Information System (GIS) and implementation of the Town's Street Opening program. The Division strives to provide the best possible service utilizing experienced, well-trained personnel, and state-of-the-art equipment within budgetary constraints to the residents of Plymouth.

The year 2020 was poised to be a historic one as the Town of Plymouth prepared to embark on a year-long celebration of its 400th anniversary. As the winter unfolded, the worldwide COVID-19 pandemic swiftly upstaged the Town's 400th celebration and 2020 emerged as a year of unprecedented challenge for the community, the nation, and the world. The Engineering Division faced not only the challenges associated with the global COVID-19 pandemic, but also managing an increasing workload in the wake of multiple staff retirements. Despite the numerous obstacles, the Engineering Division logged a productive year and emerged from 2020 unified and recommitted to its core mission to serve the community.

The Engineering Division would like to thank the staff that retired in 2020 for their service and dedication to the Town of Plymouth:

Sid Kashi, PE, Town Engineer: 20 Years of Service
Russell Firth, PLS, Town Surveyor: 30 Years of Service
Thomas Danner, Survey/GIS Technician: 31 Years of Service

Cumulatively, these retirements amounted to 81 years of public service. Remaining staff are indebted to these colleagues for providing a solid professional foundation upon which to build as the Engineering Division forges ahead into 2021.

The following is a summary of the Engineering Division's activities in 2020:

Roadway Paving

The Engineering Division provided design guidance, survey layout, project administration and oversight associated with the paving of approximately 8.38 miles of accepted roads and 0.10 miles of unaccepted roads in Town. The 2020 Roadway Paving program involved milling, pulverizing and overlaying existing roadways and associated sidewalk and drainage improvements, as necessary. The following roads were paved in 2020:

Billington Street: Westerly Road to Watercourse Road
Carver Road: Laurinda Lane to Pinewood Road
Esta Road
Federal Furnace Road: Hallick Road to Goodwin Road
Hedge Road
Jordan Road
Lamp Lighters Lane
Manomet Avenue
Manomet Point Road
Market Street
Musket Road
North Green Street
Pleasant Street
Russell Mills Road
Sandwich Street: Summer Street to Main Street Extension
School Street
South Green Street
South Russell Street
South Street: Sandwich Street to 100 South Street
Tavern Path
Town Square
Union Street
Vine Hills Cemetery Roadways
Westerly Road: Billington Street to Chapel Hill Drive

Drainage
The Engineering Division provided existing conditions survey, design, construction inspection and project administration associated with the construction of precast catch basins, associated pipes, leaching structures, water quality swales and roadway regrading for the following drainage improvement projects:

Allerton Street Retaining Wall: The Engineering Division provided survey, design and construction oversight for the removal and replacement of a wooden retaining wall, drainage inlet and driveway regrading to address recurrent puddling in the vicinity of 99 Allerton Street.

Bartlett Road Drainage Improvements: The Engineering Division provided survey, design and construction oversight of a new drainage system to alleviate flooding issues in the vicinity of 61 Bartlett Road.

Columbia Circle Drainage Upgrades: The Engineering Division provided survey, design and construction oversight of new drainage piping and manholes to eliminate a failed asbestos cement drain line in the vicinity of 44 Columbia Circle.

Esta Road Drainage Improvements: The Engineering Division provided survey, design and construction oversight of drainage improvements and paving along the entirety of Esta Road (approximately 7,000 linear feet). Construction began in 2019 and was completed in the spring of 2020.

Federal Furnace Road @ Sheridan Drive Drainage System: The Engineering Division provided survey, engineering design and construction oversight of drainage improvements, roadway grading and final paving of approximately 800 linear feet of Federal Furnace Road at Sheridan Drive. The project began in 2019 with the installation of three drainage systems intended to improve stormwater quality at Little West Pond.

Herring Pond Road Drainage Improvements: The Engineering Division provided survey, design and construction oversight of a new drainage system, roadway grading and paving improvements intended to eliminate stormwater discharge into an existing cranberry bog in the vicinity of 85 – 89 Herring Pond Road.

Jordan Road Drainage Improvements: The Engineering Division provided survey, design and construction oversight of drainage improvements to address roadway puddling in the vicinity of 61 Jordan Road.

Long Pond Road Drainge Improvements: The Engineering Division provided survey, design and construction oversight of drainage improvements for nine stormwater treatment and infiltration systems along Long Pond Road, from Halfway Pond Road to Hedges Pond Road. Three of the nine systems were installed in 2020, construction of the remaining six systems is anticipated to resume in the spring of 2021.

Micajah Pond Road Catch Basin Upgrades: The Engineering Division provided survey, design and construction oversight of upgrades to the existing drainage system, consisting of additional catch basin inlet structures and associated piping intended to capture additional stormwater in the vicinity of 165R Micajah Pond Road.

Musket Road: The Engineering Division provided survey and design for the reclamation, regrading and paving of Musket Road to eliminate a recurrent drainage issue in the area.

Russell Mills Road Drainage Improvements: The Engineering Division provided survey, design and construction oversight of drainage improvements to address roadway puddling in the vicinity of 54 Russell Mills Road.

Stafford Street Drainage Repair: The Engineering Division provided design and construction oversight for a drainage system repair at 38 Stafford Street.

Taylor Avenue Parking Lot: The Engineering Division provided survey, design and construction layout for the regrading and repaving of the Town-owned parking lot on Taylor Avenue to eliminate a large puddle.

Vinal Avenue at Manomet Point Road: The Engineering Division provided survey, design and construction oversight of a roadway drainage system to supplement the existing wick well drain as a means to address puddling in the area.

Sidewalks

In 2020 the Engineering Division provided project administration, coordination and construction inspection for the following sidewalk replacement projects:

Downtown Sidewalk Improvements: Funded through the Shared Streets and Spaces Grant program, this work included sidewalk panel and curb ramp replacements along Brewster Street, Carver Street, Howland Street, Memorial Drive, Middle Street, North Street and Water Street. The improvements were designed to bring these sidewalks into compliance with the Americans with Disabilities Act (ADA) standards and to promote accessibility of the downtown area for all citizens.

Billington Street and Westerly Road Sidewalk Extension: The Engineering provided design, project administration and construction inspection services for the extension of 800 linear feet of sidewalks providing pedestrian connectivity from Westerly Road, along Billington Street, to the entrance of Morton Park.

Nelson Street Park and Elmer Raymond Playground Sidewalk Improvements: The Engineering Division assisted with the administration and inspection of ADA compliant sidewalk and curb ramp replacements within these two parks to promote accessibility for all citizens to these recreational areas.

Town-Wide Sidewalk Panel Replacement: The Engineering Division provided project administration and construction inspection for the replacement of sidewalk panels in association with excavations completed by the Department of Public Works.

Maritime Facility Site Work: The Engineering Division provided project administration and coordination for the replacement of sidewalk panels and miscellaneous site work at the newly constructed Maritime Facility along Town Wharf.

Water Street Sewer Pump Station: The Engineering Division provided project administration and coordination for the replacement of sidewalk panels, walkways and flagpole repairs as part of the Water Street Sewer Pump Station upgrade project.

Fire Station Concrete Pad Replacement: The Engineering Division provided project administration and coordination for the replacement of sidewalk panels and concrete pads at the Central Fire Station (114 Sandwich Street) and Manomet Fire Station (827 State Road).

Culverts & Bridges

Brook Road Bridge Replacement Project: In 2020, the Engineering Division assisted with project coordination, engineering administration and conservation permitting associated with the design of the proposed Brook Road Bridge replacement project. The Engineering Division utilized funds from a $500,000 MassDOT Small Bridge Grant to advance the design of the proposed 30’-6” wide, two-lane steel and concrete bridge. The Bridge Replacement Project failed to garner 2/3 support at the Spring Virtual Town Meeting held on August 10, 2020. The existing one lane bridge on Brook Road has a weight limit that precludes fire trucks, garbage trucks and school busses from passing over the bridge. The Engineering Division plans to bring the project before 2021 Spring Town Meeting for reconsideration.

Hedge Road Culvert Replacement: In 2020 the Engineering Division completed preliminary design for the replacement of the existing drainage culvert located at the intersection of Hedge Road and Court Street. The Engineering Division is working in conjunction with a design consultant to prepare final plans and specifications for a 60-inch diameter replacement culvert. The design is expected to be completed in the spring of 2021, with construction planned for the summer of 2021.

Market Street Bridge: In 2020, the Engineering Division provided oversight of the completion and closeout of the Market Street Bridge

Rail Painting project. The project was initiated in 2019 and final repairs and touch up work was completed in the summer of 2020.

Water

Darby Pond Well Cranberry Bog Acquisition: In 2020, the Engineering Division assisted with the planning, research, administrative support and permitting assistance associated with the acquisition of the Franklin Marsh Cranberry Bogs, located within the Zone II area of the Darby Pond Well. The property acquisition is intended to address near-term firm capacity issues in Northern Pressures Zones and provide long-term water quality improvements and water supply protection at the Darby Pond Well.

Doten Road Water Main: In 2020, the Engineering Division provided a full field survey and prepared a base plan in preparation for the in-house design of water main upgrades along Doten Road. The proposed water infrastructure improvement project will replace a problematic cast iron water main that has suffered multiple breaks over recent years with a new 8-inch ductile iron water main. The water main design is anticipated to be completed in the spring of 2021, with construction slated to begin in the summer of 2021.

Manomet Pipe Upgrades: In 2020, the Engineering Division assisted with the planning, technical research and administrative support associated with the proposed $5.1 million dollar Manomet Pipe Upgrade project. The project involves replaced approximately 3.1 miles of tuberculated cast iron water mains in eight locations throughout Manomet: Bartlett Road, Brook Road, Manomet Elementary School, Manomet Point Road, Priscilla Beach Road, Robbins Hill Road, Rocky Hill Road and the White Horse Road. The project will reduce high pressure surges, remove hydraulic constraints, improve fire flows and improve redundancy of the water distribution system in the Manomet Pressure Zone. The project was approved at 2020 Fall Town Meeting. Design is expected to be initiated in 2021 with construction anticipated in 2022.

Water Conservation Committee: The Water Conservation Committee formed in 2020 with the mission of reducing business and residential water consumption across the Town's municipal water system. The Engineering Division assisted as a staff liaison and provided and technical expertise to support of the mission of the newly formed Committee.

Water System GIS Map: In 2020, the Engineering Division continued the task of updating the Town's GIS-based water system map. The ongoing effort involves the use of GIS tracking devices, field survey data and as-built information to pinpoint and update the location of water mains, services and other appurtenances on the GIS map. Also included in the GIS mapping project is the continued effort to inventory and convert water tie cards, utility plans and as-built documents into digital format that can be accessed via the GIS map.

Miscellaneous Projects: The Engineering Division assisted the Water Division with a variety of tasks including Annual Statistical Report preparation, DEP permitting, construction inspection, and general technical support. The Engineering Division also assisted with the assessment and prioritization of upcoming water distribution system improvement projects and provided reviews and assistance for private development projects throughout Town.

Sewer

Cordage Sewer Interceptor Replacement Project: In 2020, the Engineering Division provided administrative support and technical review during the design of the Cordage Sewer Interceptor project. This infrastructure improvement project involves the replacement of approximately 1,000 linear feet of the existing 18" reinforced concrete sewer interceptor, located along the beach, adjacent to Cordage Park. The existing sewer pipeline is partially exposed on the shoreline and is subject to tidal action, storm surges and infiltration. The new 18" diameter PVC and HDPE pipeline will be rerouted along Sandri Drive, as a means to eliminate the hazards associated with the existing shorefront location. This new pipeline alignment will increase accessibility and decrease the potential for infiltration. The design was completed on the project in 2020 and construction began in the fall of 2020. Construction is expected to be completed by the spring of 2021.

Capacity, Management, Operation and Maintenance Corrective Action Plan: In 2020, work continued on the sewer collection system's Capacity, Management, Operation and Maintenance (CMOM) Corrective Action Plan. The primary purpose of the EPA-mandated CMOM Corrective Action Plan was to develop a schedule for identifying and addressing deficiencies in the sewer collection system. The focus of the Town's approved CMOM plan included a three-year schedule to inspect all sixty (60) miles of sewer mains and 1,500 sewer manholes in the Town's wastewater collection system. This initial three-year system evaluation was completed in 2017. As a result of this comprehensive sewer system assessment, the Town now has an inventory of the assets within the sewer collection system and a list of needed repairs ranked by severity. In 2020, the Town continued work on a multi-year CMOM sewer remediation project which involved pipeline and manhole lining and sealing, mainline and lateral spot repairs and other associated distribution system repairs and upgrades through the sewer collection system. The CMOM sewer lining and repair project will continue through 2021.

Water Street Pump Station Upgrades: In 2020, the Engineering Division provided administrative and technical review during the construction of the Water Street Sewer Pump Station Upgrade project. The project involved an extensive overhaul of the Water Street Sewer Pump Station, which operates as the headworks of the Town's wastewater treatment process and includes the replacement of pumps, valves, HVAC, architectural and SCADA communication components. The project was bid in the spring of 2018, construction commenced in the fall of 2018, final punch list items are anticipated to be completed in the winter of 2021.

Hedge Road Pump Station Upgrades: In 2020, the Engineering Division provided administrative support and technical support during the construction of the Hedge Road Sewer Pump Station Upgrade project. The project involves upgrades to the wet well, valve vault, generator and pumps which will add capacity and increase operational efficiency to the station. The project was bid in the fall of 2018, construction began in the spring of 2019 and was completed in the winter of 2020.

Sewer System GIS Map: In 2020, the Engineering Division continued the task of updating the Town's GIS-based sewer system map. The project involves the use of GIS tracking devices, field survey data, plans and as-built information to pinpoint and update the location of sewer mains, services and other appurtenances on the GIS map. Also included in the GIS mapping project is an ongoing effort to inventory and convert sewer tie cards, utility plans and as-built documents into digital format that can be accessed via the GIS map.

Miscellaneous Projects: The Engineering Division assisted the Sewer Division with a variety of tasks including construction inspection, mandatory sewer connections, spot repair design, closed circuit video inspection analyses, permitting and miscellaneous technical support. The Engineering Division also assisted with the assessment and prioritization of upcoming capital sewer improvement projects and provided reviews and assistance for private development projects throughout Town.

Survey

In 2020, the Engineering Division conducted multiple field surveys for in house design projects and provided survey control for numerous construction projects throughout Town. Staff assignments included the preparation of existing conditions plans, easement plans, construction layout, roadway plans and sideline staking for the projects listed herein. In addition, the Engineering Division provided survey assistance to other Departments and Divisions within the DPW. The Engineering Division provided public right of way stakeouts for multiple locations throughout Town, upon request of other Departments, Divisions of the DPW and the public.

Pavement Markings, Traffic Signals and Signs

In 2020 the Engineering Division provided technical assistance and coordination in association with scheduling and implementing the Town's annual pavement marking (line painting) program. Additional technical and engineering support was provided in association with various traffic signal improvements throughout Town. The Engineering Division also continued ongoing efforts to provide engineering review and recommendations in conjunction with the Highway Division's sign replacement and improvement program.

State Construction Projects

Taylor Avenue Roadway Reconstruction

The Taylor Avenue Roadway Reconstruction project included full reconstruction of the roadway, drainage improvements, new sidewalks, and other related improvements, including the replacement of the bridge over Bartlett Brook. The Engineering Division provided administrative support, design review and construction assistance throughout the entire project. The project was funded through Massachusetts Department of Transportation (MassDOT) Fiscal Year 2017 Transportation Improvement Program (TIP). Construction was completed in 2020, with final punch list items expected to be completed in early 2021.

Obery Street Roadway Improvements

The Obery Street Roadway Improvement project includes the widening of the existing roadway between South Street and Plymouth North High school, the addition of sidewalks on both sides of the road, drainage improvements and the addition of two traffic roundabouts. The Engineering Division has provided administrative support, design review and construction assistance throughout the entire project. The project was funded through Massachusetts Department of Transportation (MassDOT) Fiscal Year 2019 Transportation Improvement Program (TIP). Construction of the project began in 2019 and continued through 2020. The project is expected to be completed in 2021.

Grants

During the summer and fall of 2020, the Engineering Division applied for and managed the administration and construction of a $172,727.50 Massachusetts Department of Transportation (MassDOT) Shared Streets and Spaces Grant. The specialized grant program was initiated in response to the COVID-19 pandemic. The grant program was specifically intended to support projects that promote public health, safe mobility and renewed commerce by quickly providing new or repurposed space for socially-distanced walking, bicycling, dining, retail and bus travel. One of the primary goals of the project in Plymouth was to encourage economic vitality to the local business community that was faced with indoor gathering restrictions resulting from the COVID-19 pandemic. As part of the grant, the Town implemented a seasonal one-way southbound traffic pattern along the downtown Route 3A corridor, between Chilton Street and Water Street. The elimination of two-way traffic made space available for restaurants and business to accommodate outdoor dining and commerce through the summer and fall of 2020. The one-way routing also allowed extra space to promote pedestrian activity and other multimodal transportation options. The pilot program was successfully executed and is being considered for future seasonal implementation along the downtown Route 3A corridor.

Municipal Separate Storm Sewer System (MS4) Permitting & Management

As an owner and operator of a Municipal Separate Storm Sewer System (MS4) that discharges stormwater into waters of the United States, the Town is required to comply with the National Pollution Discharge Elimination System (NPDES) Stormwater Phase II final rule, jointly administered by the U.S. Environmental Protection Agency (EPA), New England Region, and the Massachusetts Department of Environmental Protection (MassDEP). In 2020, the Engineering Division continued efforts to inventory and evaluate the Town's stormwater collection and drainage system as 2020 marked the Year 2 implementation phase of the Town's MS4 permit compliance program. The MS4 permit program was initiated in the fall of 2003 and is an on-going project.

Street Acceptances

At the Spring Virtual Town Meeting, held on August 10, 2020, the Engineering Division presented twelve streets for acceptance. The following streets were approved for acceptance, resulting in approximately 3.5 miles of roads added to the Town's inventory of Public Ways:

Byron Court

Channing Court
Cox Lane
Filmore Street
Florence Street
Gable Lane
Helen Street
Hood Drive
Hughes Street
Janet Street
Knoll Road
Santo Street

Street Opening Permits

The Engineering Division oversees the implementation of the Town's Street Opening Permit Program. The Division processes Utility Contractor License applications and Street Opening permits, conducts field inspections, monitors utility trench excavations and curb cuts and oversees excavations and construction activities within the Town's roadways and right of way. In 2020, the Engineering Division issued 27 Utility Contractor Licenses and 71 Street Opening Permits.

Plan Reviews

In 2020 the Engineering Division completed a total of 69 plan reviews, providing commentary and feedback to the Planning Board, Zoning Board of Appeals and the Department of Inspectional Services. In total, 10 Planning Board reviews, 46 Zoning Board of Appeals reviews and 13 Zoning reviews were completed. In addition, the Engineering Division contributed to the review of mitigation proposals for several large developments including AD Makepeace, Blissful Meadows, Amazon and The Walk at Colony Place.

Assessor Map Revisions

The Engineering Division updated the Town's 133 Assessors Maps to include 189 new parcels on 74 maps and added 8 new streets to the inventory:
Blissful Meadows Drive

Copper Lantern Drive
Farm Road
Meadow Brook Drive
Paul Francis Way
Standing Rock
Veridian
Woodhaven Drive

The Assessors Maps revisions and new streets were incorporated into the Town's Geographic Information System (GIS) parcels database.

GIS

The Engineering Division continued ongoing efforts to inventory and map the Town's infrastructure utilizing the Town's Geographic Information System (GIS) database. GIS upgrades include aforementioned water, sewer and drainage databases, as well as the streets and parcel databases. Additionally, in 2020 the Engineering Division made updates to the Town GIS-based Snow Plowing and Sanding Routes and accompanying maps.

Miscellaneous Services

In 2020 the Engineering Division provided a variety of miscellaneous services not otherwise listed herein. These services cover a range of topics but generally fall into the category of providing technical advice and engineering expertise to support various Departments and Committees throughout Town. Engineering staff also serviced the community by fielding questions, providing plans and record information, as well as issuing street addresses to residents, engineers, and the general public. The Engineering office maintains an extensive plan inventory; these plans and records are made available to the public upon request. Additionally, the Engineering office provides full size copies of maps and plans for a nominal fee.

FACILITIES MAINTENANCE DIVISION

To provide facility maintenance support services to the Town's facilities in order to achieve their maximum expected design life

and to ensure a safe environment for the public, and the Town of Plymouth employees.

With your support, the DPW has made several capital improvements, repairs, and renovations to many of the thirty-two town owned buildings. The Building Maintenance Division will not be requesting Capital Funds at the Spring 2021 Annual Town Meeting. Our main objective is to concentrate on completing what has become a lengthy list of outstanding projects and utilize the current budget available under Burke's Law.

The Craftsman, Custodians, and Outside Contractors working in the Facility Maintenance Division have been instrumental towards the upkeep, improvement, and health safety of all of Plymouths 32 public buildings.

Examples of this work include but are not limited to:

1749 Courthouse – The existing and inoperable heating system has been replaced with a heating water boiler power venter and combustion air intake system.

Animal Shelter – The heating unit located in the ceiling of the Animal shelter was not providing sufficient supply air temperature which required the replacement of a faulty Rhemm rooftop unit heat exchanger.

Manomet Youth Center – Facility Maintenance Division Craftsmen have rebuilt and replaced the exterior ramp in the rear of the building with an equivalent ADA compliant ramp.

Memorial Hall – A inoperable variable frequency drive associated with the HVAC system supply fan has been replaced to allow for proper operation of the buildings air handling unit. The deteriorating exterior fire escape has been rebuilt and replaced. DPW staff are currently in the process of maintaining the interior aesthetics of the building by painting when the areas are not occupied.

Fire Stations – An asbestos survey has been conducted to identify any areas of concern to personnel both working on and living in the buildings. The DPW has provided a temporary living quarters for the Fire Station #2 Personnel for the time being until renovations have been made. Paving and sealing of the parking lot areas located at Fire Station #2 and Fire Station #5 have been completed with the expectation of resuming further paving in the spring. Fire Station #2 roof has been replaced and Fire Station #5 roof replacement is ongoing with expected completion to take place in the Spring. All HVAC mini-split systems and basement sump pumps have been replaced at Fire Station Headquarters. Overhead Doors have been replaced at Fire Station #2.

A number of projects have been completed in order to assist the fight against the COVID-19 pandemic. These projects include installing Ultraviolet Lights in air handling units, upgrading air handler bacterial filters from a MERV-8 rating to MERV-13 rating, providing standalone filtration units to all buildings whose HVAC systems could not support upgraded UV lighting and filtration, building in-house plexiglass partitions for town employees in constant contact with others, and implementing additional cleaning schedules which utilize air-scrubbers, electrostatic cleaners, and backpack disinfectant sprayers.

SOLID WASTE DIVISION

The mission of the Solid Waste Division is to provide accessible, cost effective, and environmentally responsible solid waste disposal and recycling services.

The Solid Waste Division is supervised by the Assistant Director of Public Works. It is comprised of five (5) full-time employees, one (1) part-time employee and an Administrative Assistant that is split with the Maintenance Division. The current hours of operation are as follows:

Manomet – Open Monday, Tuesday, Friday, Saturday &
Sunday from 8 AM – 4 PM.

Passes sold for FY21:

Full Year:	3127
Recycle Only:	747
1 Month:	173
4 Month:	206
2nd Vehicle:	840
Trailer:	53

Tonnages for FY21:

Solid Waste:	1098.55
Recyclables:	684.23

Some of the items collected at the transfer stations are as follows:

Light bulbs
Waste oil
Batteries
White goods such as refrigerators, stoves, etc.
Propane tanks
TV's
Yard Waste such as leaves and grass
Cans & Bottles
Paper
Cardboard
Books
Clothing donations

For the second year we did our Christmas Tree disposal internally, In the past we typically subcontract this out at a fee to the Town of Plymouth.

FLEET MAINTENANCE DIVISION

To provide vehicle maintenance support services to the Town's vehicles in order to achieve their maximum expected design life and to ensure a safe transportation for the Town of Plymouth employees.

The five full-time professional technicians and one lube-tech in the Fleet Maintenance Division are responsible for maintaining, repairing, and inspecting approximately one hundred and seventy-eight vehicles not including trailers, generators, sanders, and compressors. These services include daily repairs and inspections, maintenance, rebuilding and fabrication, electric and emissions, and fuel delivery.

Over the past year, the Fleet Maintenance Division successfully maintained, rebuilt, and completed major repairs to many Town owned vehicles including but not limited to the following:

- Rebuilt Ford Super Duty rear-ends
- Performed all State & DOT inspections for all DPW, Police and School vehicles in accordance with the Registry of Motor Vehicles
- Performed deep cleaning and sanitizing all Town vehicles for Covid-19 precautions.
- Inspected all hired snowplow contractor's equipment prior to being hired by the Town.
- Successfully maintained, services and repaired all Police vehicles including daily safety checks for all cruisers
- Services and repaired sanders
- Replace EGR and oil coolers on our diesel engines.
- Rebuilt the drive system in Komatsu road Grader.

HIGHWAY DIVISION

Tim Balboni – Manager
Carol Garuti – Administrative Assistant

The mission of the Highway Division is to maintain and preserve the Town's Public Way infrastructure, which includes the following: paved roads, gravel roads, sidewalks, street signs, traffic signals, and storm drainage systems. The Division also maintains access for emergency vehicles on many private roads.
The long-term goal of the division is bringing staffing levels up to the industry standards, which requires approximately 10 to 12 employees for every 100 miles of roads maintained. The Highway Division continues to be responsible for over 400 miles of roads

spread across 103 square miles. The services provided by the Highway Division includes emergency and maintenance type repairs to streets and sidewalks, responding to potholes, maintenance of storm water systems, snow and ice removal, and consistently serving requests generated from the other DPW Divisions and from the public.

Road Construction and Resurfacing

The Highway Division has worked in conjunction with private contractors to perform major road re-construction on several roads throughout Plymouth. Pavement resurfacing projects were performed as follows:

South Street, North Green Street, South Green street, Pleasant Street, School Street, Market Street/ Town Square, Union Street, Billington Street, Musket Road, Tavern Path, Esta Road, Lamplighters Lane, Manomet Point Rd, and portions of Manomet Avenue and Westerly Route.

Each of these roads, received different types of treatment depending on the road condition. Pulverizing and regrinding, pavement milling, and shimming were the predominant repair. Parts of Manomet Avenue drainage was installed, with widening and full depth reclamation.

Asphalt Repair Patching

The Highway Division provides general and emergency repair services to all roads and sidewalks throughout the Town. Some repairs consisted of large to small potholes, repairs around storm drains, utility trench repairs. The Highway Division was able to continue to do asphalt repairs through the winter months thanks to the asphalt plants being open 3 to 4 days a week. We also utilize our asphalt hotbox recycler truck to perform pothole repairs all year long, as this allows DPW to do permanent repairs without the use of cold patch. The asphalt repair crews respond to complaint work orders taken by the Highway Office generated by calls from the general public. Additionally, some utility trench work, road repairs, and patches were made for the Water and the Wastewater Divisions. Several sidewalk repairs were made throughout the town.

Drainage Repairs/Catch Basin Cleaning

The Highway Division performed numerous routine repairs to storm water drainage systems throughout the town. Repairs were made by hand by building them from both blocks and brick. Rebuilding structures varied from replacing frames and covers and repairing top sections to complete replacements. For most of the drainage repair, DPW used pre-cast concrete whenever possible. DPW operates one catch basin cleaning truck and a vactor truck to remove silt and debris from catch basins. Basins and piping systems that become clogged were cleaned with the basin truck and followed up with the vactor truck working in conjunction with each other. Many of the storm drainage systems consist of a series of catch basins, drain manholes, piping systems and some form of leaching system to dispose of the storm water runoff. Sand, leaves, pine needles, and other debris all contribute to clogging the drain system.

Street Sweeping

The Highway Division has operated three sweepers this year from early spring until the first of the new year weather permitting. In early spring, Highway starts by cleaning the main roads along with sidewalks, then moving onto secondary roads for sweeping. The sidewalk sweeper and hand crews are also used to clean and sweep the sidewalks through the season to clear sidewalk debris. In the fall leaves and pine needles were collected to keep drains open in preparation for the winter season. Sweeping was performed systematically throughout the Town.

Gravel Road Grading

This spring and summer the conditions of the gravel roads were in overall good condition. This was a direct result of the mild winter and that Highway was able to keep the roads maintained through the winter months. A key factor to maintaining the gravel roads, is having a good grading schedule, and a maintenance plan with a dedicated tank truck to apply liquid magnesium to help with the dust control and stabilization of the road material.

The Town of Plymouth has approximately eighty-five miles of gravel roads to provide access for emergency equipment and the residents. Road grading was performed utilizing both of our road graders during the spring, summer, and fall months. The bigger main roads to include Old Sandwich Road, Ship Pond Road, Wareham Road, Roxy Cahoon Road, and Mast Road were graded once a week if not every two weeks or as needed on a rotating basis. Smaller roads with less traffic, were also graded on a less frequent rotation throughout North/West Plymouth, Manomet, Cedarville, Chiltonville, and South Plymouth. Every effort is made to keep roads in an overall good condition. The use of recycled road base continues from the DPW's crushing operation and provides a considerable cost savings to the town for replenishing materials on the gravel roads.

Traffic Signs- Signals

The Traffic and Signage Department within the Highway Division continued to upgrade the computer software and printer capabilities to produce almost all our municipal street signs. The department continues to maintain a portion of the traffic markings, including and town parking spaces. Crosswalks were repainted in the downtown and waterfront areas in early summer. School zones were painted just before the beginning of the school season. The Sign Department also provides emergency assistance to the Police Department with street closings and detours and provided traffic barricades for holidays and special events. The town has utilized two variable message boards for traffic safety enhancements on a regular basis. This year has been extremely busy with the constantly changing orders due to Covid-19. They have been involved in all signage and message boards related to Covid-19. Our Traffic Safety Leadman also laid out and placed barriers and signage for the one-way traffic through the center of Town to support the local businesses.

Roadside Brush Clearing

The Highway Division performed mowing and brush cutbacks during the season and continues to do so into the winter months. Starting out in the spring, mowing of the major main roads. DPW also has mowed many smaller and full developments and drainage easements throughout the town in order to maintain safe lines of sight along public and private ways in order to prevent accidents and to ensure public safety. Private property owners are encouraged to maintain shrubs, bushes, and vegetation on their properties to maintain safe lines of sight.

Solid Waste

The Highway Division operated one large packer truck and performed solid waste collection at all municipal buildings (recycling only at School Department buildings). Trash barrels and dumpsters were maintained throughout the season in the downtown, waterfront areas, and public beaches.

Litter and Dumping Cleanup

The Highway Division is not staffed to perform daily litter pickup along all the many town publics ways. Highway does do some general litter removal when time permits during the winter months when the construction season tends to slow down. Highway crews will pick up illegal dumping debris at many different locations throughout the town when needed and/or requested. The Highway Division assisted in the town wide clean up and hundreds of bags were collected and disposed. The Division appreciates the cooperation of the public and businesses in keeping Plymouth clean and beautiful.

Snow and Ice Removal

The Highway Division performed snow and ice removal operations throughout the Town of Plymouth during snow and icing events under the towns Snow and Ice Plan. The Highway Division worked with the assistance from other DPW divisions including Water, Wastewater, Parks, Cemetery, and Clerical Staff. During large storms private contractors were hired to assist in the operations.

CEMETERY AND CREMATORY DIVISION

The Cemetery Division maintains twenty-two cemeteries within the town of Plymouth including smaller cemeteries that contain graves of veterans. Of the cemeteries that the town maintains, seven are currently active with interments. Vine Hills Crematory serves Plymouth, Cape Cod and the surrounding area.

Current staffing for the Cemetery and Crematory Divisions includes a Superintendent, an Administrative Assistant, a Cremationist, a Cemetery Foreman, a Leadperson, a machine operator and two cemetery laborers. At full staff there would be three cemetery laborers.

There is additional seasonal help added in the late spring and summer. The Divisions report to the Department of Public Works.

In 2020, the Cemetery Division interred 138 human remains which included 60 full burials and 77 cremation burials (56%). There was also one disinterment. Of those 138 humans, 9 were known veterans. The breakdown of interments by cemetery was:

- -Vine Hills: 48 full burials; 51 cremation burials; 1 disinterment
- -Manomet: 7 full burials, 12 cremation burials
- -Oak Grove: 1 full burial, 5 cremation burials
- -Chiltonville:1 full burial, 5 cremation burials
- -Cedarville: 2 full burials, 3 cremation burials
- -Fawn Pond: 1 cremation burial
- -Faunce Memorial Park: 1 cremation burial

The Cemetery Division deposited a total of $187,550.00 from interments, lot sales, deed transfers and foundations in 2020. During 2020 the staff poured 54 headstone foundations and installed fifteen veteran's markers.

Vine Hills Crematory cremated a total of 1109 humans in 2020. This number represents a 20% increase in cremations over 2019. This increase was due to deaths from the COVID virus and the general increase in those choosing cremation. The Crematory Division deposited a total of $280,462.82 from cremation services in 2020.

Projects completed in 2020 included repouring and repairing of the canon surround on Burial Hill for the installation of the Guernsey canon. A granite grave surround on Burial Hill was also repaired. Work on the door of the receiving tomb in Oak Grove was completed. Additional work on the tomb will be done in 2021. In Oak Grove and Vine Hills cemeteries 12 large trees were removed using both the Tree Division and an outside contractor. In addition, staff removed 80 overgrown shrubs. Paving and drainage repairs were done in Vine Hills Cemetery. The Cemetery Division purchased a utility cart to help with when burials are happening simultaneously. In December, the Select Board voted to form a Cemetery Commission specifically to deal with issues of burial space. There was a complete rebuild of Unit 2 in the crematory.

The Cemetery Division would like to acknowledge that all of its goals in 2020 would not have been accomplished without the help of other town departments.

PARKS AND FORESTRY DIVISION

The mission of the Parks and Forestry Division:

To provide safe, aesthetically pleasing and functional public areas, which enhance the community's current and future needs.

To plant, maintain and manage public shade trees along the Town's public ways and public areas, while maintaining public safety, aesthetic quality, and value of the Communities Urban Forest.

To plan, promote and implement a diverse selection of facilities and programs both passive and active.

Downtown Beatifications – This year, thanks to the help of the Visitor Service Board, we were able to have multiple downtown beautifications. This includes: hanging flower baskets, Christmas wreathes, lighting for the decorative light poles, and decor for the (one-way) Court St bump outs, complementing local businesses, restaurants, and store fronts.

Handicap Accessibility – Renovations were made to the playgrounds Siever Field and "Jack Medeiros Park" (West Plymouth Recreation Area Park), to meet ADA compliant standards. The Parks Division is working hard to continue to make renovations to Parks throughout the town to meet ADA compliant standards.

Brewster Garden – Thirty-eight weddings were held in Brewster Garden.

Forges Field – International Golf was awarded with the grounds maintenance contract. For the eighth consecutive year Plymouth North High School had use of the Forges Field complex for some of their athletic teams. The collegiate baseball team named the “Pilgrims” had their seventh season at Forges.

Morton Park – Seasonal staff attended this park daily to make sure that the park was clean and well maintained. Due to COVID, fishing tournaments were unable to be held at this location.

Hedges Pond Recreation Area – Seasonal staff attended this park daily to make sure that the park was clean and well maintained. The tree department did substantial tree work to provide a safe environment for attendees to enjoy.

White Horse Beach – Portable toilets were placed to the left of the main entrance, opposite to where they are normally placed. Seasonal staff attended daily during the summer season for trash pickup.

Each year the Forestry Division works hard in maintaining public safety, aesthetic quality, and value of our public shade trees throughout the Town of Plymouth.

This year the crew’s work consisted of but not limited to:

Requests by phone call:	214

The annual Downtown Christmas Tree Lighting and events took place at Town Square. The Christmas tree came from Derek Drive in Manomet, donated by a local family.

The National Arbor Day Foundation recognized Plymouth for the 31st consecutive year with Tree City USA status.

WATER DIVISION

The mission of the Water Division is to provide the highest quality drinking water and fire protection at the lowest possible cost. The goal of the Division is to be recognized by the townspeople as an effective and efficient operation within the town government. The

Water Division operates on the principles of craftsmanship and integrity. We are constantly seeking new and creative ways to improve the quality of the water and the efficiency of the operation.

2020 saw the completion of the Forges Field Well and Vale Control Station. This project was the culmination of years of research and new source exploration. The well is the first new source to come on-line in Plymouth in the last eighteen years. Forges Filed Well adds needed diversity to the Towns water distribution system. This new source provides a redundant supply of water to the Bradford pressure zone as well as supplementing the Plymouth Center Zone through both the Nook Road Booster Station and the Forges Filed Valve Control Station. The Well has an authorized withdrawal of 1.5 million gallons a day but will not routinely be called upon to produce that volume. A typical flow from this well would be 790 gallons per minute with a run time of 6-12 hours depending upon the seasonal demand. The 790 gallons is divided with a portion of the flow supplying the Bradford Pressure Zone and the remainder going into Plymouth Center.

On October 2, 2020, The Massachusetts Department of Environmental Protection published its standards for PFAS (per-and polyfluoroalkyl substances) in drinking water. The maximum contaminant level was set at 20 parts per trillion for each of six PFAS compounds or the sum of the six compounds should they be detected. Two rounds of PFAS testing were conducted on all of Plymouth's sources and the results were very favorable. There were no detectable levels of PFAS in eleven of Plymouths thirteen wells. The two wells that did have detectable amounts of the compounds were significantly below 20 parts per trillion. Additional sampling will be conducted in accordance with the towns Water Quality Sampling schedule issued by the Department of Environmental Protection

The late spring and summer of 2020 brought very dry conditions to the area. The deficit of precipitation combined with warm conditions resulted in the Massachusetts Drought Management Task Force issuing a level 2 drought advisory in Mid-August. By September, this region was under a level 3 (critical drought) condition. The declining ground water levels taxed Plymouth's supply sources and triggered pumping restrictions at the Darby Pond Well. Seasonal outdoor watering restrictions are a requirement of Plymouths' Water Management Act Withdrawal Permit however, the drought necessitated a tightening of these restrictions. Despite the increase in water demand precipitated by the drought and other conditions, the Town was able to stay within the limits of the WMA Permit.

The total water pumped from all sources was 1,633,873,214 gallons or an average of 4,464,134 gallons per day in 2020 with a maximum day demand of 8,859,461. This represents an increase of 74,107,801 gallons from 2019 or an increase of 190,804 gallons per day.

Several water main projects were installed by private developers during 2020.

Location	Length	Pipe Size	
Blissful Meadows Residential	2,932 LF	8"	4 hydrants
Carver Landing Residential	1,405 LF	8"	4 hydrants
Sawmill Woods Residential	2,731 LF	8" 2" Domestic	5 hydrants
Home Away 2 Hotel	250 LF	8"	3 hydrants

CONSUMPTION OF WATER
Estimated Population Served: 40,403 (est. 63 % of Town)
Total Yearly Consumption: 1,633,873,214 gallons
Average Daily Consumption: 4,464,134 gals/day

DISTRIBUTION SYSTEM
Type of Pipe: Cement lined cast iron, cement lined ductile iron, asbestos-cement and PVC.

Size Ranges: 2 to 20 inches
Total Pipeline in Service: 230 miles
Number of Hydrants: 1,978

DISTIBUTION SYSTEM WORK

Service Taps Added:	7 / 5 Contractors
Services Renewed	2
Services Abandoned	2
Curb Stops Replaced	12
Main Breaks	7 PWD / 2 Contractors
Service Leaks	10 PWD / 13 Homeowners
Contractor Damaged	2
Hydrants Replaced/Installed	2 / 13 Contractors
Hydrants repaired	5
Water Mains Installed	0
Water Mains Cut & Capped	0
Insertion Gate Valves Installed	0

DATE WATER DEPARTMENT ESTABLISHED:
The Town purchased the water system from private owners in 1855. The first water system was established in Plymouth during in 1797. During the renovation of the Town Hall, the original charter of the Plymouth Water Company was found. It was signed by Governor Samuel Adams, 7 February 1797. It is available for inspection at the Plymouth Public Library.

SOURCE OF SUPPLY: South Ponds Well #1 & #2, Lout Pond Well, Wannos Pond Well, Ship Pond Well, Ellisville Well, John Holmes Well at Savery Pond, Bradford Well #1 & #2, Federal Furnace Well, North Plymouth Well, Darby Pond Well and Forges Field Well.

STORAGE TANKS: Harrington, Samoset, North Plymouth, Stafford, Lout Pond, Chiltonville, North Pine Hills, South Pine Hills, Indian Hill and Cedarville.

2020 PUMPING (Gallons)

SOUTH POND WELL #1	188,927,979
SOUTH POND WELL #2	243,811,637
LOUT POND WELL	48,923,400
FEDERAL FURNACE WELL	81,898,410
DARBY POND WELL	135,790,724

NORTH PLYMOUTH WELL	237,221,354
SHIP POND WELL	95,072,747
WANNO'S POND WELL	108,687,400
ELLISVILLE WELL	144,691,295
JOHN HOLMES WELL	184,303,288
BRADFORD WELLS	67,399,000
TOTAL	1,633,873,214

SCADA: A Supervisory Control and Data Acquisition (SCADA) system monitors and controls the entire water supply and distribution system. The SCADA system is controlled by radio transmitters. The system provides the Division the ability to manage and control the water system twenty-four hours a day. The alarms generated are typically from storms, mechanical and equipment failures and process control alarms. Alarm testing is performed quarterly to assure that the pump stations function according to their design specifications.

Source: If any source (wells) is affected due to a power outage, there is a back-up power supply generator at each facility. Ten of the eleven sources have stand-by power At the Darby Pond Well, emergency power generation is scheduled to be in place by the end of 2021 Three of our four booster stations are also equipped with back up power.

Distribution: The system is divided into six pressure zones. Five zones have supply sources; the Pine Hills Zone is supplied by the Pine Hill Booster Station with water from the Plymouth Center Zone. The Bradford Zone is interconnected with the Plymouth Center Zone thru the Nook Road Booster Station as well as the Forges Field Valve Control Station. Pine Hill Pressure/Booster Zone is interconnected with the Manomet Pressure Zone through PRV devices. The Cedarville and Manomet Zones are interconnected through the Cedarville Booster Pumping Station. The West Plymouth Zone is interconnected with the Plymouth Center Zone with the Deep-Water Booster Station. The Plymouth Center Zone is interconnected with the Town of Kingston Water System on Route 3A with a 12-inch main. There is also an 8-inch interconnection with Kingston on Cherry Street near the Independence Mall.

Treatment: All sources are treated for corrosion control by adding sodium hydroxide to raise the pH and alkalinity. Corrosion Control treatment assures that the water is neither corrosive nor scale forming. The Bradford Water Treatment Plant takes groundwater from two wells and filters the water thru a media known as (Greensand Plus) for iron and manganese removal. The North Plymouth Well is filtered through granular activated carbon pressure vessel units. The Wannos Pond Well, Federal Furnace Well and Lout Pond Well are treated for iron and manganese sequestering. All sources are disinfected using sodium hypochlorite.

Storage: The Water Division conducted its annual evaluation of all ten of its water storage tanks during 2020. Haley Ward Inc. Engineering was retained to perform annual water storage tank inspections. Underwater Solutions was contracted to do interior cleaning and inspection of nine of Plymouths' ten water storage tanks. The tenth tank (Stafford St Tank) is scheduled for a full rehabilitation including replacement of the interior and exterior coating system this year (2021).

Monthly tank inspections are conducted by Water Division staff to follow standard inspection on security, major failures, leaks, open hatches, or other problems to discuss and communicate concerns. The water storage tank evaluations are an important step in recognizing the present overall conditions of the structures.

MARINE AND ENVIRONMENTAL AFFAIRS DEPARTMENT

NATURAL RESOURCES DIVISION

David Gould, Director

Natural Resources Division
Krista Lewis, Administrative Assistant
Kim Tower, Environmental Technician II
Kerin McCall, Environmental Technician I
Nathan Cristofori, Natural Resources Warden
Mark Brulport, Natural Resources Warden
Michael Cahill, Natural Resources Warden

Harbormaster Division
Chad Hunter, Harbormaster
Robert Bechtold, Assistant Harbormaster
Michael Dawley, Assistant Harbormaster
Cameron Wentworth, Assistant Harbormaster

Animal Control Division
Joan Anzalone, Animal Control Officer
Laurie Stundis, Animal Control Officer
Cassandra Thayer, Animal Control Officer

Mission Statement

The mission of the Department of Marine and Environmental Affairs (DMEA) is to provide services that protect the safety of people and vessels who use our waterways and waterside facilities, including our rivers, ponds, and lakes; to provide for the protection, preservation, enhancement and safe use of the Town's natural resources, including beaches, conservation lands, and preserved open spaces; and to address environmental issues that threaten or may negatively impact the health, welfare, and quality of life of our citizens.

The Department is made up of three divisions: Natural Resources, Harbormaster and Animal Control.

Year-In-Review

2020 presented untold challenges to everyone including DMEA. The beginning of the COVID 19 pandemic in March struck as staff was preparing for the spring and summer seasons. While it proved challenging staff did tremendous work not only preparing for warm weather but tackling an even busier than usual summer season. With people looking to get outside our beaches, conservation areas and waterways were popular spots to socially distance and enjoy the outdoors. I want to express my sincere appreciation to all of the full time and part time staff that did wonderful work managing these areas under less than ideal conditions.

In 2020 DMEA welcomed Cameron Wentworth to the Department as an Assistant Harbormaster. Cam had previously worked for the Harbormaster Division as a part time employee and we look forward to him being a part of DMEA for many years to come.

Among the highlights of the year was the completion of several large projects including the Maritime Facility, Warrens Cove Seawall and the return of the Mayflower II to a recently dredged berth with new dolphin clusters to tie up to making her home in the harbor much improved.

Once again DMEA was active in securing grant funding for the Town. DMEA brought in eight (8) grant awards totaling **$862,717** during 2020 to offset costs for a variety of projects. These grant funds allow us to undertake large scale projects while minimizing the costs to the Town. This approach has proven successful over the years and 2020 was no exception.

EOEEA	Jenney Pond Footbridge Replacement	$337,270
DER	Foothills Wetlands Restoration	$200,000
MCZM	Long Beach Nourishment Design/Permitting	$142,000

Hunting Checks –	82
Shellfishing Checks –	18
OHV Stops –	36
Calls for Service –	132
Wildlife Calls –	52

Herring Run

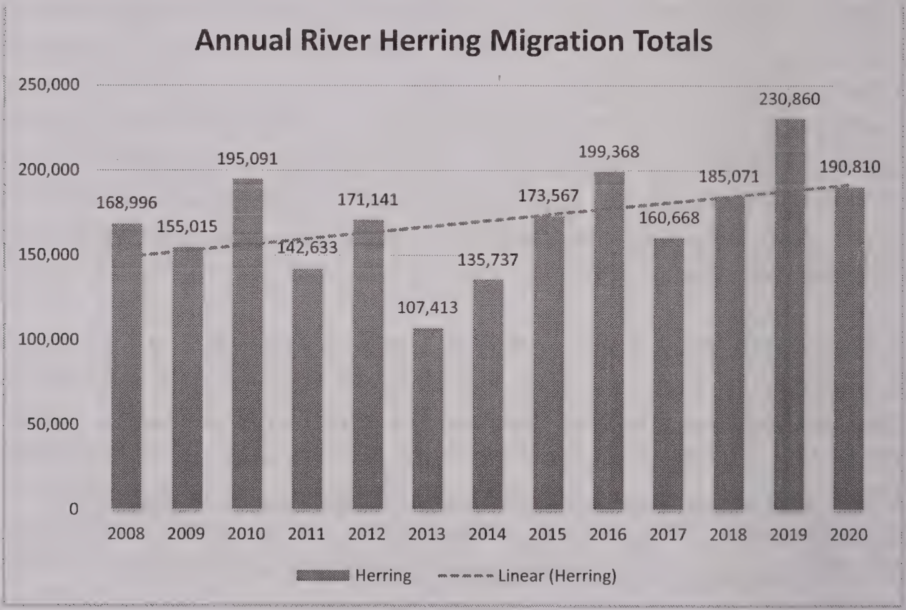
In the spring, Natural Resources personnel began routine clean ups of Town Brook that extended from Water Street to Morton Park, removing trash, downed trees, and other debris in order to prepare for the annual run of Blueback Herring and Alewife from the ocean to Billington Sea. The fish ladder at the Grist Mill was cleaned and repaired where needed, and water levels were adjusted in the Jenney Pond impoundment to ensure as smooth a passage as possible for the fish over the dam.

Pandemic related closures and stay-at-home recommendations created a unique challenge regarding monitoring the herring run. 2020 had 7 regularly participating volunteers, down from an annual average of around 25. Fortunately, valuable data was still collected from these individuals, as well as from employees of the Town, DMF, and NOAA that helped to supplement data collection. Volunteers are essential in collecting data to estimate the annual run size; without their time, motivation, and dedication to the town's natural resources, accurate run counts would not be possible. Given the difficulties 2020 caused for our volunteers, Natural Resources staff sincerely thanks those that were able to help this year and looks forward to getting the dedicated volunteer base back in 2021!

Counting data from volunteers is compiled and organized by Natural Resources staff each year at the conclusion of the run. The data is then sent to the Massachusetts Department of Marine Fisheries (DMF) where it is analyzed, and a total run estimate is provided. The 2020 season showed approximately 190,000 herring ran; a decrease from the approximately 230,000 that ran in 2019, but an increase from the 185,000 that ran in 2018. Though the 2020 run was down from 2019, it still showed enough of an increasing population trend over time since

2008 that confidence is high that the herring population in Town Brook continues to grow.

Volunteers began counts on March 16th, however the run proper (the date fish began running consistently) began April 14th, which is on par with previous years. Prior to April 14th, only 1 fish had come through the counting location over the course of the 29 days counts were conducted. When April 14th arrived, 117 fish came through on that day alone, and fish were observed every day from that date through May 23rd. Fish were observed queued below the fish ladder for weeks, which is not uncommon. Numerous long-time residents said they have never seen the number of fish at once in Town Brook than were seen in 2020. Though the official run numbers were a little low compared to 2019, it is still encouraging to see so many continue to run in the system. Natural Resources is always welcoming additional volunteers to help collect data each year- please call or visit the Marine and Environmental Affairs office for more information.
In addition to Town Brook, herring were also observed running up Monument River, Bartlett Brook, Red Brook, Agawam River, and Eel River.



Town Brook PIT Tag Project

In the spring of 2020, the Division of Natural Resources continued its collaboration with the Cape Cod Collaborative Extension, the National Oceanographic and Atmospheric Administration, and the United States Geological Survey Conte Anadromous Fish Research Center to conduct a biotelemetry study. Biotelemetry is a measurement of human or animal activity and functions from a distance through telemetric techniques. The study first began in 2018, when 17 antennas were placed along Town Brook at strategic locations. Following the antenna installation, 499 river herring were netted below the Jenney Grist Mill and tagged with biotelemetric Passive Integrated Transponder (PIT) tags. As a PIT tag entered the range of the antenna, a data set was recorded allowing for information to be gathered about the individual river herring carrying that PIT tag.

The data collected is being used to evaluate fish ladder performance and to understand more about the migration of river herring. Key metrics gathered are 1) the number of attempts made to enter a fish ladder 2) the amount of time it takes to enter a fish ladder 3) transit time to successfully pass through a ladder and 4) the percentage of tagged fish that pass through a ladder. Transit time from the mouth of the river to near the headwaters is being quantified, as well as the total time the fish spend within the freshwater system before migrating back out to Plymouth Bay. Additionally, effects of environmental variables, and fish characteristics on passage performance are also being examined.

The 2018 PIT tagging project yielded considerable data regarding the river herring migration through Town Brook. The 499 tagged fish were released in several locations along Town Brook. Of these, 108 were released approximately 100 feet downstream of the Jenney Grist Mill ladder. These fish would help to extrapolate how much effort migrating river herring needed to exert in order to make their ascent through this ladder, as well as illustrate its efficiency. Of these 108 fish, 56 made it to the downstream end, or base, of the fish ladder (52%). Of these 56, 35 successfully entered Jenney Pond at the upstream end, or exit, of the ladder- a success rate of 62.5%. Many of these 35 fish did not complete the ladder in the first ascent; in fact, 3 fish finally entered the pond on 7th, 11th, and 13th attempts, indicating a massive output of energy while still needing to migrate well over a mile further to reach the spawning grounds.

Of these 35 fish, the average number of attempts to complete the ladder and enter Jenney Pond was 2.4 attempts. This attempt number and approximately 185,000 fish (as migrated in 2018), generally puts twice the number of fishes in the ladder over the length of the migration. Rather than 185,000 running up the river unimpeded by a constriction point, the ladder slows the migration by over half. Of the 108 fish released below Jenney Pond, 35 successfully ascended the ladder and entered Jenney Pond, an overall success rate of 32.4%.

The remaining 21 fish that did not enter Jenney Pond but entered the ladder were shown to have moved up and down within the fish ladder repeatedly before abandoning the migration. Time spent jostling between the exit of the ladder and the initial release location after tagging varied between one and three days. Fish that did not enter the ladder, but were detected at the base averaged approximately 56 hours in the system.

The primary focus of the PIT tagging project is to quantify the ecological value of removing the Holmes Dam. Data showing herring passage both before and after the dam removal will depict how impactful weir dam structures are to the migration of herring. In 2018, 67 of the 269 fish that reached Holmes Dam were able to pass yielding a success rate of 24.9%. The biotelemetry study continued in the spring of 2019 after the removal of the Holmes Dam was completed. After Holmes Dam has been removed the newly restored channel passed 91.7% of river herring. 354 of the 386 fish that reached the prior Holmes Dam site were able to successfully pass. In 2018, 60 tagged fish were able to reach the freshwater spawning habitat of Billington Sea, that number shot up to 319 fish in 2019.

The onset of Covid-19 brought unique data collection challenges for the Town Brook PIT tag project. Unfortunately, fish tagging was not possible in 2020 due to public health spacing requirements. However, the 7 antennas were installed prior to lockdown protocols, allowing for passage data to be collected from returning fish tagged in previous years. The data is still being analyzed, but preliminary results have shown that 186 previously tagged fish returned in 2020. The passage efficiency at the Jenney Grist Mill fish ladder remained constant with previous years, passing 123 of the 186 returning fish (66.1%). Of the 123 fish that successfully traversed the Jenny Grist Mill fish ladder, all 123 navigated Jenney Pond and reached the site of the prior Holmes Dam. 122 of those fish were detected above the restored stretch of river, yielding a staggering success rate of 99.1%. 96 of the 122 fish successfully reached the spawning habitat in Billington Sea.

By increasing the number of mature river herring able to reach the spawning ground will cause the population to rise. River herring are forage fish, meaning they are a food source for large fish. River herring are an important food source for commercial fish species including codfish (*Gadus morhua*), haddock (*Melanogrammus aeglefinus*), and pollock (*Pollachius virens*). River herring are also prey for species sought after by recreational fisherman including striped bass (*Morone saxatilis*) and bluefish (*Pomatomus saltatrix*). The Town Brook herring run will contribute to both commercial and recreational cod fisheries of Plymouth, Massachusetts Bay, and Gulf of Maine, and due to their migratory nature, they also support fisheries outside the New England region.

The PIT tagging project will continue in the spring of 2021 and updates on the study will be intermittently added to the Division of Natural Resources website throughout the spring of 2021. After the study has concluded, the final results will be published and accessible to the public.

Camera Project

Town Brook rivals any other anadromous fish run in the country in the amount of monitoring and public outreach conducted, with Jenney Grist Mill at the heart of it. Thanks to the efforts of National Marine Fisheries Service fisheries biologist Eric Hutchins and the generous funding of NOAA's 2018 Preserve America Internal Funding Program, a real-time web-accessible underwater camera was installed at the top of the steeppass ladder in the spring of 2019. The footage from the camera is broadcasted real-time to the Town's website allowing for international viewing of the Town Brook herring run. The river herring's migration can also be seen on a monitor at Town Hall and the Plimoth Plantation Grist Mill Museum.

The underwater camera also features motion detection software, allowing for footage to be recorded as fish swim though the camera's view. Video clips of river herring exiting the steeppass ladder can be viewed by the public on Plymouthriverherring.org. The public can visit Plymouthriverherring.org to help the Department of Marine and Environmental Affairs count river herring from anywhere internet is available. The Mystic River Watershed Association provided the Town of Plymouth with an algorithm that takes the crowd sourced counts from the video clips and create a population estimate of the species. Resource management scientists are using the web cam data in concert with data collected by volunteer counters to help refine the population estimate of migrating fish in Town Brook. The opportunity to provide a visual experience during the herring run migration to residents and tourists alike combined with the opportunity to educate interested parties on the value of anadromous fish is unmatched at any other site in the Commonwealth.

Plymouthriverherring.org went live in May of 2019. During the span of the run, the site was visited by 812 different IP addresses generating 1,917 page views. 2,315 videos were counted by the public, accounting for 12,393 individual fish. 24 states and 11 different countries visited the site in 2019.

The underwater camera proved to be invaluable during the 2020 with Covid-19 limiting public interaction. Volunteer counters were able to view and assist with the population estimate of Town Brook river herring migration from the safety of their homes, leading to a spike in public participation. 2020 saw 7,916 site visits from different IP addresses, generating a total of 25,909 page views. 25,689 videos were counted, in which 129,139 individual fish were counted. The site received participation from all 50 states and 41 countries.

In the spring of 2021, the underwater camera will once again go live to capture the annual river herring migration. To engage in citizen science and help the Division of Natural Resources monitor the 2021 herring run, visit Plymouthriverherring.org.

A special thanks to National Marine Fisheries Service marine habitat resource specialist, Sean McDermott, and his family members for completing 174 10-minute counts via the underwater camera. This accounted for 44% of the total visual counts conducted over the span of the run. Their service counting provided great value to the Town of Plymouth and made accurate population estimate possible.

Eel Ramp

Once again, Natural Resources installed an eel ramp at the Jenney Grist Mill on February 27th. The purpose of this project is to help juvenile American Eels, known as ‘glass eels’ or ‘elvers’, migrate above the dam. This data will allow us to continue monitoring American Eel migrations and learn more about the population of this fish in Town Brook.

American Eels, the only catadromous fish in the United States, differ from river herring, an anadromous fish, in numerous ways. The primary difference that the public may notice is that eels spawn in saltwater and mature in freshwater, while herring spawn in freshwater and mature in saltwater. Eels will live their lives, up to 30 years, in their riverine system before out-migrating to the Sargasso Sea to spawn. Eel larvae then drift with the currents north until they are older and large enough, (approximately 1.5 years old and 3” long) to swim to nearby riverine systems to move inland to mature.

Unlike herring, eels are not capable of swimming against strong currents, and are unable to use the existing fish ladder at the Jenney Grist Mill. Instead, eels can climb wet surfaces to navigate around obstacles or dams. In order to assist their migration and help eels make it above the dam, the 16’ long ramp was installed. This ramp extended from the Grist Mill deck above the dam to the waters below. Water was pumped into a holding tank at the top and flowed down the ramp into the Brook to establish attraction flow. Eels would find the ramp and climb through a fibrous sub-straight in the ramp and would end up falling several inches into a holding tank. Each day Natural Resources Wardens would open the secured holding tank to count and record the number of eels in the tank.

Because Natural Resources only has population estimates from 2019, it was unknown how many eels to expect in 2020. Eels showed up in the collection tank on May 11th, nearly one month after the herring arrived; compare this to last year when they both arrived on the same day! While hopes were high that tens-of-thousands of eels would arrive in 2020, as over 63,000 were documented in 2019, the final count when data collection stopped on June 31st was 7,796. As for what this means, it is unknown right now! Two years of data collection is not enough to make any sort of conclusions about what to expect for eel runs. Eel data from around the country was low in 2020, while eel runs in western Europe were nearly an all-time high. Is this related? Only more data collection can provide the answer!

The Department is excited to continue this project. The ramp will be installed in the late winter of each year- be sure to stop by sometime when the Wardens are emptying the tank so see the *other* fish Natural Resources works to protect!

Jenney Grist Mill Bypass Channel

The Town of Plymouth has begun the design and permitting process for the Jenney Grist Mill nature-like fishway bypass. By installing a 400-foot nature-like fishway bypass, unobstructed passage to 1.67 miles of riverine habitat and 269 acres of pond spawning habitat will be ensured. At the Jenney Grist Mill with its current design, passage of alewife (Alosa pseudoharengus), blue-back herring (Alosa aestivilis), and American eel (Anguilla rostrata) is restricted by the narrow steeppass fish ladder and culvert.

As fish migrate upstream, they meet the Jenney Grist Mill Dam and the existing fish ladder. DMEA staff has observed a daily queue of thousands of fish in this location, filling the width of the stream and extending downstream. The steeppass ladder that is utilized to get above the Jenney Grist Mill Dam is approximately 65’ long with 1 resting pool. Because the river at the entrance of the fish ladder is approximately 20’ wide and the steeppass ladder they enter is 24” wide, fish are significantly constricted, and their migration slowed. A continuous backup of fish during the run has been observed extending from the fish ladder to 150’ downstream. DMEA estimates put the number of fishes backed up over this 150’ stretch of river at approximately 12,500 fish during the height of the run, which will last for days. If the overall migration time is too long and is compounded by restriction points as ladders, they can abandon their migration and will not spawn that season. Fish queuing below the ladder are expending energy for days waiting for room to make the ascent. Combined with increased water velocities in the ladder, fish are put at a significant disadvantage should they complete the ascent, as excess energy has been expended. It is crucial to note, that modification of the steeppass or the pipe under Spring Lane connecting the fishway to Jenney Pond will not eliminate this backup nor will it provide safer downstream passage for out-migrating adult and/or juvenile river herring. Additionally, it will not improve existing conditions at the dam for migrating American eels.

Since the river herring fishing moratorium was enacted in 2008, the fish ladder queue has been a prime location for herring poachers as it is easily accessible, hidden from Spring Lane, and has thousands of fish that can be taken with little effort. This project will help ensure that aside from compensatory loss to predation and natural causes, the maximum amount of herring will make it to the spawning grounds.

The objective of this project is to improve passage for diadromous and catadromous fish at the Jenney Grist Mill. To improve fish passage, a nature-like fishway bypass will be created. There are two existing nature-like fishways from previous projects in the Town Brook Restoration Program. The first was constructed in 2002, 500' downstream of the Off Billington Street Dam site. The fishway is 105' long, 26' wide with an overall slope of 1:24. In 2006 a PIT tag study was conducted to evaluate the efficiently of this nature-like fishway. 400 fish were tagged downstream of the Off Billington Street nature-like fishway. The results showed that 94% of the fish that entered the nature-like fishway were able to ascent to the top.

A second nature-like fishway was constructed at the head of tide under the Water Street Bridge. The design considered both a low flow channel as well as tidal fluctuations. This fishway has proven successful in eliminating the back-up of fish that occurred when the previous weir was in place that only allowed passage an hour or so before and after each high tide cycle. The two projects listed above offer tangible data that nature-like fishways in Town Brook can effectively pass fish.

The proposed bypass channel entry would be in the existing channel just downstream of the low weir, opposite the existing fish ladder entry. The channel would cross under the footpath and have a switch back as it gains elevation. It would then run parallel to the footpath as it extends past the restaurant, up to and under Spring Lane in a culvert. The bypass channel would have a downstream invert at or near elevation 10.0, a length of 420 feet, and upstream invert at or near elevation 19. The mean slope is 2.0 percent, but with the use of three resting pools with 9-inch drops, the net slope is 1.5 percent.

The channel's inside width is tentatively set at 3 to 4 feet (variable). The variable width is for both habitat diversity and aesthetics, similar to natural channels. Most of the channel would have a gravel and cobble bottom with natural stone sides. The section between the mill building and retaining walls will likely be cast in concrete with similar stone veneer sides and bottom. The use of a trapezoidal cross section is recommended to increase the water depth during low flow while allowing increased capacity during wet weather.

A new rectangular box culvert with a stony invert is required to pass beneath Spring Lane. Due to the narrow corridor available and the cut depth, low retaining walls would be used on each side, set back from the actual fishway. The proposed wall height is 2 to 6 feet, with the higher sections needed along the south side. A portion of the route is highly confined by the tavern, a concrete sidewalk, and a narrow grass area bounded by a stone wall. In addition, a sanitary sewer lies under this area and needs to be relocated. The slope of the bypass channel is the primary factor influencing flow velocity. The selected value is in the range of other bypass channels with fast runs, rapids, or step pools.

One of the most critical parts of a fishway is its fish entrance at its downstream end and attraction flow. The fish entry for the bypass channel is in an existing small pool. The entry is adjacent to an existing low weir barrier that currently blocks further upstream fish passage, and which helps divert fish toward the fish ladder on the north bank. The pool acts as a holding area and is crowded with fish during the spring migratory season, delaying their passage. The entry for the bypass channel is also located near the low weir and is angled at 45 degrees to the main channel facing downstream. Its discharge jet of water is intended to attract fish into the bypass channel.

In conjunction with improvements to fish passage, this project also includes the dredging of Jenney Pond and repairs to the Jenney Grist Mill Dam. Jenney Pond is an artificial impoundment formed by Jenney Pond Dam. While not a requirement of the bypass project, it makes both ecological and financial sense to dredge Jenney Pond at the same time. Jenney Pond has not been dredged since 1968. The accumulation of sediment from both naturally occurring processes over the last fifty years and upstream restoration work over the last twenty years has resulted in eutrophication of the pond, resulting in poor water quality and degradation of habitat. With dam repairs and construction of the bypass channel underway, it would be prudent to conduct dredging of the pond to ensure that work does not result in the unintended release of sediment downstream. Furthermore, there is a cost savings to achieve by having one contractor perform this work relative to the development and administration of contracts, bid specifications and plans as well as mobilization and de-mobilization costs.

The Town of Plymouth has contacted Milone & Macbroom Inc. to conduct the design and permitting. Milone & Macbroom Inc. have successfully designed, permitted and overseen the construction of all projects in the Town Brook Restoration program. Design and permitting is expected to be completed by 2022, after which construction will begin.

Rabies Baiting Surveillance Program

The Department of Maine and Environmental Affairs has worked diligently with USDA Wildlife Services (WS) and the Cape Cod and Southeast MA Rabies Task Force to reduce incidents of raccoon-variant rabies in southern Plymouth County, and prevent the reintroduction of raccoon-variant rabies to peninsular Cape Cod. Currently, the ten towns that participate in oral rabies vaccination (ORV) are: Plymouth, Barnstable, Bourne, Sandwich, Falmouth, Wareham, Marion, Rochester, Middleboro, and Carver. Due to COVID-19, ORV only occurred north of the Cape Cod Canal in the

Fall of 2020. During this time, 1260 fishmeal polymer block baits (FMP) were distributed via bait station, and 426 by hand in Plymouth. Fall 2020 marked the first time a helicopter had been used for ORV north of the Canal in well over 16 years. The majority of baits were distributed in this manner in Plymouth – while the exact number distributed by helicopter in Plymouth is not available, 59,700 coated sachet (CS) baits were distributed by air throughout the entire Mainland ORV zone in Fall 2020.

In June 2020, USDA WS conducted a trap-vaccinate-release (TVR) effort in lieu of ORV and post-bait trapping in the Mainland ORV zone due to COVID-19. TVR occurred within 5-km of the Cape Cod Canal, and live-trapped rabies vector mammals were vaccinated against rabies, tagged, and released immediately at the site of capture. Only a small section of Plymouth was trapped during TVR– 9 unique raccoons were processed in Plymouth. During late October and November, USDA WS conducted traditional post-bait trapping within the Mainland ORV zone. WS targeted the new helicopter OV zone and only captured, sampled, vaccinated, tagged, and released 3 raccoons in Plymouth.

Enhanced rabies surveillance includes only animals NOT involved in any exposure event. In Plymouth, USDA WS processed and tested 42 animals that had been collected by several agencies, including PDNR/ACO as of December 9. Animals sampled and tested included 29 raccoons, 7 red foxes, 4 striped skunks, 1 woodchuck, and 1 Virginia opossum. One raccoon tested positive for rabies (Spooner St. on March 5), while all other specimens tested negative. These would not have been tested via public health system normally and would have been discarded otherwise. As of 12/9, 316 animals were sampled by USDA (WS) in 2020 in total from Barnstable, Plymouth, Bristol, Norfolk, Dukes, Worcester, Essex, Suffolk, Middlesex, and Hampden Counties. Rabies data from the Massachusetts Department of Public Health Laboratory in Jamaica Plain was not available at the time this report was written.

This project will continue a yearly basis until further notice to help reduce rabies cases in Plymouth and mainland Barnstable Counties, in addition to prevention of the reintroduction of raccoon-variant rabies to peninsular Cape Cod.

Wildlife Trailer Project

Natural Resources is still in the process of building a mobile wildlife exhibit for educational outreach. Nature deficit disorder is all too common among children today and this project will help address that issue.

The goal is to build an exhibit of different displays of taxidermy ranging from mammals, migratory birds, birds of prey, and different fish species that are native to the Plymouth area to help educate the public. Ideally, this exhibit would be large enough to be held within an enclosed trailer and act as a mobile education center. This would allow these resources to be available to the public and travel to anywhere in the state. Natural Resources staff would be able to reach out to the local community and schools in Plymouth, as well as in other municipalities around Massachusetts.

Natural Resources has been fortunate in the past to bring ATV's and boats to schools to help discuss laws, regulations, and most importantly- safety. However, educating the public regarding wildlife has yet to be addressed. Natural Resources has received donations from many people/organizations, as well as two grants to help us strive towards our goal of making this trailer possible. The purchase of the trailer has taken place and we are currently waiting on the trailer to be built and delivered. The Department will continue to seek donations, and funding for the purchase of more taxidermy, and educational tools. We would like to thank all the individuals and organizations that have donated funds towards this project thus far.

Donations:	
Second Wind Brewing Company LLC:	$3500
A D Makepeace:	$1000
Cedar Gun Club:	$100
Eastern Bank:	$2000
Herring Ponds Watershed Association:	$1000
Plymouth County League of Sportsmen:	$200
Red Top Sporting Goods Inc.:	$100
Tech Etch:	$1000

Grants:	
Entergy:	$4000

Taxidermy Donations:
Reedy's Archery (Middleboro, MA)
Unity College (Unity, ME)
Steven Macginus (Norwell, MA)
Eric Schreibor (NH)
Andrew Hutlin (Weymouth, MA)

Patrols

Natural Resources Wardens continued to patrol preserves and open space around town during the pandemic closures. Little Pond and Long Pond continue to see the highest angler traffic, with Long Pond and Big Sandy Pond seeing the highest number of recreational boaters. Natural Resources continues to work closely with the Massachusetts Environmental Police (MEP) on issues ranging from illegal dumping to poaching of game and fish species, as well as with the Harbor Master on boating issues.

This year, Wardens continued their focus on enforcing Off-Highway Vehicle (OHV) laws in order to better protect publicly owned spaces from destruction caused by illegal operation, and to ensure juvenile safety laws are being followed. Wardens stopped 35 OHV riders operating illegally in 2020. The Department would like to remind individuals that OHV operation is illegal on all municipal, state, and federally owned properties in town, and to operate on private property, operators must have written permission on their person from the property owner. All Massachusetts OHV laws are available on the Department website or in the office at Town Hall.

Wardens continued to conduct early morning patrols to check hunters for compliance and ensure state laws are being followed. Because open space in town is multi-use, interactions between hunters and other passive recreational users such as walkers are frequent. Natural Resources considers safety of the public to be the top priority and thus takes hunting compliance very seriously. Wardens recommend anyone entering the woods for any activity during hunting seasons wear blaze orange, and highly recommend pets are outfitted with a blaze orange vest. Copies of hunting seasons and laws can be found on the Department's website and are available in the office.

Open Space Land Management

The Department continues to manage the conservation areas and preserves in Town, to include debris clearing, vegetation brushback and mowing, trail closures, trail signage, trail and waterway management, and graffiti and trash removal. Department personnel typically spend about one week in the early spring removing downed trees across the town preserves and conservation areas, preparing these locations for an influx of visitors in the spring. Trails are kept cleared until the start of the winter storm season; typically, trails are unmanaged between December and March. Please report any trail blockages outside of these months to the Department.

Because the winter of 2019-2020 was extremely mild, visitors frequented trails throughout the season. Wardens were able to keep working in the field all winter removing trees where necessary and providing routine maintenance.

All town owned open space land that the Department manages is open for multi-use passive recreational activities. These include but are not limited to: hiking, cycling, horseback riding, nature watching, hunting, fishing, and trapping. Please be respectful of the rights of visitors to participate in each of these activities and report any concerns to the Department.

Trails Committee

A newly created volunteer Trails Committee has been instrumental in keeping the trails clean and clear. Six benches were built and installed by the Committee at several of the preserves and conservation areas, and they continue to work at a property once a month to keep them open for the public. Their dedication is greatly appreciated and allows Natural Resources Wardens to concentrate on law enforcement, restorations projects, and other responsibilities.

The Committee also helped to open the new trail system at the Indian Brook Conservation Area between Indian Brook Road and State Road. A large group of volunteers turned out to brush back and widen the trail for the public to enjoy. The Department will continue to work closely with the Committee to further the Indian Brook trail system in the coming year and will continue collaborating with the Committee to complete other projects in the preserves and conservation areas around town.

Conservation Area Sign Restoration

Plymouth South High School has been helping the Department refurbish several conservation area signs. Students at the high school have done outstanding work breathing new life into these ornate wooden signs. The Town Forest sign off Long Pond Road is complete and looks fantastic, and the Beaver Dam Conservation Area sign is currently at the high school being completed. The Department would like to thank Ms. Rushell Kwong, Mr. Cliff Colley, and their students for all their time and efforts helping with the project. It is quite an undertaking restoring these signs, and the hopes are that future generations will be able to enjoy them and the areas they represent.

Black Cat Brook Officially Named

Natural Resources petitioned to the United State Geological Survey (USGS) to have a previously unnamed brook in West Plymouth officially named. A small brook within the Black Cat Preserve on Black Cat Road was officially named “Black Cat Brook” on December 12, 2019. This waterway will be reflected on official maps moving forward, and has been entered into the official geographic names repository which is available online at http://usgs.gov/geonames.

Town Brook Pedestrian Bridge

Wardens were asked to work on Town Brook to build a new pedestrian bridge across the brook near the Market Street overpass. Wardens installed a larger bridge than was previously on site to allow the Parks Department more room to bring lawn mowers and equipment to the opposite side of the Brook to work. Wardens built the bridge with funds obtained from the Massachusetts Department of Conservation and Recreation’s MassTrails Grant. The bridge was fabricated in pieces off-site and assembled in place to eliminate any debris from entering the Brook. Existing foundations from the old bridge were reused, and a utility pipe was concealed beneath the bridge to provide better aesthetics.

White Horse Beach Dune Nourishment

The Department was able to secure a DEP permit to begin a multi-year dune nourishment project on White Horse Beach. DPW crews brought in thousands of cubic yards of material and deposited it on approximately one-half of the 800-foot-long ocean-facing slope of the town-owned dune system off Taylor Avenue. This project was done in order to better protect Taylor Avenue and nearby residences from storm damage, and to rehabilitate the fragile dune habitat. Wardens planted approximately 1,500 plugs of beach grass and installed 800 linear feet of sand fencing at the site to help stabilize the dune further. The project will continue in winter 2020-2021 to nourish the remaining half of the dune. The public is reminded that entering this dune system is illegal and will result in fines.

Eel River Watershed Management – Nutrient Management Plan

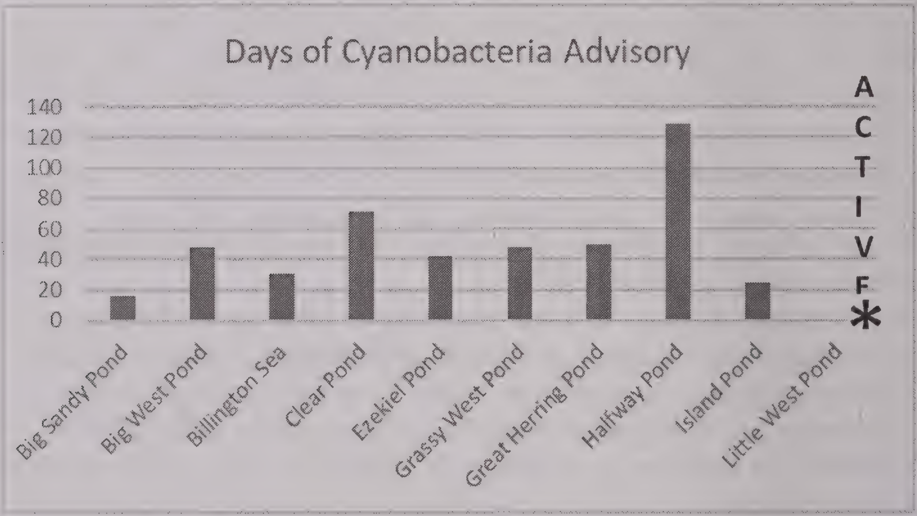
Completed groundwater, surface water and biological monitoring for the Wastewater Treatment Facility Groundwater Discharge Permit for the Eel River Watershed Nutrient Management Plan. Data compiled and analyzed for MassDEP per permit requirements. The Town approved the acquisition of 34 acres of land to be protected adjacent to Eel River which assists the Town in their permit requirements to reduce nutrients within the watershed.

Pond & River Monitoring Program – Plymouth Ponds and Lakes Stewardship Program (PALS)

This was the 13th year of the Pond & River Monitoring Program now called the Plymouth Ponds and Lakes Stewardship Program (PALS) in collaboration with watershed associations and a number of volunteers. This year we collaborated with watershed groups and collected 35 samples for nutrient analysis. In addition, the Town worked collaboratively with the Savery Pond Conservancy to complete the pond sediment sampling in Savery Pond with the remainder of funding and match from the Association. Savery Pond has undergone several years of cyanobacteria blooms, the sediment data will analyze how much nutrients are being released from the pond sediments vs other sources. With information collected as part of the PALS program, the Town and watershed associations are better able to identify both the health and potential pollutant sources affecting water quality and ecological habitats. This program has led to multiple grant opportunities and implementation of water quality improvements.

Cyanobacteria (Blue-Green Algae) Monitoring

This year staff implemented a weekly cyanobacteria monitoring plan during summer/fall months on dozens of ponds. Ponds which have previously had cyanobacteria blooms were visually checked as well as new ones that arose this year. Once a bloom is confirmed visually the local Public Health Department and State Department of Health issue an advisory to avoid contact with the water. The bloom must be visually clear for a minimum of two weeks prior to lifting the advisory. This year the Town had limited funding to conduct 15 rounds of sampling and analysis to confirm the cyanobacteria is below the recommended levels prior to lifting the advisory. At Fall Town meeting additional funding was allocated to assist next year. In 2020 the Town had 10 active cyanobacteria blooms, one still ongoing, with the next longest bloom occurring at Halfway Pond for 129 days, roughly 4 months.



Savery Pond Watershed Management Plan

DMEA Staff worked with the University of Massachusetts Dartmouth School of Marine Science & Technology (SMAST) to complete the 2020 monitoring at Savery Pond for the development of the Savery Pond Management Plan. The Management Plan was funded by the Environmental Affairs Fund and the Savery Pond Conservancy. The management plan will identify sources of nutrients that impact Savery Pond and recommend management options to assist in improving water quality to Savery Pond and Ellisville Harbor. The Management Plan will be completed in the early Spring of 2021.

Conservation Restrictions

DMEA staff worked diligently to write and submit conservation restrictions for State review as required when funding is utilized by the Community Preservation Act for land acquisitions. The completion of conservation restrictions is also recently a requirement to receive state grant funding. DMEA Staff completed and recorded 24 outstanding open space conservation restrictions.

Staff is working with the Community Preservation Committee on the Fall 2020 Town Meeting acquisition of 34 acres along Eel River. This Conservation Restriction (CR) will be completed for the closing or shortly thereafter to keep the Town in good standing with the Commonwealth.

Hazardous Waste Collections

DMEA typically coordinates two household hazardous waste collections per year, however, the spring 2020 collection was cancelled due to COVID-19. There was one spring collection held on the South Shore, which 12 Plymouth residents were able to attend because of the Town's membership in the South Shore Recycling Cooperative (SSRC). Cancellation of the spring collection resulted in increased turnout at the fall collection. A pre-registration system helped manage vehicle arrivals and flow and minimized wait times for the 237 vehicles that attended. Thirty-nine Plymouth residents were able to attend collections in other SSRC member towns and properly dispose of their household hazardous waste.

Plymouth Long Beach Management

DMEA managed Plymouth Long Beach according to the Plymouth Long Beach Management Plan as conditioned by the 2014 Corrected Amended Final Order of Conditions issued by the Massachusetts Department of Environmental Protection (DEP). For the fifth year, the Town implemented the Long Beach-specific plan approved through a Certificate of Inclusion (COI) in the statewide Habitat Conservation Plan for Piping Plover as well as a Conservation and Management Permit for Least Terns. The Dog Control Program was implemented as required by the Massachusetts Division of Fisheries and Wildlife (DFW). Due to COVID-19 related restrictions as well as Plymouth Beach seawall reconstruction, Plymouth Long Beach was closed to vehicles from April 2 through June 12. Plymouth Long Beach reopened for vehicle access on Saturday, June 13. The off-road vehicle season ended on Labor Day, September 7. When not restricted due to tides or nesting birds, the Crossover was open from 9:00am to 7:00pm daily.

Plymouth Long Beach followed the state's guidance for reopening beaches, including reduced capacity for parking, distancing and masking requirements, and limiting recreational activities to reduce close contact. Limits on parking capacity were lifted during the summer. Beach management procedures were altered to reduce close contact and sharing of equipment between DMEA staff members. Frequent hand washing and sanitization of shared equipment were encouraged. There were no cases of COVID-19 among the staff and no beach closures related to staff illness.

Management Plan/Shorebirds

The DMEA staff monitors the nesting activity of coastal waterbirds to collect information on nest and chick locations and timing of hatching and fledging so the Management Plan can be properly implemented. Fifty-nine pairs of least terns nested this season and had good productivity. Seventeen pairs of common terns returned to nest at the point after being absent for several years, and the first common tern chicks fledged on Long Beach since 2014. Laughing gulls as well as the larger gull species including herring and great black-backed gulls did not nest this season. Black skimmers, roseate terns and Arctic terns also did not nest at Long Beach this season.

This year was another record year for number of piping plovers nesting at Long Beach. Thirty-four pairs (4 more than last season) nested at Long Beach this season. Hatch success was good (71%), however, productivity was fair with only 31 chicks fledged. Fifty-nine pairs of least tern pairs nested this season and had good productivity. Seventeen pairs of common terns nested after being absent for several years, and the first common tern chicks fledged on Long Beach this summer since 2014.

Another record high of 34 pairs of piping plovers nested at Long Beach this season. Hatch success was good (71%), however, productivity was fair with only 31 chicks fledged. Of the 42 nests that were laid, 31 hatched, 5 were overwashed by a high tide, 2 were abandoned, and 4 were confirmed or likely to have been predated. The causes of chick loss are unknown.

For the second year, 3 pairs of ospreys nested on Long Beach. In the fall of 2019, a nest platform was installed on an existing pole near the Landing Parking Lot. The ospreys that nested on the nearby pier structure last season immediately relocated to the new nest platform. The other two pairs nested on the nest platform near the Fishermen's Turnaround and on the Day Marker at the point. All three pairs fledged chicks for a total of 8 chicks. Other species observed nesting this season include willet and horned lark.

DMEA received a new COI in the statewide Habitat Conservation Plan for Piping Plover (HCP) and a new Conservation and Management Permit (CMP) for least terns following expiration of the previous permits in December 2019. The HCP and CMP give the Town some flexibility in managing recreational activities when unfledged piping plover and/or least tern chicks are present. The Town's plan includes the covered activities "use of roads and parking lots in the vicinity of unfledged chicks" and/or "oversand vehicle use in the vicinity of unfledged chicks", subject to the required mitigation and risk minimization procedures.

During the 2020 season, the covered activity "use of roads and parking lots in vicinity of unfledged chicks" was implemented for 3 piping plover broods and 1 least tern sub-colony where 32 pairs of least terns nested.

Without the HCP/CMP in place, non-essential vehicle access would have been restricted to some degree for 77 days of the summer season. There were unfledged plover chicks in the vicinity of the road for 50 days this season, and there were unfledged least tern chicks in the vicinity of the road for 71 days. As a result of HCP/CMP implementation, Ryder Way was fully open for 43 days during that period, and the Day Parking Area and the areas southward were available throughout the 77-day period (some areas remained closed for COVID-19 related reasons). The Crossover opened on July 31, which gave the public an additional 27 days of vehicle access to beachfront areas that would have otherwise been unavailable.

In addition, limited night-time vehicle access for fishing was available for 27 nights this season. Twenty-five vehicles took advantage of this additional access that was available when only unfledged least tern chicks were present and a barrier was in place.

DMEA staff continued to remove non-native and invasive plant species at Long Beach. Efforts this season included removal of wild radish, black swallow-wort, oriental bittersweet, and common mullein. Invasive plant removal is an ongoing effort that will take many years to achieve and will require ongoing monitoring.

DMEA staff served as the Town staff representative at meetings of the Natural Resources and Coastal Beaches Committee.

Plymouth Long Beach Grants

The Town received a grant award of $3 million for reconstruction of a portion of the Plymouth Beach seawall and revetment through the MA Executive Office of Energy and Environmental Affairs' Dam and Seawall Repair and Removal Grant Program. Despite some COVID-19 related delays, 300 linear feet of failed seawall was demolished and replaced from mid-March through June 12. The contractor returned to the site in September and completed an additional 300 linear feet of seawall replacement and reconstructed the revetment by late November. The Town met the 25% grant match requirement with funds appropriated by Town Meeting to repair the seawall.

The Town received a grant in the amount of $142,000 through the MA Office of Coastal Zone Management's Coastal Resilience Grant Program for the design and permitting of a mixed sediment nourishment project located between the Day Parking Area and the Crossover. The stone dike is severely degraded in this area which has resulted in increased erosion. This project aims to protect Ryder Way and increase the resilience of the beach to erosion and storm damage impacts. The design and permitting phase of this project will be completed by June 2022.

Hazardous Waste Collections

DMEA typically coordinates two household hazardous waste collections per year, however, the spring 2020 collection was cancelled due to COVID-19. There was one spring collection held on the South Shore, which 12 Plymouth residents were able to attend because of the Town's membership in the South Shore Recycling Cooperative (SSRC). Cancellation of the spring collection resulted in increased turnout at the fall collection. A pre-registration system helped manage vehicle arrivals and flow and minimized wait times for the 237 vehicles that attended. Thirty-nine Plymouth residents were able to attend collections in other SSRC member towns and properly dispose of their household hazardous waste.

Plymouth Long Beach Management

DMEA managed Plymouth Long Beach according to the Plymouth Long Beach Management Plan as conditioned by the 2014 Corrected Amended Final Order of Conditions issued by the Massachusetts Department of Environmental Protection (DEP). For the fifth year, the Town implemented the Long Beach-specific plan approved through a Certificate of Inclusion (COI) in the statewide Habitat Conservation Plan for Piping Plover as well as a Conservation and Management Permit for Least Terns. The Dog Control Program was implemented as required by the Massachusetts Division of Fisheries and Wildlife (DFW). Due to COVID-19 related restrictions as well as Plymouth Beach seawall reconstruction, Plymouth Long Beach was closed to vehicles from April 2 through June 12. Plymouth Long Beach reopened for vehicle access on Saturday, June 13. The off-road vehicle season ended on Labor Day, September 7. When not restricted due to tides or nesting birds, the Crossover was open from 9:00am to 7:00pm daily.

Plymouth Long Beach followed the state's guidance for reopening beaches, including reduced capacity for parking, distancing and masking requirements, and limiting recreational activities to reduce close contact. Limits on parking capacity were lifted during the summer. Beach management procedures were altered to reduce close contact and sharing of equipment between MEA staff members. Frequent hand washing and sanitization of shared equipment were encouraged. There were no cases of COVID-19 among the staff and no beach closures related to staff illness.

The DMEA staff monitors the nesting activity of coastal waterbirds to collect information on nest and chick locations and timing of hatching and fledging so the Management Plan can be properly implemented. Fifty-nine pairs of least terns nested this season and had good productivity. Seventeen pairs of common terns returned to nest at the point after being absent for several years, and the first common tern chicks fledged on Long Beach since 2014. Laughing gulls as well as the larger gull species including herring and great black-backed gulls did not nest this season. Black skimmers, roseate terns and Arctic terns also did not nest at Long Beach this season.

This year was another record year for number of piping plovers nesting at Long Beach. Thirty-four pairs (4 more than last season) nested at Long Beach this season. Hatch success was good (71%), however, productivity was fair with only 31 chicks fledged. Fifty-nine pairs of least tern pairs nested this season and had good productivity. Seventeen pairs of common terns nested after being absent for several years, and the first common tern chicks fledged on Long Beach this summer since 2014.

Another record high of 34 pairs of piping plovers nested at Long Beach this season. Hatch success was good (71%), however, productivity was fair with only 31 chicks fledged. Of the 42 nests that were laid, 31 hatched, 5 were overwashed by a high tide, 2 were abandoned, and 4 were confirmed or likely to have been predated. The causes of chick loss are unknown.

For the second year, 3 pairs of ospreys nested on Long Beach. In the fall of 2019, a nest platform was installed on an existing pole near the Landing Parking Lot. The ospreys that nested on the nearby pier structure last season immediately relocated to the new nest platform. The other two pairs nested on the nest platform near the Fishermen's Turnaround and on the Day Marker at the point. All three pairs fledged chicks for a total of 8 chicks. Other species observed nesting this season include willet and horned lark.

DMEA received a new COI in the statewide Habitat Conservation Plan for Piping Plover (HCP) and a new Conservation and Management Permit (CMP) for least terns following expiration of the previous permits in December 2019. The HCP and CMP give the Town some flexibility in managing recreational activities when unfledged piping plover and/or least tern chicks are present. The Town's plan includes the covered activities "use of roads and parking lots in the vicinity of unfledged chicks" and/or "oversand vehicle use in the vicinity of unfledged chicks", subject to the required mitigation and risk minimization procedures.

During the 2020 season, the covered activity "use of roads and parking lots in vicinity of unfledged chicks" was implemented for 3 piping plover broods and 1 least tern sub-colony where 32 pairs of least terns nested.

Without the HCP/CMP in place, non-essential vehicle access would have been restricted to some degree for 77 days of the summer season. There were unfledged plover chicks in the vicinity of the road for 50 days this season, and there were unfledged least tern chicks in the vicinity of the road for 71 days. As a result of HCP/CMP implementation, Ryder Way was fully open for 43 days during that period, and the Day Parking Area and the areas southward were available throughout the 77 day period (some areas remained closed for COVID-19 related reasons). The Crossover opened on July 31, which gave the public an additional 27 days of vehicle access to beachfront areas that would have otherwise been unavailable.

In addition, limited night time vehicle access for fishing was available for 27 nights this season. Twenty-five vehicles took advantage of this additional access that was available when only unfledged least tern chicks were present and a barrier was in place.

DMEA staff continued to remove non-native and invasive plant species at Long Beach. Efforts this season included removal of wild radish, black swallow-wort, oriental bittersweet, and common mullein. Invasive plant removal is an ongoing effort that will take many years to achieve and will require ongoing monitoring.

DMEA staff served as the Town staff representative at meetings of the Natural Resources and Coastal Beaches Committee.

Calls and Statistics

In 2020 Animal Control responded to many calls from our residents and visitors. Overall, we responded to approximately 3,782 calls regarding a variety of questions and concerns.

Sick, Injured or Deceased Wildlife	1,069
Missing or Found Domestic Animals	847
Domestic Animal Complaints	1,204
Adoption/Surrender Inquiries	428
In-Kind or Monetary Donation Inquiries	234

Plymouth Animal Shelter Intake and Adoptions

Fundraising

Unfortunately, due to the COVID-19 pandemic our fundraising efforts were cut short this year. We were unable to hold our annual Arts for the Animals event in August, but we were able to squeeze in our My Furry Valentine event in the beginning of February. Attendees were able to create paw print ornaments, take their picture with their pet in our pet kissing booth and shop with some of our vendors. In two short hours we were able to raise $365 dollars, which is the equivalent of getting six cats vaccinated and ready to be adopted. That is six lives saved!

TNR Community Cat Program

Throughout the year our officers worked to help trap-neuter-release many of the community cats in our town. We worked in many different parts of town, but much of our effort was focused on North Plymouth and the over population of feral cats there. We are happy to report that through this program we were able to help eighteen cats in total! This included ten cats/kittens who were able to be put up for adoption, and four cats who were able to be placed in our working cat program. Overall, it was a very successful year!

Stranded Gannet was assessed by Cape Wildlife Center and then released offshore.

Raccoon with a part of a PVC pipe caught around her neck- successfully released after removal!

Racoon Dumpster Rescue

One of our more interesting wildlife calls this year involved a raccoon with his head stuck in a drainage hole of a large dumpster. With the combined effort of the Natural Resource Department, Cape Wildlife Center, Animal Control- and a consultation from the Fire Department, we were able to free him. This all happened on one of the hottest days of the year when temperatures were soaring into the 90s. Cape Wildlife Center was able to successfully sedate and remove the raccoon and rehabilitate him for release into Plymouth once again. A happy ending!

2020 will not be a year that is soon forgotten. In the beginning of 2020, Harbormaster staff along with the Town prepared for a year of special events and celebrations commemorating the 400th anniversary of the Pilgrims landing. By March 2020, the COVID 19 pandemic turned everything upside down. While the pandemic resulted in the cancellation of many events including the larger Plymouth Harbor events like the Maritime Salute and 4th of July Parade and Fireworks, boating proved to be a great escape for people to get outdoors while maintaining social distancing. This season proved to one of the busiest for recreational boating in decades!

While recreational boating was extremely busy, charter Boats, whale watching, and excursion boats were severely limited in the number of passengers they were able to have on-board. Due to these restrictions, many operators cancelled trips and ceased operations until the number of passengers could be restored. While some activity did pick up in late July and August, these businesses were greatly affected.

Dredging

Dredging operations began to break down after the second year of dredging came to a close. This significant project removed close to 400,000 cubic yards of sediment from the entrance channel, turning basin, anchorage and around the new pier. This long overdue maintenance project was much needed to keep Plymouth Harbor accessible to deeper draft ships and the commercial fishing fleet.

After the anchorage was cleared by the Army Corps, mooring replacement began. Just as moorings began to be replaced, the COVID pandemic shutdown delayed the replacement by close to 2 months. The mooring service was able to develop a way to keep workers safe and they returned to the water to move moorings once additional guidance was provided by the State. Many of the moorings were moved back into place prior to June, but due to delays work continued into the boating season.

At the end of the project, we were provided with a -16MLW entrance channel and turning basin, -9 MLW anchorage, -10MWL inside the new pier, and -16MLW Mayflower II berth. The total costs for dredging over the two years came in close to $18,000,000 in combined funding. Below is the breakdown of funding sources.

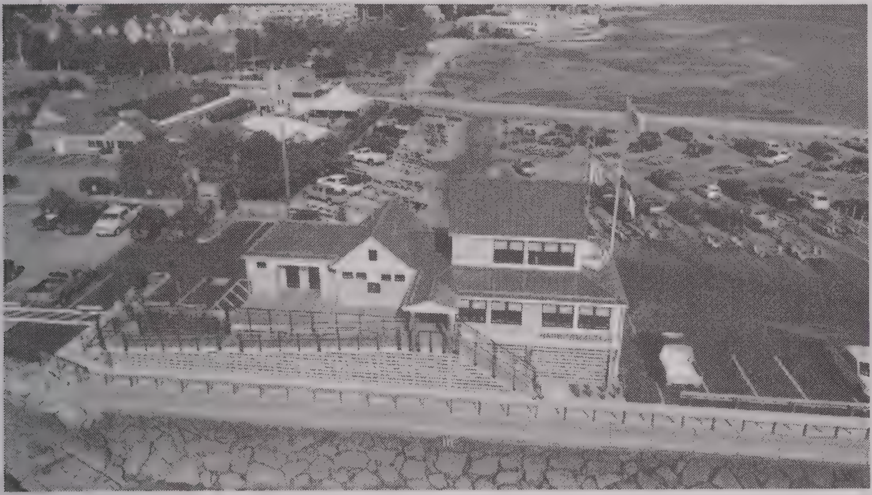
Army Corp of Engineers (Federal Project)	$13,000,000
Massachusetts Dredge Grant	$2,500,000
Town Funding (Dredge Grant Match)	$2,500,000

Maritime Facility Construction

The Maritime Facility construction started in 2019 and was scheduled to be completed by the Spring 2020. The facility was set to provide important services during the busy celebration offering visiting boaters shower, bathrooms, and laundry. The building also provides public restrooms to the boating public, boat ramp users and public walking the waterfront.

Ultimately, the completion date was impacted by the COVID-19 shutdown. While work continued during the shutdown, trades people and workers had to be staggered to adhere to social distancing protocols. The project continued through the busy summer and Harbormaster staff were able to move into the building in September. The Maritime Facility was turned over to the Town with little fanfare; no grand opening ceremony, no public invited to tour the building, no special events. We will have to wait for 2021 to use the facility as intended.

While we miss the Harbormaster "shack", the conditions in the new building provide bathrooms, running water, and comfortable space for staff to work and conduct business. This is a major improvement for the harbor and the benefit will pay dividends for years to come!



Plymouth Maritime Facility - Courtesy of Mike Dawley

Mayflower II returns to Plymouth

If there was one day during this boating season to remember, it would be when the Mayflower II retuned back to Plymouth Harbor. The journey back from Mystic was broken up into multiple legs. On each leg, many boaters and shoreside onlookers were able to catch a glimpse of the newly restored ship. Plymouth Harbormaster crews met with the Mayflower II for the final leg from Mass Maritime back to Plymouth Harbor. The Mayflower II and the Tug Jaguar safely towed the vessel through the canal and into Cape Cod Bay with a sea of spectator vessels on her sides.

Once in Cape Cod Bay, the Mayflower II was able to drop the towline and put up her sails! The weather was perfect for the flotilla and a light breeze pushed the Mayflower North closer to home. The sight was impressive and provided a time to reflect on the Pilgrims long journey. The Mayflower II was greeted by a socially distanced crowd much smaller then planned! The tug Jaguar and Mayflower II crew were able to glide the ship into the freshly dredged berth and secure the lines.

The return of the Mayflower came at an important time, restoring her presence in the Harbor with masts breaking up the skyline. Although a difficult time for all with the COVID pandemic, we are reminded by the struggles the Pilgrims first faced when arriving in this new world.

Mayflower II under sail - Courtesy Robert Bechtold

White Sharks

The Harbormaster Division deployed the acoustic receivers again in the spring with the support of Division of Marine Fisheries (DMF) and the Atlantic White Shark Conservancy. We were able to deploy the Manomet Pt and Ellisville buoys in the same location as the past and with the help of DMF supplying another acoustic receiver, we were able to add one in Warren's Cove. The Warren Cove receiver replaced the Gurnet Pt. receiver that was lost in 2018. The new location was based on past reports of sightings in the Warren Cove area and location close to Plymouth Long Beach and Brown's Bank.

While we do not have the buoy data for the 2020 season, below is the data for the 2019 season:

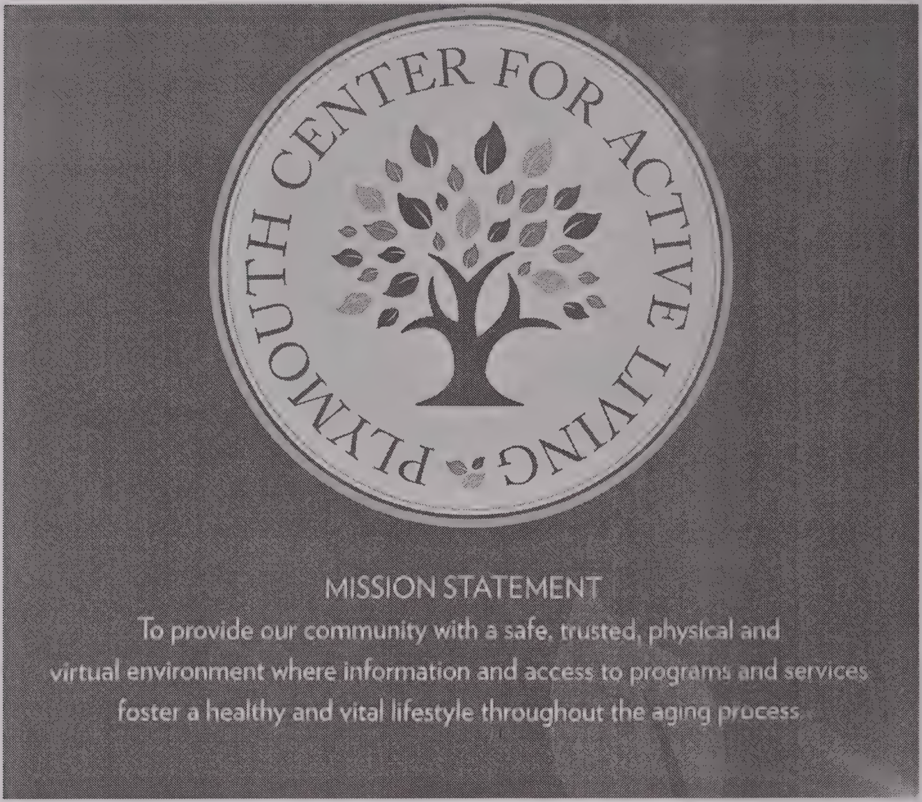
Manomet Pt.	216 days monitored	2,296 pings	8 different tagged White Sharks
Ellisville Harbor	216 days monitored	55 pings	5 different tagged White Sharks

A ping is when the tagged White Shark swims within range of the acoustic receiver buoy. If a shark stays in the area, that one shark can "ping" the buoy several times. Keep in mind that the receiver buoys only pick-up sharks that are carrying an acoustic tag; if the shark is not tagged it will not be detected by the buoy.

With 2020 being a very busy boating season and many people going to the beach to enjoy the weather, there was an uptick on reports of sightings. Each report was investigated and determined to be an unconfirmed or confirmed based on the reporting source, picture/video evidence or on-scene observations. We did have a couple of rare reports that are worth noting. One report off White Horse Beach was a fin sighting that turned out to be a giant blue fin tuna in less than 10' of water and the other a harbor porpoise in Warrens Cove. In both cases Harbormaster personnel were able to get on-scene and record video helping identify the species with field experts.

COMMUNITY RESOURCES DEPARTMENT

CENTER FOR ACTIVE LIVING



PLYMOUTH CENTER FOR ACTIVE LIVING

MISSION STATEMENT

To provide our community with a safe, trusted, physical and virtual environment where information and access to programs and services foster a healthy and vital lifestyle throughout the aging process.

MISSION STATEMENT

To provide our community with a safe, trusted, physical and virtual environment where information and access to programs and services foster a healthy and vital lifestyle throughout the aging process.

The Center for Active Living (CAL) is a division of the Department of Community Resources. The Center operates with 9 full-time and 2 part-time energetic and dedicated staff members.

In accordance with Town of Plymouth Bylaws Chapter 43 (adopted in 1974) and Massachusetts General Law 40 Section 8B*, the CAL provides innovative programs and services for residents aged 59 ½ and over; as well as for their caregivers and loved ones.

**MA General Law 40 Section 8B; "A city by ordinance or a town by by-law may establish a council on aging for the purpose of coordinating or carrying out programs designed to meet the problems of the aging in coordination with programs of the department of elder affairs."*

THE NAME

The Plymouth Center for Active Living represents seniors that are actively living and thriving, not passively aging. "CAL," as it is known, is committed to helping change individual and community stigmas and biases associated with senior centers and the aging population. The vibrant logo and bustling CAL facility showcase the promotion of this important message.

SPECIAL DIRECTOR'S MESSAGE

2020 will be known as an historic one at CAL, Plymouth community, state, nation, and world. In January of 2020, CAL presented as a robust, thriving center bustling with patrons enjoying a myriad of activities and programs designed to engage mind, body, spirit, and intellect. In March of 2020, the community was immersed in a world-wide pandemic called COVID-19, a state that continues today. This pandemic swept across the country in record numbers and collectively left a state of confusion, fear, and sadness with an unknown prognosis for the future. The Coronavirus hit the elder population particularly hard, resulting in the highest percentage of illness and deaths for this demographic population world-wide. CAL, and all municipal buildings closed its doors abruptly on March 18, 2020. Despite uncertainties it is the hope that the combination of leadership, science and community cohesiveness will create effective and timely solutions to combat the virus.

During the most unpredictable time in modern history, the CAL mission and dedication did not change, it only intensified. CAL highly skilled and dedicated staff ensured that every senior need was met in supportive, tangible, and creative capacities. The outpouring of support for Plymouth seniors was monumental- from community individuals to local businesses, to municipal management and local government, to dignitaries and constituents-no need was left unfulfilled! Due to the closing of the CAL facility, public and government-imposed shelter in place/social distancing mandates, CAL had the daunting task of reconstructing and redefining programming that provided opportunities for social connectedness. Virtual programming was born at CAL and Zoom became the "new norm."

Social isolation prevention is a CAL forefront mission, as the impact of this condition has devastating effects and is particularly damaging to seniors. Research shows that the physical and mental outcomes of social isolation is equivalent to the lasting adverse effects associated with serious health conditions. CAL will continue its mission of ensuring senior safety, providing necessary resources and vital information to the senior community, and creating innovative virtual programming during the pandemic and beyond.

PROGRAMS AND SERVICES

Activities, Services and Programs

The CAL offers a wide range of diverse and innovative programming that meets the needs of its population. Fitness classes, wellness programs, walking clubs and health clinics are staples in the Center to ensure that seniors are active, healthy, and socializing. The CAL hosts feature films and many live entertainment events including musical groups, solo performers, comedians, and dancers to the delight of its patrons. The arts and intergenerational programming highlights at the Center, and oftentimes the two combine efforts for creative collaborations. Professional programming includes multiple support groups, educational programs, AARP sponsored tax preparation counselors, and attorney consultations. The CAL boasts both a Men's and Women's group that meet weekly to discuss pertinent issues.

Newly appointed EOEA Secretary Elizabeth Chen requested a visit to CAL, and local government officials held monthly open forums at the facility. In January 2020, CAL earned a seat at the table as part of Plymouth County Outreach's HUB team member to offer solutions and resolution for at risk-community members. CAL continued building and strengthening our community resource framework with senior advocacy and CAL's mission as our driving force. CAL transitioned to a new online registration/payment system ("My Active Center") to both streamline these processes and enhance safety.

Our Partnerships

The CAL quest for community integration through connections and partnerships with area businesses and resources remained the forefront of service and programming goals. A partnership with Bridgewater State University was formed to bring Lifelong Learning/Senior College to CAL for the Fall 2020 semester, which commenced virtually. CAL partnered with Alzheimer's Association of Cape Cod to bring much needed and all-important memory screenings to senior patrons. CAL hosted collaborative educational events with area assisted living facilities, local sheriff departments and created "Coffee with a Cop" with the local police department.

COVID RESPONSE

2020 saw a shift in programming from in-person to virtual due to COVID-19. **Basic needs, social isolation, loneliness, nutrition, safety, and health were CAL staff primary pandemic concerns regarding Plymouth's elder population.** In response to these concerns, CAL created specific programmatic and outreach efforts to target isolated seniors.

CAL distributed over **1,800 masks to seniors** and organized **hundreds** of grocery and pharmacy trips during stay-at-home orders. Social Outreach staff handled issues pertaining to housing, food, utilities, scams, financial assistance, loneliness, and social isolation.

CAL utilized CARES funding to ensure that proper PPE, sanitization, and safety products were procured and formed a "Re-Opening Task Force" to ensure government mandated compliance and rigid standards of safety were implemented. CAL held a drive-thru flu clinic so that seniors could safely receive the high-risk dose flu vaccine. CAL hired PACTV to film a documentary starring local seniors discussing their life stories regarding resiliency and hope during the pandemic. CAL, in partnership with Beth-Israel Deaconess Hospital, The Chamber of Commerce and the Plymouth Philharmonic hosted "Senior

Appreciation Day" to honor Plymouth senior bravery during the pandemic. This event was proclaimed by the Plymouth Select Board and will be honored September 15th of each year forward. A Drive-thru Holiday Parade was held on December 22, 2020 complete with holiday fanfare and staff dressing in holiday cheer. Over 220 gifts were distributed and over 75 raffle items were won by seniors, including New Year's Eve prize packs. CAL, along with Duxbury COA, Pembroke COA and Kingston COA combined forces to create regional senior television programming shown daily on PACTV. These programs include health and wellness, exercise, education, and entertainment and were designed specifically in response for seniors without virtual programming access. CAL created an iPad lending program to allow seniors without necessary equipment the opportunity to engage in virtual programming. CAL transitioned programmatic registration and payment to an online system called *My Active Center*. This system streamlines the internal accounting process and allows for optimal safety during transactions.

Data-COVID Response

From April 2020-December 2020, with a "closed" facility, **CAL staff executed *209 virtual and in-person programs 1,337 times.***

From March 19, 2020-December 31, 2020, with a "closed" facility, **CAL staff and Volunteers delivered *33,399 Meals on Wheels to 312 seniors*** in our community.

From April 2020-December 2020, with a "closed" facility, **CAL staff utilized *98 volunteers 1,382 times*** to help seniors in our community.

From April 2020-December 2020, with a "closed" facility, **CAL staff made *5,485 personal "Happy Birthday" phone calls*** to seniors in our community.

From April 2020-December 2020, with a "closed" facility, **CAL staff and Volunteers made *3,548 personal Wellness phone calls*** to seniors in our community.

From March 19, 2020-December 30, 2020, with a “closed” facility, **CAL Director** ***made 104 voice-connect calls (reaching 6,000-10,000 seniors)*** to share pertinent information and offer reassurance to seniors in our community.

From June 2020-December 2020, with a “closed” facility, **CAL staff distributed** ***2,178 Grab and Go lunches*** to seniors in our community.

From April 2020-December 2020, with a “closed” facility, **CAL SHINE Volunteers serviced** ***209 seniors 270 times*** with their health care needs, executing these tasks only via telephone contact.

From March 19, 2020-December 31, 2020, with a “closed” facility, **CAL Social Outreach Workers serviced** ***982 seniors in need, 2,723 times.***

OUR FUTURE

CAL began the initial stages of meeting with community partners and constituents to deem Plymouth an Age and Dementia Friendly community, a movement endorsed by the World Health Organization and Governor Baker.

CAL became a proud Organizational Partner of the Plymouth 400th. In conjunction with the Plymouth schools, an intergenerational project was created to commemorate Plymouth’s 400th anniversary by plans to build a time capsule at the CAL facility. While these initiatives were suspended due to the pandemic, future planning will encompass these collaborative goals.

CAL will continue to leverage awarded grants and generous donations to support, sustain and enrich the lives of Plymouth seniors. Funding will be utilized to **provide seniors with the tools necessary for mastering the virtual world** to maintain connections with others and combat social isolation, along with providing virtual programs that enhance physical, spiritual, and mental well-being. CAL will expand and extend virtual programming through Zoom and cable access programming through community partnership with PACTV. CAL will also work collaboratively with the Plymouth Public Schools to create innovative and interactive intergenerational Zoom programming opportunities.

The Center remains committed to **civic knowledge, education, and responsibility**. Local and state representatives generously donate time each month to host open public forums at the CAL. This unique opportunity provides a platform for exchanges between elected officials and patrons to discuss civic concerns, questions regarding town and state government and thoughts about future town planning.

Social/ Outreach

The Center is staffed with **two caring, compassionate Social/ Outreach Workers**. Their priority is to assess the needs and challenges a senior or caregiver may be facing and provide appropriate information and/ or referrals, social support and assistance. Social/ Outreach Workers may assist with completion of applications for subsidized assistance programs including the Supplemental Nutrition Assistance Program (SNAP), Fuel Assistance, discounted utility rates and subsidized housing. In-office appointments and outreach visits are available by calling our front desk and are kept confidential. In 2020, outreach staff assisted 2,976 seniors 1,086 times. While this was a 10% decrease in times reached, it was a staggering **390% increase from last year in the numbers of seniors reached.**

Volunteer Program

CAL closed out 2020 with 263 active volunteers, who provided a total of 9,551 recorded hours. This was a 61% decrease in hours and 17% decrease in active volunteers. This statistical decrease is due to the pandemic and closed facility status. Despite this decrease, the value of these hours equates to $314,800.96 of service provided “in-kind” to the municipality! **Volunteers are the backbone of CAL** and are essential to optimal operations and Center functioning. Volunteers drive seniors to medical appointments, deliver meals, prepare congregate meals, pick-up and deliver food donations, give facility tours, sit on Advisory/Friends Boards and sub-committees, teach programs, greet patrons and answer phones, assist with data entry, create and implement Information Technology, and much, much more.

CAL volunteers are honored yearly with an Appreciation Luncheon served by CAL staff, Plymouth Town officials and local and state dignitaries.

Nutrition

The Center hosts two nutrition programs: Meals on Wheels (MOW) and the congregate meal program. MOW is a program offered through Old Colony Elder Services and processed at the CAL. The Coordinator of Support Services designs delivery routes and staffs the routes with volunteer drivers who deliver as many as 160 meals a day across Plymouth. **This vital program provided more than 41,473 meals to 335 seniors, a consumer increase of 15% from last year.** The congregate meal program is catered by the Plymouth Public Schools Nutritional Services Program with financial support from the Town of Plymouth. This collaboration, headed by two former chefs, provides a low-cost, highly praised delicious and balanced meal to seniors M-F in our dining room. The cost of each meal is $3 per senior and $5 for non-seniors. Advanced registration is required. For a menu, please view our monthly newsletter or subscribe via email to CAL Constant Contact. In March of 2020, due to the pandemic and subsequent facility close, the congregate meal program was temporarily discontinued. Until restoration of this program can safely commence, CAL created a “Grab N Go” drive-up lunch program offered 3 days per week that distributes 25 meals per day. Combined, **CAL served 3,665 congregate and Grab N Go meals to 448 individuals, despite the pandemic and closed facility.**

PROGRAMS OF DISTINCTION

The Center for Active Living is **Nationally Accredited** by the National Council on Aging’s National Institute of Senior Centers (NCOA/NICS). This standard of excellence puts CAL in the top elite 100 out of 11,000 senior centers nationwide. CAL was awarded this accolade for demonstrating excellence in programming and all phases of operations. The CAL is proud to be part of this distinguished group and will continue to maintain this caliber of service to patrons and the Plymouth community. Despite COVID barriers, CAL went through a rigorous re-accreditation process in 2020 and was awarded re-accreditation approval.

The CAL holds monthly **Volunteer Orientations** for prospective volunteers, which provides a two-hour long formal introduction to the Center. A brief history and mission of the CAL are discussed, and volunteer opportunities and expectations are explored. Volunteers meet staff members and other volunteers, hear a brief description of staff responsibilities and are provided a formal tour. Over 200 volunteers have attended this program to date. The Center also offers volunteer programming that include educational and support opportunities.

The CAL has a strong **Intergenerational Program** in partnership with the Plymouth Public School System that provides opportunities to bring younger generations together with the senior population. The *Hot Topics Debate* Program offers an opportunity for older and younger generations to discuss relevant topics in a debate style manner each week at the Center. This is currently offered virtually, along with several other interactive virtual projects.

The Center has a **Volunteer Medical Transportation Program** run completely by volunteer staff. The program connects seniors in need of transportation assistance to volunteer residents in our community willing to donate their time to drive. This is a vital program for our large town. In 2020, 206 rides were given to seniors between January 2020 and March 18, 2020. This vital program did not operate after March 19, 2020 due to COVID restrictions. Without our volunteers' dedication seniors may not have received appropriate medical care or the follow-up necessary to encourage healthy aging within their own community.

Pilgrim Pride senior LGBTQ group meets once a month for a variety of social opportunities, support and education. This amazing group of seniors give back to the community in so many ways through advocacy and engagement in Center programs and volunteerism. Pilgrim Pride has over 30 members. The Pride group has chosen to not meet virtually during this time, but in engaging in a series of professionally hosted workshops designed to unite, educate and encourage connective support.

Serving the Health Information Needs of Everyone (SHINE) is a volunteer program that provides health insurance counseling to Medicare recipients and those under 65 with Disability Insurance approval. Despite COVID restraints and the inability to meet with seniors in person from the end of March through the end of December, SHINE counselors assisted over 395 individuals in finding the most affordable Medicare plan to meet their medical and prescription needs. These volunteer counselors attend two weeks of training annually and attend (virtual) meetings monthly to stay up to date on pertinent information. The SHINE program is very important to Plymouth's ever-growing senior community. This program is free of charge, but appointments must be scheduled to access these services.

"**Senior Voices**" is a CAL Advisory Board Committee that was created in a concerted effort to actively listen to Plymouth's seniors. By conducting focus groups at the CAL and in-person visits to senior housing residents, the committee listens to senior issues and concerns and discusses productive ways in which to address these concerns. This important program allows CAL to connect with those that are not aware of the Center's programs and services and to introduce CAL as a positive resource.

During the pandemic, focus groups were held outdoors for safety when applicable and outreach calls were made to senior housing residents to continue connecting and engaging with seniors.

"Lend us your voice, and we will lend you our ear."

PARTNERSHIPS

The CAL leveraged existing partnerships with over 80 community businesses, agencies, and municipal departments (a 20% increase from last year) to offer the highest level of service excellence and variety of programming. **CAL understands the importance of community connections and these partnerships are an integral part of our mission**. Many of those with whom we work have a similar mission as the Center or are focused on providing opportunities, services and education to seniors, their families, and caretakers. CAL is thankful to those who have partnered with us over the past year to provide resources, experience, community, and financial support to help CAL meet its goals. Despite the lack of in-person appointments due to COVID, CAL and community partners participated in virtual meetings to encourage and continue engagement in order to best serve the senior population.

Such partnerships include: AARP, Alzheimer's Association, Alzheimer's Association of Cape Cod, Alzheimer's Partnership of the South Shore, Beth Israel Deaconess, Bridgewater State University, CAL Advisory Board, The Evening Garden Club, The Friends of the Plymouth Council on Aging, GATRA, Girls Scouts & Brownies, The Greater Brockton Area Hoarding Taskforce, The Greater Plymouth Area Social Responsibility Consortium, Laurelwood, MCOA, Mass Bar Association, Office of Consumer Affairs & Business Regulation, Commonwealth of Massachusetts/Executive Office of Elder Affairs, Massachusetts Council on Aging, Old Colony Elder Services, Old Colony Planning Council, PACTV, The Town of Plymouth Select Board and Town Manager, Plymouth 400th, Plymouth Area Chamber of Commerce, Plymouth County District Attorney's Office, Plymouth County Outreach, Plymouth County Sheriff's Department, Plymouth Cultural Council, Plymouth Fire Department, Plymouth Philharmonic Orchestra, Plymouth Police Department, Plymouth Public Library, Plymouth Public Schools, Plymouth Networking Group, Plymouth Recreation Department, The Plymouth Show, South Shore Community Action Council, Stafford Hill, South Shore Conservatory, WATD Radio and many others. CAL fully intends to continue expanding partnerships and collaborations with community-based businesses and organizations.

GRANTS

The South Shore Community Partners in Prevention (CHNA) grant was awarded to CAL initially to be used to bring outreach and in-person programming to Senior Housing Units in Plymouth. Due to the pandemic and social distancing restrictions the funds were utilized to purchase a professional ZOOM program with 15 hosts to bring a multitude of programs, educational series, and entertainment to seniors through virtual programming.

Rockland Trust Bank grant was to be used to help establish CAL Age and Dementia Friendly Community. Even though it cannot be executed at this time due to COVID, this award will be utilized for this cause when it is safe to do so.

Special Donation:

Eastern Bank – Eastern Bank Charitable Foundation **donated $10,000** to CAL to support its efforts to help elders in the community as they cope and adjust to new circumstances with food insecurity, financial challenges, and isolation because of the pandemic.

The CAL was awarded funding from the **Executive Office of Elder Affairs (EOEA) State Formula Grant**. This money fully funds one F/T position at the CAL (Volunteer Coordinator), one P/T position (Matron) and partially funds two other F/T positions (Social/ Outreach Worker and Activities Coordinator). The funds are also used to purchase supplies and other items needed for programs not provided for in the municipal budget. This is a critical funding source that allows CAL to continue operating at current levels of service excellence.

The **Old Colony Planning Council** awarded the CAL with a $12,000 Title III Nutrition Grant. This grant fully supports the salary of the Meals Distribution Coordinator. Without this grant, this position could not exist, and the Center could not effectively provide the Congregate or Meals on Wheels programs.

DATA

The CAL uses *My Senior Center* to manage and track senior participant statistics. The Center gained 709 new members in 2020, despite the facility being closed from March to December. 6,933 participants swiped into the CAL in person and virtually. ***Despite the facility being closed this is an increase of 59% over 2019.***

The Center maintains a roster of (last year 10,157) 11,042 card carrying members, a growth of 8% from 2019. 1375 newsletters continue to be mailed monthly despite the pandemic close, (10% growth) and email communications are sent to over 5,000 recipients an increase of at least 36%. The Center sends electronic weekly newsletters ("Constant Contact") to over 3,069 email addresses for real-time event updates, which is a 9% increase compared to last year. This is a direct correlation between the pandemic and an increase in virtual means of communications. The Center has 1,005 plus Facebook page followers an increase of 67.5% from last year.

STAFF

2020 saw a continued goal towards optimal team excellence at CAL, with active recruitment for a Meals Distribution Coordinator. Lindsay Reik joined the CAL team at the end of 2020 to fill the vacant Social Outreach Worker position. Ann Hieser stepped down as Secretary of the Advisory Board (but remained a Board member) and Elizabeth Cadigan joined the Advisory Board. Friends Co-Vice President Diane Glick retired from the Board and Pat Janiak joined the Friends Board. Members on roster at the close of 2020 are as follows:

Staff 2020

Director of Elder Affairs	Michelle Bratti
Administrative Assistant	Caitlyn Correa
Activities Coordinator	Beth Hadfield
Coordinator of Support Services	Theresa Greer
Social/ Outreach Worker	April Thompson
Social/ Outreach Worker	Lindsay Reik
Front Desk/ Reception	Cynthia Snow
Volunteer Coordinator	Virginia Healey
Maintenance	Paul Brzykcy
Meals Distribution Coordinator	OPEN
Matron	Steven Goodwin

Advisory Board 2020

Chair:	Marianne Kirby
Vice Chair	Amy Naples
Secretary:	OPEN
Members:	Chris Campbell, Monica Mullin, Therese Mucci, Patricia Achorn, Ann Hieser, Kathy Castagna and Elizabeth Cadigan

Friends Officers 2020

Co- Presidents	Karen Whipple & Kristin Muratore
Vice President	Brenda Gellar
Secretary	Maryann Tirella
Treasurer	Catherine Walton
Board	Betty Clough, Barbara French, and Pat Janiak

TOWN OF PLYMOUTH

PROCLAMATION

WHEREAS 2020 is a year recorded as a global pandemic known as the COVID-19 Virus, and

WHEREAS Senior Citizens are known to be statistically at higher health risk for this virus; and

WHEREAS due to this increased risk, in order to safely protect themselves Senior Citizens are more socially isolated; and

WHEREAS the Town of Plymouth and Select Board acknowledge the sacrifices made by its elder population during this time; and

WHEREAS the Town of Plymouth, Select Board, and the Center for Active Living endorse for its elder population the mission statement to provide information and access to programs and services necessary to foster a healthy and vital lifestyle through the aging process; and

WHEREAS the Town of Plymouth and Select Board honors and respects its Senior Citizens for their strength, resiliency, and hope during said pandemic and otherwise; and

WHEREAS the Town of Plymouth and Select Board expresses its appreciation for and celebrates the Senior Citizens of Plymouth; and

NOW, THEREFORE, WE, the Select Board of Plymouth, Massachusetts hereby proclaims September 15, 2020 and all years forward on the 15th of September as

SENIOR APPRECIATION DAY

in the Town of Plymouth, Massachusetts and encourages all citizens in the Town to join in this recognition.

IN WITNESS THERETO we have
Hereunto set our hands and caused the
official seal of the Town of Plymouth
to be affixed this 15th day of a September 2020

BOARD OF SELECTMEN

The mission of the Plymouth Public Library is to support lifelong learning and reading enjoyment by developing conveniently accessible services, gathering collections of material in various formats, and providing access to information not housed within the library, for the cultural, educational, information and recreational, needs and interest of the members of the greater Plymouth community. The library assists in securing information and materials without bias or censorship. The library, an integral part of municipal government, preserves and provides access to materials of current and historic significance to Plymouth and its geographic area.

Winter of 2020 began with great expectations for the celebration of the 400th anniversary of the landing of the Pilgrims. The Library was participating by planning a number of programs that would feature the town wide celebration. While all the plans were not executed; the Library certainly followed through with author talks as well as the annual summer reading program which featured "Braiding Sweetgrass: Indigenous Wisdom, Scientific Knowledge and the Teachings of Plants" by Lori Wall Kimmerer. All programs became Zoom programs. Patrons were reached by distributing free copies of the summer reading titles at curbside and posting social media to announce all activities. As always, two children's titles were selected; "The Boy Who Fell Off the Mayflower or John Howland's Good Fortune" by P.J. Lynch and "Fry Bread: A Native American Family Story" by Kevin Noble Maillard. The teen title was "If We Ever Get Out of Here" by Eric Gansworth. In total, over 300 free copies of these books were given to the devoted patrons of all ages.

February 2020 was a time of uncertainty. The Library pushed forward with two key programs including the Old Colony Library Network Legislative Reception and the First Poet Laureate of Plymouth finalist poetry reading. Over one hundred people enjoyed poetry readings of the highest order in pursuit of the winning poet, Stephen Delbos and Miriam O'Neal as second. The collaboration included Stephen Cole, Executive Director of the Plymouth Regional Economic Foundation, Amy Naples, Executive Director of the

Plymouth Area Chamber of Commerce, Jennifer Harris, Library Director, Plymouth Public Library, David Kindy, multi-media journalist, Old Colony Memorial and Heather Ritchie Casey, co-owner of Mallebar Brasserie and the Blue-Eyed Crab Caribbean Grill & Rum Bar. The commitment to culture through poetry was a vision that came to fruition. The Legislative Reception was a community event that had been the Library Director's vision, bringing local and state government officials to hear about the importance of Libraries by providing budgets that support these important community centers.

Programming in general took a turn towards remote access; author talk with Michael Tougias, two piano concerts that were live streamed from the Otto Fehlow Room through Facebook Live and featured Dr. Richard M. Shiff Forum presents: New England Chamber Players, "Music From the Bubble" on YouTube.

The Roofing Project that began in the previous year was completed prior to the closing of the Library building to the public in March, 2020. The success of this project included the Merv 13 air filters in the new air handling units which are best equipped to handle COVID-19. The Manomet Branch Library was also equipped with an ultra light system to filter air through the HVAC system. Other improvements at the Manomet Branch Library included all energy saving lighting throughout the interior and exterior of the building.

As COVID-19 began to take its toll throughout the town of Plymouth, the Library staffing was impacted based on budget and revenue concerns during different phases from March through September. Included in the cuts were furloughs, lay-offs, as well as seven (7) vacancies and two retirements. Note: Spring Town Meeting met remotely in August, and the Library's overall budget was cut by @ $180,000 for FY21. Kathy O'Donnell, Senior Technician in the Circulation Department retired in April after close to twenty (20) years of service. After an impressive career of forty (40) years of service, Linda Fitzgerald retired as the Public Services Librarian in July. The three pages were laid off. The Assistant Library Director, Jennifer Jones, departed in August. Kelsey Casey was welcomed as the new Assistant Library Director in November. It should be noted that the Library Director, Jennifer C. Harris announced her retirement in

October to be effective, January 12, 2021. Her twenty-seven (27) years of service spanned from arriving in 1993 and concluded by guiding the Library back to being open to the public during the pandemic in September.

The Literacy Department faced the challenge of providing classes to Adult Basic Education and English as a Second Language students by changing to remote classrooms immediately upon the Library closing to the public in March. They also had their major evaluation from the Department of Education and Secondary Education (DESE) in September as classes were just beginning. The program received the highest ratings that they ever had, and it is a tribute to the dedication of Kristen Enos, Literacy Coordinator, the twelve teachers, the PPL Board of Trustees commitment to providing additional funding and the Library with the three classrooms that were previously designed. Typically, there would be an Evening of Recognition to celebrate the graduation of students who had earned their high school equivalency degree known as HiSET (High School Equivalency Test) or GED (General Equivalency Diploma). Due to COVID-19, the Library celebrated in a different way; a curbside event in the parking lot which was fashioned after the Plymouth School Department drive-by graduation on the Harbor. Ten graduates were honored, three in attendance with their families socially distanced. The Volunteer Tutor program that pairs tutor and learner also went remote; however, the need for in-person tutoring for success is still the goal.

Technological updates include three new Self Check machines that serve the public in a safe manner, the addition of Chrome books to circulate to the public along with hotspots providing residents internet to those who do not have access, and the reservation system used on the Library website have all contributed to improving access during the pandemic. The Library used COVID-19 funding through Plymouth County to provide all the safety additions such as acrylic shields on all the public desks, additional laptops for staff to perform a variety of duties including curbside activities.

In closing, a sincere thank you to the Plymouth Public Library Foundation (formerly Plymouth Public Library Corporation), the

Board of Trustees and the Library Staff for their never ending devoted efforts to provide excellent Library services to the residents of the Town of Plymouth. The Plymouth Public Library is the place that the Plymouth Community is always involved in current events, cultural programming as well as preserving our rich past.

Statistical Information

The Library CLOSED to the public on March 14, 2020 due to COVID-19. It provided online access throughout the closing. It resumed Curbside access on July 6 and opened to the public using a reservation system on September 16. All data has been impacted due to COVID-19; however, both branch libraries provided services throughout the entire pandemic.

RECREATION DEPARTMENT

The mission of the Plymouth Recreation Department is to provide quality recreational programs and activities to the residents of the community; to promote fair play, teamwork, good sportsmanship; to expand the scope of programs to include educational as well as physical activities; and to make the department a valued town resource.

2020 Annual Report

The Recreation Department typically is comprised of five full time staff, the Recreation Director, Memorial Hall Manager (currently laid-off), Recreation Program Supervisor (currently unfilled), Office Manager/Program Administrator and a Program Assistant as well as over 130 seasonal staff positions. Our seasonal staff consists of Beach Lifeguards, Swimming Instructors, Parking Attendants, Playground Supervisors and Sport Clinic Directors. All the programs offered by the department are completely self supporting. The Recreation Department is responsible for:

Scheduling the Town's 28 Recreational Fields, this includes youth sport leagues, departmental programs and high school athletics.

Training & supervising the staff at the towns five public beaches; Whitehorse, Plymouth, Hedges Pond, Morton Park and Fresh Pond.

Overseeing the management and scheduling of Memorial Hall

Overseeing the daily management of the Manomet Youth Center

Maintaining the department website (**www.plymouthrec.com**) and credit card payments

Annual fundraising for our scholarship fund

While 2020 was a challenging year for everyone, the Recreation Department still had a few highlights:

The Plymouth Recreation Dept. oversees and manages the 5 public beaches in town, and can proudly say, not one staff member tested positive for COVID-19 during the entire beach season!

The Plymouth Recreation Dept.'s 5th annual Breakfast with Santa was unfortunately cancelled, but instead, the Dept offered Christmas in a Box with over 50 participants registered for the event. Participants picked up their boxes at the Council on Aging in a drive-thru style event with Santa at the end of the drive-thru waving to everyone as they passed.
Memorial Hall had a few big performers before the pandemic hit including: Rick Springfield, Air Supply and Robert Cray.

The department also offered a lot of new & exciting programs to residents of all ages. Some of the more popular classes included: Knitting for Adults, High School Flag Football League, online chess classes, and Intro to Skateboarding workshops.

VETERANS SERVICES DIVISION

Over the last year the Veterans Services Division has continued to provide five primary missions and continue to expand services in the social work field.

Primary Mission
To care for and assist low-income Plymouth Veterans, unemployed Veterans, Homeless Veterans, and Spouses of Veterans in obtaining financial assistance for food, shelter, clothing, fuel, and medical care from all sources available under both federal and Massachusetts General Laws to which they are entitled. Spouses of deceased Veterans are provided with the same benefits as if the Veteran were still living. Perform outreach programs to reach the widest audience possible to inform and educate the public what Veterans Services do for the Veterans and the Community.

Second Mission
To assist Veterans in filing Veterans Administration (VA) Compensation and Pensions, MA State Annuities, tax abatements and enrolling in the VA Health Care system. Assist family members in filing for benefits from both the State and Federal government that they are entitled too. Assist in obtaining military

records, medical records, discharge papers, awards, grave markers, and tax abatements.

Third Mission

VSO is a trained SHINE counselor to help assist Veterans in the complicated process of understanding the MEDICARE system to help them choose the best options in medical coverage, drug prescription plans, and how long-term care works. Services are also provided in assisting the elderly in applying for the Medicare buy-in program, MassHealth, Low-income Subsidy and Prescription Advantage.

Forth Mission

Helping Veterans obtaining assistance that are specific to elderly Veterans such as Adult Daycare and home health care working through VA Social Workers and Old Colony Elderly Services.

Fifth Mission

The division continues to assist all veterans regardless of income with assistance in obtaining wheelchairs, power chairs, ramps, adjustable beds, and anything else that is a quality of life issue for Veterans through a network of Veterans Agents around the state. It also assists all veterans and family members regardless of income on other avenues of approach that may be available to them like Social Security or Department of Labor programs.

Plymouth serves all Veterans and their families the best we can regardless of income.

The Office of Veterans Services continues its outreach program which has improved the ability of the office to assist the low income and needy veterans of Plymouth. We are currently maintaining a case load of approx. 80 - 90, over last year living below the poverty level, and the office provides them with medical and financial assistance that in many cases they did not know they were entitled to. This number has decreased over the past few years due to the loss of aging veterans and getting them on alternative sources of income. Plymouth continues to assist homeless veterans with substance abuse issues in obtaining counseling and VA programs designed to provide the counseling, housing, and employment opportunities to return them back to productive citizens. The office also works with the Career Center to help Veterans who have lost their jobs with assistance until they were able to find work, allowing them to maintain their shelter.

The VSO assists veterans in filing for health care thru the VA Health Care System. Due to the rising cost of commercial health care, the VA provides comparable care, that in most cases the veteran would otherwise not be able to afford.

The VSO continues to provide assistance in filing VA Compensation and Pension Claims. Plymouth veterans received a total of well over $1.5 million, one of the highest in the state.

Memorial Day was honored differently this year with COVID restricting any large gatherings. A small group of veterans paid tribute at each of our war memorials around town, saying a prayer and playing taps at each location. We were able to replace the flags on the veterans graves in June due to not receiving our flags in time due to shut downs from COVID.

Veterans Day Celebration was also honored differently this year with COVID restricting any large gatherings. A small ceremony was held on the steps of Memorial Hall. A speaker from each of the 5 branches spoke about their service. A lunch followed at The American Legion Post 40. The VFW along with Wayne Soares, hosted a drive by chicken dinner for our veterans in honor of Veterans Day. Several meals were given out. Due to COVID, Veteran Services partnered with State Rep Steven Xhiaros (Barnstable District), And American Legion Post 40 to bring well over 100 boxes of foods for our veterans. It was a cold and damp day in April, but we got it done with several volunteers.

With the help of the American Legion, Legion Auxiliary, Veterans of Foreign Wars (VFW), VFW Auxiliary, The Pine Hills Veterans Group, Plymouth and REMAX, and Heidrea for Heroes. There are many grateful veterans in our community that continually make donations to this office. Veteran Services was able to provide several thousand dollars worth of food cards, and gift cards for the Thanksgiving and Christmas season to our veterans in need.

Last, but not least, farewell to all our veteran's that we lost in 2020. Thank you for your service.

PLYMOUTH PUBLIC SCHOOLS

It has been an honor and a privilege to serve the Plymouth Public Schools for the past 12 years and I am proud to assume the role of Superintendent this year. I look forward to partnering with our entire community to provide every child the opportunity to reach their full potential.

Over the past several months, I have begun my transition to the Superintendency. Given the amount of change present in our District, a thoughtful and thorough entry plan has allowed us to sustain the momentum of the District, while providing a strong vision and direction for the schools well into the future. This transition has allowed me to gain a deeper understanding of the current conditions of our school system and to identify areas for further development and growth.

Our District leadership team comprises our smaller Central Administration Team and the larger District Leadership Team. The Central Administration Team includes the Superintendent, Assistant Superintendent for Administration and Instruction, Assistant Superintendent for Human Resources, School Business Administrator, Director of Special Education and Director of Facilities. The larger District Leadership team includes the central administration team as well as District curriculum coordinators, department directors, principals and assistant principals.

In addition to the re-entry and recovery work presented to us this school year, we have undergone great change among our leadership team. For the 2020-2021 school year, there will be several new school administrators. We have a new Assistant Principal joining Plymouth Community Intermediate School. Plymouth North High School welcomes a new Director of Athletics. In addition, we have hired a new Director of Alternative Programming for Harbor Academy, our alternative high school program.

At the District level, there are even more considerable administrative changes, with two Assistant Superintendents, a new School Business Administrator, Director of Facilities, an Assistant Facilities Director, and a Director of Special Education all new to their positions. While there are inherent challenges, I am confident this new leadership team will work together toward the continuous improvement of our District.

Despite the great change taking place within the District, we continue to make great strides toward continuous improvement. The Plymouth Public Schools have been working diligently with a team of stakeholders to review the successes and shortcomings of the 2015-2020 Strategic Plan as we finalize our new 5-year Strategic Plan. Public education is an intricate and evolving field. To effectively remain focused and poised to meet the total needs of all students, it is essential that our schools routinely reflect, look into the future and investigate the possibilities to ensure we are providing the best education possible. In the Plymouth Public Schools, the interest is not just in student achievement, but also in fostering a personalized learning environment that instills creativity and curiosity. The Plymouth Public Schools set out during the 2019-20 academic year to refresh the Strategic Plan to reflect the future strategic needs of the district.

Through the acquisition of several grants, our District has successfully implemented a 1:1 initiative for the first time. The purpose of our initiative is to promote equitable access to technology and enhance our learning environment. This will allow for seamless integration of technology under the direction of our staff. Our amazing technology staff, with the support of our administrative team have deployed Chromebooks to all students in grades 5-11. In addition, students in grade K-4 will have the availability of individual Chromebooks in school on a daily basis. These devices will be available for home use as well as needed and arranged through administration. A detailed website highlighting this tremendous initiative has been developed.

In the years ahead, my hope is that our community takes notice of the positive improvements developed within our District. Creating a robust and supportive educational environment is a daunting proposition. The support and commitment from our entire community to the students of Plymouth makes this daunting task achievable.

Thank you for your support. I look forward to highlighting our amazing accomplishments in the coming years.

Christopher S. Campbell, Ed.D.
Superintendent of Schools

EARLY LEARNING CENTER

The Plymouth Early Childhood Center is an inclusive public preschool serving students of all abilities. Our inclusive program is designed for students with and without disabilities to learn and grow together. The Plymouth Early Childhood Center supports the philosophy of inclusive education to which the Plymouth Public Schools is committed.

The Plymouth Early Childhood Center is located at 117 Long Pond Road in the Apollo wing of Plymouth Community Intermediate School. The preschool program serves approximately 200 students between the ages of three to five years. The preschool is comprised of ten classrooms. Each classroom has a morning and afternoon session. There is a maximum of 15 students per classroom. Eight students are typically developing peers and up to seven students can be identified as having special needs. In addition, substantially separate programing and full day options for students with more intensive needs are available. Within the comprehensive model, speech therapy, physical therapy, occupational therapy, academic, and behavior support are provided to students as outlined in an Individualized Education Plan. Direct services and consultation services are available in the areas of deaf and hard of hearing, vision, orientation, and mobility and consultation from a Board Certified Behavioral Analyst.

The curriculum content is based on the Massachusetts Standards for Early Childhood Education and the Guidelines for Preschool Education. Social and emotional approaches to learning and play are utilized throughout the curriculum. Classrooms are language based and provide opportunities for students to use a variety of instructional practices. The curriculum promotes independence, school readiness, and teaches tolerance through play. The program provides training to parents and caregivers in a variety of topics to support parent needs. The staff also provide opportunities for parents to engage in community activities with their children with the support of staff. Home visits are an integral part of supporting families.

This past year The Plymouth Early Childhood Center began a relationship with the Coastline Foster Grandparent program. This opportunity has provided a classroom grandmother volunteer four days a week. This has provided individual and small group support to our students. TerraCura continues to support the community garden. The garden provided students and members of their family opportunities to taste new vegetables that were grown and cared for by the students. The partnership for the past several years with Dr. Brian Schmidt, DDS, has provided students with a fun way to learn about dental health. The Plymouth Early Childhood staff and families came together for the annual pajama drive as part of the Scholastic Pajama Program.

The Parent Teacher Association plays an active role in our school community by providing funding for classroom and school activities as well as enrichment activities. The PTA has organized food drives to help support families in our school community.

Plymouth Family Network serves all Plymouth families with young children providing a variety of family education and support services designed to make parenting less stressful, to build on family strengths, and enhance school readiness. PFN provides: comprehensive resource and referrals; parent education programs; parent leadership opportunities; parent-child educational playgroups; early childhood development information; family and school readiness programs; family and community events; help finding quality licensed child care; a parent-child home program; and home visiting for newborns and family support. There are no income requirements for participation and all services are free of charge.

The Plymouth Early Childhood Center and Plymouth Family Network bring a shared sense of responsibility and collaboration between parents, staff and the community. The staff is committed to providing an exceptional experience for all students and their families.

COLD SPRING ELEMENTARY SCHOOL

Cold Spring is a Title1 and an EL designated school that strives to empower student social, emotional and academic growth by providing a learning environment that is positive, nurturing and respectful. Through partnerships with parents and community members, Cold Spring School works to provide a collaborative environment that will inspire and empower student leadership, critical thinking and compassion for one another. Cold Spring has a population of 194 students in kindergarten through grade five, class sizes range in number from fourteen to twenty-five. Last March, due to Covid-19, we ended the 2019-2020 school year in a remote setting. This year the start of the 2020-2021 finds students participating in one of three models, hybrid, fully remote or home school. The school year started with 169 students attending the hybrid model, 22 students attending Remote Academy and 3 students attending home school programming.

Cold Spring has continued the implementation of the Leader in Me, Dr. Stephen Covey's philosophy of 21st century skills and leadership through living the 7 habits of highly effective people. Students are encouraged to take responsibility for their learning through personal goal setting. All students and staff develop Wildly Important Goals and track progress. Last year the building-wide goal focused on writing, developing critical thinking writing responses, ELA, and Math. In February, we held our first Leadership day. The doors were opened to the community to share Cold Spring's achievements with the Leader in Me initiative. The focus is to increase the rigor of instructional practice and enhance student academic knowledge through the use of problem solving and critical thinking experiences. Additionally, Cold Spring strives to provide the opportunity for the development of leadership through school and community based projects.

Cold Spring offers many programs before and after school to meet the various needs of students across the grade levels. Prior to the school closure, to support literacy, families took part in the opportunity to engage in reading with their children through the Reading Incentive program and with the One School, One Book initiative. Last year Cold Spring read the book The Mouse and the Motorcycle as a whole school. We held an exciting literacy night with activities!

The onset of Covid-19 forced the community to take a different direction with academic and after school opportunities for the Visual Arts. The Drama club production featured Disney's Madagascar with the production broadcast via the Google Meet platform. Additionally, both the art show and field day activities were done virtually for families to participate. While we were still in school, other clubs and activities included: Chorus, Instrumental lessons, Community Service, Student Council, Art Club, Homework Club, Problem Solving Club, Ukulele Club, Garden Club, and Robotics were offered and were well attended. During the school day, students are provided musical offerings such as instrumental lessons for band and orchestra.

The Cold Spring PTA and the PPS Food Services continue to support families with food backpacks, providing nutritional food supplies for students and their siblings during the weekend and over vacations. Additionally, the support of PTA fundraising has brought family gatherings and opportunities to connect as a community.

FEDERAL FURNACE ELEMENTARY SCHOOL

Federal Furnace is a great school, both for its academics and its opportunity for enrichment. Federal Furnace is comprised of 350 students and approximately 70 staff members. We also currently house two of the district-wide programs offered in Plymouth. Over the past couple of years there has been a great deal of change which has had tremendous support of staff that has truly positively benefitted our Federal Furnace Students!

We have continued our PBIS (Positive Behavior Intervention System) R.O.A.R. program. This year we tweaked it again to adjust for current school structures. Our students continue to thrive in their efforts to embrace the system throughout the school day. Our staff continues to use this program to foster student social and emotional growth of all of our students which in turn greatly improves how they function within in the structures we foster in all classrooms.

Our "Effect Effort" campaign continues to be a very positive initiative in the school. Student effort is often overlooked or minimized as a factor in future success. The more immersed students are in a school and classroom culture where effort is a focus, the more the messages and examples of effort will resonate and bring about positive change for them. Students need to be encouraged to try new strategies and seek input from others when they are stuck. Having a positive growth mindset will help students feel more confident about their skills and they will be more willing to keep trying even when they hit a roadblock. So again, this year, teachers are nominating names of students who have displayed strong "effective effort" in their classrooms and we will hold a weekly "effective effort" raffle and winners will receive an Effective Effort T-shirt.

Federal Furnace will continue to host the "One School One Book" program this year. It is a great opportunity to unite all of the school, both staff and students, working on one common theme through a book. Currently we are reading "Harry Potter and the Sorcerer's Stone. This year, rather than having teachers tape chapters for students and families to listen to at night, we found a resource that has many of the actors from the movie series reading the book for our families to listen to at home. This has truly added an additional level of excitement to reading the book. This year we opted to start it in October and stretch it out until March. We have incorporated monthly activities and also provide families the opportunity to respond weekly to our "Trivia Challenge." We are all really enjoying the shared opportunity to connect the reading of the book with our families at home.

Federal Furnace is truly fortunate to have such a dedicated staff and an amazing Parent Teacher Association and School Council. The staff at Federal Furnace continues to truly put the needs of our students first and provide them with the supports they need for success. In addition, our PTA has been so supportive of the changes we have implemented and continues to provide the resources to aid us in this endeavor. Federal Furnace is fortunate to have such a strong supportive staff coupled with a Parent Teacher Organization that not only recognizes the need to support schools, but make sure it happens. In addition, our School Council has embraced the need to put all of our resources into improving our student performance and our newest School Improvement Plan reflect just that.

HEDGE ELEMENTARY SCHOOL

The mission of the Hedge School community is to foster an inclusive environment that nurtures and challenges each child. Staff work to develop an environment where all students will achieve high standards of intellectual excellence and develop a strong social and cultural awareness. Students are valued as individual learners and the entire Hedge School community is an integral part of each student's success.

Built in 1910, Hedge Elementary School is the oldest functioning school in Plymouth. It continues to be a neighborhood walking school with a current enrollment of 184 students in grades K-5 with 10 hybrid in-person classrooms. 21 students attend remotely. 62 students at Hedge School have a primary language other than English with 31% speaking Brazilian Portuguese at home.

Hedge is a school-wide Title I School. This federal grant funds four part-time teachers that provide daily instructional support for students, a part time adjustment counselor, and a full-time behavior technician. Hedge provides free breakfast and lunch to all students including the summer as a Summer Food Service Program location for Massachusetts.

Every classroom at Hedge School is equipped with an interactive Smart Board and Elmo document camera. Hedge currently has 1 Chromebook for every student. Additionally, there are iPads, Lego Mindstorms, and Bee-Bot robots to support the integration of technology into the curriculum.

Teachers at Hedge have implemented Universal Design for Learning (UDL), a framework to improve and optimize teaching and learning for all learners. The goal of UDL is to use a variety of teaching methods to remove any barriers to learning and give all students equal opportunities and access to succeed.

As a Responsive Classroom School, Hedge prides itself on creating a strong community of learners. Students begin and end each day with a community meeting that incorporates team- building activities as well as instructional routines and activities. Teachers are well versed with positive teacher language that supports the development of pro-social skills and expands academic skills and language. The text, "We Got

This" by Cornelius Minor, helps staff focus their instructional practice on providing a culturally responsive environment.

Hedge typically offers a variety of extracurricular activities including a community garden, video news reporting, chorus, band, orchestra, sports clubs, tutoring, and a musical theatre club. Hedge School holds an annual "Battle of the Books" competition for students in grades 3-5 and a One School One Book Program.

Hedge benefits from many community connections. Hedge is working with Plymouth Rotary Club members to run an EarlyAct Peer Leaders community project group for 5th grade students. Hedge also partners with the South Shore Community Action Council to run a food backpack program. Local businesses and community groups regularly donate school supplies and sponsor families during the Holiday season.

INDIAN BROOK ELEMENTARY SCHOOL

The 2020-2021 year at Indian Brook Elementary School started off very successfully, despite the challenges of COVID-19 and Remote Learning. IBES currently has 539 students enrolled in grades Kindergarten through Five, in 29 classrooms. Indian Brook is in the 4th year of a multi-year transition of the Autism Spectrum Disorder Program (STRIVE) from Federal Furnace Elementary to IBES

At Indian Brook it is our mission to provide a safe, nurturing environment where future leaders are inspired and prepared to succeed in an ever-changing global community. One way we support this mission is to teach skills for social emotional and academic success using the Second Step program. The Second Step program increases students' school success and decreases problem behaviors by teaching them skills for learning such as paying attention, listening, and sitting still- as well as how to manage their emotions, solve problems, and make friends. Since its inception there has been a decrease in negative behaviors and an improvement to the overall positive school culture at IBES.

Indian Brook continues to strive to be a leader in the district in regards to utilizing technology. Each classroom has a vast amount of technology to support students in gaining 21st Century skills. All grade levels have access to Chromebooks and IPads which students access to support all areas of the curriculum.

Beyond the classroom, we have many opportunities for students. Our free Chorus program is very popular with 4th and 5th grade students. Students who take instrumental lessons and play in our band enjoy two concerts each year on the "big stage" at Plymouth South High School. During a typical school year we often have over 10 different after school clubs running. Students can choose between, Art, Chess, Agriculture, Yearbook, Robotics, and Drama just to name a few.

Indian Brook parents are partners in education and critical stakeholders in our educational mission. Through School Council and The Indian Brook Parent Teacher Association (PTA), parents are involved with developing the School Improvement plan and with planning and fundraising for various initiatives and events. The PTA provides funding for all of Indian Brook's educational Field Trips and in house Cultural Arts programs. Some of the field trips students have participated in are, Plimoth Patuxet, Buttonwood Zoo, Cape Cod Museum of Natural History, and the Boston Science Museum. For the last two years the PTA has held an incredibly successful fundraiser, the "Fun Run". The program incorporates physical fitness and Character Education and ends with an indoor glow in the dark run. The students have a great time and a significant amount of funds are raised for the PTA. This year the PTA's fundraising will look a little different but they remain committed to supporting the students at IBES.

Supporting the greater school community is also very important at Indian Brook. IBES was one of the first schools to start a "Food For Kids" program. The Food For Kids program, which is sometimes referred to as the backpack program, provides snacks and lunches for each weekend and over vacations for families who qualify for Free Lunch. We are incredibly proud of the Indian Brook community's willingness to provide for our most vulnerable population. Thank you for your continued support during these challenging times in public education.

MANOMET ELEMENTARY SCHOOL

The current school year at Manomet Elementary School (MES) has posed many challenges for staff, students, and families. MES is pleased to report that each of these has been met with an earnest desire to provide students with a positive, productive learning environment. At the close of school this past spring, it was unknown whether or not school would resume on campus come fall. Given the tremendous effort from all stakeholders, Manomet safely opened its doors in September for the first time in six months to welcome back students for a new school year.

Despite extenuating circumstances, MES staff remains committed to the stated mission, which is the following: Manomet Elementary School is committed to assisting each child to reach his/her personal best in the areas of academic achievement and interpersonal relations. We seek to develop solid future citizens of the world who respect its people and surroundings, who strive toward excellence in all endeavors, who can solve problems critically and creatively, and who value life-long learning. Toward this end, we pledge to provide excellence in classroom instruction in an environment that promotes honesty, responsibility, respect for others, intellectual curiosity, and celebrates diversity.

MES serves students in grades K-5. There are fourteen homerooms at MES, and a total of 266 students currently enrolled in either our hybrid or remote learning models.

It has been critically important to make sure that students are able to access their learning content while at home. MES ensured that each family has had proper technology and has worked to arrange for device distribution to approximately 125 students. Students are preparing for the shift to 1:1 devices at school, further allowing students to connect their academic efforts at home and at school to make learning cohesive. These computers are used regularly for academic learning programs, research projects and learning that supplements the curriculum.

Given new health and safety guidelines, families are unable to engage in traditional volunteer opportunities. Despite this change, their role in the school community and their students' learning has never been more critical. Staff continue to work closely with families to ensure that instruction under the hybrid model represents a purposeful continuation of in-person learning.

While there are many noticeable changes to this school year, MES has been steadfast in its effort to keep traditions going, whether it be the continuation of the spring Talent Show or the annual Turkey Trot, which results in a collection of non-perishable food items donated to a local food pantry in the community.

MES draws strength from its community of students, families and staff that come together despite challenging circumstances with the shared goal of learning, growth and connectedness.

NATHANIEL MORTON ELEMENTARY SCHOOL

In an obviously unique year, the Nathaniel Morton Elementary School (NMES) continued its work towards providing many exciting, educational and engaging opportunities. Our work focus was to meet our mission to build a school experience that creates competent students, resilient children, engaged learners, and welcomed individuals. We provide this experience across twenty-eight classrooms maintaining the recommended student class size range of 18-25. We are excited to continue to be one of three elementary schools to help support English language learners and house a districtwide classroom for students with cognitive delays.

A main goal was set around student engagement and several events throughout the year were initiated to support this goal. We held a Super Hero day where students were able to engage in curriculum based activities exploring super hero themes. All students received capes and masks and left the day identifying one super power they possess like kindness, cooperation, being a good friend, and reading or writing skills to name a few. They also nominated heroes in their lives to the Hallway of Heroes. It was a heartwarming sight to read so many stickers labelled with Mom, Dad or other family members.

Our school also participated in our first One Book One School program choosing to read the book, Song for a Whale. The chapters were read aloud by various staff members and all families were given a copy of the book to read at home. A school-wide celebration including a visit by the author was planned for March but unfortunately it coincided with the arrival of the pandemic. However, not to be deterred, we created a virtual celebration with website activities and a virtual Q&A with the author.

The event was so well received we created another virtual engagement event in May celebrating Make Way for Ducklings. Again, families and students took part at home with a variety of activities housed on a website. This creative approach seemed to weave through all we have done in 2020 since March. This included a drive through Winter Wonderland to replace our annual Breakfast with Santa. For this event, we received support from Mamma Mia's to provide take home make-your-own pizza kits. This was one example of the continued involvement of the PTA, families, and local businesses to help in the atypical year.

This collective generosity was highlighted by the purchasing of "beach chairs" for each student and staff to accommodate outdoor learning. This gesture allowed our students to be outside for large portions of the fall reading, learning, and getting fresh air. Staff, students, and families have worked to keep traditions alive in some form and everyone displayed great cooperation, flexibility, and optimism to re-open schools in our hybrid model.

We look forward to welcoming students and families back in full so that our more traditional in-person activities and events can take place. However, 2020 was still a year in which students, families, and faculty came together to create great opportunities for fun and learning at Nathaniel Morton Elementary.

SOUTH ELEMENTARY SCHOOL

South Elementary School opened the 2020-2021 school year with 610 students in grades kindergarten through grade five. Of those students 532 students were participating in the hybrid model and 78 students were participating in the remote model.

South Elementary is in the third year of our school improvement plan. Our four goals include: Fifty-five percent of students in grades 3 – 5 will meet or exceed expectations in English Language Arts as measured by MCAS by the spring 2020 MCAS administration. Fifty-five percent of students in grades 3 – 5 will meet or exceed expectations in Math as measured by MCAS by the spring 2020 MCAS administration. South Elementary School will consistently utilize The Leader in Me along with Second Step to explicitly teach social skills which will be reinforced throughout the building daily. A positive behavioral intervention system will be revised in the building with classroom reinforcement systems developed to support the common expectations. Behavioral referrals will decrease by 10% annually. South Elementary will create more curriculum focused opportunities for families to engage with their child's learning experience at school and home.

In order to further support our efforts to address the social emotional needs of students, South Elementary School has continued our positive behavioral intervention system with the Cub Coins. Students can earn 'coins' for demonstrating expected behaviors anywhere throughout the building, on the school grounds or on the bus. When students earn a coin, they are told what they are specifically doing to reinforce the expected behavior. When a class fills their small jar, they earn a class celebration and then empty their jar into the grade level bowl. When the grade level fills their bowl, they earn a celebration and empty the grade level bowl into the school tank. When the school tank is filled, the whole school earns a celebration. During the fall of 2020, Cub Coins were restructured to allow students to collect coins digitally.

Clubs and Enrichment programs at South Elementary School include the instrument lesson program and chorus. South Elementary also offers a Robotics Club, Coding Club, Legos Club, Art Club, Sports Club, Educational TV Journalism Club, and a Lighthouse Team (leadership club). South Elementary also conducts an annual Talent Show, which was conducted virtually during the spring of 2020.

The Parent Teacher Association supports the school. The Parent Teacher Association conducts many different cultural arts events and they run numerous events such as One Book One School and a Halloween Party. During the 2020 – 2021 school year, the Parent Teacher Association created recess bags for students to use during socially distanced recess and helped to organize our socially distanced trick or treating. The Parent Teacher Association worked to develop creative ideas for fun while following the different COVID guidelines.

South Elementary School continues to be a Leader in Me school where we focus on student leadership. Students are recognized monthly for being leaders in a whole school assembly. During the 2020 – 2021 school year, students are to be recognized virtually. The community and families are given a 'window' into South Elementary School with our regular South Elementary News and regular Facebook and Instagram postings.

WEST ELEMENTARY SCHOOL

The 2020-2021 year at West Elementary School started off very successfully, despite the challenges of COVID-19 and Remote Learning. West Elementary continues to promote student centered learning and achievement, staff empowerment, and parent partnerships. West Elementary is guided by the following Mission Statement: ***Wondering, Exploring, Searching and Thinking***.

West Elementary is a public, K-5 elementary school offering full day kindergarten, composed of 288 students. Average class size is 16 students. Academics include literacy, mathematics, K-5 health, science, social studies, digital literacy, physical education, music, and art. Our state-of-the art technology classrooms include Chromebooks, MIMIO interactive boards, Ladi-Bug document cameras, and class sets of iPads. West offers academic software programs, including: *Storia*, *Lexia*, *Symphony Math*, *Prodigy,* and *Every Day Math*.

Clubs and Enrichment programs at West Elementary include the instrument lesson program offered to upper grade students and Chorus (free of charge). West Elementary also offers a Math Game Night, Robotics Club, the Art Show, the Computer Coding Club, the Kindergarten Play, Holiday Concerts, and our annual Talent Show in the spring. West also offers leadership opportunities for fourth and fifth grade students through our Student Council and Peer Helpers Program, in addition to the "*ED-TV*" (Educational Television) journalism program for fifth grade students and our *5th Grade Science Fair* held each spring.

Our partners in education, the West parents, are critical stakeholders in our educational mission. Through our PTA and our School Council, parents are involved with drafting and presenting our School Improvement Plan, as well as fund raising for many initiatives at West, including new technology, new childhood playground structures, recess equipment, cultural arts programs, Nature's Classroom, and providing funding for various field trips throughout the year.

West Elementary offers many Service Learning Projects and opportunities for students to give back throughout the year, including our annual "Literacy Pajama Night" in December, our annual "Turkey Trot" canned food drive, "Heart Healthy" day in February, and our "Giving Tree" collection drive. West offers a back pack program, "Second Steps" social competency program, and "Little Flower Yoga" for students. West Elementary is focusing on PBIS (Positive Behavior Interventions and Supports) throughout the year, with students being recognized for WESTIE behavior (**W**elcoming, **E**xpected Behavior, **S**howing Respect, **T**houghtful and Kind, **I**nvolved and **E**ffective Effort). We also offer our "One Book One School" literacy initiatives.

West Elementary earned the highest distinction, "Lighthouse School" in 2015 through the *National Blue Ribbon Schools of Excellence* credentialing. We practice the highest standards of excellence in public education, including Response to Intervention, Professional Learning Communities, proactive communication including our "West Weekly with Mr. Williams" electronic newsletter, weekly updated principal blog, and *Facebook* updates. The West Data team continues to analyze district and state-wide assessments (including MCAS), and our students are recognized and celebrated when they are caught being PAWSOME! Thank you for your continued support during these challenging times in public education.

PLYMOUTH COMMUNITY INTERMEDIATE SCHOOL

Plymouth Community Intermediate School currently enrolls 1,043 students in grades 6 through 8. The school is divided into three houses: Gemini, Mercury, and Ranger with approximately 350 students per house. The students use the following words to describe their school: **P**ride - **C**onfidence - **I**ntegrity – **S**pirit.

PCIS continues to offer a variety of afterschool programs and virtual clubs for all students. Clubs this year included the popular Virtual Dungeons & Dragons Club, Homework Club, Game Club, and Virtual Cooking Club. Also, we are continuing the 4-H Massachusetts Certification from our Babysitter's Club, but are doing so virtually this school year due to COVID-19 restrictions.
The PCIS 7th Grade Senators were busy again this year with the annual Thanksgiving Food Drive and a Teen Toy Drive for PCIS students in need.

The PCIS Interscholastic Athletic program continued the philosophy of engaging students in positive after school physical activities that promote both teamwork and good sportsmanship. Soccer, Field Hockey, and Cross Country were held in the fall and Basketball was held in the winter. Due to COVID-19 spring 2020 sports were cancelled.

Falcon TV is the broadcast news team at PCIS. Our students explore journalism, TV production, video editing, live event production, and so much more. Students produce *Week in Review*, a weekly update show that highlights recent and upcoming school news and events. Falcon TV only ran one session due to COVID-19. Season one capped off with a Special Edition, with students performing the roles of news anchor, reporter, and a wide variety of technical positions. This Special Edition brought together all of the news stories that students had produced over the course of the season.

The Visual and Performing Arts programs continue to grow at PCIS! In January, over 1,700 audience members excited us with the musical production of "Aladdin Jr." This family-friendly musical was truly a community effort with over 130 students involved in the show as cast members, prop masters (set design), tech crew, and ushers for the sold out shows.

The string ensembles held their first Valentine's Concert that featured middle and high school string students followed by a pot-luck dessert reception that brought together the audience and the performers for casual conversations.

The instrumental program sent several instrumentalists to participate in the Jr. SEMSBA and Jr. District music festivals. Over the summer our students participated in the combined high school marching band. The Fighting Falcon Pep Band was established this year and performed at the Turkey Bowl and Basketball Bonanza.

Before the onset of the pandemic, several Coffee House performances brought jam-packed crowds to the Loring Center where students performed music, read poetry, performed dance routines, and more. These performances continued in a virtual format after COVID-19 restrictions were imposed.

The Principal's Council began, but did not finish its annual PhotoVoice Project. Topics included "healthy living" and "making good choices".

The PTA continues to support our students with funds for various schools events. The National PTA Association recognized the PCIS PTA as a School of Excellence for 2018 – 2020.

PLYMOUTH SOUTH MIDDLE SCHOOL

Plymouth South Middle School will provide a comprehensive and quality educational experience
for all learners and is committed to challenging students to develop the skills necessary to

reach their potential and achieve personal and professional success. Plymouth South Middle School will continually push all of our students to grow and learn in their ability to problem-solve, work cooperatively with others, become self-starters, exemplify positive citizenship skills, and be fully prepared for the future ahead of them in an ever-connected and changing world. To achieve this vision, the staff of PSMS collaborates with our students, their families, and community partners to provide for the academic, social, and emotional growth of each learner who passes through our doors.

Plymouth South Middle School currently enrolls 636 students in grades 6-8. Within our current population, 27 % of the students receive specialized services for social-emotional or cognitive disabilities, and 23% qualify as economically disadvantaged. The student/teacher ratio is 10.9:1 and the average class size is 18.2.

At Plymouth South Middle School, students enjoy a rigorous and comprehensive academic program designed to prepare them for high school, college and career success. In addition to the core academic classes (ELA, math, science, and social studies), our students take Art, Music, and Foreign Language. In grade 7 they take a Literacy and Learning course, and a Business Math course in grade 8. Students also complete a three year Technology Engineering course, with instruction that emphasizes learning through discovery-based activities. Together, these courses lay the foundation for our middle school students as they prepare for high school and the post-secondary world ahead of them.

Before COVID-19, extra-curricular activities and clubs continued to grow. Some of the afterschool clubs and activities included: Anime Club, Allegro Band, Drama Club, Set/Stage Design, JAG TV, Jazz Band, Homework Club, Student Council, Painting Studio, Computer Science, Recycling Club, and Yearbook Club. Plymouth South Middle School also had 52 students participate in an Advanced Learning Opportunities program that ran for ten weeks.

The interscholastic sports program at Plymouth South Middle School is temporarily on hold due to COVID-19, however we were able to have our Boys & Girls Basketball program in the winter before the shutdown. In addition, we offered intramural programs before and after school until the March shutdown.

The fine arts are well-represented at Plymouth South Middle School. Over 400 students participated in our instrumental and choral music programs. Three students were invited to participate in the SEMSBA Festival that was supposed to take place in March. Many current and alumni students of the Plymouth South Middle School music program participated in a virtual choir performance with the Plymouth, United Kingdom choir in June for the choral exchange collaborative. The Drama Club prepared, and was a weekend away from performing the musical "Mary Poppins, Jr." before the March shutdown. Band and Orchestra students were able to spend more time this spring working as individual musicians since we could not gather in full ensembles. They developed their musical skills on their instruments and learned how to use technology programs such as Noteflight and Soundtrap to create their own musical compositions and arrangements. This autumn, Band students were able to play music outdoors under our tent. Students made their own holiday music mini-albums with Soundtrap to share with their family and friends in lieu of a traditional in-person performance! Despite the pandemic, we play on and we continue to grow as musicians! One of our students won both the county and statewide fire prevention contest.

Family involvement is encouraged at Plymouth South Middle School. The School Council provides leadership and programmatic direction. The Parent Teacher Association plans and funds many school events in support of the learning program.

Plymouth South Middle School prides itself on its philanthropy and is dedicated to community service. The tradition of giving continued in 2020. Some of our charitable efforts included: Students and staff collected monetary donations to provide holiday meals to 28 families. Students collected five boxes of food that were donated to local food pantries. The staff and students participated in National Wear Red Day and raised $324 for the American Heart Association. Students raised $2000 for accident victim's families. Students collected 450 items for the Plymouth Animal Shelter. Also, the staff raised $1000 to support families in need around the holidays.

Some of our Service Learning Projects included: The Student Council hosted a spaghetti dinner for 30 members of the Council on Aging at which students served food, visited with guests, and the Jazz Band played music. Grade 6 students made Valentine cards for the elderly. We have three winners of the Patriot Pen Essay contest, sponsored by the Veterans of Foreign Wars. This year's theme was "What Makes America Great". One of our grade 8 students was chosen as our Ambassador for Project 351, a community service program sponsored by the Governor's Office. She organized a clothing drive in support of Cradle to Crayons prior to the COVID-19 shutdown. Life Skills students host a "coffee cart" weekly, donating the proceeds to local organizations. Prior to the shutdown, Grade 8 students worked with donors and local agencies to organize a backpack program that supports families struggling with food insecurity by providing meals over weekends and vacations.

PLYMOUTH NORTH HIGH SCHOOL

It has been an eventful year at Plymouth North High School. At the start of this school year, we welcomed 337 new freshmen and 4 new teachers to Eagle Nation. That brings our student population to 1,258 with a teacher to student ratio of 11:1. During 2020, our students have excelled both during and after the scheduled school day, through academic efforts and through our multitude of clubs and activities in the building. While there has been a distinct need to re-think and adjust what we do in light of world events around us this year, our parents, staff, and students have shown remarkable resolve in dedicating themselves to continuing to deliver a quality educational experience to our students that will help send them off into the world ready to make a positive difference. Our building is united behind a school-wide push to provide voice to all of the staff, parents, and students at Plymouth North with the specific focus on finding ways at providing equity to all the diverse members of our school community. We have worked to continue to find new and exciting ways to recognize the very best successes of our staff and students and have collaborated on finding the very best practices to deliver an outstanding educational product to the students that walk through our doors every morning. This has been a year of reflection, revision and amazing dedication in a concerted effort to maintain and build on the

continued tradition of pride and hard work that has been the hallmark of Plymouth North High School.
A source of good news for North was the final decision and report of our 10-year accreditation process through the New England Association of Schools and Colleges (N.E.A.S.C.). Leading into 2020, our staff, students, and school community collaborated on developing a 190-page self-study on the state of PNHS, the strengths of our school, and the areas we have to improve upon in the future. Our steering committee worked diligently throughout the course of the past few years to gather evidence and orchestrate a visit by a 16-member committee of educators throughout New England that was a picture perfect reflection of all the wonderful things we do at North. The NEASC Committee voted in January to renew our Accreditation for another ten years, and while giving us seven recommendations on which we can focus our work over the next decade, the committee gave us over 20 commendations for which Plymouth North can be very proud. We are elated not only to have the committee's endorsement, but also their expertise on how we can continue to be better in the years to come.

However, the true reason for celebration this year has been the hard work of our students.

In athletics, our student-athletes have set a high bar for sportsmanship all while their hard work has translated into some impressive success. While spring sports were put on hold this year, our winter and fall sports saw major success. Our Boys and Girls Basketball teams both qualified for the state tournament, as did our Boys and Girls Ice Hockey Teams. We celebrated individual students who had success in the sectional and state wrestling tournament, as well as celebrated the significant milestone as a school community of a student scoring 1,000 points in Boys Basketball. This fall, we shifted from the cancelled state tournament to a Patriot League Cup tournament. Our Boys and Girls soccer teams had the chance to face South High School in tournament play, our Volleyball team saw success in multiple rounds, and we are proud of our Field Hockey team that was named the first ever winners of the Patriot League Cup. In December, we began a Winter Season with the addition of the brand new North/South Co-Op Swim Team with nearly 40 athletes, and are hopeful to be able hold

Dance, Cheer, Wrestling and Football in a Fall II season in early 2021. We had dozens of students named Patriot League All-Stars, had students recognized by the Boston Globe and Boston Herald, and participated in a multitude of MIAA leadership programs.

Our co-curricular programs continue to see success even with the adjustments required to their usually scheduled events this year. Our VPA Programs have shifted to developing virtual programs that allow our students to perform and showcase their talents. Our Math Team and Chess Club is practicing to hold virtual competitions in their South Shore League in 2021. The Massachusetts Association of Student Councils honored our Student Council for the first time ever as a "Council of Excellence" in March. Our Student Council also won honors for their Fall Craft Fair, as it was named one of the "Top Ten Projects" in all of Massachusetts by Student Councils in 2020.

Academically, PNHS is making significant strides. Our school performance, in data released in 2020, shows that specifically in English Language Arts our student growth percentile has seen significant growth and outpaces other schools of similar size and demographics. Our 19 AP programs continue to show improved rigor and results, with improved test scores, even though testing was held in a different format in 2020. Our teachers and students have shown skill and resilience in adjusting our learning model to accommodate the need for our students to work virtually this year. New technology has dominated the learning growth for 2020, with the implementation of "Remote Mondays", and new platforms such as Google Meet and Google Classroom have allowed our students to make learning gains even when they aren't physically able to be in the building. Our students moved beyond the classroom as well in new and unique opportunities to learn about the world beyond Plymouth. In early 2020, our students were able to travel to Milan, Italy in an exchange program that allowed them to experience both the academic system in a downtown elite school and the family life of students in that program. 2020 has been a year that has required quick thinking and relied on dedication and skill, and through the entire year, our students and teachers have risen to the occasion in a remarkable way to keep our doors open and the children of Plymouth making progress towards their lifelong goals.

2020 has been a year of unprecedented effort, dynamic shifts in the product we deliver, and a shared vision at building a foundation for all students that has allowed our students the opportunity to continue making progress even in the light of any obstacle. Our students have been breaking down barriers and learning how to be amazing people both inside our walls and virtually in new and dynamic ways. Our staff has dedicated themselves in every department to finding new, unique and engaging ways at achieving incredible things in difficult times for our students. Our school community is a diverse, positive and dedicated group that has had a memorable and incredible year, and we are committed to seeing that effort continue into building on the progress we have made to ensure that PNHS is an ever-improving institution for our town in the years to come!

PLYMOUTH SOUTH HIGH SCHOOL

While 2020 has been an incredibly complex year for our students and school community it has still been a fantastic year thanks to our staff, students, and overall school community. There have been new initiatives, accomplishments, and continued traditions. Students have excelled in the classrooms, as musicians, on the athletic fields, and in the technical studies program just to name a few. More than ever before, we are grateful to be a part of a community that supports education and the needs of our students. Graduation for the class of 2020 was unprecedented in taking place at one of the most beautiful spots in Plymouth, the waterfront. Community members lined the streets to commend our graduates as they proceeded to the stage which was in front of the historical Plymouth Rock. It was an incredible success thanks to the efforts of the entire Plymouth community. It was refreshing to see a town come together during the most difficult of times to celebrate our graduates. The Department of Public Works, School Department, Fire Department, and Police Department worked in collaboration to ensure that our students had a special graduation even mid-pandemic. Our school closure happened shortly into the year, on March 13th and students did not return again to our halls. Yet PSHS students continued to excel both in the classroom and beyond. Listed below are some of the highlights when looking at the year in review.

Academically, our Advanced Placement program continues to grow with 596 exams taken in 2019 and these exams continued in May 2020 even from our student's remote locations; twenty-seven trained AP teachers offer twenty-three AP courses. Once again, we were recognized for enrollment growth and maintaining AP Honor Roll. We continue to recognize students who have been awarded John and Abigail Adams scholarships as a result of their MCAS scores; our students have performed above the state average in Biology, ELA and Math.

Athletically, Plymouth South teams have achieved tremendous success during each season; many qualified for state tournament play, and wrestling, football, and boys cross country earned Patriot League titles. Unfortunately, our spring sports season was cancelled due to the pandemic. Numerous athletes in all sports earned league all-stars; several athletes received all-scholastic honors from the Patriot Ledger, Boston Globe, and the Boston Herald. Athletes attended several leadership conferences sponsored by the MIAA. The 2019-2020 athletic year was highlighted by the Football team winning the South Sectional Title and were State Championship Finalists playing in the Division IV Super Bowl at Gillette Stadium in Foxboro. Finally, right before the pandemic, we were able to add a varsity cooperative swim program to the winter athletic program as many students and families have requested over the years. The inaugural season begins in December 2020. While the 2020-2021 school year looks very different on our athletic fields, we are hopeful that soon, things will return to normal for our student-athletes.

Community service remains an important focus at Plymouth South. The students involved in the visual and performing arts participated in the Plymouth Art storefront project, the Town Forest Sign Restoration Project, and the Plymouth Has Heart project that took place during the spring of 2020. All athletic programs participate in at least one community service activity per season and many other clubs and groups also support the community. In fact, there are too many to list!

The Panther TV program excelled yet again when the National Academy of Arts and Sciences/New England Chapter awarded Panther TV the first place award for the best high school newscast in New

England. Many students received additional awards and recognition in areas such as arts and entertainment, sports broadcasting, public/community affairs, and much more.

The new school continues to provide state-of-the-art technology to our College, Career and Technical programs. All seniors, despite COVID-19 restrictions, received their licenses and certificates in Medical Assisting, Early Education and Care, and Cosmetology. Many of our programs were able to provide services to the community as in years past prior to the pandemic. In particular plumbing, carpentry, and electrical provided substantial contributions. Many of our students excelled in both the Marketing DECA competition and Skills USA at both a local, state, and even national level. Our newly developed HVAC program also was able to secure grant funds in order to provide even more services both in an out of the school walls. Outside internships were again a priority for students in CAD, Electrical, and Automotive. Our automotive program was awarded multiple competitive grants which provide services as well as a state of the art visual reality automotive lab and welding simulation equipment. One community project that was completed with the support of Plymouth South was the repair of the fencing at Burial Hill. Finally, we were also able to provide supplies and equipment to front line workers from both our medical assisting and biomedical programs during the pandemic.

In closing, 2020 has truly been the most complex year of our career. Our staff has embraced remote learning and supported our students in ways we never thought possible. While nothing can replace in-person learning, we have learned to Google Meet, Zoom, and safely exist in our schools since they opened this fall. We are looking forward to the Town Report next year when we can report even more successes that our students have achieved during the most difficult year of their school careers!

PLYMOUTH HARBOR ACADEMY

The 2020-2021 school year was a year of both adapting to change and success for Plymouth Harbor Academy (**H**ope, **A**ccountability, **R**esilience, **B**alance, **O**pportunity, and **R**espect).

Plymouth Harbor Academy (PHA) students often come into the program with academic difficulty, poor attendance, and social emotional and/or behavioral challenges. However, each student has a desire to obtain their high school diploma. For many of them, the stressors they experience out of school affect their ability to remain focused on academics. Here at PHA we try to alleviate these stressors by building an environment that is not only conducive to their individual learning styles, but geared toward problem-solving and real world applications.

Expectedly, the transition to a hybrid schedule model of teaching and learning has been a challenge for everyone. Students and staff were entering the school year full of emotions and questions, in the midst of the COVID-19 pandemic. Thankfully, the established culture allowed for a smooth transition and superseded any of these negative feelings or worries, allowing us to start the year off strong.

Due to the regulations by the State of Massachusetts, the guidance of the Department of Elementary and Secondary Education, and state and local health officials, PHA aligned the classroom space with the scheduling of classes in a hybrid model to allow for social distancing. The school year was delayed by 10 days, allowing professional development for teachers to teach in a hybrid model while utilizing safety protocols.

Plymouth Harbor Academy educated a total of 30 students, in two cohorts throughout the academic year. Due to the size of the program space, we were unable to take all of the students referred to us, but we were able to identify the students who best fit our student profile and work with them effectively. Our 11 Lincoln Street location allows for the autonomy necessary to truly realize our students' strengths in a flexible, supportive environment. Student-teacher relationships are at the core of the program, and with this level of support, our students find tremendous success.

We had an 89.3% daily attendance rate, 95.4% of our students passed all their classes and most importantly we had 23 graduates. Of those 23 graduates, 6 continued to higher education, including Cape Cod Community College, New England Culinary Institute, Full Sail

University and Quincy College. One student entered the Job Corp, and sixteen entered the workforce.

Over the past summer we had a partnership with Youth Works and were able to find employment for fourteen of our students. Through this program, we were able to place our students in jobs that they may otherwise be unable to get and pay them a salary for the summer. It's truly a win-win, as employers get free employment and our students get an experience where they can learn and grow outside of the classroom. This program was a large success with students finding full time employment after the summer and influencing their career trajectory. We are looking to expand the number of students involved and have implemented our own work study program within the fibers of our daily program. We have a work study coordinator who is assisting in finding and maintaining jobs and meeting with students daily to discuss their challenges, issues and concerns.

Pre-pandemic, our students were involved in volunteering at Nathaniel Morton Elementary in our established mentorship program, expanding our facilities management program, and establishing a new relationship with the Northeast Wilderness Trust. Here PHA implemented and built curriculum around Muddy Pond preserve in Kingston to fit our Environmental and Earth Science classes. We will continue to prioritize real life exposure in our classrooms in order to give our students an advanced understanding of not only academics but the world around them. Once restrictions are lifted and it is safe to do so, we look forward to re-introducing these activities into our curriculum.

While we have continued to increase our project-based curriculum, we have also improved our overall rigor through college prep classes. PHA is a product of the previous night school environment, a traditional school setting where the students were going to school less than the typical high school student and incorporating a work-study component to their education. With the redesign and development of PHA we can meet the same academic time on learning requirements for the individual classes we offer.

It has been an exceptionally busy, transformational and exciting year for us at Plymouth Harbor Academy, and we are looking forward to a bright future with the hopes of increasing enrollment once the restrictions of the current pandemic are lifted. Our students have embraced the changes to the program, and we will continue to grow and evolve in the future to best suit our school and community.

OTHER BOARDS AND COMMITTEES

ADVISORY AND FINANCE COMMITTEE

It is the duty of the Advisory and Finance Committee to consider, review, and present recommendations all matters proposed to be acted on at all Town Meetings. The Advisory and Finance Committee has full authority at any time to investigate the town's management, books, records, and all department accounts.

The Advisory & Finance Committee is comprised of 15 members, with no more than three from any single Precinct. All members are appointed by the Town Moderator for overlapping 3-year terms. Vacancies created by a resignation are filled by the Moderator, and appointments to such vacancies last until the end of the original 3-year term. The Advisory & Finance Committee is colloquially referred to by several names, such as: FinCom, A&F Committee, Advisory Committee, Finance Committee, and perhaps the most puzzling: the Finance & Advisory Committee.

The Committee meets quite often. During Town Meeting cycles the Committee usually meets one or two times a week for two to three consecutive months leading up to each Town Meeting. Outside of Town Meeting cycles, the Committee meets on the third Wednesday of every month. Town Meetings are typically held every April (Spring Town Meeting) and October (Fall Town Meeting), though the Select Board can call additional Special Town Meetings at any time.

The Committee also has numerous Sub-Committees and Liaison positions. The Annual Operating Budget for the Town and Schools is approved each Spring Town Meeting. The Committee creates Budget Sub-Committees to analyze, evaluate, and make recommendations in detailed reports on the budget to Town Meeting. Each member of the Committee serves on two such Budget Sub-Committees per year. The Committee also has Sub-Committees to create procedural rules for itself, and to perform other tasks or work on other initiatives. Committee members also serve as liaisons to numerous other boards and committees in Town, such as the COPC, the CIC, the CPC, and many others. These members report back to the Committee in order to improve communication and performance. Representatives from the Committee also serve as the Town's Audit Committee. There is a standing Audit Sub-Committee that meets with the Town's independent external auditing firm.

The Committee makes every effort to communicate its recommendations and the thought process behind them. The Committee creates detailed recommendations to Town Meeting, pursuant to the Town Charter, including a brief summary of the recommendation, roll call voting charts, and all relevant back-up materials used by the Committee in reaching its decision. The Committee also keeps extensive minutes and posts all of its meeting materials, budget reports, and Town Meeting article recommendations on the Town's website. This process also involves members of this Committee attending Precinct Caucus meetings each Town Meeting cycle. These representatives are there to explain and advise the various Town Meeting members of the Committee's recommendations. Representatives from the Committee also attend the Town Meeting Presentation Forum, Town Meeting motions meetings, and the Town Meeting Preview.

The Committee also provides oversight and approval authority for the Advisory & Finance Committee's Reserve account. This account is included in the budget for emergencies and other unforeseen items. The Committee must review and vote on all transfers from this account.

The past year has been challenging for everyone, and the Advisory & Finance Committee is no exception. Although the Committee typically meets in-person at Town Hall, the coronavirus pandemic and the amendments made to the Open Meeting Law by Governor Baker as a result have seen the Committee conduct all of its business virtually via the Zoom web-conferencing application since mid-March 2020. The Committee has maintained its full meeting schedule despite this change, due in large part to the dedication of its members and the hard work of the folks behind the scenes at PACTV who made it all possible. The Committee, along with many other hard working Town officials, also assisted in the preparation for and execution of the Town's first-ever entirely virtual Town Meetings during this time. As of this writing, the Committee continues to conduct all of its business virtually, but we are looking forward to being able to hold in-person meetings again once it is safe to do so. The past year has been a challenge, but it is a challenge that the Advisory & Finance Committee, and the Town of Plymouth as a whole, has risen to meet.

BUILDING COMMITTEE

The Building Committee membership for 2020 included Andrew Golden as Attorney representative, Merlin Ladd, through June, replaced by David Malaguti in July, as Construction Industry representative; Tim Grandy, Christie Murphy and Tom Fugazzi as members at large, Paul McAlduff as representative of the Planning Board, David Peck as an architectural representative and Margie Burgess and Robert Morgan as the representatives of the School Committee. On August 21, the Committee reorganized, reelecting David Peck as Chairman, Paul McAlduff as Vice Chairman and Christie Murphy as Clerk. Staff has been ably provided by Pamela Hagler, the Town's Procurement Officer, and Michelle Turner as Secretary. Procurement Officer Pam Hagler retired in November but will continue part time in a consulting role to assist new Procurement Officer, Sandy Strassel, who joined the office in early January. The Building Committee, on behalf of the Town of Plymouth, thanks Pam for all of her dedication and hard work on Plymouth building projects across the years.

During 2020, the pandemic affected the operations of the Committee and the projects which they oversaw. Government protocols mandated detailed record keeping on all workers, daily signed waivers, temperature checks, and quarantining where needed. Some added costs were incurred, though there were minimal significant delays directly related to the pandemic. The Committee met 10 times, 7 via zoom, due to pandemic restrictions on meeting in person. No public celebrations or ribbon cuttings for completed projects were held.

During this unusual year, the Building Committee continued the efforts of prior years on multiple projects:

North Plymouth Fire Station: The North Plymouth Fire Station, which started construction in late April 2019, was completed in July/August 2020. The project was enclosed in late 2019, and the spring and early summer saw completion of interior systems and finishes, and owner furnished equipment. The project received its temporary certificate of occupancy on July 10, and the building was occupied by the Fire Department on July 13, moving over from the undersized firehouse on Spooner Street. Final completion Certificate of Occupancy was established on August 31, 2020. The Owner's Project Manager was Pomroy Associates, the Architect Saccoccio and Associates, (formerly CDR McGuire) and contractor was P and P Construction. The completed project came in at $869,741 under the allocated budget of $7,800,000.00.

Maritime (Harbormaster) Building: Like the North Plymouth Fire Station, the Maritime Building was completed and occupied in 2020, despite experiencing some delays during the spring and besides the pandemic, which affected all of the contractors to some degree. The original sitework subcontractor was unresponsive, and eventually replaced with the Town's site work contractor, at a savings. Although not an overall delay to the project, the exterior shingles had to be replaced due to installation problems (spaced too tightly, wrong stainless-steel nails). Due to the accumulation of multiple, incremental delays, overall completion was delayed from a scheduled May 8 occupancy to the Harbormaster's move-in on August 11. Official Substantial Completion was achieved on October 14 with final completion achieved in December due to the final louver install and HVAC re-balancing. Punch list, miscellaneous equipment acquisition and final invoicing continued into early 2021. The Owner's Project Manager (OPM) is Vertex, the architect is Olson and Lewis, and general contractor Nadeau Construction. Final project cost is estimated to be approximately $4,743,000, ending up approximately$40,000 below budget.

Library Roof/HVAC Systems: This project was principally constructed in 2019, with final closeout steps in 2020. All existing VAVs were surveyed and repaired as needed. Compressors, which had been damaged by electrical surges, were replaced. A one year HVAC maintenance service contract was executed. Design was provided by

Gale Engineering, the Owner's Project Manager (OPM) was TERVA Corporation and construction was by Greenwood Industries. Overall project budget was $3,062,246, and was completed $68,000 below budget

1749 Court House: The Community Preservation Committee (CPC) had established a budget of $380,000 for new roofing, windows, miscellaneous carpentry and painting at the 1749 Court House. They had also selected the architectural firm of Spencer, Sullivan and Vogt, historic architect specialists, to prepare the specifications. The project management for this small project was the DPW Facilities Department. This project was subdivided into roofing, provided by Emmanuel Construction, and carpentry and painting provided by the Town's on-call contractors. During the preparation of the roof, some apparent rot was encountered, which was addressed through a specialty contractor. The existing windows were cleaned, reputed, and painted, and full storm windows applied on the outside to protect the newly restored windows. Overall project costs remain within the original budget.

South Russell Street Parking Deck: The new parking deck on South Russell Street, in use since January 2019, has been the subject of extended negotiations on status of, and value of, punch list items. In September, the Town and general contractor Colontonio reached a settlement agreement, which allowed final payments to the Contractor and Town consultants who had been working on the project over many months since late 2019.

New Project

Three Fire Stations: At the Spring Town Meeting held on August 10, delayed by the pandemic from April, Town Meeting approved $3 million to be allocated to directed renovations at Fire Stations 2 (West), 4 (Bourne Road) and 5 (Manomet). Owner's Project Manager will again be Pomroy Associates, who provided project management services at North Plymouth. Also returning from that project as Architect will be Soccoccio and Associates, recommended on December 9 by Designer Selection Board from 9 firms who applied. Active planning is expected to begin in January.

The Mission of the Community Preservation Committee is to enact the regulations of the Community Preservation Act (MGL Chapter 44B) that allows communities in Massachusetts to place a surcharge of up to 3% on property taxes (Plymouth resident's adopted the statute at only 1.5% to make it affordable). These funds are matched by the State with proceeds from the Registry of Deeds. The Act mandates that a committee be formed to oversee these funds and create an application procedure to determine which applications for funding will be brought to Town Meeting for approval. A minimum of 10% of the funds must be allocated to affordable housing, 10% to historic preservation and 10% to land conservation and recreation. An additional 5% can be set aside each year for administrative. The Plymouth CPC requests only 4% for its administrative activities, legal work, appraisals, signage and creating access to CPA acquisitions. The remaining 66 % may be allocated to one or more of the three general purposes in accordance with local priorities.

Plymouth voted to accept the Community Preservation Act (CPA) on May 11, 2002 with a 1.5% surcharge on property taxes (one half the amount allowed by the state). Yet even with the smaller taxpayer surcharge, the town has benefitted greatly from this legislation. Plymouth was one of the earliest towns to vote in the CPA, and the Community Preservation Committee (CPC) was able to take advantage of the 100% match from the state for the first five years. Last year an addendum was attached to the CPA legislation that allows towns to use CPA funding for renewal of already existing town owned parks and open spaces. The Plymouth CPC is careful in its deliberations with this potential use of funds to be sure that the Town does not depend on CPA funding for work that previously was in the DPW budget.

As the years 2020-2021 approached marking the 400th anniversary of the arrival of the Pilgrims and signing of the Mayflower Compact, the CPC has looked favorably on applications that enhance Plymouth's historic significance as well as its economic viability. It is important to note that since 2002, CPA funds have generated some of the most significant historic restoration projects in town. CPA funds have been awarded to: Pilgrim Hall Museum, Hedge House, Spooner House, Harlow House, Sparrow House, Plymouth Center for the Arts (the former Russell Library), 1820 Court House/Town Hall, Paul Revere Bell, Simes House, First Parish/National Pilgrim Memorial Meeting House, the Spire Theatre for Performing Arts, the Restoration of the 1749 Court House and the historic surface restoration plan for Town Square. Most of these CPA supported projects have brought to town extra thousands in outside funding.

In 2020, the following CPA Articles were approved at Spring Special Town Meeting:

Article 9A: *Jenny Pond Park*. Appropriated $751,500 in CPA funds for the purpose of renovating and improving Jenney Pond Park. A PARC Grant for $337,270 was secured and applied to the project cost after completion and submission for the reimbursable grant, brought the cost to the Town down to $414,230

Article 9B: *Talbot Family Preserve*. Property off Mayflower Street abutting Jenney Pond was donated by the Talbot family as a legacy to honor Richmond and Annette Talbot for their many contributions to the town of Plymouth. This acquisition joined two Town owned properties: Crawleys Mountain and Watsons Hill. Both are environmentally and historically significant.
Article 9D. *Morgan Road*. Purchased 9.1 acres between Long Pond and the trailhead at the Wildlands Trust visitor center. $80,000.

The Following Articles were approved at 2020 Spring Annual Town Meeting

Article 1*6A: 1820 Court House*. Revised debt service to allow the Finance Department to pay anticipated service on short term borrowing. The amount will remove remaining debt of $500,000.00 and avoid added cost of interest payment.

Article 16 B*: National Memorial Pilgrim Meeting House.* Revised the funding sources taken under Article 16B of the 2015 Spring Annual Town Meeting for the restoration of the National Pilgrim Memorial Meeting House. This will allow the Finance Department to pay anticipated debt service on short term borrowing.

Article 16C: *Stephens Field.* Utilized CPA funds to reduce the now $1,800,000 borrowing authorization for Stephens Field Renovations by $500,000 from fiscal year 2021 CPA estimated annual revenues.

Article 16D. *Jenny Pond Park.* To secure a PARC Grant utilize additional $244,230 of CPA funds.

Article 16E. *Restoration of public playgrounds* to comply with Americans with Disabilities Act and Mass. Architectural Access Board Standards at various public playgrounds including Manomet, Siever Field and West Plymouth Recreation Areas. $545,003

Article 16F. *Pickle ball.* Match Department of Recreation Revolving Account Fund to build pickle ball courts at Forges Field. $50,000.

Article 16G. *Burial Hill.* Head Stone Restoration. Update phase III restoration at Burial Hill Cemetery and restore stone wall and columns along mail entrance at Town Square. $200,000.00

Article 16H. *Annual Account set aside*. The town voted to appropriate from the CPA fund 10% for each of the following purposes: Historical, Affordable Housing, Open Space/Recreational and 4% for administrative expenses. The remaining CPC income is put into an account that can be applied to any of the above designated purposes.

The following Articles were approved at the 2020 Fall Town Meeting

Article 9B. *Tall Pines Road.* Purchased 43 acres located off Tall Pines Road to be held under the care, custody and control of the Conservation Commission for the purpose of the protection of the headwaters of the Eel River and Russell Mills Pond. Over the last 18 years the CPC has been working with different local, state and federal organizations to protect land around the headwaters of the Eel River, the largest freshwater contributory to Plymouth Harbor. $117,000

Article 9C. *Stephens Field addition*. Purchased land at 125 Sandwich Street abutting Stephens Field. This acquisition will enlarge and enhance Stephens Field to include easier public access, increased open space and provide additional parking including overflow for town events. $390.000.

The CPC is made up of one member each from the Select Board, The Planning Board, the Conservation Commission, the Housing Authority, and the Historic District Commission as well as four members at-large. The committee looks favorable on applicants who are seeking other grants and contributions for their projects while using CPA funding for leverage.

In order to thank the people of Plymouth for their contribution, a banner or sign is displayed on completed CPA projects throughout town. The CPC also requires recipients of CPA funds to thank Plymouth citizens by acknowledging CPA contributions in publications and press stories.

Each year the CPC renews its Application Form for CPA funding in order to include any changes made in the MGL governing the CPA and, after consideration, any suggestions offered by Plymouth citizens and organizations. All necessary information about and what to expect are contained within the application. CPA applications are available at the Town's website, the Clerk's office and the public library.

INSURANCE ADVISORY COMMITTEE

The Insurance Advisory Committee (IAC) is responsible for giving advisory opinions prior to the purchase and execution of all insurance agreements or contracts that affect past, present and future employees. The Plymouth Insurance Advisory Committee gets its authority under M.G.L. Chapter 32B and the Stipulated Settlement to Superior Court Case No. CA-0198-B. The IAC consists of eight members, seven elected or appointed by organizations (employee union or non-union groups) and one person appointed by the Board of Selectmen to represent retirees.

Prior to shutting down townhall in March due to the Coronavirus, the IAC had discussed an appeal process with BCBSMA to help anyone enrolled in health insurance in resolving claim disputes. The town's BCBSMA representative, Tanya Chakmakian, said that Courtney Daniels, would be available to help anyone covered under the town's insurance with coverage issues and said she would even come to the town if there were interested members.

The IAC discussed the town's Wellness Committee which is budgeted under Human Resources, and the HR Director announced the names of those currently on the committee that anyone can contact through the HR office to join or make any suggestions.

The Stop Loss Contract was reviewed by the IAC Technical Committee and the full IAC recommended the contract be awarded to BCBS Direct (the only bidder) but asked if the town would go back to BCBS to see if they would lower their premium as now all insurance was with BCBSMA. BCBSMA agreed and lowered the cost by 3.15%. Also, the FY21 rate increase proposed by the town was reluctantly approved by the IAC due to unforeseen issues the virus pandemic may incur.

Since the pandemic, the IAC met only virtually and some members were tied up negotiating with the town over health and dental insurance benefits, as part of MGL. Chapter 32B, Section 19. This law authorizes the creation of a Public Employee Committee (PEC) consisting of one delegate from each employee organization on a weighted vote, along with a retiree delegate carrying a 10% vote. seventy percent (70%) of the PEC must vote in favor of any new contract.

This year the PEC looked at a high deductible, low premium plan to add to our existing portfolio. The annual deductibles are $2,000 for an individual plan and $4,000 for a family plan. This has the potential to be a substantial cost savings to the taxpayers, which many employees and retirees are. The new plan comes with a Health Savings Account

(HSA) where the employee manages their deductible and balances that with their care. The employer, in order to enroll members in this plan, shares in this plan by contributing 50% of the deductible to seed the HSA. The PEC agreement also ends the Medicare Part B reimbursement to anyone retiring after July 1, 2022.

This year the IAC said goodbye to Pamela Hagler, OPEIU representative, who retired, and thanked her for her many years on the committee. The IAC would also like to thank all the boards, committees and Town Meeting for their past support of the IAC's recommendations for our many cost saving and cost avoidance initiatives as all of us are taxpayers, too.

IAC Member:	Appointed/Elected by:
Robert Shaw	Plymouth Police Brotherhood
Stephen Murphy	Plymouth Firefighters
Joanne Ewers	S.E.I.U. (Clerical Union)
Thomas Pinto	E.A.P.C. (Teachers' Union)
Pam Hagler	O.P.E.I.U. (Town mid-management)
Warren Ottino	Retirees/Appointed by Board of Selectmen
Lyn Holt	Central Office Support Staff (School Dept.)
Dale Webber-Chairman	C.O.B.R.A. (Labor Unions)

Board of Selectmen Liaison: Patrick Flaherty

NATURAL RESOURCES AND COASTAL BEACHES COMMITTEE

Mission:
The Committee shall help advise staff on how to protect the tremendous array of natural resources in Plymouth by providing

support and guidance on coastal and freshwater wetlands, barrier beaches, coastal plain ponds, conservation properties that have beaches/waterfront, including public access issues to Plymouth's coastline. In particular, this committee shall advise on issues related to the balance between public use and enjoyment, and protection of the natural resources on Long Beach, White Horse Beach, Manomet, Morton Park, Nelson Park, Stephen's Field, and other precious waterfront or natural resource locations. This mission shall also include serving as soundboards and providing advice to staff liaisons with coastal stream issues that relate to drainage within coastal areas, such as the Harbor and White Horse Beach (i.e., Town Brook restoration work and Eel River nutrient management issues).

Objective:
The objective of the committee is to act in an advisory capacity to the Board of Selectmen on matters relating to the protection and enjoyment of the Town's natural resources. The committee will help research and discuss the possibilities and potential uses of these areas or projects within these areas. A member of the Board of Selectman, the Environmental Manager and /or Harbormaster will serve as liaisons.

Membership and Charge:
Members and areas of representation are Everett Malaguti III, Chair, at-large; Stephanie Fugazzi, Vice-Chair, Long Beach; Paul Jacobs, Manomet; Ron Dobrowski, at-large; Bryan Gregory, at-large: and Tom Cummings, Downtown.

Committee members monitor and report back to the Committee any concerns of designated beaches to which they are assigned and collaborate with other town committees through attendance at relevant community meetings. They also identify opportunities for improvement of their assigned beaches and collaborate with other Committee members on projects and activities relating to the Committee's mission town-wide.

2020 Activities:
This year was an unprecedented year for the committee. Like the rest of the world, we were dealt with challenging and unknown circumstances due to Covid-19. The committee continued to persevere through this challenge by assessing the issue at hand, working with department heads and holding meetings virtually, we were able to fulfill our charge albeit at a smaller scale. Advocating for beach management issues in town government forums, the Committee has continued active engagement in the White Horse Beach Management Plan and the White Horse Beach bathhouse. The committee also supports the continuation of the program under the Long Beach Habitat Conservation and Management Plans for Piping Plovers and Least Terns allowing for escorted vehicle access in areas of unfledged chicks creating more access for beach users. The dredging of Plymouth Harbor by the Army Corps within the bounds of the federal mooring field was completed this year allowing for better harbor access.

Long Beach:
The committee continues to work with the town departments that control the daily operations of the front beach parking lot to enforce the maintenance plan so that the lot is properly maintained and accessible for beach users. We continue to review updates on the dog monitoring and plover/tern population, as well as any new proposals for the beach itself. This spring the committee reviewed and accepted another research activity permit for horseshoe crab monitoring by the Southeastern Mass Pine Barrens Alliance. The committee also reviewed and accepted another research activity permit relating to photo documentary of the terns to take place next spring. The construction of the new seawall between the first guard shack and Sandy's began this spring and was completed later this fall, this new seawall is much larger than the original wall being deeper in the ground it will allow for greater protection of the beach and Warren Avenue for many years into the future. The committee continues support for the department's Habitat Conservation and Management Plans for Piping Plovers and Least Terns.

Stephen's Field:
The committee continues to focus on the renovation plans for Stephen's Field, collaboratively working with all parties involved, including the Stephen's Field Design committee. The renovation is moving forward by town management and staff, with the expected groundbreaking of Phase 1 to take place early next year.

Morton Park:
The committee continues to work with all stakeholders of the park; the friends of Morton Park, the neighbors, the town of Plymouth and town staff to maintain and improve upon the efforts made over the course of the year to create a fun and relaxing atmosphere in the park for the enjoyment of all, while also supporting the future needs of the park.

White Horse Beach:
The committee continues to support the locating of additional parking areas near the beach working with the report compiled by the White Horse Beach Parking Committee. Earlier this year the Select Board voted to accept the White Horse Parking District into the town's beach sticker program in hopes of alleviating parking issues in the area. The White Horse Beach Parking Committee has been working on a proposal for the Select Board (formerly Board of Selectmen) to accept allowing for a managed parking program and increased policing to make it safer and more equitable, the Parking Committee report is set to go before the Select Board in early 2021. The committee continues its support for the White Horse Beach bathhouse and awaits its groundbreaking. With the funding we have for the area, the committee continues advocating for desperately needed funding of the White Horse Beach area for maintenance of the beach and dunes, installation of symbolic fencing for dune protection, litter removal and management of the beach.

Looking Forward:
The committee continues to work with department staff on the implementation of the White Horse Beach Management Plan and Bartlett Brook Watershed Study, while continuing to advocate for the need of better maintenance and oversight in the area. We will continue to work closely with town staff on Morton Park going into the 2021 season on what needs improvement. Along with Morton Park and

White Horse Beach the committee will continue to work with DMEA on future project proposals and any other issues that may arise to better the access, enjoyment, and protection of our natural resources.

OPEN SPACE COMMITTEE

The Mission of the Plymouth Open Space Committee is to advocate for the acquisition, preservation, and maintenance of natural open space for the benefit of current residents as well as for future generations in order to protect our aquifer, our environment, and the character of our town.

Open space is land that is valued for (1) benefit of wildlife habitat and migration (2) outdoor recreation for citizens at low or no cost, in order to promote public health (3) agriculture and forest management (4) air and aquifer protection (5) controlling sprawl (6) limiting traffic congestion (7) controlling costs of town provided services and (8) encouraging eco-tourism. The committee has two main goals: identifying and facilitating acquisition of suitable open space and keeping the community informed about the many benefits of protecting our environment.

The Committee works with all elected and appointed committees and boards, Town Meeting, all departments within the town and with private conservation organizations to promote our mutual goals.

With the onset of the COVID-19 public health crisis in March of 2020, meetings were held on Zoom, and our work continued without interruption. However, educational initiatives related to the World Fish Migration celebration and a number of other in-person events were cancelled or postponed throughout the year. We look forward to resuming such activities when we can safely do so.

Planning and Evaluating: The Open Space Committee is responsible for updating the Plymouth Open Space and Recreation Plan, which guides the community in its conservation goals. This plan is required by the state in order for the town to apply for grants.

This year, we revised our assessment form (ranking criteria) which is a checklist which the Committee uses to evaluate lands to recommend for conservation. The land acquisition criteria address such things as water supply, surface water quality, recreational value, scenic views, landscape context, climate change resilience and cost of services. "Cost of services" is defined as the revenue gained for the town through taxes minus the costs of community services required if land were developed, as compared to the value if the land were preserved as open space.

Additionally, the OSC sent letters of support for initiatives such as new connections between existing trails, re-instituting fresh water wardens, the Seaside Trail extension and upgrade, and initiating implementation of the Municipal Vulnerability Preparedness plan (MVP.)

Climate Change Action: A significant effort in 2020 was an addendum to the Plymouth Open Space and Recreation Plan, on Climate Change Resiliency. This "seeks to identify the potential impacts of climate change and offer recommendations for strengthening the resilience and adaptivity of the Town of Plymouth in the face of climate change."

In addition, two OSC members participated in the Town's Municipal Vulnerability Preparedness (MVP) plan which prioritizes issues relating to climate change and lists actions to address them. We continue to assess how potential acquisitions would contribute to climate change resiliency.

Trails: The committee works with other groups to foster a network of hiking trails throughout Plymouth across protected public land. By this we seek to promote eco-tourism and public health.

This year, a trails working group was established in co-operation with Wildlands Trust and with the Natural Resource Wardens to identify public trails that need maintenance. Three members of the OSC participate. The group conducted work parties at Indian Brook, Center Hill Preserves and Morton Park. We are working on a Trails guide of fifteen of the best hikes through Town conservation properties, with the intention of distributing hard copies to hotels and tourist organizations.

When a citizen approached the OSC with a request to restore an overgrown trail at the Manomet Recreation Area, along Indian Brook, the working group cleared the existing trail and helped the Forest Wardens prioritize an extension of it to the shores of Shallow Pond, to be completed in 2021.

The OSC schedules regular hikes for committee members to monitor the condition of trails throughout Plymouth, and just for fun.

Public Awareness: With the help of our staff support, Patrick Farah, we added content to the OSC web page on the Town Hall website. Eight more *Take a Hike* photo essays highlighting walking trails in Plymouth were published this year in the Old Colony Memorial newspaper and on the Wicked Local website and were posted to the OSC web page. A work in progress is a "You Tube hike," a video of a committee member walking a trail offering nature commentary for PAC-TV.

Advocacy: Committee members presented before Town committees and boards to garner support for conservation initiatives. We arranged a virtual abutters' meeting with the West Plymouth steering committee about Article 24, the Peter Road acquisition. A three minute video presentation was prepared by Dorie Stolley, Vice Chairman of the OSC, for repeated airing at the Spring Town meeting.

Our committee advised people seeking to put private land under protection by doing site visits and counseling them about the next steps. We did a site visit to evaluate a proposed donation of Savery Pond property and recommended that the Town accept it.

The OSC joined in the effort to re-establish the Land Use and Acquisition Committee (LUAC) and appointed John Hammond to be our representative.

We invited department and committee chairs as guests during Zoom meetings to listen and learn of some of their issues and offer our perspective. We continue to identify and advocate for projects such as the pollinator garden and the efforts of citizens' groups, like Sustainable Plymouth.

Tax Title Properties: These are properties abandoned by owners, which the Town has retaken for nonpayment of taxes. The Committee, in cooperation with the Conservation Commission and the Planning Department, recommended the following tax title properties to 2020 Town Meetings for conveyance to Conservation status:

Spring Town Meeting: Article 24, 8.5 acres on Peter Road #108-000-010-020. This parcel was accepted.

Fall Town Meeting: Article 11, two ocean beach lots #053-000-27A and 053-000-27B-000, on either side of a public right of way to the ocean, Landing Way off of Ellisville Road. A deed/title study revealed discrepancies that required additional research and an opinion from Town Counsel, which exceeded the time frame before Fall Town Meeting. The committee recommended that Article 11 be removed from the Warrant until a date yet to be determined, "No Motion, No Action." We will revisit this in the future.

Public Recreation: The Open Space Committee planned to have a Spring 2020 public hike, but it was cancelled due to COVID-19. A public hike was held on Nov 8, 2020, at the Hio Hill Preserve, with Covid compliance. Ten people attended. The hike was held in cooperation with the Recreation Department and the Department of Marine and Environmental Affairs.

The Open Space Committee Members: Diane Peck, Chair; Dorie Stolley, Vice Chair (resigned Dec 2020;) Lois Post, Secretary; Sharl Heller; Malcolm MacGregor; Brian Harrington; and John Hammond. Betsy Hall (resigned January 2020) was replaced by Andrea Dickinson, and Mike Mulligan (resigned June 2020) was replaced by Birgitta Kuehn. We wish to thank the two people who contributed so much during many years of service and leadership: Betsy Hall and Dorie Stolley. We acknowledge and are grateful for the hard work and unflagging support of our Planning Technician, Patrick Farah.

The agendas and minutes of the Open Space Committee meetings are posted on the town website. The public is encouraged to attend and participate.
